AWAY GAMES

We respect each school's right to determine their own protocols.

We can participate if these safety measures are provided

1. Mandatory masking for spectators.
2. Adequate empty seating(3 rows) behind our players bench, as well as no spectator traffic in front of our bench.

We understand if each school chooses not to enact these protocols and would cancel our ball games with the hope that sometime in the near future these protocols will not be necessary.

Respectfully,
