

## Broken Arrow EL Services While Distance Learning

Broken Arrow Public Schools will still serve EL students while distance learning utilizing a virtual meeting space. In this model, EL teachers and bilingual EL assistants will host a virtual meeting for each grade level (daily for newcomers and twice per week for non-newcomers). The EL teachers will use the curriculum created by the Instructional Specialists and will modify one assignment and use appropriate EL scaffolds to assist students with understanding and completion of the assignment. EL teachers will also be responsible for contacting classroom teachers to assist with modifying other assignments, as needed, and also contacting parents to offer tutoring or other instructional supports that students may need.

In addition, the bilingual EL assistants will be hosting virtual story times available in English/ Spanish and English/ Hmong every day. These story times will be hosted in a virtual meeting space and can be accessed through the Broken Arrow Public Schools website. EL assistants will also be contacting parents to offer instructional supports, modifications and translations, as necessary.

### EL Instruction

#### (Modified curriculum with appropriate EL scaffolds)

\*\*\*Schedule may change each week depending on need/services & non-newcomers may meet twice per week
