The Oklahoma Educational Television Authority shall consist of thirteen (13) members, including the President of the University of Oklahoma, the President of Oklahoma State University, the State Superintendent of Public Instruction, the Chancellor of the Oklahoma State Regents for Higher Education, the president of one of the state-supported four-year colleges to be chosen by the presidents of this group of institutions, the president of one of the state-supported two-year colleges to be chosen by the presidents of this group of institutions, and seven additional members to be appointed by the Governor with the consent of the Senate, to serve seven-year terms.

It shall be unlawful for any member, officer, or employee of the Authority to transact with the Authority, either directly or indirectly, any business for profit of such member, officer, or employee; and any person, firm or corporation knowingly participating therein shall be equally liable for violation of this provision.

The term “business for profit” shall include, but not be limited to, the acceptance or payment of any fee, commission, gift or consideration to such member, officer or employee.

Any person found guilty of violating any of the provisions of this section shall be guilty of a felony, and shall be punishable by a fine of not less than Five Hundred Dollars ($500.00), and not more than Five Thousand Dollars ($5,000.00), or by imprisonment in the State Penitentiary for not more than five (5) years, or by both such fine and imprisonment. (70 O.S. § 23-106)

Section 706. Powers Continued.

The Authority is hereby authorized and empowered to acquire by purchase, whenever it shall deem such purchase expedient, any land, property, rights, rights-of-way, franchises, easements, or other interests in lands as it may deem necessary or convenient for the construction, maintenance, and operation of the facilities upon such terms and at such price as may be considered by it to be reasonable and can be agreed upon between the Authority and the owner thereof, and to take title thereto in the name of the Authority. (70 O.S. § 23-107)

Section 707. Power to Condemn Property.

Whenever a reasonable price cannot be agreed upon, or whenever the owner is legally incapacitated, or is absent, unknown, or unable to convey valid title, the Authority is hereby authorized and empowered to acquire by condemnation proceedings in the same manner as land is condemned for railroad purposes any land, property, rights, rights-of-way, franchises, easements, or other property deemed necessary or convenient for the construction or the efficient operation of any facilities, or necessary in the restoration of public or private property damaged or destroyed. No act or obligation of the Authority shall impose any liability upon the state or the Authority except such as may be paid from the funds provided under the authority of the article. (70 O.S. § 23-108)

Section 708. Authority May Issue Revenue Bonds.

The Authority may provide by resolution, at one time or from time to time, for the issuance of revenue bonds of the Authority for the purpose of paying all or any of the cost of any one or more projects, but each project shall be covered by a separate resolution and separate bond issue or issues. Provided, each such resolution must receive legislative approval prior to actual issuance of said revenue bonds. The principal of and the interest on such bonds shall be payable solely from the funds herein provided for such payment. The bonds of each issue shall be dated, shall bear interest at a rate not to exceed ten percent (10%), and shall mature in annual installments at such time or times not exceeding the maximum time permitted by the Constitution of the State of Oklahoma, but in any event not more than forty (40) years after their date as may be determined by the Authority. The Authority may cause the bonds or any installment thereof to be made redeemable before maturity, at the option of the Authority, at such price or prices, and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the state. The bonds shall be signed by the chairman of the Authority, and the official seal of the Authority shall be affixed thereto and attested by the secretary treasurer of the Authority, and any coupons attached thereto shall bear the facsimile signature of the chairman of the Authority. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such
signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. All bonds issued under the provisions of this article shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the negotiable instruments law of the state. The bonds may be issued in coupon or in registered form or both, as the Authority may determine, and provisions may be made for the registration of any coupon bonds as to principal and interest. The authority shall sell such bonds at public sale. Notice of the sale shall be published in a Thursday issue for two (2) successive weeks in a daily newspaper of general circulation in the State of Oklahoma. The date mentioned in the notice for the sale of bonds shall not be less than ten (10) days after the first publication thereof. All bonds shall be sold to the bidder who will bid therefor par and accrued interest, and who shall stipulate in his bid the lowest rate of interest which such bonds shall bear. It is the intent of this article that the bonds shall be awarded to the bidder bidding rate or rates of interest which will be the lowest interest cost during the life of the bonds. Any premium bid shall not be considered in figuring such interest cost but shall be considered only in case two or more bidders bid the same interest cost. Upon the acceptance of such bid, the bonds shall be issued in accordance therewith and shall be delivered to the purchaser upon payment of the purchase price. Each bidder shall submit with his bid such sum in cash or its equivalent as may be determined by the Authority, and upon the acceptance of any bid such deposit shall become the property of the Authority and shall be credited on the purchase price of the bonds, upon the understanding that if the purchaser shall fail five (5) days after the tender of bonds to pay the balance of the purchase price, said sale shall be thereby annulled and said deposit shall be in such event retained by the Authority and credited to the account for which such bonds are being issued and shall be used accordingly. All other deposits shall be returned. The Authority shall have the right to reject all bids and readvertise the bonds for sale. The bonds need not be issued and sold in series. In no event shall the bonds be sold at a price so low as to require the payment of interest on the money received therefor at more than ten percent (10%), computed with relation to the absolute maturity of the bonds in accordance with the standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid on the redemption of any bonds prior to maturity.

The proceeds of the bonds of each issue shall be used solely for the payment of the cost of the project, for which such bonds shall have been issued, and shall be disbursed in such manner, and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of the bonds of any issue, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue shall exceed such cost, the surplus shall be deposited to the credit of the sinking fund for such bonds.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued under provisions of this article without obtaining the consent of any department, division, commission, board, bureau or agency of the state except legislative approval as required herein, and without any other proceedings or the happening of any other conditions or things than those proceedings, condition, or things which are specifically required by this article. (70 O.S. § 23-109)

Section 709. Sinking Fund.

The principal and interest necessary to retire any bonds issued by the Authority shall be paid out of the “Oklahoma Educational Television Bond Sinking Fund” hereinafter established by Section 23-111 of this article. (70 O.S. § 23-110)
Section 710. Creation of Sinking Fund.

There is hereby created the Oklahoma Educational Television Bond Sinking Fund in the State Treasury and the State Treasurer is hereby authorized and directed to transfer revenues accruing to the Public Building Fund, not otherwise appropriated as of the date this article becomes effective, to the Oklahoma Educational Television Bond Sinking Fund to be used solely for the purpose of retiring bonds issued by the Oklahoma Educational Television Authority. (70 O.S. § 23-111)

Bonds payable from future accruals to Public Building Fund cannot be issued. (AG Op. No. 71-179)

Section 711. Trust Agreements.

In the discretion of the Authority any bonds issued under the provisions of this article may be secured by a trust agreement by and between the Authority and a corporate trustee which may be any trust company or bank having the powers of a trust company within or without the state. Such trust agreement may pledge or assign the revenues to be received from the project constructed by the use of the proceeds of the bonds, but shall not convey or mortgage any project or part thereof. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and insurance of the project in connection with which such bonds shall have been authorized, and the custody, safeguarding and application of all monies, and provisions for the employment of consultants or operation of such project or projects. It shall be lawful for any bank or trust company incorporated under the laws of the state which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds and debentures of corporations. In addition to the foregoing any such trust agreement may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement may be treated as part of the cost of the operation of the project or projects. (70 O.S. § 23-112)

Section 712. Authority May Collect Fees.

The Authority, subject to the provisions hereof, is hereby authorized to fix, revise, charge and collect fees for the use of any of its facilities. (70 O.S. § 23-113)

Section 713. Monies Received Are Trust Funds.

All monies received pursuant to the authority of this article, whether as proceeds from the sale of bonds or other revenues, shall be deemed to be trust funds, to be held and applied solely as provided in this article. The resolution authorizing the bonds of any issue or the trust agreement securing such bonds shall provide that any officer to whom, or any bank or trust company to which, such monies shall be paid shall act as trustee of such monies and shall hold and apply the same for the purposes hereof, subject to such regulations as this article and such resolution or trust agreement may provide. (70 O.S. § 23-114)

Section 714. Rights of Trustee.

Any holder of bonds issued under the provisions of this article or any of the coupons appertaining thereto, and the trustee under the trust agreement, except to the extent the rights herein given may be restricted by such trust agreement, may, either at law or in equity, by suit, action, mandamus or other proceeding protect and enforce any and all rights under the laws of the state or granted hereunder or under such trust agreement or the resolution authorizing the issuance of such bonds, and may enforce and compel
the performance of all duties required by this article or by such trust agreement or resolution to be performed by the Authority or by any officer thereof including the fixing, charging and collecting of fees. (70 O.S. § 23-115)

Section 715. Authority Tax Exempt.

The exercise of the powers granted by this article will be in all respects for the benefit of the people of the state, to serve their educational and cultural interests and needs, and for the improvement of their health and living conditions. The operation and maintenance of projects by the Authority will constitute the performance of essential governmental functions, and the Authority shall not be required to pay any taxes or assessments upon any project or any property acquired or used by the Authority under the provisions of this article or upon the income therefrom, and the bonds issued under the provisions of this article, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free from taxation within the state. (70 O.S. § 23-116)

Section 716. Securities of Bonds.

Bonds issued under the provisions of this article are hereby made securities by which all banks, trust companies, trust and loan associations, investment companies and others carrying on a banking business, all insurance companies and insurance associations, and others carrying on an insurance business may legally and properly invest funds including capital in their control or belonging to them. (70 O.S. § 23-117)

Section 717. Projects to Become Part of the State Educational System.

Each project when constructed and placed in use shall be maintained and kept in good condition and repair by the Authority. When all bonds issued under the provisions of this article in connection with any project and the interest thereon shall have been paid or a sufficient amount for the payment of all such bonds and the interest thereon to the maturity thereof shall have been set aside in trust for the benefit of the bondholders, such project, if then in good condition and repair to the satisfaction of the State Legislature, shall become part of the State Educational System.

Upon full investigation of the matter, the committee or board shall determine the guilt or innocence of the student and the reasonableness of the term of the out-of-school suspension. If the policy requires appeals for short-term suspensions to a committee, the policy adopted by the board may, but is not required to, provide for appeal of the committee's decision to the board.

2. Students suspended out-of-school for more than ten (10) days and students suspended pursuant to the provisions of paragraph 2 of subsection C of this section may request a review of the suspension with the administration of the district. The school administration shall provide the student with an education plan designed for the eventual reintegration of the student into school which provides only for the core units in which the student is enrolled. A copy of the education plan shall also be provided to the student's parent or guardian. For the purposes of this section, the core units shall consist of the minimum English, mathematics, science, social studies and art units required by the State Board of Education for grade completion in grades kindergarten through eight and for high school graduation in grades nine through twelve. The plan shall set out the procedure for education and shall address academic credit for work satisfactorily completed.

E. A student who has been suspended out-of-school from a public or private school in the State of Oklahoma or another state for a violent act or an act showing deliberate or reckless disregard for the health or safety of faculty or other students shall not be entitled to enroll in a public school of this state,
and no public school shall be required to enroll the student, until the terms of the suspension have been met or the time of suspension has expired.

2. The school in which a student as described in paragraph 1 of this subsection is subsequently enrolled may elect to not provide education services in the regular school setting until the school determines that the student no longer poses a threat to self, other students or school district faculty or employees. Until the school in which such student subsequently enrolls or re-enrolls determines that the student no longer poses a threat to self, other students or school district faculty or employees, the school may provide education services through an alternative school setting, home-based instruction, or other appropriate setting. If the school provides education services to the student at a district school facility, the school shall notify any student or school district faculty or employee victims of the student, when known, and shall ensure that the student will not be allowed in the general vicinity of or contact with a victim of the student, provided the victim notifies the school of the victim's desire to refrain from contact with the offending student.

A school district must adopt policies that provide for the suspension of students in possession of firearms on school property and that prohibits the transportation and storage of firearms in locked vehicles by students or others on school property set aside for the use of any vehicle. However, a school district may not adopt a policy or rule that prohibits a person from possessing a firearm or knife for hunting or fishing if properly displayed and stored as required by law, or a handgun pursuant to the Oklahoma Self-Defense Act, in a private vehicle on school property, if the vehicle containing the weapon is only driven onto school property to transport a student to and from school and does not remain unattended on school property, nor that prohibits a person from possessing a gun or knife on school property for the purposes of participating in a school-approved training course, firearms event or competition, or a living history reenactment, provided that the weapon is properly displayed or stored as required by law. (AG Op. No. 04-39)

Section 24-101.3(F), applies to both students and faculty, but not to the siblings of the student victim. In lieu of the public posting requirements of this paragraph, a public body may elect to follow the requirements found in subparagraph b of paragraph 9 of this subsection, provided that forty-eight-hour notice is required for special meetings and that the forty-eight-hour requirement shall exclude Saturdays, Sundays and holidays legally declared by the State of Oklahoma.

13. In the event of an emergency, an emergency meeting of a public body may be held without the public notice heretofore required. Should an emergency meeting of a public body be necessary, the person calling such a meeting shall give as much advance public notice as is reasonable and possible under the circumstances existing, in person or by telephonic or electronic means.

B. 1. All agendas required pursuant to the provisions of this section shall identify all items of business to be transacted by a public body at a meeting including, but not limited to, any proposed executive session for the purpose of engaging in deliberations or rendering a final or intermediate decision in an individual proceeding prescribed by the Administrative Procedures Act.

2. If a public body proposes to conduct an executive session, the agenda shall:
   a. contain sufficient information for the public to ascertain that an executive session will be proposed,
   b. identify the items of business and purposes of the executive session, and

(25 O.S. § 311)
A public body is not required under the Open Meeting Act to provide an opportunity for citizens to express their view on issues being considered by a public body. A public body may voluntarily choose to allow such comments. A public body which allows such comments may limit the comments to items on the agenda or may allow for comment on any matters. If comments are to be allowed, an agenda item which provides for “visitors’ comments” or “public comments” is sufficient to meet the notice requirements of the Act. (AG Op. No. 02-26)

Agenda of State Textbook Committee failed to provide sufficient notice that it was going to consider disclaimer for textbooks. (AG Op. No. 00-7)

Notices and agendas required to be posted should be posted in a conspicuous place which is easily accessible and convenient to the public for at least 24 hours prior to the meeting in a location at the public body’s principal office. (AG Op. No. 97-98)

All matters to be discussed at a meeting of a public body must be listed on the agenda for the meeting, including a proposal for an executive session. (AG Op. No. 82-114)

Public body may go into executive session with its attorney to discuss ongoing litigation under “new business” provided matters to be discussed could not have been known about or reasonably foreseen prior to time of posting the agenda. (AG Op. No. 82-114)

Function of an agenda for a meeting of a public body is to provide public with a factual explanation of matters to be taken up at the meeting. (AG Op. No. 82-81)

Board of Education cannot appoint new member during regularly-scheduled meeting absent entry of item on published agenda, unless appointment falls within definition of “new business.” (AG Op. No. 81-141)

At a re-scheduled or reconvened meeting of a public body only matters appearing on the original agenda may be considered. (AG Op. No. 81-92)

Agenda must be worded in plain language that is simple, direct and comprehensible to a person of ordinary education and intelligence. Order Declaring Annexation, 637 P.2d 902 (Okla. App. 1981)

Notice and agenda provisions of Open Meeting Act are integral to the Act, and violations of these provisions are significant and material. Violations need not be malicious or wanton to constitute breaking the law. Mere deliberate disregard of Act’s provisions violates the Act. Order Declaring Annexation, 637 P.2d 1270 (Okla. App. 1981)

The Governor, President Pro Tempore of the Senate and Speaker of the House of Representatives shall each create or cause to be created on the official websites for the Governor, Senate and House of Representatives, respectively, a mechanism for such filings to be made, with an electronic return receipt provided to the person making the filing. The minutes of each meeting shall be open to public inspection and shall reflect the manner and time of notice required by this act.

B. In the written minutes of an emergency meeting, the nature of the emergency and the proceedings occurring at such meeting, including reasons for declaring such emergency meeting, shall be included.

C. Any person attending a public meeting may record the proceedings of said meeting by videotape, audiotape or by any other method; providing, however, such recording shall not interfere with the conduct of the meeting. (25 O.S. § 312)
Minutes of executive sessions of meetings of boards of education must be kept. This requirement may be met by taking a written summary of the proceedings. Any person legally present during the executive session of a board of education may take the minutes of the executive session. (AG Op. No. 96-100)

B. Following a violation of this act, any person:
   1. May bring a civil suit for declarative or injunctive relief, or both; and
   2. If successful, shall be entitled to reasonable attorney fees.

C. If the public body successfully defends a civil suit and the court finds that the suit was clearly frivolous, the public body shall be entitled to reasonable attorney fees. (25 O.S. § 314)

Any Oklahoma citizen has standing to maintain an action for declaratory judgment for alleged violation of the Open Meeting Act. Rabin v. Bartlesville Redevelopment Trust Authority, 2013 OK CIV APP 72

Willful violation is all that needs to be proven; criminal intent need not be proven because the crime is malum prohibitum. Hilliary v. State, 483, P.2d 483, 630 P.2d 791 (Okla. Ct. Crim. App. 1981)

**Section 807. Oklahoma Open Records Act.**

Section 24A.1 et seq. of this title shall be known and may be cited as the “Oklahoma Open Records Act”. (51 O.S. § 24A.I)
A public body may not make rules, policy or procedures that conflict with the Open Records Act or its enabling legislation. (AG Op. No. 06-35)

Section 808. Policy.

As the Oklahoma Constitution recognizes and guarantees, all political power is inherent in the people. Thus, it is the public policy of the State of Oklahoma that the people are vested with the inherent right to know and be fully informed about their government. The Oklahoma Open Records Act shall not create, directly or indirectly any rights of privacy or any remedies for violation of any rights of privacy; nor shall the Oklahoma Open Records Act, except as specifically set forth in the Oklahoma Open Records Act, establish any procedures for protecting any person from release of information contained in public records.

The purpose of this act is to ensure and facilitate the public’s right of access to and review of government records so they may efficiently and intelligently exercise their inherent political power. The privacy interests of individuals are adequately protected in the specific exceptions to the Oklahoma Open Records Act or in the statutes which authorize, create or require the records. Except where specific state or federal statutes create a confidential privilege, persons who submit information to public bodies have no right to keep this information from public access nor reasonable expectation that this information will be kept from public access; provided, the person, agency or political subdivision shall at all times bear the burden of establishing such records are protected by such a confidential privilege. Except as may be required by other statutes, public bodies do not need to follow any procedures for providing access to public records except those specifically required by the Oklahoma Open Records Act. (51 O.S. § 24A.2)

The Open Records Act requires public bodies to allow the public to have access to records for inspection, copying, and/or mechanical reproduction during regular business hours, except for certain materials required by law to be kept confidential. A public body may establish reasonable procedures to protect the integrity and organization of its records and to prevent excessive disruptions of its essential functions. The use by a requesting person of his or her own copying equipment is not prohibited by the Act and must be permitted as long as the person’s copying process does not unreasonably disrupt the essential functions of the public body or result in the defacing or loss of such records. There is no requirement that a public body supply an original document to the person requesting such record as long as the copy furnished is a true and correct copy of the original. (AG Op. No. 06-35)

Section 809. Definitions. As used in the Oklahoma Open Records Act:

There is no duty to provide an electronic copy of information that does not exist as a discrete electronic document that can be provided in electronic form. County Records, Inc. v. Armstrong, 2012 OK 60.

A copy of a written or electronic communication “created by” a third-party public body or official and sent to a legislator; a written or electronic communication from a legislator sent to a third-party public body or official upon being “received by” the public body or official; a written or electronic communication from an employee of the Legislature upon being “received by” a third-party public body or official; and a copy of a written or electronic communication “created by” a third-party public body and sent to an employee within his or her scope and duties of the Legislature are all records subject to the Oklahoma Open Records Act. (AG Op. No. 08-19)

An electronic mail item created or received by a public body which is connected with the transaction of official business, the expenditure of public funds, or the administration of public property constitutes a record. Such electronic mail may be retained in either electronic form or on paper. (AG Op. No. 01-46)

A membership list of a public body, no matter in what form it is kept, is a record and must be made available to the public unless the law specifically requires it to be kept confidential. (AG Op. No. 95-15)

Telephone bills for landline or cellular phones received by a public body in connection with the expenditure of public funds are records pursuant to the Open Records Act; however, information on such bills may be withheld if a privilege of confidentiality exists. (AG Op. No. 95-97)

Section 810. Duty of Public Bodies and Public Officials to Keep and Maintain Records.

In addition to other records which are kept or maintained, every public body and public official has a specific duty to keep and maintain complete records of the receipt and expenditure of any public funds reflecting all financial and business transactions relating thereto, except that such records may be disposed of as provided by law. (51 O.S. § 24A.4)

Section 811. Records To Be Open to Public - Exceptions - Fees for Copies.

All records of public bodies and public officials shall be open to any person for inspection, copying, or mechanical reproduction during regular business hours; provided:

1. The Oklahoma Open Records Act, Sections 24A.1 through 24A.30 of this title, does not apply to records specifically required by law to be kept confidential including:

   a. records protected by a state evidentiary privilege such as the attorney-client privilege, the work product immunity from discovery and the identity of informer privileges,

   b. records of what transpired during meetings of a public body lawfully closed to the public such as executive sessions authorized under the Oklahoma Open Meeting Act,

   c. personal information within driver records as defined by the Driver's Privacy Protection Act, 18 United States Code, Sections 2721 through 2725,

   d. information in the files of the Board of Medicolegal Investigations obtained pursuant to Sections 940 and 941 of Title 63 of the Oklahoma Statutes that maybe hearsay, preliminary unsubstantiated investigation-related findings, or confidential medical information, or

   e. any test forms, question banks and answer keys developed for state licensure examinations, but specifically excluding test preparation materials or study guides;
2. All Social Security numbers included in a record may be confidential regardless of the person's status as a public employee or private individual and may be redacted or deleted prior to release of the record by the public body;

3. Any reasonably segregable portion of a record containing exempt material shall be provided after deletion of the exempt portions; provided however, the Department of Public Safety shall not be required to assemble for the requesting person specific information, in any format, from driving records relating to any person whose name and date of birth or whose driver license number is not furnished by the requesting person.

The Oklahoma State Bureau of Investigation shall not be required to assemble for the requesting person any criminal history records relating to persons whose names, dates of birth, and other identifying information required by the Oklahoma State Bureau of Investigation pursuant to administrative rule are not furnished by the requesting person;

4. Any request for a record which contains individual records of persons, and the cost of copying, reproducing or certifying each individual record is otherwise prescribed by state law, the cost may be assessed for each individual record, or portion thereof requested as prescribed by state law. Otherwise, a public body may charge a fee only for recovery of the reasonable, direct costs of record copying, or mechanical reproduction. Notwithstanding any state or local provision to the contrary, in no instance shall the record copying fee exceed twenty-five cents ($0.25) per page for records having the dimensions of eight and one-half (8 1/2) by fourteen (14) inches or smaller, or a maximum of One Dollar ($1.00) per copied page for a certified copy. However, if the request:

   a. is solely for commercial purpose, or
   b. would clearly cause excessive disruption of the essential functions of the public body,

then the public body may charge a reasonable fee to recover the direct cost of record search and copying; however, publication in a newspaper or broadcast by news media for news purposes shall not constitute a resale or use of a record for trade or commercial purpose and charges for providing copies of electronic data to the news media for a news purpose shall not exceed the direct cost of making the copy. The fee charged by the Department of Public Safety for a copy in a computerized format of a record of the Department shall not exceed the direct cost of making the copy unless the fee for the record is otherwise set by law.

Any public body establishing fees under this act shall post a written schedule of the fees at its principal office and with the county clerk.

In no case shall a search fee be charged when the release of records is in the public interest, including, but not limited to, release to the news media, scholars, authors and taxpayers seeking to determine whether those entrusted with the affairs of the government are honestly, faithfully, and competently performing their duties as public servants.

The fees shall not be used for the purpose of discouraging requests for information or as obstacles to disclosure of requested information;

5. The land description tract index of all recorded instruments concerning real property required to be kept by the county clerk of any county shall be available for inspection or copying in accordance with the provisions of the Oklahoma Open Records Act; provided, however, the index shall not be copied or mechanically reproduced for the purpose of sale of the information;

6. A public body must provide prompt, reasonable access to its records but may establish reasonable procedures which protect the integrity and organization of its records and to prevent excessive disruptions of its essential functions. A delay in providing access to records shall be limited solely to the
time required for preparing the requested documents and the avoidance of excessive disruptions of the public body’s essential functions. In no event may production of a current request for records be unreasonably delayed until after completion of a prior records request that will take substantially longer than the current request. Any public body which makes the requested records available on the Internet shall meet the obligation of providing prompt, reasonable access to its records as required by this paragraph; and

7. A public body shall designate certain persons who are authorized to release records of the public body for inspection, copying, or mechanical reproduction. At least one person shall be available at all times to release records during the regular business hours of the public body. (51 O.S. § 24A.5)
E-mails, text messages, and other electronic communications made or received in connection with the transaction of public business, the expenditure of public funds or the administration of public property, are subject to the Oklahoma Open Records Act and the Records Management Act regardless of whether they are created, received, transmitted, or maintained by government officials on publicly or privately owned equipment and communication devices, unless some provision of law makes them confidential. (AG Op. No. 09-12)

The Open Records Act requires public bodies to allow the public to have access to records for inspection, copying, and/or mechanical reproduction during regular business hours, except for certain materials required by law to be kept confidential. A public body may establish reasonable procedures to protect the integrity and organization of its records and to prevent excessive disruptions of its essential functions. The use by a requesting person of his or her own copying equipment is not prohibited by the Act and must be permitted as long as the person’s copying process does not unreasonably disrupt the essential functions of the public body or result in the defacing or loss of such records. There is no requirement that a public body supply an original document to the person requesting such record as long as the copy furnished is a true and correct copy of the original. (AG Op. No. 06-35)

Furnishing electronic copies of instruments kept by the clerk in computer-readable format is subject to the fee limitations of the Oklahoma Open Records Act. (AG Op. No. 05-21)

A public body that contracts with a private vendor to provide electronic access to and reproduction of the public body’s records at another location or through the world wide web, is still required to provide access to its records for inspection, copying, or mechanical reproduction at the public body's office. If a public body has more than one office location, its records must be maintained and made available to the public at the office where the records are located in the ordinary course of business. A public body may use a vendor to store records off site, but when a person requests records the records must be retrieved from the storage site and provided to the requester at the public body's office. (AG Op. No. 05-03)

An agency has the authority to allow a requestor access to specific data in a file in an electronic format as long as the system permitting the electronic access is secure enough to preserve the records and safeguard them from destruction, mutilation, and alteration. Additionally, such system must also provide for any confidential information to remain confidential. (AG Op. No. 01-46)

A public body may charge as fees the reasonable, direct costs of the mechanical reproduction of records which are in a computer-readable format and may charge a search fee if the request for records is solely for commercial purposes and would clearly cause excessive disruption to the public body’s essential functions. Thus, a public body may not sell public records to a private business for resale to the public. (AG Op. No. 96-26)

Where plaintiffs requested that certain confidential records be “coded” by agency and then released under Open Records Act, the material issue that must be determined is whether a new record is created. Progressive Independence, Inc. v. Oklahoma State Dept. of Health, 2007 OK CIV APP 124, 174 P.3d 1005

Even if the request for information is a “public interest” request, the public agency may charge a search fee when the search of public records is going to cause substantial disruption of business of public agency. McVarish v. New Horizons Community Counseling and Mental Health Services, Inc., 909 P.2d 155 (Okla. App. 1995)

Public interest is as equally well served by public agencies performing essential services without burdensome, disruptive records requests as in providing release of information to taxpayers. McVarish v. New Horizons Community Counseling and Mental Health Services, Inc., 909 P.2d 155 (Okla. App. 1995)

A state agency which has computerized its files, the information therein being a public record, has the authority to allow commercial entity access to specific data in that file in an on-line manner, providing that the system for permitting such on-line access assures that such computerized records will be fully preserved and safeguarded from destruction, mutilation and alteration as otherwise required by Oklahoma law. (AG Op. No. 85-36)

Section 812. Notice Where Regular Business Hours Are Not Maintained.

A. If a public body or its office does not have regular business hours of at least thirty (30) hours a week, the public body shall post and maintain a written notice at its principal office and with the county clerk where the public body is located which notice shall:
1. Designate the days of the week when records are available for inspecting, copying or mechanical reproduction;

2. Set forth the name, mailing address, and telephone number of the individual in charge of the records; and

3. Describe in detail the procedures for obtaining access to the records at least two days of the week, excluding Sunday.

B. The person requesting the record and the person authorized to release the records of the public body may agree to inspection, copying, or mechanical reproduction on a day and at a time other than that designated in the notice. (51 O.S. § 24A.6)

Section 813. Certain Personnel Records May Be Kept Confidential.

A. At the sole discretion of the public body, a public body may keep personnel records confidential:

1. Which relate to internal personnel investigations including examination and selection material for employment, hiring, appointment, promotion, demotion, discipline or resignation; or

2. Where disclosure would constitute a clearly unwarranted invasion of personal privacy such as employee evaluations, payroll deductions, employment applications submitted by persons not hired by the public body and transcripts from institutions of higher education maintained in the personnel files of certified public school employees; provided, however, that nothing in this subsection shall be construed to exempt from disclosure the degree obtained and the curriculum on the transcripts of certified public school employees.

B. All personnel records not specifically falling within the exceptions provided in subsection A or D of this section shall be available for public inspection and copying including, but not limited to, records of:

1. An employment application of a person who becomes a public official;

2. The gross receipts of public funds;

3. The dates of employment, title or position; and

4. Any final disciplinary action resulting in loss of pay, suspension, demotion of position or termination.

C. Except as may otherwise be made confidential by statute, an employee of a public body shall have a right of access to his own personnel file.

D. The home addresses, home telephone numbers, Social Security numbers, private email addresses, and private mobile phone numbers of current and former public employees shall not be open to public inspection or disclosure; provided, however, that nothing in this subsection shall be construed to exempt from disclosure public records created using a private email address or private mobile phone.

E. Except as otherwise required by Section 6-101.16 of Title 70 of the Oklahoma Statutes, public bodies shall keep confidential all records created pursuant to the Oklahoma Teacher and Leader Effectiveness Evaluation System (TLE) which identify a current or former public employee and contain any evaluation, observation or other TLE record of such employee. (51 O.S. § 24A.7)
The Legislature intended to provide a non-exclusive list of examples of information for which release may amount to an unwarranted invasion of personal privacy. Thus, agency must apply a case-by-case balancing testing to determine whether personal information is subject to release. With respect to birth dates of employees, release of birth dates and employee identification numbers constitutes a clearly unwarranted invasion of personal privacy. Okla. Public Employees Assoc. v. State ex rel. Okla. Office of Personnel Management, 2011 OK 68.

A public body may keep confidential a record indicating the name of an employee who has been placed on administrative leave with pay if, under the personnel policies of the public body, the action constitutes neither a “final” or “disciplinary” action, nor a “final disciplinary action resulting in loss of pay, suspension, demotion of position, or termination.” (AG Op. No. 09-33)

A public body has discretion to determine that disclosing a personnel record indicating the date of birth of an employee of the public body is an “unwarranted invasion of [the] personal privacy” of the employee. (AG Op. No. 09-33)

Public bodies are required to keep the home address of present and former employees confidential. (AG Op. No. 99-30)

Public bodies may keep the telephone numbers of employees confidential if disclosure would constitute a clearly unwarranted invasion of personal privacy. (AG Op. No. 99-30)

When an employee is discharged because of a positive drug testing result, the employer must disclose to a potential employer only that the employee was terminated whereas records of the investigation may be kept confidential. (AG Op. No. 97-79)

An employer may disclose a current or former employee’s job performance information and/or evaluations to prospective employees when such disclosure is done with the consent or at the request of the current or former employee, even though the Open Records Act allows such records to be kept confidential. (AG Op. No. 97-48)

**Section 814. Law Enforcement Agencies.**

A. Law enforcement agencies shall make available for public inspection and copying, if kept, the following records:

1. An arrestee description, including the name, date of birth, address, race, sex, physical description, and occupation of the arrestee;

2. Facts concerning the arrest, including the cause of arrest and the name of the arresting officer;

3. A chronological list of all incidents, including initial offense report information showing the offense, date, time, general location, officer, and a brief summary of what occurred;

4. Radio logs, including a chronological listing of the calls dispatched;

5. Conviction information, including the name of any person convicted of a criminal offense;

6. Disposition of all warrants, including orders signed by a judge of any court commanding a law enforcement officer to arrest a particular person;

At such time when an investigation has concluded and the law enforcement agency has rendered its decision as to final disciplinary action, the portions of the recordings previously withheld as provided for in this subparagraph shall be available for public inspection and copying. The audio and video recordings withheld as provided for in this subparagraph shall be available for public inspection and copying before the conclusion of the investigation if the investigation lasts for an unreasonable amount of time; and

b. Notwithstanding the provisions of subparagraph a of this paragraph, the law enforcement agency may, before releasing any audio or video recording provided for in this paragraph, redact or obscure specific portions of the recording that:

(1) depict the death of a person or a dead body, unless the death was effected by a law enforcement officer,

(a) ten (10) days following the formal arraignment or initial appearance, whichever occurs first, of a person charged in the case in question, the recording shall be made available for public inspection
and copying with no redaction of the portions that were temporarily withheld by reliance on this division. Provided, before potential release of a recording as provided for in this subdivision, the prosecutor or legal representative of the person charged may request from the appropriate district court an extension of time during which the recording may be withheld under the provisions of this division. When a request for an extension of time has been filed with the court, the recording in question may be withheld until the court has issued a ruling. Such requests for an extension of the time during which the recording may be withheld may be made on the grounds that release of the recording will materially compromise an ongoing criminal investigation or criminal prosecution or on the grounds that release of the recording will materially compromise the right of an accused to a fair trial that has yet to begin. Courts considering such requests shall conduct a hearing and consider whether the interests of the public outweigh the interests asserted by the parties. In response to such requests, the court shall order that the recording be made available for public inspection and copying with no redaction of the portions that were temporarily withheld by reliance on this division or order an extension of time during which the recording may be withheld under the provisions of this division. Provided further, each such time extension shall only be ordered by the court for an additional six-month period of time or less and cumulative time extensions shall not add up to more than eighteen (18) months, or

(b) in the event that one hundred twenty (120) days expire from the date of the events depicted in the recording without any person being criminally charged in the case in question and release of a recording or portions of a recording have been denied on the grounds provided for in this division, an appeal of such denial may be made to the appropriate district court. In situations where one hundred twenty (120) days have expired since the creation of the recording, criminal charges have not been filed against a person and the recording is being withheld on the grounds provided for in this division, courts considering appeals to the use of the provisions of this division for temporarily withholding a recording shall conduct a hearing and consider whether the interests of the public outweigh the interests of the parties protected by this division. In response to such appeals, the district court shall order that the recording be made available for public inspection and copying with no redaction of the portions that were temporarily withheld by reliance on this division or order an extension of time during which the recording may be withheld under the provisions of this division. An order granting an extension of time shall be applicable to the recording against all appellants for the duration of the extension. Provided, each such time extension shall only be ordered by the district court for an additional twelve-month period of time or less and cumulative time extensions shall not add up to more than three (3) years. Provided, charges being filed against a person in the case in question automatically cancels any extension of time. A new request for an extension of time following an arraignment or initial appearance may be requested by the parties on the grounds and under the terms provided for in subdivision (a) of this division.

The options presented in this division to potentially withhold a recording or portions of a recording on the grounds provided for in this division shall expire in totality four (4) years after the recording was made at which time all recordings previously withheld on the grounds provided for in this division shall be made available for public inspection and copying, or

(13) reveal the identity of law enforcement officers who have become subject to internal investigation by the law enforcement agency as a result of an event depicted in the recording. The option to protect the identity of a law enforcement officer shall not be available to the law enforcement agency after the law enforcement agency has concluded the investigation and rendered a decision as to final disciplinary action. At such time when an investigation has concluded and the law enforcement agency has rendered its decision as to final disciplinary action, the portions of the recordings previously withheld as provided for in this division shall be available for public inspection and copying. The audio and video recordings withheld on the grounds provided for in this division shall be available for public inspection and copying before the conclusion of the investigation if the investigation lasts for an unreasonable amount of time.
B. Except for the records listed in subsection A of this section and those made open by other state or local laws, law enforcement agencies may deny access to law enforcement records except where a court finds that the public interest or the interest of an individual outweighs the reason for denial. The provisions of this section shall not operate to deny access to law enforcement records if such records have been previously made available to the public as provided in the Oklahoma Open Records Act or as otherwise provided by law.

C. Nothing contained in this section imposes any new recordkeeping requirements. Law enforcement records shall be kept for as long as is now or may hereafter be specified by law. Absent a legal requirement for the keeping of a law enforcement record for a specific time period, law enforcement agencies shall maintain their records for so long as needed for administrative purposes.

D. Registration files maintained by the Department of Corrections pursuant to the provisions of the Sex Offenders Registration Act shall be made available for public inspection in a manner to be determined by the Department.

E. The Council on Law Enforcement Education and Training (C.L.E.E.T.) shall keep confidential all records it maintains pursuant to Section 3311 of Title 70 of the Oklahoma Statutes and deny release of records relating to any employed or certified full-time officer, reserve officer, retired officer or other person; teacher lesson plans, tests and other teaching materials; and personal communications concerning individual students except under the following circumstances:

3. To provide to any peace officer copies of the records of that peace officer upon submitting a written request;
4. To provide, upon written request, to any law enforcement agency conducting an official investigation, copies of the records of any peace officer who is the subject of such investigation;

      (3) personal information which is contrary to the provisions of the Driver's Privacy Protection Act, 18 United States Code, Sections 2721 through 2725; and

Public bodies that provide utility services to the public may keep confidential utility supply and utility equipment supply contracts for any industrial customer with a connected electric load in excess of two thousand five hundred (2,500) kilowatts if public access to such contracts would give an unfair advantage to competitors of the customer; provided that, where a public body performs billing or collection services for a utility regulated by the Corporation Commission pursuant to a contractual agreement, any customer or individual payment data obtained or created by the public body in performance of the agreement shall not be a record for purposes of the Oklahoma Open Records Act. \(51\ O.S. \S 24A.10\)

THE GOVERNMENTAL TORT CLAIMS ACT

Section 829. The Governmental Tort Claims Act.

This act shall be known and may be cited as “The Governmental Tort Claims Act.” (51 O.S. § 151)

Under the GTCA, a political subdivision is immune as a matter of law from a claim of tortious interference with a business relationship, committed by its employee, because that tort requires an element of bad faith and thus cannot be committed within the scope of employment by an employee. Tuffy’s, Inc. v. City of Oklahoma City, 2009 OK 4.

The Governor and officials of political subdivisions ordering evacuations during emergencies would be protected by the general immunity provisions of the Oklahoma Governmental Tort Claims Act. (AG Op. No. 07-11)

Unless a statute of limitations specifically provides otherwise, statutes of limitations do not apply to the state when it is suing in the sovereign capacity. The Oklahoma Governmental Tort Claims Act does not provide otherwise. State ex rel. Oklahoma Department of Transportation v. Board of County Commissioners, 2007 OK CIV APP 126, 174 P.3d 1010

(51 O.S. § 152)

A state agency may lawfully assign duties to its employees including the use of any agency vehicle. In assigning duties, a state agency may define an employee’s official duty to include travel to or from the employee’s place of residence under certain situations which are of benefit to the agency. (AG Op. No. 07-18)

Officers and employees of government agencies, including the state, are protected from tort liability while performing discretionary functions, however, that protection does not render them immune from liability for acts of willful and wanton negligence. Mullins v. Okla. Public Employees Ret. Sys., 2005 OK CIV APP 67, 122 P.3d 872

Whether an employee is acting within the scope of his employment depends on whether his conduct is in good faith and within the duties of his employment. Winters v. Overton, 1999 OK CIV APP 43, 980 P.2d 1128

Parents of student who died while at school failed to have themselves appointed as personal representative of child until after the one year statute of limitations had passed. However, parents were performing functions of personal representative prior to court appointment and that was held sufficient to meet the definition of “claimant”. Calvert v. Tulsa Public Schools, 932 P.2d 1087 (Okla. 1996)

Claimant is person seeking relief for loss. ISD No. 29 v. Crawford, 688 P.2d 1291 (Okla. 1984)

Section 831. Sovereign Immunity.

A. The State of Oklahoma does hereby adopt the doctrine of sovereign immunity. The state, its political subdivisions, and all of their employees acting within the scope of their employment, whether performing governmental or proprietary functions, shall be immune from liability for torts.

B. The state, only to the extent and in the manner provided in this act, waives its immunity and that of its political subdivisions. In so waiving immunity, it is not the intent of the state to waive any rights under the Eleventh Amendment to the United State Constitution. (51 O.S. § 152.1)
School district employee who backed school bus into motorist’s car was acting within the scope of his employment at
time tort was committed and is immune from liability. Williams v. ISD No. 7, 881 P.2d 760 (Okla. App. 1994)

Absent allegations or evidence showing that official of Corporation Commission was acting outside scope of his
employment in connection with termination of employee, Act immunized officials from tort liability. Rooks v. State, 842

property owners the costs of additional damages to property as a result of a sanitary sewer backup outside of what is
statutorily available under the Governmental Tort Claims Act. (AG Op. No. 09-4)

Immunity afforded to state employees under the Tort Claims Act has a limited application to tort actions filed in state
court, under state law, and does not impact employee’s potential liability, if any, which might arise under federal law,

**Section 832. Liability for Torts.**

A. The state or a political subdivision shall be liable for loss resulting from its torts or the torts
of its employees acting within the scope of their employment subject to the limitations and exceptions
specified in The Governmental Tort Claims Act and only where the state or political subdivision, if a private
person or entity, would be liable for money damages under the laws of this state. The state or a political
subdivision shall not be liable under the provisions of The Governmental Tort Claims Act for any act or
omission of an employee acting outside the scope of the employee’s employment.

B. The liability of the state or political subdivision under The Governmental Tort Claims Act
shall be exclusive and shall constitute the extent of tort liability of the state, a political subdivision or
employee arising from common law, statute, the Oklahoma Constitution, or otherwise. If a court of
competent jurisdiction finds tort liability on the part of the state or a political subdivision of the state based
on a provision of the Oklahoma Constitution or state law other than The Governmental Tort Claims Act,
the limits of liability provided for in The Governmental Tort Claims Act shall apply.

C. If an action is commenced alleging tort liability on the part of the state or a political
subdivision of the state or an employee of the state or of a political subdivision of the state based on a
provision of the Oklahoma Constitution or state law other than The Governmental Tort Claims Act, the
action shall name as defendant the state or political subdivision against which liability is sought to be
established. In no instance in any such action shall an employee of the state or of a political subdivision of
the state acting within the scope of employment be named as defendant; provided, however, such person
may be named as defendant under alternative allegations that such person did not act within the scope of
employment. (51 O.S. § 153)
School District is not liable for alleged assault of student by teacher, because assault cannot be within the scope of employment of a teacher. Jackson v. Oklahoma City Public Schools, 2014 OK CIV APP 61.

Even if an exemption under the GTCA does not apply, it is not reasonably foreseeable that a student will jump up and intentionally push another student to the ground, nor could a teacher directly supervising the students stop this unforeseeable act in time to prevent the harm. Provinsal v. Sperry Independent School District No. 8, 2012 OK CIV APP 3.

Liability of the state or political subdivision is exclusive, and in place of all other liability of the state, political subdivision or employee at common law or otherwise. Employees under the GTCA are within the protection of respondeat superior liability for those duties within the scope of employment, and individual employees are immunized from tort liability when acting within the scope of employment. Speight v. Presley, 2008 OK 99, 203 P.3d 173.

Employer’s ratification of employee’s decision established prima facie that employee acted within the scope of his employment and that he is entitled to immunity from personal liability as provided in the GTCA. Shephard v. Compsource Oklahoma, 2009 OK 25, 209 P.3d 288.

City could not be held liable on plaintiff’s claim of intentional tort of outrage or malicious prosecution because, if city officials acted intentionally or willfully, then they did not act in good faith and were not within the scope of their employment. McMullen v. City of Del City, 920 P.2d 528 (Okla. App. 1996)

One acts within the scope of employment if engaged in work assigned, or if doing that which is proper, necessary, and usual to accomplish the work assigned, or if doing that which is customary within the particular trade or business. Whether an employee has acted within the scope of employment is a question of fact for the jury except when only one reasonable conclusion can be drawn from the facts. Nail v. City of Henryetta, 911 P.2d 914 (Okla. 1996)

School district not liable because of alleged lack of adequate supervision in school gymnasium for injuries sustained by middle school student when fellow student pushed him from bleachers; undisputed fact showed that incident was sudden and unprovoked, and it was mere speculation that incident would not have occurred with better supervision. Butler v. Oklahoma City Public Schools, 871 P.2d 444 (Okla. App. 1994)

Whether school was on notice of dangerous condition of roof due to fact that superintendent knew that child had fallen from roof several months before and that electrical service violated safety codes was a question for the jury in personal injury action arising out of child’s fall from roof due allegedly to touching of exposed electrical wire. Juvenal v. Okeene Public Schools, 878 P.2d 1026 (Okla. 1994)

Governmental Tort Claims Act does not prohibit the recovery of attorney fees and costs by prevailing party in action for negligent and willful damage to real property allowed recovery of attorney fees pursuant to 12 O.S. §940 in action brought under Governmental Tort Claims act. Rout v. Crescent Public Works Authority, 878 P.2d 1045(Okla. 1994)

School district had duty to use ordinary care to protect child, as a licensee, from defects or hidden dangers which were known, or should have been known, to school. Brewer v. ISD No. 1, 848 P.2d 566 (Okla. 1993)

Risk of falling from slide was not hidden danger about which school district had duty to warn children, as licensees, because slide was regularly encountered and appreciated. Brewer v. ISD No. 1, 848 P.2d 566 (Okla. 1993)

Due process clause is not violated when children are compelled to attend school, but school district’s liability for children’s accidents is limited under Political Subdivision Tort Claims Act. Wilson v. Gipson, 753 P.2d 1349 (Okla. 1988)

Officer or employee’s willful or wanton negligence or conduct exceeds scope of employment; as such, officer or employee is not immune from tort liability. Holman v. Wheeler, 677 P.2d 645 (Okla. 1983)

School superintendent who allegedly spanked and beat a ten- year-old with unnecessary and excessive force place superintendent outside scope of employment and outside the protection of the Political Subdivision Tort Claims Act. Holman v. Wheeler, 677 P.2d 645 (Okla. 1983)

Pedestrian, who was struck by car in front of football stadium, failed to state cause of action in allegation that city and school were negligent in not providing patrol and guard service. Political Subdivision Tort Claims Act specifically exempts political subdivision from liability in failure to exercise discretionary functions; political subdivision was not liable for loss resulting from failure to provide police protection. Ochoa v. Taylor, 635 P.2d 604 (Okla. 1981)
Section 833. Limitations on Liability.

A. The total liability of the state and its political subdivisions on claims within the scope of this act, Section 151 et seq. of this title, arising out of an accident or occurrence happening after the effective date of this act, Section 151 et seq. of this title, shall not exceed:

1. Twenty-five Thousand Dollars ($25,000.00) for any claim or to any claimant who has more than one claim for loss of property arising out of a single act, accident, or occurrence;

2. Except as otherwise provided in this paragraph, One Hundred Twenty-five Thousand Dollars ($125,000.00) to any claimant for his claim for any other loss arising out of a single act, accident, or occurrence. The limit of liability for the state or any city or county with a population of three hundred thousand (300,000) or more according to the latest federal Decennial Census shall not exceed One Hundred Seventy-five Thousand Dollars ($175,000.00). Except however, the limits of said liability for the University Hospitals and State Mental Health Hospitals operated by the Department of Mental Health and Substance Abuse Services for claims arising from medical negligence shall be Two Hundred Thousand Dollars ($200,000.00). For claims arising from medical negligence by any licensed physician, osteopathic physician or certified nurse-midwife rendering prenatal, delivery or infant care services from September 1, 1991, through June 30, 1996, pursuant to a contract authorized by subsection (b) of Section 1-106 of Title 63 of the Oklahoma Statutes and in conformity with the requirements of Section 3 of this act, the limits of said liability shall be Two Hundred Thousand Dollars ($200,000.00); or

3. One Million Dollars ($1,000,000.00) for any number of claims arising out of a single occurrence or accident.

B. No award for damages in an action or any claim against the state or a political subdivision shall include punitive or exemplary damages.

C. When the amount awarded to or settled upon multiple claimants exceeds the limitations of this section, any party may apply to the district court which has jurisdiction of the cause to apportion to each claimant his proper share of the total amount as limited herein. The share apportioned to each claimant shall be in the proportion that the ratio of the award or settlement made to him bears to the aggregate awards and settlements for all claims against the state or its political subdivisions arising out of the occurrence. When the amount of the aggregate losses presented by a single claimant exceeds the limits of paragraphs 1 or 2 of subsection A of this section, each person suffering a loss shall be entitled to his proportionate share.

D. The total liability of resident physicians and interns while participating in a graduate medical education program of the University of Oklahoma College of Medicine, its affiliated institutions and the Oklahoma College of Osteopathic Medicine and Surgery shall not exceed One Hundred Thousand Dollars ($100,000.00).

The state or a political subdivision may petition the court that all parties and actions arising out of a single accident or occurrence shall be joined as provided by law, and upon order of the court the proceedings upon good cause shown shall be continued for a reasonable time or until such joinder has been completed. The state or political subdivision shall be allowed to interplead in any action which may impose on it any duty or liability pursuant to this act.

F. The liability of the state or political subdivision under this act shall be several from that of any other person or entity, and the state or political subdivision shall only be liable for that percentage of total damages that corresponds to its percentage of total negligence. Nothing in this section shall be construed as increasing the liability limits imposed on the state or political subdivision under this act. (51 O.S. § 154)
State is immune from private enforcement of Fair Labor Standards Act because it has not consented to such a cause of action as is required by state law. Freeman v. State ex rel. Dep’t. of Human Services, 2006 OK 71, 145 P.3d 1078

51 O.S. § 154 sets statutory limits as to amount of judgment under Governmental Tort Claims Act; thus post-judgment interest is not allowable if it would exceed statutory limit. Pine v. State, 913 P.2d 1375 (Okla. App. 1996)

School district’s purchase of liability insurance did not act as a waiver to district’s exemption from liability under Governmental Tort Claims Act, though district did waive immunity as to extent of coverage under policy. Policy clearly limited which risks were insured and limited coverage to liability imposed by law. Brewer v. ISD No.1, 848 P.2d 566 (Okla. 1993)

A political subdivision is still liable on an insured risk to extent of coverage under liability insurance, even though subdivision otherwise would be exempt under the Political Subdivision Tort Claims Act. Herwig v. Board of Education of Lawton Public Schools, 673 P.2d 154 (Okla. 1983)

Athletic exemption does not apply when student is not participating in, or practicing for, a competitive athletic event. Hutts v. Western Heights Indep. Sch. Dist. No. I-41, 2011 OK CIV APP 52.

Provision of GTCA that a political subdivision shall not be liable for a loss or claim that results from the method of providing, police, law enforcement or fire protection, did not provide immunity for city upon claim arising out of city police officer's alleged use of excessive force in executing arrest of student following fight on middle school premises, as officer was engaging in law enforcement activity, rather than protective services for student; officer grabbed student because she would not stop fighting, student did not summon officer to protect her, and there was no indication that student was seeking protection from officer. Morales v. City of Oklahoma City, 2010 OK 9.

A school district’s decisions regarding the hiring, retention, and supervision of its superintendent are generally the kind of decisions that implicate policy concerns related to its educational mission. Absent any factual allegations that would take the school district’s employment decisions regarding the superintendent outside of this rule, a claim against the school district for negligence in his hiring, supervision and retention is barred by the discretionary function exemption of 51 O.S. § 155(5). Benedix v. Ind. School Dist. No. I-007 of Oklahoma County, Oklahoma, 2009 WL 975145 (W.D.Okla.).

Maintenance of sewer lines was proprietary function of City, therefore it was not relieved from liability for failure to maintain sewer lines. Spencer v. City of Bristow, 2007 OK CIV APP 62, 165 P.3d 361.

City was immune from liability for payment of attorneys’ fees and costs in an annexation action that was successfully challenged by residents because annexation and de-annexation of territory by a municipality are legislative functions bestowed upon municipalities by the legislature. In re: De-annexation of Certain Real Property from the City of Seminole, 2007 OK 95, 177 P.3d 551.

Political subdivision is immune from liability based on implied or noncontractual indemnity. The political subdivision is not immune from contractually incurred indemnity obligations. The Estate of King v. Wagoner County Board of Commissioners, 2006 OK CIV APP 118, 146 P.3d 833.

Officers and employees of government agencies, including the state, are protected from tort liability while performing discretionary functions, however, that protection does not render them immune from liability for acts of willful and wanton negligence. Mullins v. Okla. Public Employees Ret. Sys., 2005 OK CIV APP 67, 122 P.3d 872.

School district immunity for losses resulting from participation in or practice for any interscholastic or other athletic contest sponsored by or conducted on property of state or political subdivision did not bar student's suit against school district where student was not participating in or practicing for athletic contest at time he sustained injury, and instrumentality which caused his injury was not part of athletic contest and did not constitute a risk incidental to the contest. Green v. Konawa Independent School Dist., 2005 OK CIV APP 10, 105 P.3d 840.

The exemption provided in Paragraph 14 is constitutional and is valid and enforceable. Such classification does not violate equal protection or due process. Gladstone v. Bartlesville ISD No. 30, 2003 OK 30, 66 P.3d 442.

Exemption for inspection powers or functions does not include maintenance of the property. A governmental landowner may be liable for negligent maintenance of property, irrespective of its inspection powers of functions. Moran v. City of Del City, 2003 OK 57, 77 P/3d 588.

Claim of negligent inspection is exempt from liability under §155(3). Reynolds v. Union Public Schools, 976 P.2d 557, 1998 OK CIV APP 101.

Decision about amount of security to have was discretionary act and thus exempted school district from liability. Randell v. Tulsa Independent School Dist. No. 1, 889 P.2d 1264, 1994 OK CIV APP 156.

School district was exempt from liability because it was exercising proper discretionary function in determining supervision during lunch period. Franks v Union City Public Schools, 1997 OK 105, 943 P.2d 611 (Okla. 1997).
School district was exempt from liability for injury to student which occurred while the student was participating in a wrestling match on school property during a physical education class. Evans v. Oaks Mission Public School, 1997 OK 97, 945 P.2d 492.

“Other” athletic contest referred to in §155(20) is an athletic contest different or distinct from an interscholastic contest between or among schools. Curtis v. Board of Education of Sayre Public Schools, 914 P.2d 656 (Okla. 1995)

Exemption for participation in athletics encompasses participation in or practice for any athletic or sports competition, whether interscholastic or not, sponsored by or on the property of the school and includes physical education softball class. Curtis v. Board of Education of Sayre Public Schools, 914 P.2d 656 (Okla. 1995)

Governmental Tort Claims Act exempts school district from liability for injury to child who fell from slide on theories of failure to inspect and attractive nuisance. Risk of falling from slide is regularly encountered and appreciated by children and is not a hidden danger about which the school district had a duty to warn. Brewer v. ISD No.1, 848 P.2d 566 (Okla. 1993)

Governmental Tort Claims Act affords no immunity or exemption from liability for retaliatory discharge under the Workers Compensation Act. Gunn v. Consolidated Rural Water & Sewer District No. 1, 839 P.2d 1345 (Okla. App. 1992)

Paragraph 20 provides immunity to school districts for claims resulting from participation in or practice for interscholastic or other athletic contests sponsored or conducted by or on the property of a school district despite student’s claim that the injury resulted from school district’s negligent hiring/retaining of coaches. Hull v. Wellston ISD, 2002 OK CIV APP 46, 46 P.3d 180

Vo-tech district sued by purchasers of new home for breach of implied warranty is not exempted from liability by Governmental Tort Claims Act. Lucas v. Canadian Valley Area Vo-Tech, 824 P.2d 1140 (Okla. App. 1992)

Exemptions from liability under the Political Subdivision Tort Claims Act are not exemptions to other provisions of the Act; persons with claims falling under those exemptions cannot pursue them without compliance with the Act. Sanchez v. City of Sand Springs, 789 P.2d 240 (Okla. 1990)

School districts’ duties and powers are established by statute and do not include installation and maintenance of traffic control devices or measures, lighting, or police protection on public streets. Ochoa v. Taylor, 635 P.2d 604 (Okla. 1981)

Pedestrian, who was struck by car in front of football stadium, failed to state cause of action in allegation that city and school were negligent in not providing patrol and guard service. Political Subdivision Tort Claims Act specifically exempts political subdivision from liability in failure to exercise discretionary functions; political subdivision was not liable for loss resulting from failure to provide police protection. Ochoa v. Taylor, 635 P.2d 604 (Okla. 1981)

Action for wrongful termination in retaliation for filing a workers’ compensation claim is a tort governed by the Governmental Tort Claims Act. Mann v. City of Norman, 782 P.2d 152 (Okla. App. 1989)

Section 835. Exemptions - Department of Transportation.

Nothing contained in this act shall be construed as allowing an action or recovery against the state or any of their officers or employees on a claim or cause of action founded upon any loss occurring from a defect or dangerous condition on any road, street or highway which was in existence, whether known or unknown:

1. On October 1, 1985; or

2. When an existing facility became or becomes a part of the state highway system; or
3. When an existing facility became or becomes the maintenance responsibility of the state, to the extent of that responsibility; provided that this section shall be effective until 12:01 a.m., October 1, 1995.

To the extent that the state is required by law to maintain a road, street, or highway within the territorial limits of a political subdivision, the political subdivision shall not be liable for any loss occurring from a defect or dangerous condition in the area required to be maintained by the state. (51 O.S. § 155.1)

Section 836. Liability Related to Computer Systems.

A. Except as provided in subsection C, D or E of this section, the state or any political subdivision of the state or an independent contractor of the state shall have no liability for losses from any failure or malfunction occurring before December 31, 2002, which is caused directly or indirectly by the failure of computer software or any device containing a computer processor to accurately or properly recognize, calculate, display, sort, or otherwise process dates or times.

B. Except as provided in subsection C, D or E of this section, no claim or cause of action, including, without limitation, any civil action or action for declaratory of injunctive relief, whether arising out of contract or arising independent of contract, may be brought against the state or any political subdivision of the state or an officer or employee of the state or a political subdivision on the basis that a computer or other information system that is owned or operated by any of those persons produced, calculated or generated an incorrect date or failed to accurately store, process, provide or receive data. Any contract entered into by or on behalf of and in the capacity of this state, an immune contractor or an officer or employee of the state or any of its agencies or political subdivisions must include a provision that provides immunity to those persons for any breach of contract that is caused by an incorrect date being produced, calculated or generated by a computer or computer system or caused a computer or computer system to fail to accurately store, process, provide or receive data that is owned or operated by any of those persons. Any contract subject to the provisions of this section that is entered into on or after July 1, 1999, has the legal effect of including the immunity required by this section, and any provision of the contract which is in conflict with this section is void. Notwithstanding any other provision herein, the provisions of this subsection shall not provide immunity from fulfilling a contract or relieve the state or any political subdivision of the state of its obligation to fulfill the terms of a contract or to provide services or make payments under the terms of the contract in a reasonable length of time.

C. A claim may be brought pursuant to the Governmental Tort Claims Act for negligence caused directly or indirectly by the failure of computer software or any device containing a computer processor to accurately or properly recognize, calculate, display, sort, or otherwise process dates or times, if the failure resulted in bodily injury or death.

D. Neither the state or any political subdivision of the state shall be immune from a claim or cause of action if remediation efforts were not begun by January 1, 1999.

E. Nothing in this section shall limit the liability of any individual or entity to the state or any political subdivision of the state, and contracts between the state or any political subdivision of the state and an independent contractor will not include a provision, express or implied, that grants the independent contractor immunity from liability to the state or any political subdivision of the state for any breach of contract that is caused by an incorrect date being produced, calculated or generated by a computer or computer system that is owned or operated by the independent contractor.

F. As used in this section:
1. “Independent contractor” means a defendant, as defined in Section 2 of this act, providing, pursuant to contract, a computer program or software, a computer system, or providing computer technical assistance to the state or a political subdivision of the state;

2. “Remediation efforts” means:
   a. in the case of software, writing computer code to correct dates in data sensitive programs,
   b. in the case of embedded chips or systems, testing the embedded systems or chips to determine if they are year 2000 compliant or assisting vendors in testing for such compliance, and
   c. making necessary corrections to make the system compliant; and

3. “Computer system” means any electronic device or collection of devices, including support devices, networks and embedded chips, and excluding calculators that are not programmable, that contain computer programs or electronic instructions and that perform functions including logic, arithmetic, data processing, data storage and retrieval, communication or control. (51 O.S. § 155.2)

Section 837. Notice of Claims.

A. Any person having a claim against the state or a political subdivision within the scope of Section 151 et seq. of this title shall present a claim to the state or political subdivision for any appropriate relief including the award of money damages.

B. Except as provided in subsection H of this section, and not withstanding any other provision of law, claims against the state or a political subdivision are to be presented within one (1) year of the date the loss occurs. A claim against the state or a political subdivision shall be forever barred unless notice thereof is presented within one (1) year after the loss occurs.

C. A claim against the state shall be in writing and filed with the Office of the Risk Management Administrator of the Office of Management and Enterprise Services who shall immediately notify the Attorney General and the agency concerned and conduct a diligent investigation of the validity of the claim within the time specified for approval or denial of claims by Section 157 of this title. A claim may be filed by certified mail with return receipt requested. A claim which is mailed shall be considered filed upon receipt by the Office of the Risk Management Administrator.

D. A claim against a political subdivision shall be in writing and filed with the office of the clerk of the governing body.

E. The written notice of claim to the state or a political subdivision shall state the date, time, place and circumstances of the claim, the identity of the state agency or agencies involved, the amount of compensation or other relief demanded, the name, address and telephone number of the claimant, the name, address and telephone number of any agent authorized to settle the claim, and any and all other information required to meet the reporting requirements of the Medicare Secondary Payer Mandatory Reporting Provisions in Section 111 of the Medicare, Medicaid and SCHIP Extension Act of 2007 (MMSEA) through the Centers for Medicare & Medicaid Services (CMS). Failure to state either the date, time, place and circumstances and amount of compensation demanded, or any information requested to comply with the reporting claims to CMS under MMSEA shall not invalidate the notice unless the claimant declines or refuses to furnish such information after demand by the state or political subdivision. The time for giving written notice of claim pursuant to the provisions of this section does not include the time during which the person injured is unable due to incapacitation from the injury to give such notice, not exceeding ninety (90) days of incapacity.

F. When the claim is one for death by wrongful act or omission, notice may be presented by the personal representative within one (1) year after the death occurs. If the person for whose death the
claim is made has presented notice that would have been sufficient had he lived, an action for wrongful
death may be brought without any additional notice.

G. Claims and suits against resident physicians or interns shall be made in accordance with
the provisions of Titles 12 and 76 of the Oklahoma Statutes.

H. For purposes of claims based on wrongful felony conviction resulting in imprisonment
provided for in Section 154 of this title, loss occurs on the date that the claimant receives a pardon based
on actual innocence from the Governor or the date that the claimant receives judicial relief absolving the
claimant of guilt based on actual innocence; provided, for persons whose basis for a claim occurred prior
to the effective date of this act, the claim must be submitted within one (1) year after the effective date of
this act. (51 O.S. § 156)
Section 156(D) requires that a claim shall be filed with the office of the clerk of the governing body. Although notice was not specifically addressed to the clerk of the governing body, it was nevertheless transmitted to and filed with the office of that clerk following delivery. Ford v. Tulsa Public Schools, 2017 OK CIV APP 55.

If one year period for filing claim files on a date that is a holiday or weekend when the clerk’s office is closed, the notice is timely if filed on the next business day. Lawson v. Board of County Commissioners, 2012 Ok 87

“Discovery rule”, which allows limitations periods in tort cases to be tolled until the injured party knows, or in the exercise of reasonable diligence, should have known of the injury, applies to Oklahoma Governmental Tort Claims Act. Lester v. Smith, 2008 OK CIV APP 97, 198 P.3d 402.

If plaintiff files notice of claim which substantially complies with statutory requirements, plaintiff may not submit second notice of claim and thus extend time to file suit after claim is denied. Strong v. Oklahoma City Public Schools, 941 P.2d 538 (Okla. Civ. App. 1997)

Only a written notice of claim is sufficient to invoke the protections of the Governmental Tort Claims Act. A verbal communication does not substantially comply. Minie v. Hudson, 934 P.2d 1082 (Okla. 1997)

Claimant making claim against political subdivision pursuant to Oklahoma employment discrimination statutes, 25 O.S. 1101 et seq., is not required to comply with time limitations and notice provisions of Governmental Tort Claims Act. Duncan v. City of Nichols Hills, 913 P.2d 1303 (Okla. 1996)

Limitations period for a tort claim pursuant to Governmental Tort Claims Act is governed by § 156 B which requires notice of claim to be filed within one year of loss. McGeehee v. State Insurance Fund, 904 P.2d 70 (Okla. 1995)

If claimant substantially complies with notice requirements of Governmental Tort Claims Act, claim will not be dismissed for invalid notice. Notice of claim must be presented within one year after loss in order for claim to be timely. Mansell v. City of Lawton, 901 P.2d 826 (Okla. 1995)

Claim against school district which was barred by statute of limitations due to student’s failure to commence action within 180 days after denial of claim by school could not be revived by sending second notice to school within one-year period for filing of claim. Grider v. ISD No. 89, 872 P.2d 951 (Okla. App. 1994)

Governmental subdivision’s request for additional information with respect to claim did not extend 90 day period within which to bring an action against it. Sanchez v. City of Sand Springs, 789 P.2d 240 (Okla. 1990)

The purchase of insurance by a governmental subdivision does not dispense with the necessity to comply with procedures set forth in the Governmental Tort Claims Act for bringing claims against that governmental subdivision. Gurley v. Memorial Hospital of Guymon, 770 P.2d 573 (Okla. 1989)

The purposes of the notice provisions of the Political Subdivision Tort Claims Act are to foster political subdivision’s interest by promoting prompt investigation, to provide opportunity to repair a dangerous condition, to encourage swift and amicable settlement of meritorious claims, and to prepare to meet financial liabilities. Graves v. Rose, 663 P.2d 733 (Okla. 1983)

Section 838. Approval or Denial of Claims.

A. A person may not initiate a suit against the state or a political subdivision unless the claim has been denied in whole or in part.

A claim is deemed denied if the state or political subdivision fails to approve the claim in its entirety within ninety (90) days, unless the state or political subdivision has denied the claim or reached a settlement with the claimant before the expiration of that period. If the state or a political subdivision approves or denies the claim in ninety (90) days or less, the state or political subdivision shall give notice within five (5) days of such action to the claimant at the address listed in the claim. If the state or political subdivision fails to give the notice required by this subsection, the period for commencement of an action in subsection B of this section shall not begin until the expiration of the ninety-day period for approval. The claimant and the state or political subdivision may continue attempts to settle a claim, however, settlement negotiations do not extend the date of denial unless agreed to in writing by the claimant and the state or political subdivision.
B. No action for any cause arising under this act, Section 151 et seq. of this title, shall be maintained unless valid notice has been given and the action is commenced within one hundred eighty (180) days after denial of the claim as set forth in this section. The claimant and the state or political subdivision may agree in writing to extend the time to commence an action for the purpose of continuing to attempt settlement of the claim except no such extension shall be for longer than two (2) years from the date of the loss. (51 O.S. § 157)
Failure to file suit within the mandatory time limits of the Governmental Tort Claims Act bars the action. The school’s insurance company adjuster had no duty to advise the claimant of the statutory time limitations in the Governmental Tort Claims Act. Williams v. Bixby Independent School District, 2010 OK CIV APP 86.

The time limits to file notice of a tort claim provided in the Governmental Tort Claims Act must be followed unless they are tolled by a written agreement of the parties or the conduct of the governmental entity or its agent. Crockett v. Cent. Okla. Transp. & Parking Auth., 2010 OK CIV APP 30.

Because under the Governmental Tort Claims Act the right to sue does not attach until the claim has been denied, causes of action brought under the act do not accrue until that point. Brown v. Creek County, 2007 OK 56, 164 P.3d 1073

Time period in which school district was required to approve or deny claim was extended when school’s insurance adjuster requested additional information from the plaintiff. Davis v. Ind. School Dist. No. 89, 2006 OK CIV APP 72, 136 P.3d 1059

Where insurance adjuster mailed a letter to the plaintiff requesting information and stating a certain date upon which a claim will be denied, then that date and not the statutory date of deemed denial governs when Plaintiff’s time to file suit begins to run. Corn v. Comanche County Memorial Hospital, 2006 OK CIV APP 126, 147 P.3d 285

When school district’s insurance agent wrote a letter requesting more information from a claimant, but stated that the investigation was not intended to waive time limitation imposed by the Oklahoma Governmental Tort Claims Act, the 90-day period after which the claim was deemed denied was not tolled. Floyd v. Quinton Public Schools, 438 F.Supp.2d 1318, (E.D. Okla. 2006)

If letter from governmental entity states effective date of denial which is beyond 90 day period for claim to be deemed denied, effective date in letter is considered as date of denial for purposes of calculating timeliness of filing of action. Carswell v. Oklahoma State University, 1999 OK 102, 995 P.2d 1118.

Statute authorizes an enlargement of the 90 day period for denial of a claim where the parties agree to such an extension in writing. Written correspondence between the parties may constitute such an extension agreement. Vaughan v. City of Broken Arrow, 1999 OK 47.

Statutory policy of exclusive liability requires compliance with the notice and statutory time constraints even when plaintiff seeks to pierce the shield of immunity by allegations of willful and wanton conduct. Failure of compliance extinguishes the right to sue both the governmental entity and its employees. Leding v. Pittsburgh County Dist. Court, 928 P.2d 957 (Okla. App. 1996)

12 O.S. § 96 is not applicable to claims under the Governmental Tort Claims Act where the claim is not timely filed under the Act so as to invoke the court’s jurisdiction. Tyler v. Board of County Commissioners, 915 P.2d 951 (Okla. App. 1996)

Claimant making claim against political subdivision pursuant to Oklahoma employment discrimination statutes, 25 O.S. 1101 et seq., is not required to comply with time limitations and notice provisions of Governmental Tort Claims Act. Duncan v. City of Nichols Hills, 913 P.2d 1303 (Okla. 1996)

Pursuant to 12 O.S. § 100, claimant may refile governmental tort claims action within one year from the date the original timely-filed governmental tort claims action failed or was dismissed other than on its merits. State of Oklahoma v. Dixon, 912 P.2d 842 (Okla. 1996)

Pursuant to 12 O.S. § 100, claimant may refile governmental tort claims action within one year from the date the original timely-filed governmental tort claims action failed or was dismissed other than on its merits. Laidley v. McClain, 912 P.2d 840 (Okla. 1996)

When a public entity requests more information after receiving an initial notice of claim and the claimant responds within a reasonable or a stated time, the claim must be given fresh consideration such that the 90-day bar must be treated as erased or arrested and will not begin to run until the claimant responds to the request for additional information. Bivins v. State of Oklahoma ex rel. Oklahoma Memorial Hospital, 917 P.2d 456 (Okla. 1996)

Where valid notice of a claim has been given and a governmental tort claim has been timely filed, the court’s power is invoked. Thus, the savings statute, 12 O.S. § 100, is applicable, and a governmental tort claims action which is dismissed other than on the merits may be refiled according to 12 O.S. § 100. Cruse v. Board of County Commissioners of Atoka County, 910 P.2d 998 (Okla. 1995)
Claim against school district which was barred by statute of limitations due to student’s failure to commence action within 180 days after denial of claim by school could not be revived by sending second notice to school within one-year period for filing of claim. Grider v. ISD No. 89, 872 P.2d 951 (Okla. App. 1994)

Statute allowing commencement of new action within one year of failure of first action other than on merits could not be applied to extend 180-day period after denial of notice of claim for filing suit against municipality after voluntary dismissal of prior timely action against municipality. Robbins v. City of Del City, 875 P.2d 1170 (Okla. App. 1994)

Statute allowing refiling of action dismissed otherwise than on merits within one year of dismissal does not operate to extend specific time limitations in Governmental Tort Claims Act, where special time limitations in Act limit right to bring action. Gibson v. City of Tulsa, 880 P.2d 429 (Okla. App. 1994)

Section 839. Settlement or Defense against Claim.

A. The state or a political subdivision, after conferring with authorized legal counsel, may settle or defend against a claim or suit brought against it or its employee under this act subject to any procedural requirements imposed by statute, ordinance, resolution or written policy, and may appropriate money for the payment of amounts agreed upon. When the amount of any settlement exceeds Twenty-five Thousand Dollars ($25,000.00), and any payment required by the settlement will not be paid through an applicable contract or policy of insurance, the settlement shall not be effective until approved by the district court and entered as a judgment as provided by law.

B. Any settlement payout pursuant to this section may be structured in any manner as agreed to by the parties involved.

C. If a policy or contract of liability insurance covering the state or political subdivision or its employees is applicable, the terms of the policy govern the rights and obligations of the state or political subdivision and the insurer with respect to the investigation, settlement, payment and defense of claims or suits against the state or political subdivision or its employees covered by the policy. However, the insurer may not enter into a settlement for an amount which exceeds the insurance coverage without the approval of the governing body of the state or political subdivision or its designated representative if the state or political subdivision is insured.

D. Nothing in this section shall be construed to repeal or modify Sections 361 through 365.6 and 435 of Title 62 of the Oklahoma Statutes and it is intended that this section be construed in conformance with those sections.

E. The state or a political subdivision shall not be liable for any costs, judgments or settlements paid through an applicable contract or policy of insurance but shall be entitled to set off those payments against liability arising from the same occurrence.

F. The state or a political subdivision shall have the right of subrogation against the insurer issuing any applicable contractor policy of insurance to the monetary limit of said policy of insurance or contract, if judgment or settlement of any claim arising pursuant to this act results in the imposition of monetary liability upon the state or the political subdivision.

G. Judgments, orders, and settlements of claims shall be open public records unless sealed by the court for good cause shown. (51 O.S. § 158)

Section 840. Payment of Judgment.

A. Judgments recovered against the state or political subdivisions under the provisions of this act shall be enforced in the same manner and to the same extent as judgments are now enforced against the state or political subdivisions under the law except as herein provided.
B. If the judgment is obtained against the state or a political subdivision that has procured a contract or policy of liability or indemnity insurance protection, the holder of the judgment may use the methods of collecting the judgment which are provided by the policy or contract or law to the extent of the limits of coverage provided.

C. For the payment of any judgment obtained under the provisions of this act against a political subdivision that is a self-insurer or not fully covered by liability insurance, the manner of paying a money judgment shall be as follows. Proof of indebtedness, as required in Sections 362 through 364 of Title 62 of the Oklahoma Statutes and evidence of any estimated tax levy or increases necessary to reimburse the sinking fund for the purposes of the judgment as provided in Section 431 of Title 62 of the Oklahoma Statutes, and other evidence or statements which the court may require, shall be made to the court before final judgment is rendered. As an alternative to paying the money judgment out of the sinking fund at the rate of one-third (1/3) each year, the court, based on consideration of evidence and proof, may provide for the judgment to be paid over a period of not less than one (1) nor more than ten (10) years. The interest rate on any judgment when payment is extended more than three (3) years shall be at the rate prescribed by law for the first three (3) years and at the rate of six percent (6%) for each remaining year.

D. Money judgments against the state not payable by insurance shall be paid in the following manner. An agency whose act or omission gave rise to the judgment may, at its discretion and upon approval of the Director of the Office of Management and Enterprise Services, pay a judgment or any portion thereof from any funds available to it. Provided, however, no agency shall be required to pay a judgment prior to the fiscal year next following the fiscal year in which the judgment is obtained. Any such judgment may be paid at a rate of one-third (1/3) per fiscal year from funds available for operation of the agency.

E. Nothing in this act shall be interpreted as allowing liens on public property. (51 O.S. § 159)

Section 841. Recovery of Payments from Employees.

The state or political subdivision shall have the right to recover from an employee for any claim or action under this act or any other claim or action any payments made by it for any judgment or settlement, or portion thereof, and costs or fees by or on behalf of an employee’s defense if it is shown that the conduct of the employee which gave rise to the claim or action was outside the scope of his employment, or if the employee fails to cooperate in good faith in the defense of the claim or action. A judgment or settlement in an action or claim under this act shall constitute a complete bar to any action by the claimant against an employee whose conduct gave rise to the claim resulting in that judgment or settlement. Nothing in this act shall be construed to authorize the state or political subdivision to pay for any punitive or exemplary damages rendered against an employee. (51 O.S. § 160)

Officer or employee’s willful or wanton negligence or conduct exceeds scope of employment; as such, officer or employee is not immune from tort liability. Holman v. Wheeler, 677 P.2d 645 (Okla. 1993)

School superintendent who allegedly spanked and beat a ten-year-old with unnecessary and excessive force placed superintendent outside scope of employment and outside the protection of the Political Subdivision Tort Claims Act. Holman v. Wheeler, 677 P.2d 645 (Okla. 1993)

Section 842. Payment of Judgment Against Employee and Legal Expenses.

A. The state or any political subdivision, subject to procedural requirements imposed by this section, other applicable statute, ordinance, resolution, or written policy, shall:

1. Provide a defense for any employee as defined in Section 152 of this title when liability is sought for any violation of property rights or any rights, privileges, or immunities secured by the
Constitution or laws of the United States when alleged to have been committed by the employee while acting within the scope of employment;

2. Pay or cause to be paid any judgment entered in the courts of the United States, the State of Oklahoma or any other state against any employee or political subdivision or settlement agreed to by the political subdivision entered against any employee, and any costs or fees, for a violation of property rights or any rights, privileges or immunities secured by the Constitution or laws of the United States which occurred while the employee was acting within the scope of employment. The maximum aggregate amount of indemnification paid directly from funds of the state or any political subdivision to or on behalf of any employee pursuant to this section shall not exceed the maximum figures authorized by the provisions of Section 154 of this title, regardless of the number of persons who suffer damage, injury or death as a result of the occurrence, unless, in the case of a political subdivision, the political subdivision establishes higher limits by ordinance, if a municipality, or, as to other political subdivisions, by resolution, published as required by law; and

3. For any cause of action filed against an employee on or after January 1, 1990, post or cause to be posted any supersedeas or other bond ordered by the court.

B. 1. The state or a political subdivision shall not be required to indemnify any employee of the state or a political subdivision under the provisions of this section, unless the employee is judicially determined to be entitled to such indemnification and a final judgment therefor is entered. The exclusive means of recovering indemnification from the state shall be by filing an application for indemnification in the district court of the county where venue is proper as provided for in paragraph 2 of this subsection. The exclusive means of recovering indemnification from a political subdivision shall be by filing an application for indemnification in the trial court where the judgment was entered. If the federal trial court cannot hear the action, such application shall be filed in the district court of the county where the situs of the municipality is located. Actions to determine entitlement to indemnification shall be tried to the court, sitting without a jury.

2. Venue for actions to determine entitlement to indemnification from the state shall be in Oklahoma County, except that a constitutional state agency, board or commission may, upon a resolution being filed with the Secretary of State, designate another situs for venue in lieu of Oklahoma County.

3. All applications for indemnification from the state or a political subdivision shall be filed in the name of the real party or parties in interest, and in no event shall any application be presented nor recovery made under the right of subrogation. Indemnification from the state as provided for in this subsection shall extend only to acts or omissions occurring on or after January 1, 1984. The employee of the state or a political subdivision must file an application for indemnification within thirty (30) days of final judgment, or the right to seek indemnification shall be lost forever.

4. In order to recover indemnification from the state or a political subdivision pursuant to this subsection, the court shall determine by a preponderance of the evidence that:
   a. the employee reasonably cooperated in good faith in the defense of the action upon which the judgment or settlement was awarded and for which indemnification is sought;
   b. the actions or omissions upon which such a judgment or settlement has been rendered were not the result of fraudulent conduct or corruption by the employee;
   c. the employee, in committing the acts or omissions upon which a judgment or settlement has been rendered was acting in good faith and within any applicable written administrative policies known to the employee at the time of the omissions or acts alleged;
d. the employee was acting within the scope of employment at the time that the acts or omissions upon which a judgment or settlement has been rendered were committed by the employee;

e. the acts or omissions of the employee upon which a judgment or settlement has been rendered were not motivated by invidious discriminatory animus directed toward race, sex, or national origin; and

f. when punitive or exemplary damages are included in the total award rendered against the employee of a political subdivision, the indemnification amount sought for fees and costs does not include amounts attributable to the employee’s defense against the punitive or exemplary damages in accordance with subsection D of this section.

5. a. Any indemnification judgment against the state under this section shall be an encumbrance against otherwise available unencumbered monies and unallocated unencumbered monies in the appropriations of the agency on whose behalf the employee to be indemnified was acting at the time of the act or omission upon which the judgment or settlement was awarded and for which indemnification was sought.

b. If sufficient unencumbered monies or unallocated unencumbered monies do not exist in the agency's appropriations to pay the indemnification, the agency shall make application to the Risk Management Division of the Office of Management and Enterprise Services for full payment of the indemnification out of the Risk Management Revolving Fund established pursuant to Section 85.58K of Title 74 of the Oklahoma Statutes. Payment out of this fund shall be authorized if there are sufficient monies greater than the sum total of the then pending fund indemnification judgment requests, and the reserves for future tort claims as certified by the Director of Risk Management.

c. If sufficient monies do not exist in the Tort Claims Liability Revolving Fund, the agency shall request the Legislature to make an appropriation sufficient to pay the indemnification.

d. Any indemnification judgment against a political subdivision shall be paid as provided in Sections 361 through 365.6 of Title 62 of the Oklahoma Statutes and Section 159 of this title.

C. The state or political subdivision shall have the right to recover from an employee the amount expended by the state or political subdivision to provide a defense, or pay a settlement agreed to by the employee and the state or political subdivision, or pay the final judgment, if it is shown that the employee's conduct which gave rise to the action was fraudulent or corrupt or if the employee fails to reasonably cooperate in good faith in defense of the action.

D. The state or a political subdivision shall not, under any circumstances, be responsible to pay or indemnify any employee for any punitive or exemplary damages rendered against the employee, nor to pay for any defense, judgment, settlement, costs, or fees which are paid or covered by any applicable policy or contract of insurance. Where any civil rights judgment upon which indemnification under subsection B of this section is applied for by an employee of the state includes an award for both actual and punitive or exemplary damages, the total amount of fees and costs for which indemnification may be allowed shall be limited to the percentage of fees and costs in the total award that the percentage of the award of actual damages bears to the total judgment awarded. It is the public policy of the State of Oklahoma that the state or a political subdivision may indemnify its employee for actual damages, fees, and costs as provided herein in any case in which the findings set out in paragraph B of this section have been determined.

E. Nothing in this section shall be construed to waive any immunities available to the state under the terms of the Eleventh Amendment to the Constitution of the United States. Any immunity or other bar to a civil lawsuit under state or federal law shall remain in effect. The fact that the state or a political subdivision may relieve an employee from all judgments, settlements, costs, or fees arising from
the civil lawsuit shall not, under any circumstances, be communicated to any trier of fact in the case of any trial by jury. (51 O.S. § 162)

Faculty positions shall be approved by a majority vote of the representatives from the Advisory Council, technology center school and the Oklahoma School of Science and Mathematics.

E. The participating technology center school district shall provide transportation for those students attending the program at the technology center school site. Local schools at their option may provide transportation for students attending at college or university sites. (70 O.S. § 1210.404)

Section 866.1. Acceptance of Out of State Students.

A. The Board of Trustees of the Oklahoma School of Science and Mathematics, upon a finding of unused capacity within the Oklahoma School of Science and Mathematics (OSSM), shall have the authority to:

1. Establish a policy providing for the acceptance of students residing outside of Oklahoma and outside the United States for enrollment in courses offered by OSSM in an amount not to exceed ten percent (10%) of the total enrollment of OSSM. The policy shall include but not be limited to:

   a. a method of calculating rates for nonresident tuition and room and board which must meet or exceed the cost of attendance, subject to limits prescribed by the Legislature, and

   b. a provision that residents of Oklahoma seeking acceptance to OSSM be given priority for enrollment over students who are not residents of the state, if all other qualifications are equal;

2. Offer for rent dormitories, classrooms, laboratories or other OSSM facilities located in Oklahoma City; and

3. Establish educational programs and professional development workshops to be offered during summer periods for which tuition and fee rates may be established.

B. By January 1 of each year, the Board shall submit a report to the Governor, the President Pro Tempore and the Minority Leader of the Senate, the Speaker and the Minority Leader of the House of Representatives, the chair of the Senate Education Committee and the chair of the House Common Education Committee that includes the nonresident tuition and room and board rates approved by the Board.
for the current academic year. The annual report shall include data on the impact of any tuition increases on the ability of students to meet the costs of attendance, enrollment patterns and any other data considered relevant by the Board.

C. The Board shall promulgate rules to implement the provisions of this section. (70 O.S. § 1210.405)

**BOND ISSUE PROCEEDS ACT**

**Section 867. Bond Issue Proceeds Act.**

This act shall be known and may be cited as the “Bond Issue Proceeds Act”. (62 O.S. § 571)

**Section 868. Purpose.**

The purpose of this act is to guarantee to the citizens of the State of Oklahoma that the proceeds of bond issues approved by them will be expended only for the purposes or projects for which any such bond issue was approved. (62 O.S. § 572)

**Section 869. Definition.**

As used in this act, unless the context requires otherwise, the term “government entity” means and includes the State of Oklahoma, any city, town, county, school district, other district of whatsoever nature or any other political subdivision. (62 O.S. § 573)

**Section 870. Statement of Purposes and Projects - Expenditures.**

A. At any election upon the question of issuing bonds, which if approved would require an ad valorem tax levy or pledging the full faith and credit of the State of Oklahoma, the governmental entity calling such election shall set forth in each proposition to be voted upon the general purpose for which the bond proceeds will be expended. This shall not require the proposition or the bond to recite specific projects and dollar amounts.

B. At any election upon the question of issuing bonds, which if approved would require an ad valorem tax levy or pledging the full faith and credit of the State of Oklahoma, the governmental entity calling such election shall set forth in the call of election, in a legally qualified newspaper of general circulation in the area wherein said bond issue proceeds are to be expended, a general statement of all purposes and specific projects for which seventy percent (70%) of the proceeds shall be expended, with a further listing of the dollar amounts to be expended on each specific project. The dollar figure left unlisted as to specific projects shall not exceed thirty percent (30%) of the total amount of the bond issue.

C. If any such bond issue is approved at an election, the particular governmental entity shall expend all of the proceeds of such bond issue for the purposes set out in the proposition voted upon and shall expend not less than eighty-five percent (85%) of the monies allocated to each specific project, unless such project can be completed for a smaller amount of money, on that project as published according to Section 4(B) of this act and for which the bond issue was approved. Provided, however, that if any money becomes available from any source outside the bond proceeds for any specific project, the outside funds would be used to reduce the amount of bond funds to be expended on that specific project. In such event, the governmental entity may expend that amount less than the specified eighty-five percent (85%) and may use the surplus funds on other projects within the same general purpose or to reduce the sinking fund. This section shall not apply in the event a final judicial determination or federal or state laws, regulations or rules preclude the undertaking or completion of a specific project. (62 O.S. § 574)
Issuance and sale of bonds would not be enjoined, even though officials improperly expended funds to promote bond election, where election contestant failed to show any evidence that efforts swayed voter opinion succeeded or that outcome of election would have been different had effort not been made. Quinn v. City of Tulsa, 777 P.2d 1331 (Okla. 1989)

Section 871. Penalty.

Any member of the governing body of a governmental entity or other elected or appointed official charged with the duty of expending the proceeds of any bond issue, who knowingly and willfully violates any provision of this act, shall forfeit his office. (62 O.S. § 575)

Section 872. Act Not Applicable to Certain Bond Issues.

The provisions of this act shall not apply to any bond issue approved by the qualified electors of any governmental entity prior to the effective date of this act nor to any bond or bonds issued pursuant to Article 10, Section 35 of the Oklahoma Constitution. (62 O.S. § 576)

Section 873. Validity of Bonds.

Nothing contained herein shall affect the validity or enforceability of such bonds, once sold pursuant to law, regardless of actions by the governmental entity subsequent to sale. (62 O.S. § 577)

BONDS

Section 874. Authority For Bond - Fiscal Year Limits.

(a) Except as herein otherwise provided, no county, city, town, township, school district, or other political corporation, or subdivision of the State, shall be allowed to become indebted, in any manner, or for any purpose, to an amount exceeding, in any year, the income and revenue provided for such year without the assent of three-fifths of the voters thereof, voting at an election, to be held for that purpose, nor, in cases requiring such assent, shall any indebtedness be allowed to be incurred to an amount, including existing indebtedness, in the aggregate exceeding five percent (5%) of the valuation of the taxable property therein, to be ascertained from the last assessment for State and county purposes previous to the incurring of such indebtedness: Provided, that if a school district has an absolute need therefor, such district may, with the assent of three-fifths of the voters thereof voting at an election to be held for that purpose, incur indebtedness to an amount, including existing indebtedness, in the aggregate exceeding five percent (5%) but not exceeding ten percent (10%) of the valuation of the taxable property therein, to be ascertained from the last assessment for state and county purposes previous to the incurring of such indebtedness, for the purposes of acquiring or improving school sites, constructing, repairing, remodeling or equipping buildings, or acquiring school furniture, fixtures or equipment; and such assent to such indebtedness shall be deemed to be a sufficient showing of such absolute need, unless otherwise provided by law. * * * Provided further, that any county, city, town, school district, or other political corporation, or subdivision of the state, incurring any indebtedness requiring the assent of the voters as aforesaid, shall, before or at the time of doing so, provide for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof within twenty-five (25) years from the time of contracting the same, and provided further that nothing in this section shall prevent, under such conditions and limitations as shall be prescribed by law, any school district from contracting with:

(1) certificated personnel for periods extending one (1) year beyond the current fiscal year; or

(2) a school superintendent for periods extending more than one (1) year, but not to exceed three (3) years beyond the current fiscal year. * * * * * (Article X, § 26, Okla. Const.)
A school district may not lawfully use proceeds of general obligation bonds to make an installment under a lease purchase agreement where the principal amount of the transaction is increased in lieu of interest, i.e., the lease includes no component for interest, but the principal amount is increased to compensate the lessor. A school district cannot do indirectly what it is prohibited from doing directly and such a structure would violate Okla. Const. art. X, § 26. (AG Op. No. 07-42)

The Oklahoma Constitution prohibits limitation of liability clauses in all state contracts, whether for goods or services, unless at the time the contract is executed funds have been appropriated and encumbered to pay for any contingent liability which might arise. Further, a limitation of liability clause which creates an unfunded contingent liability is void as against public policy. (AG Op. No. 06-11)

Oklahoma school districts lack the legal authority to enter into “swap or derivative financial product” agreements, as that power is beyond that necessary or implied to carry out the powers expressly granted to school districts. (AG Op. No 05-43)

Const. X §26 and 70 O.S. 5-117 Nonappropriation addenda purporting to extend contract beyond current fiscal year is not sufficient to ratify or confirm renewal or extension for lease of photocopiers. District not liable for any payments owed or unpaid where unratified. Where school district accepted benefits of use of copier and vendor accepted payment, the parties mutually confirmed contract extensions. GE Capital Information Technology Solutions v. OKCPS, 2007 OK CIV APP 117

Not every contract entered into by a municipality qualified as a §26 debt. Contract with auditor, especially when funds are shown to be available to pay for services rendered, does not qualify as a §26 debt. Fleming & Gandall, PLLC v. Town of Cashion, 2007 OK CIV APP 74, 167 P.3d 975

A debt is a promise to pay a certain amount, with interest, within a fixed time out of taxes collected. Where contract allowed for reduction of amount owed to school district based on amount of state aid collected for number of students, such reduction was not a debt for purposes of constitutional debt limitation. Southern Corrections Systems, Inc. v. Union City Public Schools, 2002 OK 93, 64 P.3d 1083.

Recovering an overpayment of state aid does not impose the type of obligation prohibited by the constitutional debt limitations. ISD No. 20 of Muskogee County v. Okla. State Dept. of Education, 2003 OK 18, 65 P.3d 612.

Contract between engineers and city which has a contingent debt violates Art. X, §26 because it creates an obligation in one fiscal year which results in a debt in a succeeding fiscal year. Wyatt-Doyle & Butler Engineers, Inc. v. City of Eufaula, 13 P.3d 474, 2000 OK 74.

Debt is incurred when bonds are voted on, issued, approved, and delivered; voters may authorize an amount of bonded indebtedness in excess of 10% of assessed valuation but bonded indebtedness may only be incurred up to constitutional limit. (AG Op. No. 02-14)

Contract which contains an exculpatory or indemnity provision violates constitutional provision regarding creation of debt unless funds have been appropriated to cover the obligation at the time the contract was made. (AG Op. No. 01-2)

School district may not use current year monies to fund payments to employees for unpaid benefits under the Flexible Benefits Allowance Act which accrued in prior fiscal year. (AG Op. No. 00-29)

Early retirement incentive plan which was ratified annually by board of education did not violate constitutional fiscal year limitations. Matter of Tax Protest of Steve Beebe, 1999 OK CIV APP 69, 986 P.2d 525

Fiscal year limitations prevent school district from entering into agreements for periods in excess of one fiscal year unless three-fifths of voters of school district approve. School district may enter into lease for one fiscal year or less with an option to renew in future years to be exercised at the discretion of the school district. (AG Op. No. 99-73)

Fiscal year limitations do not apply to state’s obligation to recoup overpayment of state aid through reductions of future state aid and does not prevent State Department of Education from such recoupment. (AG Op. No. 99-36)

An interest-free loan to a municipality which is forgiven in certain amounts until completion of a 10 year contract is a debt that is prohibited by Article X, § 26 of the Oklahoma Constitution regardless of the fact that the municipality may never have to repay the balance. At the time the agreement is created, it creates an indebtedness that is to be repaid beyond the current fiscal year. (AG Op. No. 97-47)
If school district refuses to make payment owed to county assessor for revaluation expense, county assessor may bring mandamus action during fiscal year to compel school district to include the expense in its budget and to compel it to make immediate payment. Once fiscal year in which expense was incurred has ended, county assessor must obtain a judgment for the expense in order to compel school district to budget expense and pay such judgment. Clay v. ISD No. 1 of Tulsa Co., 935 P.2d 294 (Okla. 1997)

Contract of city manager which straddled two fiscal years violated Article X, § 26. There was no exception for city manager as for teachers. City of Bixby v. State ex rel. Dept. of Labor, 934 P.2d 364 (Okla. App. 1996)

The issuance of refunding bonds concurrent with the cancellation or retirement of outstanding obligations without approval of the electorate does not violate Art. X Sec. 26 of the Oklahoma Constitution. The issuance of refunding bonds and the placement of the proceeds thereof in escrow for the retirement of the outstanding obligations at a later date, otherwise known as “advanced refunding,” does not violate Art. X., Sec. 26 subject to the specific constraints. (AG Op. No. 85-184)

Constitution bars claim against school district for utility service attributable to previous fiscal year. (AG Op. No. 81-51)

Constitution prohibits contract of employment to have effect beyond fiscal year immediately following current fiscal year in which decision to reemploy is made or taken effect by operation of law. (AG Op. No. 80-272)

Bonds may be issued for more specific purposes than those enumerated in Constitution, provided special purpose falls within general purpose set out in Constitution. (AG Op. No. 76-145)

Contract seeking to bind school district’s revenues to succeeding fiscal year is void. ISD No. 1 v. Howard, 336 P.2d 1097 (Okla. 1959)

Debt limit of five percent can be exceeded for purchase of transportation equipment. Dependent School District No. 13 v. Williamson, 325 P.2d 1045 (Okla. 1958)

Proceeds of bonds issued to erect school building, improve school site and purchase equipment may be used to purchase building and move it to another site and equip it for a gymnasium. June 28, 1957 Constitutional provision which limits school district’s indebtedness at five percent of its assessed valuation is a limitation on incurring of new indebtedness but is not a limitation to annexing district’s absorbing of assets and liabilities of annexed territory. ISD No. 1 v. Williamson, 262 P.2d 701 (Okla. 1953)

Section 875. Bond Commissioner.

The Attorney General is hereby made ex officio Bond Commissioner of the State of Oklahoma. (62 O.S. § 11)

Section 876. Forms and Procedure - Certificate.

It shall be the duty of the Bond Commissioner to prepare uniform forms and prescribe a method of procedure under the laws of the state in all cases where it is desired to issue public securities or bonds, in any county, township, municipality or political or other subdivisions thereof of the State of Oklahoma; and it shall be the further duty of said Bond Commissioner to examine into and pass upon any security so issued, and such security, when declared by the certificate of said Bond Commissioner to be issued in accordance with the forms of procedure so provided shall be incontestable in any court in the State of Oklahoma unless suit thereon shall be brought in a court having jurisdiction of the same within thirty (30) days from the date of the approval thereof by the Bond Commissioner. (62 O.S. § 13)

Taxpayers can contest bond election either before bond commissioner approves issuance of bonds or within 30 days of bond commissioner’s approval. Dean v. Wes Watkins Area Vocational Technical Sch. Dist., 782 P.2d 116 (Okla. 1989)

Section 877. Bond Invalid Without Certificate.

No bond hereafter issued by any political or municipal subdivision of this State shall be valid without the certificate of said Bond Commissioner. (62 O.S. § 14)

In no case shall the employed private attorney be paid a fee in excess of that authorized in the validating act. In addition, the Attorney General is authorized to charge an examination fee for review and approval of revenue bond or note proceedings, as provided for in subsection E of this section. If a marketing opinion is desired, the bond buyers shall pay for its procurement.

C. In all proceedings leading to the issuance and sale of general obligation bonds or revenue bonds by any state agency acting pursuant to a specific legislative validating act, any financial or marketing consultant employed by the state for services relative to the marketing of such bonds shall not be paid a fee in excess of that authorized in the validating act.

D. Except for the provisions of subsection E of this section, nothing herein shall apply to legal proceedings leading to the issuance or sale of bonds pursuant to Article X, Sections 26, 27 and 35 of the Oklahoma Constitution or to any obligation issued by public trusts under the Public Trust Act (except those trusts created by the state as contrasted to its subdivisions or other governmental entities), the Interlocal Cooperation Act and the Local Industrial Development Act.

E. In all proceedings leading to the issuance and sale of revenue bonds or notes by any state agency, or the issuance and sale of general or limited obligation bonds pledging the faith and credit, whether general or special, of the state or any political subdivision thereof, where the Attorney General is required by law to review such proceedings, the Attorney General is authorized to charge and collect a nonrefundable examination fee, payable at the time the proceedings are finally approved and bonds or notes are delivered. All fees collected as authorized by this subsection shall be deposited in the Attorney General’s Revolving Fund created in Section 20 of Title 74 of the Oklahoma Statutes. (62 O.S. § 15)

(Article 10, § 29, Okla. Const.)

Section 880. Bonds - Maturity - Installs - Contract.

A. Except as provided for in subsection B of this section, whenever any municipal corporation or political subdivision of this state shall vote any bonds or issue any funding or refunding bonds, such bonds, or combined issue of bonds referred to in Section 354 of this title shall be made to mature in equal annual installments, beginning not less than two (2) nor more than five (5) years after their date, except that the first maturing installment may be for such sum, not more than one installment and the last maturing installment may be for such sum not more than two installments, as will complete the full issue of such bonds notwithstanding the necessity of varying the amount thereof to complete the same.

B. 1. Whenever any municipal corporation or political subdivision of this state shall vote any bonds or issue any funding or refunding bonds, such bonds, or combined issue of bonds referred to in Section 354 of this title, may be made to mature pursuant to a schedule of annual installments which allows the bonds to be structured with level debt service payments. Such bonds shall mature beginning not less than two (2) years nor more than five (5) years after their date.

2. For purposes of this subsection:
   a. “level debt service” means that net total annual or fiscal debt service, except for short or stub periods, must be approximately equal for every annual or fiscal period, provided that all net annual or fiscal payments must be within a dollar amount range not to exceed the greater of two-tenths of one percent (0.2%) of the bond issue or twice the stated denomination of the bonds, and
   b. “short or stub periods” means the period preceding the beginning of full amortization of principal and payment of interest.

C. For purposes of subsections A and B of this section, a mandatory sinking fund redemption amount shall be deemed to be a maturity or maturing installment.

D. The denomination of bonds issued pursuant to the provisions of this section shall be One Thousand Dollars ($1,000.00) or multiples thereof, except the first numbered bond may be for such odd amount as will complete the full issue of the bonds. Provided, when a book entry system is utilized, the issuer may issue and deliver one bond only, for the entire principal amount of each maturity or of the entire issue, to the book entry agent. (62 O.S. § 353)

A. Whenever any municipal corporation or political subdivision of the State of Oklahoma shall by separate propositions vote bonds for two or more purposes, the governing body thereof may combine and offer for sale in one issue of bonds all of the purposes so voted, and shall set out in the ordinance or resolution providing for the issuance of the bonds and in the printed bond for the combined purposes the amount authorized to be expended for each purpose as set out in each proposition submitted and approved by the electors, and the bonds may be designated general obligation bonds or as may be determined by the governing board of the municipal corporation or political subdivision.

B. When one or more issues of bonds, including a combined bond issue referred to herein, except funding or refunding bonds, shall be made or ordered by any county, city, town, board of education, school district, or other political subdivision of the state, the proper officers shall, before selling such bonds cause at least ten (10) days’ notice to be given of the time and place when and where bids therefor will be
received and the methods by which bids may be submitted, which, in the discretion of the governing body, may be by sealed bid, facsimile bid, electronic mail bid or other bidding method. Such notice shall be signed by the county clerk if issued by a county, and by the clerk of any city, town, board of education, school district, or other subdivision of the state, as the case may be, and shall be published once a week for two (2) consecutive weeks in a legally-qualified newspaper published in such political subdivision and if there be no such newspaper then in a legally-qualified newspaper of general circulation in such political subdivision. The date mentioned in such notice for the sale of such bonds shall not be less than ten (10) days after the first publication thereof. In the event a municipal corporation or political subdivision has by separate propositions voted bonds for two or more purposes, the proper officers shall set out in such notice of sale whether bids will be received for a combined bond issue for all of such purposes as one unit, or bids will be received for separate bond issues for each purpose.

C. All bonds shall be sold to the bidder who shall stipulate in the bid the lowest interest cost which such bonds shall bear which, at the option of the governing body, may be determined based on true interest cost. Upon the acceptance of such bid, the bonds shall be issued in accordance therewith and shall be delivered to the purchaser upon payment of the purchase price thereof. Each bidder shall submit with the bid a sum in cash, cashier’s check, surety bond or similar security undertaking as stipulated by the governing body, equal to two percent (2%) of the principal amount of the bond issue, and upon the acceptance of any bid, such deposit shall become the property of the county, or municipality selling the bonds, and shall be accredited on the purchase price thereof, upon the understanding that if the purchaser shall fail for five (5) days after tender of the bonds to pay the balance of the purchase price, the sale shall be thereby annulled and the deposit shall in such event be retained by the governing body of such county or municipality and credited to the account for which such bonds are being issued and shall be used accordingly. No tender of the bonds shall be valid until after the expiration of the period of contestability, as provided by law. All other deposits shall be returned. The governing body, selling such bonds, shall have the right to reject all bids and readvertise the bonds for sale. No funding or refunding bonds issued hereunder shall bear a higher rate of interest than the indebtedness which is funded or refunded.

D. The provisions of Section 351 et seq. of this title shall not apply to sale of bonds issued by a vote of the people to the United States Government, or any agency thereof, and the governing board of a municipal corporation or political subdivision of the state is hereby authorized to sell such bonds to the United States Government or any agency thereof at a private sale for a sum of not less than par with accrued interest added, and the governing board shall fix the rate of interest which such bonds shall bear which shall not be a larger rate of interest than that authorized by the electors voting at the bond election. (62 O.S. § 354)

Under constitution, municipal corporation has no authority to contract indebtedness payable out of a fund before the fund is provided. Municipality may lawfully contract indebtedness payable from bond fund only when the bond issue arises from exchange for liability upon bonds. Municipal bonds are “issued” when control and possession pass from the municipality to purchaser or person in whose hands they become a claim against the municipality; furthermore, though authorized and executed, bonds do not become obligatory and operative until delivered. McMasters v. Town of Byars, 223 P.2d 545 (Okla. 1950)

Section 881.1 Bond Transparency Act of 2017.

A. At least thirty (30) days after the approval for a vote on a bond or other evidence of indebtedness to be issued by the local government entities described in subsection C of this section, the governing board of such entity shall cause to be published on that local government website:

1. A description of the projects or assets that will be acquired, improved or repaired with the proceeds from the issuance of the bonds;

2. A description of any unpaid or unfinished bond approved by the voters of that jurisdiction preceding the date of the vote on the bonds to be issued; and
3. A detailed description of the use of the previous bond proceeds. If the bond proceeds were used to acquire or improve real property, the description shall include a physical address using a street number or some other method by which the location of the property can be identified.

B. If the local government entity does not have a website, then it shall make the information accessible through some other method using the Internet to persons who reside in the geographic area of the local government entity. Should there be no reasonable method as described in this section, the entity shall cause the information to be published at least once in a newspaper of general circulation in the geographic area in which the voters of the local government jurisdiction reside.

C. The provisions of subsection A of this section shall be applicable to any bond or other evidence of indebtedness the repayment of which requires either a sinking fund millage rate pursuant to Section 26 of Article X of the Oklahoma Constitution, or bonds issued pursuant to the authority of Section 35 of Article X of the Oklahoma Constitution or pursuant to any provisions contained in any other provision of Article X of the Oklahoma Constitution to the extent not otherwise specifically identified in this section, which shall include:

1. Counties;
2. Cities;
3. Towns;
4. Common school districts;
5. Career technology districts;
6. Emergency Medical Service Districts; and
7. Solid waste management districts.

(62 O.S. § 355)

B. Any public finance service provider shall be required to make a disclosure, upon such form as the State Bond Advisor may prescribe, of any and all direct financial contributions made by the public finance service provider which exceed Five Thousand Dollars ($5,000.00) in any calendar year on a cumulative basis to any nonprofit organization, regardless of its exempt status pursuant to the provisions of the Internal Revenue Code of 1986, as amended, the primary purpose of which is to provide services to one or more political subdivisions of the state or the membership of which consists primarily of public school
administrators, common school districts or common school district boards of education, common school superintendents, career technology districts or career technology district governing boards, municipal government entities, county commissioners or other public officials or local government entity having authority to issue debt obligations either directly or which is the beneficiary of a public trust organized pursuant to the provisions of Section 176 et. seq. of Title 60 of the Oklahoma Statutes.

E. Any public finance service provider shall submit a copy of the most recent disclosure document on file with the Oklahoma State Bond Advisor as required pursuant to subsection D of this section prior to the selection of a public finance service provider by any county, city, town, common school district, career technology district or other local government entity or any public trust organized pursuant to the provisions of Section 176 et seq. of Title 60 of the Oklahoma Statutes having one or more political subdivisions as its beneficiary or beneficiaries, with respect to the issuance of any obligations described by subsection A of this section. The sale of said bonds shall be in the manner now provided by law. (62 O.S. § 356)

Section 884. Signing and Attestation of Bonds - Certificates.

All general obligation bonds including funding and refunding bonds issued by a county, city, town, township, board of education or school district shall be signed by the chief officer of such municipality or political subdivision attested by the clerk. There shall be endorsed thereon a certificate signed by the district attorney and county clerk of the county in which such issuing municipality or political subdivision is located that said bonds or evidence of debts are issued pursuant to law and that said issue is within the debt limit. There shall be contained on each of said bonds a certificate of the treasurer of the issuing municipality or political subdivision that he registered the said bonds. (62 O.S. § 358)
Section 885. Bond Issued - Payment of Expenses.

The governing board of any county, city, town, school district or any other political subdivision of
the state is hereby authorized to pay all expenses incident to the issuance of any general obligation bonds,
including fees for legal or other assistance in the preparation of proceedings therefor, same to be paid from
the proceeds of such bonds, or from any other monies legally available. (62 O.S. § 359)

Section 886. Sinking Fund - Computation.

It shall be the duty of every county, city, town, township, the board of education of any city, and
of every school district, issuing bonds under this article, and of the proper officers thereof, to create a
sinking fund; and there shall be levied by the proper officers, annually, a sufficient tax therefor for the
redemption of such bonds, which shall be collected as other taxes, and paid into the treasury as provided
by law for other taxes, and shall remain as a specific fund for the redemption of said bonds; and amount of
which sinking fund shall be as follows: In every instance in which bonds shall be issued under this article,
for twenty (20) years or less, the quotient found by dividing the amount of the principal of such bonds by
such number of years shall be the amount of sinking fund to be levied each year for the redemption of such
bonds; but in every instance in which such bonds shall be issued for more than twenty (20) years, it shall
not be necessary to create a sinking fund, or to levy a tax therefor, until the twentieth year prior to maturity
of such bonds, at which time, and each year thereafter one-twentieth (1/20) of the principal amount of such
bonds shall be levied as a sinking fund for the redemption of such bonds: Provided, that any county, city,
town, township, the board of education of any city, or any school district, issuing bonds under this Article,
may buy in and cancel any such bonds whenever the same can be done at or below par: Provided, further,
that such sinking fund, when not required for the payment or purchase of bonds, may be invested in bonds
of the United States or of the State of Oklahoma, and in no other manner: And provided, further, that under
the provisions of this Article, the proper officers are authorized, if desirable, to issue installment bonds,
running twenty-five (25) years, having coupons attached, representing the semiannual interest to become
due thereon; and each coupon attached to any installment bond shall, after five (5) years from its date,
represent one-fortieth (1/40) of its principal, which amount shall be shown by separate words and figures
aside from the interest represented in the coupon; and each installment bond shall show upon its face that
its principal is included in its coupons. (62 O.S. § 399)

Bonded indebtedness represents long-term debt. General fund revenues may not be used to pay off bonded indebtedness
or as a substitute for the statutory process to retire bonded indebtedness. (AG Op. No. 02-14)

When a board of education determines that the projects for which a bond issue was voted have been completed, the
money remaining in the bond fund must be transferred to the sinking fund, which may be used to pay judgments against
the school district if there is a compliance with statutory requirements. (AG Op. March 8, 1967)

The number of levies for sinking fund purposes depends upon the date of issuance and maturity of the bonds and is equal
to the number of fiscal years intervening between the date of the issuance and the date of maturity of the bonds in which
a tax levy may be made and the tax levy collected. In re Gypsy Oil Co., 285 P. 67 (Okla. 1929)

Section 887. Payment.

Whenever the bonds or interest coupons issued under Sections 391 et seq. of this title, shall become
due, they shall be, on presentation of coupon bonds, promptly paid by the proper disbursing officer, out of
the money in his hands collected for that purpose; and he shall endorse upon the face of any bond or coupon
paid by him, in red ink, the word “paid”, and the date of payment, and sign his name thereto, and at each
settlement he shall turn over the bonds and coupons so paid and canceled, which shall be carefully preserved
or destroyed. Provided however, the presentation of a registered bond shall not be required for payment of
interest thereon when payment of interest is otherwise provided by the terms of the bond. (62 O.S. § 400)
Section 888. Penalty for Misappropriation.

Any person who shall appropriate or use, or aid or abet in appropriating or using, any of the funds or monies mentioned in this Article, for any other purpose than as in this Article, provided, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined in a sum equal to the amount of money so appropriated or used, and imprisoned in the county jail for not less than three (3) nor more than twelve (12) months, and shall also be liable in a civil action for the amount so misappropriated or used, to be prosecuted by any such bond holder or other party entitled thereto. (62 O.S. § 401)

Section 889. Coupons Receivable for Taxes.

The interest coupons provided for in this article, shall, as fast as they become due, be receivable in payment of taxes due to the particular county, city, town, the board of education of any city, the township or school district, which may have issued such coupons, and shall be received by all collecting officers the same as cash, in payment of such taxes. (62 O.S. § 402)

Section 890. Cancellation.

Section 891. Sales of Bonds Must Net Par Value and Interest.

It shall be unlawful for any board of county commissioners, governing body of any municipality or school district or any other officer of any such political subdivision of this state, to sell, agree to sell or contract to sell any bonds issued by a vote of the people for any sum less than ninety-nine percent (99%) of the face amount thereof with accrued interest added, and any and all commission allowed any firm, person or corporation for the sale of such bonds must, after being deducted from the sum total for which said bonds are sold, leave in the treasury the sum equal to at least ninety-nine percent (99%) of the face value of the bonds and accrued interest thereof. (62 O.S. § 351)

Section 892. Violation By Public Officers - Penalties.

Any member of any board of county commissioners, any member of any governing body of a municipality or school district, and any other officer of any of the aforesaid political corporations or subdivisions of this state, or any other officer of any political subdivision of this state, who shall sell, or agree to sell, or contract to sell at less than par, any bonds of his respective county, city, town, township, school district, or other political corporation or subdivision, shall be guilty of a misdemeanor, forfeit and be removed from office, and in addition, be liable on his official bond for the difference between the sum received and the par value of the bonds with accrued interest thereon. (62 O.S. § 352)

Section 893. Officer Dealing in Bonds and Warrants - Misdemeanor.

A. It shall be unlawful for any public officer or deputy or employee of such officer to either directly or indirectly, buy, barter for, or otherwise engage in any manner in the purchase of any bonds, warrants or any other evidence of indebtedness against this state, any subdivision thereof, or municipality therein, of which he is an officer.

Second. For the payment of bonds falling due, if any such there be, and,

Third. For the payment of judgments against the municipality, if any there be; provided, that when any sinking fund has been used or may hereafter be used to pay judgments as herein provided, that notwithstanding the fact that such judgment or judgments have been paid with such sinking fund, it shall be the duty of the proper officers to make levies to pay such judgments the same as if the same had not been paid out of such sinking fund, and when so levied and collected the same shall be turned into the sinking fund out of which such judgment or judgments was paid. (62 O.S. § 435)

Mandamus was appropriate legal remedy to enforce a county’s legal right to payment for school district’s share of ad valorem tax revaluation program and such writ of mandamus represents a sinking fund obligation. Board of County Commissioners v. City of Muskogee, 820 P.2d 797 (Okla. 1991)

A school district may not finance special improvement district assessments by levying a tax in excess of the number of mills permitted under Okla. Const. Art. X, Sec. 9. A school district may not utilize sinking fund levies pursuant to Okla. Const. Art. X, Sec. 28, where no judgment has been rendered against it. (AG Op. No. 85-133)

Section 895. Interest Rate Limitations on Bonds.

(62 O.S. § 498.1)

FUNDS AND FINANCE JUDGMENTS

Section 896. Judgments.

Before final judgment in any suit based on contract shall be rendered against any municipality by any court of any county in the State of Oklahoma, except in proceedings to refund any indebtedness of said municipality, proof shall be made to the Court, of the existence, character and amount of the outstanding legal indebtedness of said municipality, which proof shall include a statement compiled by the various officers having custody of the records from which the information required in the statement is taken, under oath, showing the following:

1. An itemized statement of the bonded indebtedness of said municipality.
2. An itemized statement of the legal indebtedness of said municipality, exclusive of the bonded indebtedness and the alleged indebtedness proposed to be converted into a judgment.
3. An itemized statement of the indebtedness proposed to be converted into a judgment, so classified as to show, in separate exhibits, all items of questionable legality, if any, and the reasons of said officer or officers therefor:
   (a) The appropriations against which each warrant was drawn or claim accrued if in judgment, and if within the limits and purposes thereof as provided by law;
(b) The income and revenue provided for the respective years, consisting of taxes levied and the actual collections of “estimated income”; the total warrants issued against the same or the accumulated accruals as the case may be, and the amount, if any, in excess of the total income and revenue of the year;

(c) The condition of each fund from which such indebtedness is payable as of the close of the month next preceding the filing of application.

Appeals from the judgment of the court shall be allowed as provided by law upon the giving of a bond for cost and damages in such sum as the court shall require; provided, that the district attorney of any county may, without the consent of the board of county commissioners of said county, take an appeal from said judgment on behalf of said county and without bond for cost and damages. (62 O.S. § 362)

Note: Title 12, O.S., §727, provides that judgments against school districts shall bear interest at a rate not to exceed 10 percent.

Statute that requires plaintiffs to prove political subdivision's ability to pay claim at issue so that subdivision does not exceed constitutional debt limitations does not specify any time frame for the scope or the presentation of that evidence, other than that it must be offered prior to final judgment. Plaintiffs must present proof of actual indebtedness for the fiscal year in which a judgment is entered before judgment can be rendered. Ahlschlager v. Lawton School District, 2010 OK 41.

 Judgment for attorney fees entered against school district was invalid where trial court did not require the financial evidence required by this statute. Governmental Tort Claims Act has incorporated requirements of this statute prior to entry of final judgment when school district is self-insured or not fully covered by liability insurance. Fields v. ISD No. 1 of Tulsa County, 2002 OK CIV APP 109, 84 P.3d 779.

A board of education that is self-insured for workers’ compensation must utilize the exclusive funding methods mandated in 85 O.S., §2b(A)(3) for such purposes. A board of education may not utilize the procedures of 85 O.S., §42 to fund its workers’ compensation coverage in lieu of appropriating funds because Section 42 is not a funding statute. Section 42 is intended to be used solely as a mechanism for collecting judgments. (AG Op. No. 90-9)

Title 62 O.S., §361 and 362 must be complied with to have valid judgment. Baylis v. City of Tulsa, 780 P.2d 686 (Okla. 1989)

Section 897. Judgments - Compliance with Statute.

No judgment shall be rendered against any municipality by any court until the provisions of Section 2 hereof, have been fully complied with. Any judgment rendered in violation of the provisions of this act shall be void and of no effect. (62 O.S. § 363)

Section 898. Judgments - Less than $200.

The provisions of this act, except Section 3, shall not apply to any claim which is less than Two Hundred Dollars ($200.00). (62 O.S. § 364)

Section 899. Courts of Record - Exclusive Jurisdiction for Money Judgments.

It is hereby provided that courts of record shall have exclusive jurisdiction in all actions for money judgment or for establishing any indebtedness against any county, city, town, board of education, school district or other municipal subdivisions of the State of Oklahoma. The administrative law judges and the administrative agency designated by the State Legislature to administer workers' compensation laws of this state shall have exclusive jurisdiction, absent an appeal, in all workers' compensation actions against any county, city, town, board of education, school district or other municipal subdivisions of this state. (62 O.S. § 365.1)
Section 900. Judgment - Certified Copy to Officers of Municipality.

Whenever a judgment against a county in this state or any other municipal subdivision thereof, becomes final, the clerk of the court wherein such judgment was rendered, or the administrative law judge or the administrative agency designated by the State Legislature to administer the workers' compensation laws of this state, shall provide without cost a certified copy of the journal entry of such judgment or the administrative judgment, decision and determination to the judgment creditor or attorney for the judgment creditor who shall transmit same to each of the following municipal officers:

1. The clerk or secretary of the municipality defendant;
2. The treasurer of such municipality; and
3. The secretary of the county excise board. (62 O.S. § 365.2)

Section 901. Officers - Record of Judgment and Levies.

Each of the three municipal officers named in Section 2 hereof shall maintain, on forms prescribed by the State Auditor and inspector, a record of such judgments and of levies made therefor and of payments made thereon. The record of the secretary of the county excise board shall be made to show, as to each such judgment also the case number and date of final decree of either the Oklahoma Court of Tax Review or of the Oklahoma Supreme Court invalidating any levy or part of levy attempted to be made therefor, and it shall be his duty to notify the court clerk, forthwith, of such decree, who shall make note of the same on his judgment roll. (62 O.S. § 365.3)

Section 902. Levy - Invalidated - Revived by Decree.

If an attempted levy for any judgment has once been invalidated by final decree either by the Oklahoma Court of Tax Review, not appealed from, or of the Supreme Court, by reason of jurisdictional defeat, then such judgment shall not again be included in levy computation until revived by decree from the court of original jurisdiction; and provided further that, the owner and holder of such judgment is hereby authorized to defend such judgment levy before any court. (62 O.S. § 365.4)

Section 903. Payment of Judgments.

Money judgments against any county or other municipal subdivisions of the State of Oklahoma shall be paid in the following manner, and may be paid in no other manner. No payment shall be made until such judgment is first spread on the budget for levy as to the first third thereof, and the levy or provision made therefor has become final. Within thirty (30) days after the final determination of any ad valorem tax protests as involve levy for judgments against the county or any of its municipal subdivisions, or, if no protests be filed, then after termination of the 40-day protest period, the judgment creditor or attorney for the judgment creditor, shall file with the treasurer of such municipality a claim, in form as prescribed by the State Auditor and Inspector, itemizing the judgments to be paid, stating the principal sum thereof, any sums paid thereon, and the balance due with interest computed on the unpaid portion of the principal amount of each judgment. The information required by the claim form shall be supplied by the treasurer of the municipality or of the county, as the case may be. Such treasurer shall thereupon canvass his sinking fund for the purpose of ascertaining if there be in his sinking fund for such municipality an amount of actual cash over and above the amount of cash needed to pay all coupons and bonds matured and maturing therein within the time such sinking fund will be replenished from levies made or to be made for such judgment, or judgments, he shall approve such claim in such amount as is neither in excess of such claim nor in excess of the actual cash reserve necessary for coupons and bonds as herein before defined and shall transmit it to the clerk of such municipality. For all purposes of this act, the county clerk shall act for the county and all townships and dependent school districts therein. Upon receipt of such claim, the clerk shall audit the same against his own records and, if found correct he shall approve the same and return it to such treasurer, who
shall pay the amount thereof out of such sinking fund, to the clerk of the court out of which such judgments issued. Upon receipt thereof such court clerk shall issue his official receipt and deposit said funds in his official depository account, and at the same time enter a credit in each case involved in accordance with the claim previously made or in ratio thereto; and thereafter, upon demand by the judgment creditor or his assignee of record, he shall make payment by his own official voucher in the same manner as in other cases and credit the judgment roll of such judgment with the amount of payment so made. No poundage or other fee shall be charged or collected by the court clerk for monies received or paid under the provisions of this act. If such claim can be only partly paid, under this section, other claims shall be filed from time to time thereafter, audited and paid in the same manner. No payment by the court clerk shall be authorized to be made to the assignee of any judgment unless such assignment, duly acknowledged, be first entered of record in such case and on such judgment roll. (62 O.S. § 365.5)

Governmental entity cannot simply ignore a judgment against it, paying the judgment only at its discretion. There are proper mechanisms for pursuing a judgment against a government entity and judgment creditor is entitled to execute on judgment using those mechanisms. Bird Const. Co., Inc. v. Oklahoma City Housing Authority, OK CIV APP 12, 110 P.3d 560 2005

Statutory procedures are exclusive methods for school district to satisfy judgment, and general fund monies may not be used to satisfy judgment. (AG Op. No. 00-60)

When a board of education determines that the projects for which a bond issue was voted have been completed, the money remaining in the bond fund must be transferred to the sinking fund, which may be used to pay judgments against the school district if there is a compliance with statutory requirements. (AG Op. March 8, 1967)

Section 904. Levies to Reimburse Sinking Fund.

If all, or more than one-third of a judgment be paid after the levy for the first third thereof becomes final, out of surplus cash as hereinbefore provided, levies to reimburse the sinking fund shall thereafter be made only if there be other outstanding indebtedness, in the same manner as if such prepayment had not been made, but levy for interest shall not be included on such prepaid portion other than for interest paid in excess of that already provided for by tax levy. (62 O.S. § 365.6)

An appropriation must be made for the payment of judgments and interest thereon in the manner required by law, though the judgments have been purchased with funds from the sinking fund. Kansas City So. Ry. Co. v. Excise Board of Le Flore County, 33 P.2d 493 (Okla. 1934)

Where a judgment has been rendered against a school district in a district court, and appeal is perfected to the Supreme Court, no levy of taxes should be made to pay any part of such judgment until the appeal is disposed of in the Supreme Court. Jefferson County Excise Board v. Stanolind Pipe Line Co., 72 P.2d 805 (Okla. 1937)

The fact that a district court has by mandamus required an excise board to make a certain ad valorem tax levy to pay one-third of judgment against a school district does not affect the statutory right of a taxpayer to protect the levy before the court of Tax Review. Jefferson County Excise Board v. Stanolind Pipe Line Co. 72 P.2d 805 (Okla. 1937)

Roofs placed over existing roof structures; provided, lease-purchase of retrofit metal roofs shall be awarded by competitive bids and the governing board of any county, city or town, or school district shall comply with the Public Competitive Bidding Act of 1974 where total payments of principle and interest provided by the lease-purchase contract are anticipated to exceed Twenty-five Thousand Dollars ($25,000.00); and

4. Other structures or property that can be disassembled after installation and removed without permanent physical damage to existing property.

Notwithstanding the provisions of Section 7 of Title 60 of the Oklahoma Statutes, such personal property shall retain its status as personal property and shall not be deemed to become attached to the real estate for the duration of the lease-purchase agreement.

C. It is the purpose of this section to authorize such governing boards to enter into lease and lease-purchase contracts but not to incur any obligation upon the part of their respective municipal or governmental subdivisions in excess of the income and revenue thereof provided for such purposes for the fiscal year in which the lease contract is effectively operative.

D. Any agreement to lease and purchase real or personal property, where title is to be acquired by the municipal or governmental subdivision, shall state the purchase price of the real or personal property so leased and in no event shall the lease be extended so as to cause payment of more than the stated purchase
price of the real or personal property plus interest not to exceed ten percent (10%) simple interest on the unpaid balance due as of each payment date. When the purchase price plus interest has been paid, the property shall belong to the lessee and the lessor shall deliver a bill of sale to the property to the lessee. Any lease-purchase agreement may include an option to purchase, transfer and acquire title during the term of the lease upon payment of the balance of the agreed purchase price, and each agreement shall include a provision to transfer title to the lessee at the end of the completed lease term for nominal or no additional consideration.

E. The payment for the lease or rental of real or personal property shall be made only from annual and supplemental appropriations specifically designated for such purpose, and no appropriation for the purpose of paying rentals on real or personal property shall be transferred or diverted to any other purpose, except as may be authorized by the terms of the agreement or by law.

F. When any real or personal property has been leased or rented during any fiscal year under any contract which permits continuance of such rental for the remainder of the fiscal year, the renting or leasing thereof shall be continued for the remainder of the fiscal year unless the governing body renting or leasing the same, by proper resolution entered in the minutes of the governing body, shall certify that the continuance of such rental is unnecessary and contrary to the public interest. However, to affect a contract termination of lease or lease-purchase equipment, written notice shall be sent by certified mail to the vendor thirty (30) days prior to the termination of the contract. Such notice shall be accompanied by payment of all sums then owed up to the date of the termination of the contract and shall certify that the canceled equipment is not being replaced by equipment performing similar functions. All equipment covered by such contract termination shall be returned to the vendor at the expense of the governmental agency terminating such contract. Such equipment shall be returned in good condition to a location designated by the vendor and the equipment, when returned, shall be free of all liens and encumbrances. Satisfaction of all of the requirements of this section shall release the governmental agency terminating such contract from any further obligation to make any further payments to the vendor. (62 O.S. § 430.1)

Wherefore lease-purchase contract exists between private party and State or subdivision and contractual obligations must be performed within the year, the lessor holds merely a lien in property and governmental body is owner, making property exempt from ad valorem taxation. (AG Op. No. 88-73)

Lease agreement cannot be renegotiated for an amount in excess of original agreement. (AG Op. September 9, 1971)

Such cooperative purchasing may include, but is not limited to, joint or multiparty contracts between public agencies and open-ended state public procurement contracts.

B. Any local public procurement unit may either participate in, sponsor, conduct or administer a cooperative or piggybacking purchasing agreement for the acquisition of any commodities or services, including construction services, with one (1) or more public procurement units or external procurement units in accordance with an agreement entered into between the participants. Such cooperative purchasing may include, but is not limited to, joint or multiparty contracts between public procurement units and open-ended state public procurement unit contracts which are made available to local public procurement units. Purchases made in accordance with this subsection by a local public procurement unit shall be required to satisfy any procurement regulation, including The Central Purchasing Act, the Public Competitive Bidding Act, the Finance Act, related administrative rules and federal regulations that may apply due to the federal source of the funding for the anticipated purchase.

C. For purposes of this section, the following definitions apply:

1. "Local public procurement unit" shall mean, inter alia, any county, city, town, state agency, and any other subdivision of the state or public unit or agency thereof;

designated by the State Purchasing Director. (61 O.S. § 139)

Section 912. Utility Bills Exempt.

This act shall not apply to monthly billings submitted to the state or any county or local subdivision of the state for public utility companies, electric cooperatives or telephone companies, whose services are regulated by the Oklahoma Corporation Commission nor to said utility companies, electric cooperatives or telephone companies for billings pertaining to installations or changes in service, where tariffs for such charges or billings by said companies are on file with the Oklahoma Corporation Commission. B. However, any activities permitted by this subsection shall not exceed Five Hundred Dollars ($500.00) for any single activity and shall not exceed Two Thousand Five Hundred Dollars ($2,500.00) for all activities in any calendar year.

C. It shall not be unlawful for any member of any board of county commissioners, city council or other governing body of any city, board of trustees of any town, board of directors of any township, or board of education of any school district to vote to purchase materials or supplies from a business that employs a member of the governing body or employs the spouse of a member if the member or the spouse of a member has an interest in the business of five percent (5%) or less. (21 O.S. § 355)

(21 O.S. § 356)

Section 915. Penalty for Such Contract or Purchase.

Any member of any public body, such as is specified in Section 355 of this title, who shall be a party to any such contract or purchase therein declared unlawful, or who shall receive any money, warrant, certificate, or other consideration thereunder, or who shall vote for or assent to any such contract or purchase, shall be guilty of a felony. The fine for a violation of this section shall not be more than Five Hundred Dollars ($500.00). Such fine shall be in addition to any other punishment provided by law and shall not be in lieu of other punishment. (21 O.S. § 357)

Section 916. Contracts With Officers Void.

A. Except as otherwise provided in this section, no board of county commissioners, nor city council, nor board of trustees of any town, nor any district board of any school district in this state, nor any board of any local subdivision of this state shall make any contract with any of its members, or in which
any of its members shall be directly or indirectly interested. All contracts made in violation of this section shall be wholly void.

However, for the purpose of this section, the following shall not be considered the making of a contract:

1. The depositing of any funds in a bank or other depository;
2. Any contract with a qualified nonprofit Internal Revenue Code Section 501(c)(3) organization, except for contracts paying salaries or expenses or except a contract entered into by a school district involving the counseling or instruction of students or staff; and
3. In addition, the governing board of a technology center school district may enter into a contract for the technology center school district to provide training for a company, individual, or business concern by which a member of the board is employed. A board member shall abstain from voting on any such contract between the technology center school district board and the company, individual, or business concern by which the member is employed.

B. The provisions of this section shall not apply to:

1. Those municipal officers who are subject to Section 8-113 of Title 11 of the Oklahoma Statutes; or
2. A member of any board of education of a school district or a director or member of any rural water, sewer, gas and solid waste management district organized pursuant to Section 1324.1 et seq. of Title 82 of the Oklahoma Statutes in this state which does not include any part of a municipality with a population greater than two thousand five hundred (2,500) according to the latest Federal Decennial Census when the board member is the only person who furnishes the material or supplies within ten (10) miles of the corporate limits of the municipality.

(62 O.S. § 371)

Neither a school board member nor the board member’s spouse can have an ownership interest in the Department of Human Services (“DHS”). Therefore, the board member does not have a direct or indirect interest in a cooperative agreement with DHS, and there is no violation of this section of law. (2004 OK AG 11).

Provisions relieving school board members of certain conflicts of interest are not unconstitutional. (AG Op. No. 03-17).

(62 O.S. § 372)

If a court of competent jurisdiction determines the claims to be meritorious, the contract shall be deemed void and the money or property, if previously transferred, shall be returned to the state, county, city, town or school district. The state, county, city, town or school district shall be liable to the resident
taxpayer or taxpayers for reasonable attorney fees and court costs incurred in the prosecution of the action. If all claims stated by the resident taxpayers in the written demand are determined in a court of competent jurisdiction to be frivolous, the resident taxpayers who signed such demand and who are parties to the lawsuit in which such claims are determined to be frivolous shall be jointly and severally liable for all reasonable attorney fees and court costs incurred by any public officer or officers or any other person alleged in such demand to have paid out, transferred, or received any money or property belonging to the state, or such county, city, town or school district in pursuance of any alleged unauthorized, unlawful, fraudulent, or void claim paid or contract or conveyance made, or attempted to be made, by such officer or officers. Resident taxpayers of a state governmental unit may seek qui tam relief to recover money or property belonging to the government that was paid out or transferred illegally or without authority. City of Broken Arrow v. Bass Pro Outdoor World, L.L.C., 2011 OK 1.

This section applies only to transactions involving the transfer of property or the paying out of money and may not be used to compel a county assessor to discover and assess omitted property. (AG Op. No. 99-42)

Although Sec. 373 requires naming the political subdivision as a defendant, it does not do so for the purpose of imposing liability, but to have its rights considered and to be bound by the judgment entered. State ex rel. Scott v. State ex rel. University Hospital Authority, 887 P.2d 1385 (Okla. App. 1994)

Section 919. Conspiracy to Commit Offense or to Defraud.

If two or more persons conspire either to commit any offense against the State of Oklahoma, any county, school district, municipality or subdivision thereof, or to defraud the State of Oklahoma, any county, school district, municipality or subdivision thereof, in any manner or for any purpose, and if one or more of such parties do any act to effect the object of the conspiracy, all the parties to such conspiracy shall be guilty of a felony punishable by a fine of not more than Twenty-five Thousand Dollars ($25,000.00) or imprisonment for not more than ten (10) years or by both such fine and imprisonment. (21 O.S. § 424)

Section 920. Blanket Purchase Orders.

After satisfactory delivery of goods or services pursuant to a blanket purchase order, a vendor’s invoice shall be submitted to and approved by the purchasing officer of a municipality or a school district or a county purchasing agent and forwarded for payment. An itemized list of goods or services purchased pursuant to the blanket purchase order shall be attached to the vendor’s invoice if said invoice does not contain an itemized list of goods or services purchased pursuant to the blanket purchase order. (62 O.S. § 513)

Section 923. Legislature to Present Funding Measures.

The Legislature shall present measures that provide full funding for the support of common education to the Governor pursuant to Section 11 of Article VI of the Oklahoma Constitution for the Governor’s consideration at least twenty-five (25) days prior to the date established by subsection E of Section 6-101 of Title 70 of the Oklahoma Statutes, but not later than April 1, in order for the boards of education of the school districts of this state to make decisions on teacher contracts. (62 O.S. § 9.11)

Sections 8 through 14 of this act shall be known and may be cited as the “Security for Local Public Deposits Act”. (62 O.S. § 517.1)

Section 925. Definitions.

As used in the Security for Local Public Deposits Act:

1. “Financial institution” means any bank, savings bank, savings and loan association or credit union; and

2. “Public entity” means any county, city, town or board of education of a public school district or vocational-technical school district or other governmental or public entity of a local nature which is required or permitted by law to collateralize its deposits. (62 O.S. § 517.2)

Section 926. Public Deposits by Treasurer.

A. All public deposits made by a treasurer of a public entity in financial institutions shall be secured as provided for in the Security for Local Public Deposits Act. As used in this section, “public deposits” means all forms of demand deposits or time deposits, but shall not include other investments authorized by statute which are made by a treasurer of a public entity.

B. The treasurer of every public entity shall deposit daily, not later than the immediately next banking day, all funds and monies of whatsoever kind that shall come into the possession of the treasurer by virtue of the office, in one or more financial institutions that have been designated as either state or county depositories, or both, and the acceptance of any such deposit from any such treasurer shall be tantamount to adoption, in relation thereto, of the same privileges and conditions, other than collateral security, as are now provided by law in acceptance of designation as state or county depositories. The treasurer may establish a depository or depositories for demand accounts in financial institutions outside of the governmental or municipal area of the treasurer but within this state; provided, that the treasurer of a public entity may authorize any designated depository within this state to redeposit funds of the public entity into interest-bearing demand-deposit accounts in one or more federally insured financial institutions; and provided further, that the full amount of principal and any accrued interest of each such demand-deposit account shall be insured by the Federal Deposit Insurance Corporation. The State Treasurer is hereby authorized to be the official depository for the treasurer of any county, and for the treasurer of any city or board of education where such city or school district has a population of five thousand (5,000) or more inhabitants but only for deposit of remaining fund balances in inactive funds and not for checking purposes. The county treasurer is hereby authorized to be official depository for the treasurer of any city, town, or board of education. (62 O.S. § 517.3)

Section 927. Security for Public Deposits.

A. A treasurer of a public entity shall require that financial institutions deposit collateral securities or instruments to secure the deposits of the public entity in each such institution. The amount of collateral securities or instruments to be pledged for the security of public deposits shall be established by the treasurer of the public entity consistent with the provisions of the Security for Local Public Deposits Act; provided, such amount shall not be less than the amount of the deposit to be secured, less the amount insured.

B. Upon authorization by the treasurer of a public entity, a financial institution shall place required collateral securities in a restricted account at a Federal Reserve Bank which serves Oklahoma, a Federal Home Loan Bank which serves Oklahoma or with another financial institution located in this state that is not owned or controlled by the same institution or holding company. The State Treasurer shall
designate a number of such financial institutions authorized to serve as safekeeping or custodial institutions. The financial institution depositing collateral securities shall deliver to the treasurer of the public entity a power of attorney authorizing the treasurer to transfer or liquidate the securities in the event of a default, financial failure or insolvency of a public depository. The State Treasurer must approve any forms or pledge agreements used by public entities and financial institutions in securing public deposits of public entities.

C. Securities eligible for collateral shall be valued at market value. The treasurer shall review and determine the market value of collateral pledged for security not less than quarterly. The market value of pledged securities shall be provided to the treasurer by either the financial institution holding the deposit or the financial institution holding the collateral securities, which market value must have been obtained from an independent, recognized and documented source. The State Treasurer shall promulgate rules to provide for the valuation of collateral if the market value is not readily determinable. The State Treasurer shall prescribe reporting requirements and forms for financial institutions to list collateral securities pursuant to this section.

D. The State Treasurer shall promulgate rules for the acceptance of collateral instruments described in Section 12 of this act, to secure deposits of the public entity. Such rules shall require that sufficient documentation exists to establish that the provider of the collateral instrument will protect the public entity in the event of a default, financial failure or insolvency of a public depository.

E. All securities purchased by a treasurer of a public entity or held in custody for other departments of the public entity by the treasurer shall be held in financial institutions not involved in such transactions and shall not be held by the treasurer or a broker. (62 O.S. § 517.4)

Section 928. Collateral for Public Deposits.

A. For purposes of securing public deposits, the treasurer of a public entity may accept as collateral only those securities and other instruments listed below. To insure the safety of public funds, the treasurer may establish standards which restrict, or limit further, any of the types or classes of securities or instruments listed below which may be accepted. Any treasurer of a public entity may request the State Treasurer to determine the eligibility of an individual security for pledging under this section. The treasurer may select the following securities and instruments for the purpose of securing public deposits:

1. Obligations, including letters of credit of the United States Government, its agencies and instrumentalities;

2. Obligations of this state or of a county, municipality, or school district of this state or of an instrumentality of this state or a county, municipality or school district of this state;

3. General obligation bonds of any other state of the United States; and

4. A surety bond if:
   a. subject to the terms and conditions of the bond, it is irrevocable and absolute,
   b. the surety bond is issued by an insurance company authorized to do business in Oklahoma, and which has been approved by the State Treasurer,
   c. the issuer of the surety bond does not provide surety bonds for any one financial institution in an amount that exceeds ten percent (10%) of the surety bond insurer’s policyholders’ surplus and contingency reserve, net of reinsurance, and
   d. the claims-paying ability of the authorized insurance company is rated, at all relevant times, in the highest category by at least two nationally recognized rating agencies acceptable to the State Treasurer.
B. A financial institution may substitute different forms of collateral from time to time, provided that the collateral is acceptable to the treasurer, and meets the requirements of this section and the rules of the State Treasurer. (62 O.S. § 517.5)

Section 929. Default or Insolvency of Public Depository.

In the event of a default or insolvency of a public depository, the treasurer of a public entity shall implement the following procedures:

1. In cooperation with the State Department of Banking and other regulatory officials, the treasurer shall ascertain the amount of public funds on deposit at the defaulting institution and the amount of deposit insurance applicable to such deposit;

2. The potential loss to the public entity shall be calculated by the treasurer. The loss to the public entity shall be satisfied, insofar as possible, first through any applicable deposit insurance and then through the sale of securities pledged, or through the proceeds of collateral instruments pledged, by the defaulting depository institution. Such sales shall be conducted by the treasurer;

3. The securities, bonds or other forms of collateral shall become forfeited to and become the property of the public entity. If the securities, bonds or other forms of collateral are valued at less than the amount of principal and interest due to the public entity plus the cost of the ensuing sale, the securities, bonds and other forms of collateral shall be sold by the treasurer, and the treasurer shall be entitled to recover from the financial institution such balances with costs and attorney’s fees. If the market value of the securities, bonds or other forms of collateral exceeds the principal and interest due to the public entity plus the cost of the ensuing sale, the securities, bonds and other forms of collateral may be sold by the treasurer and the excess of the proceeds shall be returned to the pledging financial institution or its receiver, without further process of law. (62 O.S. § 517.6)

Section 930. Liability of Treasurer.

When public deposits are made in accordance with the Security for Local Public Deposits Act, the treasurer of a public entity shall not be liable for any loss resulting from the default or insolvency of a public depository in the absence of negligence, malfeasance, misfeasance or nonfeasance on the part of the treasurer. (62 O.S. § 517.7)

Section 931. When No Funds-Payment Thereafter in Order of Presentation - Penalty for Violation.

Whenever a warrant or order shall be presented to any treasurer named in the preceding section, and the same is not paid for the reason that there is not money sufficient in the fund on which same is drawn, the treasurer shall endorse on the back of such warrant or order, “Not paid for want of funds,” number, date and sign the same; and he shall set down in a book to be kept for that purpose, the number, amount, the date and upon what fund drawn, to whom payable, and the date when presented for payment, and such warrants or orders shall be paid in the order of their presentation and registration as shown by such book, and such book shall be known in each such office as the “Warrant Register”, and any such treasurer who shall fail, neglect or refuse to pay any warrant or order drawn on the treasurer in the order of registration as shown by the warrant register, or shall pay any warrant or order so drawn out of its regular order, and give preference to the same over other warrants or orders, shall be deemed guilty of a misdemeanor, and upon conviction shall be subject to a fine of not less than One Hundred Dollars ($100.00) nor more than One Thousand Dollars ($1,000.00). (62 O.S. § 552)
A school district treasurer must pay a properly presented warrant when there is sufficient cash to pay it and may not mark the warrant “non-payable”. (1984 OK AG 39)

Section 932. Purchase of Nonpayable Warrants - Oklahoma Commission on School Funds Management.

A. No public trust, school district or county shall issue any bonds, notes, certificates of participation, certificates of indebtedness or any other evidence of indebtedness, excluding nonpayable warrants and agreements with a depository bank to honor payment of checks when there are insufficient funds, for the purpose of short-term cash management by any school district or county unless such school district or county shall have been approved for participation by the Oklahoma Commission on School and County Funds Management.

As used in this section, “short-term cash management” means any borrowing or any method employed by a school district or county to obtain funds in advance of the receipt of tax revenue, and shall include, but not be limited to, the issuance of certificates of indebtedness, certificates of participation, tax-anticipation notes, bonds, notes, or any other evidence of indebtedness. It shall not include debt issued pursuant to a vote of the electors of the school district or county pursuant to the Constitution.

B. The Oklahoma Commission on School and County Funds Management, shall consist of the State Superintendent of Public Instruction, the Director of the Oklahoma Department of Career and Technology Education, and the State Bond Advisor. The Commission shall:

1. Receive requests of school districts and counties for authorization to participate in a short-term cash management program where the proceeds will be used to facilitate cash-flow management. The requests must be received by the Commission on or before April 1 in order for the school district or county to be considered for participation during the next fiscal year, unless such date is extended by the Commission;

2. Within five (5) business days of receiving a request, forward the request to the appropriate certifying authority. If the request and accompanying material meet the requirements of this act, the certifying authority must return the request and accompanying information to the Commission with a written review and comment within sixty (60) days of receipt of the request from the Commission. The certifying authority for school districts shall be the State Superintendent of Public Instruction and for technology center school districts, shall be the Director of the Oklahoma Department of Career and Technology Education and for counties, shall be the State Board of Equalization;

3. Approve or reject each request for participation, and forward notice of the decision of the Commission to the requesting school district or county and to the Office of the Governor. The Commission shall approve or reject a request within thirty (30) days following the date it receives the request and accompanying information with a written review and comment from a certifying authority;

4. Certify the need for funds generated by the proposed short-term cash management based on the financial projections of the school district or county, including the projected cash-flow shortfall, estimated income, and anticipated surplus balances on June 30 of the current fiscal year in the general and building funds of the school district or county.

Accumulative cash-flow shortfall projections must be determined using the method specified by Section 148 of the Internal Revenue Code;

5. Establish reasonable limits for fees, commissions and other compensation paid to any person or firm involved with the proposed short-term cash management program;

6. Establish participation limitations for a school district or a county using the method specified in Section 148 of the Internal Revenue Code. No school district or county shall participate in a
short-term cash management program in an amount which exceeds the determination of need pursuant to
the accumulative cash-flow projections as specified in paragraph 4 of this subsection or forty percent (40%)
of the approved annual budget of the school district or county, whichever is less;

7. Establish limitations which prohibit school districts and counties which are participating in
a short-term cash management program from issuing nonpayable warrants if proceeds are available from
the short-term cash management program;

8. Submit an annual report, by December 15 of each year, to the Speaker of the House of
Representatives, the President Pro Tempore of the Senate, the Governor, the State Auditor and Inspector
and the Attorney General, detailing the participation of each school district and county for the prior fiscal
year in the short-term cash management programs authorized by this act; and

9. Prescribe methods and procedures by which school districts or counties may request
authorization to participate in short-term cash management programs.

C. School districts and counties desiring to participate in a short-term cash management
program as provided in subsection A of this section shall file a request with the Commission on such forms
as the Commission shall prescribe. Such request shall be accompanied by:

1. A resolution adopted by the board of education of the school district or by the county
commissioners of a county. Such resolution shall state that the school district or county intends to and has
need to participate in a short-term cash management program and that the board of education or county
commission has authorized the submission of such request;

2. A letter signed by the underwriter of the short-term cash management program that
specifies the name and address of all persons and firms receiving compensation, directly or indirectly,
involved with the proposed short-term cash management program. All persons and firms designated shall
not be paid out of school or county funds. For purposes of this paragraph, school or county funds shall not
include the proceeds from certificates of indebtedness or certificates of participation generated from a short-
term cash management program;

3. A verification from the Administrator of the Oklahoma Department of Securities that all
persons receiving compensation, directly or indirectly, for providing advice to the school districts or
counties concerning participation in the program or for endorsing participation in the program are
appropriately registered with the Oklahoma Department of Securities as investment advisers or investment
adviser representatives, as applicable, and that all persons receiving compensation, directly or indirectly,
for the placement of the certificates of participation or like securities with investors are registered as broker-
dealers or agents, as applicable;

4. The estimated income and expenditures of the school district or county for the year for
which the school district or county wishes to participate in a short-term cash management program. The
appropriate certifying authority shall develop and provide an income and expenditure disclosure form for
use by a school district or county which desires to participate in a short-term cash management program
which follows the applicable portions of the information return required by Section 148 of the Internal
Revenue Code. The information supplied in the disclosure form must reflect the ability of the school district
or county to pay off an amount equal to the district's or county's liability on the program from the income
from the fiscal year of participation, prior to approval for participation by the Commission. If the
Commission determines that a question exists concerning any information submitted pursuant to this
subsection, the Commission may request any additional information from the school district or county that
it deems necessary;

5. A copy of the most recent information return for a short-term cash management program
filed with the Internal Revenue Service pursuant to Section 149(e) of the Internal Revenue Code;
6. An affidavit by all persons, firms, corporations or business enterprises of any kind which provide services for compensation on any financing to implement a short-term cash management program, which shall be signed under oath on a form approved by the Commission and which shall state that such persons, firms, corporations or business enterprises have not given any money or other thing of value, other than a bona fide campaign contribution, to any public official or to any public employee of a school district or county participating in such a cash management program. Any such person, firm, corporation or business enterprise shall also file a disclosure statement on a form approved by the Commission, which shall disclose all campaign contributions of any kind made to any public official of a school district or county participating in such a short-term cash management program and shall also disclose the identity of any officer, director, agent or employee of such person, firm, corporation or business enterprise who is an officer or employee of a school or county participating in a short-term cash management program, or who is related to such officers or employees within the third degree of affinity or consanguinity;

7. A notarized sworn affidavit executed by each member of a board of education of a school district, the superintendent of schools and the treasurer of the school district or by each county commissioner of a county and the county treasurer, which states that the person or any member of the immediate family of the person has no direct or indirect financial interest in the short-term cash management program being requested. The affidavit shall be on a form prescribed by the Commission;

8. A summary report detailing all expenses incurred by a school district or county in participating in a short-term cash management program. The report shall be on a form prescribed by the Commission; and

9. Any application and other materials including any other necessary financial information, as may be required by the Commission.

D. If the information required to be submitted pursuant to this section meets all requirements established by the Commission and the Commission has approved such information and participation, and the participation is otherwise in accordance with law, the Oklahoma Commission on School and County Funds Management shall authorize the participation of the school district or county in the short-term cash management program. The Commission shall notify the school district or county in writing, whether the requirements of this section have been satisfied and approved.

E. School districts and counties participating in a short-term cash management program authorized by this section shall report to the Commission the probable income and expenses of anticipated investment income. The report shall not include probable income or expenses related to participation in a short-term cash management program.

F. The ability of a school district or county to issue general obligation bonds shall not be modified by this act.

G. The Office of the Attorney General shall provide legal assistance to the Oklahoma Commission on School and County Funds Management. (60 O.S. § 177.2)

Section 933. Notice of Ability to Pay Registered Warrants - Publication.

It shall be the duty of all such treasurers, whenever any money comes into their hands by virtue of their respective office, to set apart a sufficient fund to pay any or all warrants or orders they may have registered in compliance with the provisions of Section 551 et seq. of this title, and to keep the same until called for; and the State Treasurer shall make regular calls, at least every sixty (60) days, by publishing notice in some newspaper of general circulation published at the state capitol, giving notice that he has money in his hands with which to pay warrants, and give the numbers and the several funds, and requesting that the same be presented at the Treasury for payment and cancellation, and every county treasurer, city or town treasurer and the treasurer of every board of education, shall make calls for warrants or orders by
posting notices in the manner as provided by Section 475 of this title or by publication of a like notice as that required of the State Treasurer, in some paper of general circulation published in the county, and the interest on any and all warrants or orders called as above specified, shall cease on and after thirty (30) days from the date of the publication of such notice: Provided, that each county treasurer shall transmit to the State Treasurer all state funds or warrants in his hands on the first day of each month: Provided, further, that any treasurer who violates any of the provisions of the Article, shall be guilty of a misdemeanor, and punished as provided in Section 552 of this title: And provided, further, that each school district treasurer shall publish such notice by posting printed or written notices of the same in two or more public places in his district. (62 O.S. § 553)

Section 934. Non-Payable Warrants - Interest.

Every treasurer shall, upon the expiration of his term of office, deliver to his successor in office such warrant register, and each successor in office shall in all things act as though the entries of such warrants or orders were made and registered by himself and the registration of all warrants in such book of warrant registration shall be by each succeeding treasurer continued and no warrant shall draw interest until registered as herein provided for, and not paid for want of sufficient funds; and all warrants registered, as provided by this Article, and not paid for want of sufficient funds, shall draw an annual rate of interest to be fixed by the governing board not to exceed five percent (5%) per annum, except state warrants which shall draw interest at a rate to be fixed by the State Board of Equalization not to exceed four percent (4%) per annum. (62 O.S. § 554)

Section 935. Levy and Collection of Taxes for Public Purposes Only.

Taxes shall be levied and collected by general laws, and for public purposes only, except that taxes may be levied when necessary to carry into effect Section thirty-one of the Bill of Rights. Except as required by the Enabling Act, the State shall not assume the debt of any county, municipal corporation, or political subdivision of the State, unless such debt shall have been contracted to defend itself in time of war, to repel invasion, or to suppress insurrection. (Article 10, § 14, Okla. Const.)
The Legislature declares the fiscal policy of Oklahoma. The Oklahoma Supreme Court has upheld the constitutionality of Oklahoma non-economic development income tax credits. They are not a gift and do not violate Sections 14 and 15 of Article X of the Oklahoma Constitution. They must, however, have a “reasonable classification and reasonable opportunity for uniform or equal incidence upon the class created.” (AG Op. No. 2010-16)

To be constitutional an Oklahoma economic development income tax credit must have three factors present: 1) it must promote a “public purpose” affecting the inhabitants of the state as a community, and not as individuals; 2) adequate consideration must be present; and 3) there must be adequate controls and safeguards in place. The mere investment of money into a company does not satisfy the three factors for a valid Oklahoma economic development income tax credit. When the three factors are present there is no gift and the Oklahoma economic development income tax credit does not violate Sections 14 and 15 of Article X of the Oklahoma Constitution. (AG Op. No. 2010-16)

A legislator is prohibited from using public funds to send a communication that is nothing more than a personal birthday greeting to voters/constituents in the legislator’s district. In contrast, information contained in a communication relating to the legislator’s work in his or her capacity as a legislator serves a public purpose. (AG Op. No 05-32)

This provision prohibits the Legislature from making a gift of public monies to any company, association, or corporation. A “gift” includes all appropriations for which there is no authority or enforceable claim against the State. Orthopedic Hosp. Of Okla. V. The Okla. State Dept. Of Health, 2005 OK CIV APP 43, 118 P.3d216

Any expenditure by a school district for meals, refreshments, membership dues, or other such expenses must be for a lawful “public purpose.” (AG Op. No. 01-30)

A school district may use its school activity fund account to deposit and disperse monies raised for the purpose of making charitable and/or benevolent gifts or contributions to individuals or organizations if the board of education has approved the fund-raising activity and the dispersement. The monies deposited in the school activity fund which are raised by student fund raising activities are not public funds subject to the constitutional restrictions. (AG Op. No. 97-6)

Economic development is legitimate “public purpose” for which public funds may be expended. Burkhardt v. City of Enid, 771 P.2d 608 (Okla. 1989)

The provisions of Article 10, § 14 prohibit a person from displaying a bumper sticker on a public school district vehicle promoting a candidate for political office. (AG Op. No. 86-22)

To constitute a public purpose, purpose must have a public interest and must be performed by state in exercise of its governmental functions. Veterans of Foreign Wars v. Childers, 171 P.2d 618 (Okla. 1946)

Section 936. Pledge or Loan of Credit of State Prohibited - Exceptions.

A. Except as provided by this section, the credit of the State shall not be given, pledged, or loaned to any individual, company, corporation, or association, municipality, or political subdivision of the State, nor shall the State become an owner or stockholder in, nor make donation by gift, subscription to stock, by tax, or otherwise, to any company, association, or corporation.

E. Bonds issued by the board of education of any school district or public institutions of higher education may be guaranteed by the corpus of the permanent school fund, provided:

1. As to bonds issued by the board of education such bonds must be approved by election of the school district upon the question of issuing such bonds;

2. As to bonds issued by an institution within The Oklahoma State System of Higher Education such bonds are issued in accordance with all applicable provisions of law; and

3. Provisions shall be made by the Legislature to guarantee prompt reimbursement to the corpus of the permanent school fund for any payment from the fund on behalf of a school district or on behalf of an institution within The Oklahoma State System of Higher Education. The reimbursement shall include a reasonable rate of interest. The provisions of this paragraph regarding use of the permanent school
fund for guarantee of bonds issued by an institution within The Oklahoma State System of Higher Education shall not be self-executing and the Legislature shall provide by law the procedure pursuant to which such obligations may be guaranteed and the procedures for repayments, if any, required to be made to the permanent school fund. (Article 10, § 15, Okla. Const.)

When a county uses a portion of its website as a link to the website of a private company that may benefit financially as a result, the county must receive adequate consideration. What constitutes adequate consideration in any particular situation is a question of fact. Whether the consideration is in the form of a portion of the subscription fee charged by the company, another form of financial payment or a type of non-financial benefit, it is the county that must determine the adequacy of the consideration in relation to the value of the link. (2012 OK AG 4)

To be constitutional an Oklahoma economic development income tax credit must have three factors present: 1) it must promote a “public purpose” affecting the inhabitants of the state as a community, and not as individuals; 2) adequate consideration must be present; and 3) there must be adequate controls and safeguards in place. The mere investment of money into a company does not satisfy the three factors for a valid Oklahoma economic development income tax credit.

When the three factors are present there is no gift and the Oklahoma economic development income tax credit does not violate Sections 14 and 15 of Article X of the Oklahoma Constitution. (AG Op. No. 2010-16)

An assertion of a constitutional violation that is undeveloped and unsupported by clear argument with authority is insufficient to demonstrate infirmity and will not be resolved by the court. Fent v. Contingency Review Board, 2007 OK 27

Any expenditure by a school district for meals, refreshments, membership dues, or other such expenses must be for a lawful “public purpose.” (AG Op. No. 01-30)

A school district may use its school activity fund account to deposit and disperse monies raised for the purpose of making charitable and/or benevolent gifts or contributions to individuals or organizations if the board of education has approved the fund-raising activity and the dispersement. The monies deposited in the school activity fund which are raised by student fund raising activities are not public funds subject to the constitutional restrictions. (AG Op. No. 97-6)

This section prohibits a school district from paying a tenured teacher at the beginning of the month for services yet to be performed even though such payment is pursuant to a written contract. (AG Op. No. 84-87)

The principal of the permanent school fund can be used to guarantee bonds issued by school districts according to the conditions set forth in 70 O.S. §§ 201 et seq. Thus, bond guarantees issued by Commissioners of the Land Office are binding legal obligations which pledge the permanent school fund to guarantee bond issues of school districts. (AG Op. No. 96-7)

An indemnity agreement which is for an indefinite term and which is uncertain in amount may result in an obligation which is in excess of unencumbered funds and thus violative of Article X, § 15 of the Oklahoma Constitution. (AG Op. No. 96-7)

Section 937. Amount to Be Issued.

Warrants and certificates of indebtedness may be issued to the amount of the estimate made and approved by the excise board for the current fiscal year or to the amount authorized for such purpose by a bond issue. (62 O.S. § 476)

School district warrants issued within the unexpended appropriation for that purpose within the same fiscal year are not rendered invalid because the fund is afterwards misapplied to the payment of warrants issued in a previous year. Joint School District No. 1 v. State Nat. Bank of Woodward, 67 P.2d 942 (Okla. 1937)

Section 938. Violation - Punishment.

Any officer willfully or knowingly contracting, incurring, acknowledging, authorizing, allowing or approving any indebtedness, or any officer issuing, drawing, or attesting any warrant or certificate of indebtedness in excess of the estimate made and approved by the excise board for the purpose for such current fiscal year or in excess of the specific amount authorized for such purpose for such current fiscal year or in excess of the specific amount authorized for such purpose by a bond issue, or who violates any
other provision of Section 471 et seq. of this title, shall be deemed guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than One Thousand Dollars ($1,000.00) or imprisoned in the county jail for not to exceed one (1) year, or by both the fine and imprisonment, and shall forfeit and be removed from office pursuant to Section 1181 et seq. of Title 22 of the Oklahoma Statutes or Section 91 et. seq. of Title 51 of the Oklahoma Statutes. (62 O.S. § 480)

Section 939. Sinking Fund - Investment.

The Treasurer of the State of Oklahoma, the county treasurer in any county when authorized by the board of county commissioners, and the lawful treasurer of any city, town or board of education, when authorized so to do by the lawfully constituted governing body of such city, town, or board of education may invest the sinking funds in his custody in United States bonds, United States Treasury notes, United States Treasury certificates or Postal Savings certificates, to the payment of which the faith and credit of the United States is pledged by the terms of such bonds, notes or certificates, or in State bonds, Public Building Bonds, State Warrants or State Treasury notes of the State of Oklahoma issued under authority of legislative enactment, or in the bonds or judgments of courts of record of the particular and specific municipality whose sinking funds are to be invested, or in current warrants of his own registration, provided the securities so purchased mature prior to the time the money so invested is required by law to be on hand in cash for the purpose of meeting the bonded indebtedness of the state or the municipal subdivision thereof whose sinking funds are so invested, and further, provided the bonds of the particular municipality whose sinking funds are to be so invested or the current warrants of such treasurer’s own registration, can be purchased at not to exceed par and accrued interest. If deemed advisable to invest the sinking funds in the custody of the county treasurer, or in the custody of the lawful treasurer of any city, town or board of education, in lawfully issued county, city, town, township, board of education, or dependent school district bonds issued by a municipal subdivision of the State of Oklahoma, other than the one whose sinking fund is proposed to be invested, or if deemed advisable to invest the sinking fund of such municipal subdivision in its own bonds at the market for more than par and accrued interest, then the county treasurer or the lawful treasurer of such city, town, or board of education, if authorized by the duly constituted governing board to whom he is by law required to render account, either at his own instigation or by the lawfully constituted attorney of such county, city, town or board of education, may file a duplicate application in writing in the district court, in which application he shall set forth the full nature and description of the securities which he proposed to purchase, together with the estimated value thereof, the aggregate amount thereof and the proposed price of purchase; and he shall further disclose in said application, the condition of the sinking fund account so proposed to be invested, and the bond, coupon and judgment indebtedness payable therefrom with maturities and accruals scheduled in detail. Thereupon it shall be the duty of the court clerk of such county to docket such application, without cost, upon the appearance docket of such district court as other civil actions; and it shall be the immediate duty of such court clerk to transmit the duplicate application, schedules, and exhibits to the district attorney who shall enter his appearance in such instance on behalf of the public and who may, at the discretion of the court, require such further information by detailed exhibits, schedules or statistics as may seem advisable. Within three (3) days after the filing of such application, the judge of such district court shall enter an order setting such application for hearing, and directing the court clerk to give such notice to the public of such application and the date of hearing thereof as said district judge may deem proper for the protection of the public and the taxpayers of such county and/or the municipal subdivisions thereof, and, if such notice be directed to be had by publication in some newspaper named by the court, the expense thereof shall be borne out of any appropriation for legal expense of such county, city, town or board of education. It shall be the duty of the district attorney to file in said proceedings, in writing, at the date appointed for such hearing, a correct report setting forth the opinion of such district attorney as to the soundness of such investments and advisability thereof, the validity of such securities, and particularly whether or not the municipality issuing the same has a net bonded indebtedness in excess of five percent (5%) of the net assessed valuation thereof as last certified by the county assessor to its county excise board. Upon the date set for such hearing, any taxpayer shall have
the right to appear in person, either with or without the aid of counsel, and make such protest or objection to such investment as he may deem proper for the protection of himself or the taxpayers of such county. Thereupon it shall be the duty of the district judge, informally and in open court to hear any and all evidence and protests, either in support of or opposition to said proposed investment, and at the close of such hearing, to enter an order with reference to such application for investment as may be found and determined by the court for the protection and best interest of the county or municipal subdivision thereof whose sinking funds are proposed to be invested, and to the best interest of the public and taxpayers thereof; and thereupon, such district court may, by journal entry of judgment entered and recorded in such proceedings, either authorize in whole or in part that such investment be made, or deny such application. (62 O.S. § 541)

Section 940. Apportionment of Interest - Sinking Fund.

(62 O.S. § 544)

Section 941. Payment of Personnel by Payroll Purchase Order.

The subordinate employees named therein shall not be required to sign the payroll statement and affidavit unless the governing board, by official order, so requires, in which event,

C. The payroll statement and affidavit shall be forwarded to the clerk of the county, city, town, school district or board of education, and shall become a permanent part of the financial records of the agency. (62 O.S. § 304.1)

Section 942. Assignment of Salaries or Wages.

Assignment of salary or wage earnings in such instance shall be by separate instrument, and by affidavit. It shall be unlawful to issue or authorize the issuance of a municipal warrant for salary or wages to any person other than the person earning the same, or to his assignee or the executor or administrator of his estate or to any person entitled to child support payments pursuant to an income assignment proceeding or a garnishment proceeding. The governing board shall have authority to direct by written resolution duly entered in the minutes of its meeting at the time such money is received or prior thereto that such money shall be credited to the fund account from which such property was derived or from which payment has been or will be made for such services rendered or other purposes.

If there be no resolution by the governing board directing the disposition of the money received as contemplated herein it shall be the duty of the treasurer to credit such money so received to the general fund.
The governing board shall have authority to direct that a fund derived for such sources as herein contemplated, where applicable to a public utility, be created and used to repair, relocate or replace any utility or part thereof new or hereafter existing. (62 O.S. § 335)

Proceeds of sale of school building that was constructed with borrowed money must either be used for the purpose for which the money was borrowed or placed in the district’s sinking fund for payment of the outstanding bonded indebtedness. (AG Op. October 25, 1965)

REVENUE

Section 946. Amount of Ad Valorem Tax.

(a) Except as herein otherwise provided, the total taxes for all purposes on ad valorem basis shall not exceed, in any taxable year, fifteen (15) mills on the dollar, no less than five (5) mills of which is hereby apportioned for school district purposes, the remainder to be apportioned between county, city, town and school district, by the County Excise Board, until such time as a regular apportionment thereof is otherwise provided for by the Legislature.

No ad valorem tax shall be levied for State purposes, nor shall any part of the proceeds of any ad valorem tax levy upon any kind of property in this State be used for State purposes.

(b) A tax of four (4) mills on the dollar valuation of all taxable property in the county shall be levied annually in each county of the State for school purposes and, until otherwise provided by law, the proceeds thereof shall be apportioned to the school districts of the county by the County Treasurer on the basis of the legal average daily attendance for the preceding school year as certified by the State Board of Education. Provided that in case a school district lies in more than one county, such district shall be deemed a school district of the county having the greater part of the area comprising such district, unless otherwise provided by law, and shall be entitled to participate in the proceeds of such tax on the same basis as districts lying wholly within such county but revenue from such tax on the assessed valuation of the district in other counties shall, when collected, be transmitted to the County Treasurer of such county having the greater part of the area comprising the district, unless otherwise provided by law, and be apportioned as hereinbefore provided for the proceeds of such tax on the assessed valuation of such county. Not to exceed 717
seventy-five per centum (75%) of the amount received by a school district from the proceeds of such county
levy in any year shall be required to finance the State guaranteed program of such district.

(c) Upon certification of a need therefor by the board of education of any school district an
additional tax of not to exceed fifteen (15) mills on the dollar valuation of all taxable property in the district
shall be levied for the benefit of the schools of such district.

(d) In addition to the levies hereinbefore authorized, any school district may make an
emergency levy for the benefit of the schools of such district, in an amount not to exceed five (5) mills on
the dollar valuation of the taxable property in such district when approved by a majority of the electors of
the district voting on the question at an election called for such purpose. This emergency levy shall provide
only sufficient additional revenue to meet the needs of the district each fiscal year as determined by the
board of such district and must be approved by a majority of the electors voting on said question at such an
election for each fiscal year.

(d-1) In addition to the levies hereinbefore authorized, any school district may make a local support
levy for the benefit of the schools of such district, in an amount not to exceed ten (10) mills on the dollar
valuation of the taxable property in such district, when approved by a majority of the ad valorem tax-paying
voters voting on said question at an election for each fiscal year called for such purposes. This local support
levy shall provide only sufficient additional revenue to meet the needs of the district for each such fiscal
year as determined by the board of such district; provided, an elector desiring to vote upon such local
support levy must present an ad valorem tax receipt for the year immediately preceding before being issued
a ballot, or sign a sworn affidavit certifying the fact of such payment.

(e) The amount of revenue from school district ad valorem taxes levied under (a) and (c) of
this Section which any school district may be required to use to finance its State guaranteed program shall
not be in excess of its share, based upon its relative taxpaying ability as may be defined by law, of an
amount equivalent to the net proceeds from a fifteen (15) mill tax levy on the aggregate net assessed
valuation of the State; but until such relative taxpaying ability is defined by the Legislature, the amount of
revenue from such taxes which any school district may be required to use to finance its State guaranteed
program shall not be in excess of the net proceeds from an ad valorem tax levy of fifteen (15) mills on the
dollar net assessed valuation of the district. No part of the proceeds from any ad valorem levy for emergency
levy and local support levy under (d) and (d-1) of this Section shall be required to finance the State
guaranteed program of such district.
Nothing in the amendments to the Constitution incorporated herein shall be construed to amend, alter or supersede the present application of Article XII-A, Sections 1 and 2 of the Oklahoma Constitution. (Art. X, § 9, Okla. Const.)

Provisions limiting right to vote on local support levy to property taxpayers violate Equal Protection Clause of the 14th Amendment to the U.S. Constitution; and all qualified electors are eligible to vote on the levy. (AG Op. December 14, 1972)

School district may hold special election on 10 mill local support levy in July before district’s budget for the year is filed. (AG Op. July 6, 1967)

Legislature may allow school district more than 5 mills over regular 15 mills authorized by Section 9, Article 10, Oklahoma Constitution. (AG Op. November 2, 1962)

Building fund levy and excess levy must be voted upon separately. (AG Op. September 8, 1939)

When a school district ad valorem levy exceeds the constitutional limit of levy, the excessive portion thereof will be stricken on protest. Magnolia Petroleum Co. v. Jefferson County Excise Board, 90 P.2d 648 (Okla. 1939)

A county excise board may classify school districts in accordance with constitutional and statutory rules of classification for the purpose of the allocation of the fifteen mills provided by the Constitution for the support of counties, cities, towns, and school districts. (AG Op. September 9, 1938)

Ad valorem tax levy of school district which was spread and extended in Tulsa County, and which met all requirements of legality of levy in Tulsa County and did not exceed limit of levy allocated to joint school district by excise board of that county, held not subject to protest under Section 12306, O.S. 1931. (68-332) because levy exceeded limit fixed by allocation order of excise board of adjoining county in which small part of territory of joint school district was located. Tulsa County Excise Board v. Texas-Empire Pipe Line Co., 68 P.2d 861 (Okla. 1937)

School district held without right to exceed limit of tax levy fixed by general order of county excise board because no levy was made for town within bounds of school district, since limit of levy was fixed by general order of county excise board. Tulsa County Excise Board v. Texas-Empire Pipe Line Co., 68 P.2d 861 (Okla. 1937)

An apportionment or allocation of limit of levy of ad valorem tax made by the excise board under authority of Section 9, Art. 10 of the Constitution, is not arbitrary, capricious, or void merely because it operates to permit some school districts to levy greater amount than other districts with a greater scholastic enumeration and the same or less valuation, if such result is made necessary or necessarily follows by reason of the necessary and proper apportionments to the county and to cities and towns. Tulsa County Excise Board v. St. Louis-San Francisco Ry. Co., 68 P.2d 868 (Okla. 1937)

Apportionment of fifteen mills by excise board according to the following classification is reasonable: County, six mills; cities, four mills; school districts containing incorporated towns, five mills; school districts containing unincorporated towns, nine mills. (AG Op. September 15, 1937)

The county excise board is not prohibited from basing its apportionment upon a reasonable classification of school districts according to assessed valuation of taxable property thereof, but any apportionment so made must apply generally as to each classification. Lowden v. Stephens County Excise Board, 57 P.2d 598 (Okla. 1936)

The county excise boards in apportioning the millage rate of levy under authority granted by Section 9, Article 10, of the Constitution, as amended in 1933, must be governed by the constitutional and statutory rules of classification for purposes of taxation, and the apportionment so made must apply generally as to each classification. Protest of St. Louis-San Francisco Ry. Co., 42 P.2d 537 (Okla. 1935)

Under the provisions of Section 9, Article 10, of the Constitution, as amended by adoption by vote of the people on August 15, 1933, the limitations as to tax levies by municipal subdivisions of the state were abrogated and authority was vested in the excise board of the several counties to apportion between county, city, town, and school district the maximum of 15 mills on the dollar until such time as the regular apportionment is otherwise provided for by the Legislature. Atchison, T. & S.F. Ry. Co. V. Excise Board of Washington County, 35 P.2d 274 (Okla. 1934)

**Section 947. Area School Districts - Technology Center Schools - Tax Levy.**

A. Technology center school districts for technology center schools may be established and a levy of not to exceed five (5) mills on the dollar valuation of the taxable property in any technology center
school district so established may be made annually, for the district, when the levy is approved by a majority of the electors of the technology center school district, voting on the question at an election called for that purpose. The levy shall be in addition to all other levies authorized by this Constitution, and when approved, shall be made each fiscal year thereafter until repealed by a majority of the electors of the technology center school district, voting on the question at an election called for that purpose. Any technology center school district so established shall be considered as a school district for the purposes of Sections 10 and 26 of this Article. The administrative control and direction of the technology center school district shall be vested in a school board which shall be constituted and empowered as provided for by law for school boards of independent school districts. Provisions of other subsections of this section notwithstanding, in any case where a college technology center vocational-technical school district recognized pursuant to Section 4423 of Title 70 of the Oklahoma Statutes and established by vote of the people after December 31, 1968, overlaps and includes territory which is included within the district of a technology center school established as prescribed by the State Board of Career and Technology Education pursuant to Section 14-108 of Title 70 of the Oklahoma Statutes, only the levies made by the college technology center school district shall be applied to said overlap territory, and revenues from the overlap area collected pursuant to any incentive levy so made shall be apportioned one-half to the college technology center school district making the levy and one-half to the overlapped technology center school district. In any case where a college technology center school district recognized pursuant to Section 4420.1 of Title 70 of the Oklahoma Statutes overlaps and includes territory which is included within the district of a technology center school established as prescribed by the State Board of Career and Technology Education pursuant to Section 14-108 of Title 70 of the Oklahoma Statutes, said overlap territory shall be subject to all levies of both kinds of districts that are approved by a majority of the electors.

B. In addition to any other levies authorized by this section, a technology center school district may make a local incentive levy for the benefit of the technology center school district in an amount not to exceed five (5) mills on the dollar valuation of the taxable property in the technology center school district when approved by a majority of those registered voters of the technology center school district voting on the question at an election called for that purpose. Except as otherwise provided, this levy, when approved, shall be made each fiscal year thereafter until repealed by a majority of the electors of the technology center school district voting on the question at an election called for that purpose. A technology center school district which has previously failed to approve a local incentive levy at two consecutive elections held between January 1, 1994 and May 31, 1994 may make a local incentive levy for the benefit of the technology center school district only if approved by a majority of the registered voters of the area school district voting on said question at such an election for each fiscal year. If a majority of voters approve the local incentive levy for three (3) consecutive years, the levy approved on the third year shall be made each fiscal year thereafter until repealed by a majority of the electors of the technology center school district voting on the question at an election called for that purpose.

C. Upon the establishment of technology center school districts, such districts are authorized to become indebted separate and apart from the indebtedness of any school district included in the technology center school district up to five percent (5%) of the net valuation of taxable property within the technology center school district for capital improvements, including purchasing sites and constructing, purchasing, improving, and equipping real property and buildings when the indebtedness is approved by a majority of the electors of the technology center school district voting on the question in an election called for that purpose.

D. Until otherwise provided for by law, technology center school districts and the government thereof shall be established in accordance with criteria and procedures prescribed by the State Board of Career and Technology Education.

E. The Legislature may alter, amend, delete, or add to the provisions of this section by law. (Art. 10, § 9B, Okla. Const.)
Voters’ approval of incentive levy of vocational-technical school district was not illegal on grounds that it subjected taxpayers, who lived in area which overlapped with portion of another school district, to double taxation; vocational-technical school had implemented incentive levy and other district had not. Protest of 1990-1991 Budget of Vo-Tech No. 22, 848 P.2d 30 (Okla. App. 1992)

Section 948. Increase for Erecting Public Buildings.

A. For the purpose of erecting public buildings in counties or cities, or for the purpose of raising money for a building fund for a school district which may be used for erecting, remodeling or repairing school buildings, and for purchasing furniture, the rates of taxation herein limited may be increased, when the rate of such increase and the purpose for which it is intended shall have been submitted to a vote of the people, and a majority of the qualified voters of such county, city, or school district, voting at such election, shall vote therefor: Provided, that such increase shall not exceed five (5) mills on the dollar of the assessed value of the taxable property in such county, city, or school district.

B. A school district may upon approval by a majority of the electors of the district voting on the question make the ad valorem levy for a building fund under subsection A of this section permanent. If the question is approved, the levy in the amount approved as required by this section, shall be made each fiscal year thereafter until such time as a majority of the electors of the district voting on the question rescind the making of the levy permanent. An election on such question shall be held at such time as a petition is signed by ten percent (10%) of the school district electors or a recommendation by the board of education of the school district is made asking that the levies be made each fiscal year. (Art. 10, § 10, Okla. Const.)

There is no express or implied limitations upon the power of a school board to call a second election on the question of a building-fund levy after the failure of the question at the general election. Protest Against Tax Levy of Ardmore Independent School No. 19, 1998 OK 43, 959 P.2d 580.

When independent school district votes to impose building fund millage under Article X, §10, there is no violation of the Equal Protection Clause even though building fund millages are not contributed to by property owners in elementary school district. (AG Op. No. 95-83)

Section 949. Budget for County-Wide Visual Inspection Program.

A. Each county assessor in budgets submitted to the county excise board or county budget board shall make adequate provision to effect countywide visual inspections of real property during the four-year cycle.

B. Each jurisdiction within a county which receives revenue from an ad valorem mill rate shall receive a copy of the budget for the countywide visual inspection program for that county. The county excise board or county budget board shall notify all such jurisdictions of any meetings at which discussion or action on the budget for the comprehensive program of visual inspections is or may be on the agenda. Such jurisdictions shall have the opportunity to appear before the county excise board or the county budget board, prior to approval of such budgets, to provide testimony, comments, information and documentation concerning the budgets submitted by the county assessor pursuant to subsection A of this section.

C. The several county excise and budget boards, in passing upon budgets submitted by the several assessors, shall authorize and levy amounts which will suffice to carry out the countywide visual inspection program as approved by the Oklahoma Tax Commission under Section 2820 of this title. Such amounts shall be separate from other funds allocated to the office of county assessor and shall be used exclusively to carry out the countywide visual inspection program. The allocation of such amounts shall not serve to decrease other funds allocated to the office of county assessor by the county excise board or the county budget board. Any disputes as to the amount authorized to carry out the countywide visual inspection program shall be resolved by the county excise board; provided, the Oklahoma Tax Commission shall take such action as may be necessary to ensure that such amounts are used exclusively to carry out the
countywide visual inspection program and that the allocation of such amounts does not serve to decrease other funds allocated to the office of county assessor. (68 O.S. § 2822)

According to this provision of law, the excise board has discretion in resolving funding disputes concerning the visual inspection budget. Tulsa County Budget Board v. Tulsa County Excise Board, 2003 OK 103, 81 P.3d 662.

Tax recipient jurisdictions which pay the cost of the comprehensive visual inspection program for taxable real property are provided an opportunity to protest the amount allocated to the visual inspection program before the county excise board. However, tax recipient jurisdictions are not allowed to amend the budget approved by the county excise board. (AG Op. No. 99-46)

Section 950. Ad Valorem Tax Revaluation Costs Apportioned.

A. For each fiscal year, the cost of the comprehensive program of visual inspections for real property and the cost of physical inspections of personal property shall be paid by appropriate warrants from those who receive the revenues of the mill rates levied on the property of the county as prescribed by this section. The county assessor shall prepare a budget for the comprehensive program of visual inspections for real property and the cost of physical inspections of personal property and file such budget with the county excise board or county budget board.

B. The county excise board or county budget board shall apportion such cost among the various recipients of revenues from the mill rates levied, including the county, all cities and towns, all school districts, all sinking funds of such recipients, and all jurisdictions specified in subsection D of this section, in the ratio which each recipient’s total tax collection authorized from its mill rates levied for the preceding year bears to the total tax collection authorized of all recipients from all their mill rates levied for the preceding year. The cost shall include only those expenses directly attributable to the visual inspection program and those expenses directly attributable to physical inspections of personal property and shall not include any expenses of the office of the county assessor which, in the judgment of the county excise board or county budget board, are expenses of county assessor’s office which would exist in the absence of such program or in the absence of physical inspection of personal property. Expenses that are attributable both to the visual inspection program and physical inspection of personal property, and which would exist in the absence of such program or inspection, including but not limited to salaries, employee benefits, office supplies and equipment, may be prorated; provided, no portion of the salary of the county assessor shall be included in such costs.

C. Upon receipt of the billing statement provided for in subsections D and E of this section by each such recipient, the mill rates to be established by the board for each such recipient for the current year shall include and be based upon such amounts and shall constitute an appropriation of such amounts to the county assessor for expenditure for the expenses of administering the visual inspection program each year. In the case of a sinking fund of a recipient, if, after approving its budget, the governing body of a recipient notifies the board in writing that there are no funds appropriated to pay the amount of the billing statement for such sinking fund, such notice shall constitute conclusive evidence of a financial obligation of the recipient as it relates to such sinking fund. The board may seek a judgment for the amount of such obligation and court costs in the district court of the county in which the board is located.

D. The county assessor shall render a statement to each of the jurisdictions within the county which receive revenue from an ad valorem mill rate. Such statement shall include the following information:

1. The current fiscal year in which the charge has been incorporated in the jurisdiction’s budget;

2. All jurisdictions receiving statements from the county assessor, the mill rate for each in the previous year, and the proportion of each to the combined mill rates of all jurisdictions within the county.
for the previous year. The proportions specified in this paragraph should equal a total of one hundred percent (100%);

3. The charge for the entity receiving the statement as well as the charge for each jurisdiction of the county based upon the proportions specified in paragraph 2 of this subsection. The total of all current year charges for all county jurisdictions should equal the total visual inspection program budget for the current fiscal year;

4. The amount of the total budget for the office of the county assessor and the percentage that visual inspection program expenses are of such total budget; and

5. A copy of the County Budget Visual Inspection Account and a brief description of the areas to be visually inspected for the current fiscal year, consistent with the plan on file with the Oklahoma Tax Commission pursuant to Section 2820 of this title.

E. In any county wherein any jurisdiction’s budget and mill rates are not subject to review and approval by the county excise board, the county assessor shall nevertheless include any such jurisdiction in the calculations required under subsection A of this section. The county assessor shall also render a billing statement to any such jurisdiction showing the charge for the current fiscal year due from the jurisdiction. Such billing statement shall also show all the information specified in subsection D of this section. Such billing statement shall clearly indicate that the charge payable by the jurisdiction is due and payable by December 31 of the current fiscal year. (68 O.S. § 2823)

Cost of visual inspection program shall include only those expenses directly attributable to the visual inspection program. However, there is no specific procedure or formula which must be used in determining what expenses are attributable to the visual inspection program. (AG Op. No. 99-46)

Section 950.1. Notice Prior to Decreasing Assessment Ratio.

A. No county assessor may decrease the assessment ratio used to compute the taxable value of real or personal property unless the assessor provides written notice of an intent to decrease the assessment ratio at least ninety (90) days prior to the first date as of which the assessor intends to cause such ratio to be decreased. The written notice shall be mailed by certified mail with return receipt requested to the county treasurer, the county clerk, the county sheriff, to each of the county commissioners and to the governing board of any local government jurisdiction that levies ad valorem taxes upon any property located within the county. Such notice shall be mailed not later than sixty (60) days prior to the expiration of the ninety-day period prescribed by this subsection. The notice shall clearly state the assessment ratio in effect prior to the decrease, the category of property (whether real or personal or both) to be affected by the proposed decrease in assessment ratio and the date as of which such decrease is proposed to take effect.

B. The county assessor shall also be required to publish a notice of intent to decrease the assessment ratio which clearly states the ratio in effect prior to the decrease, the category of property (whether real or personal or both) to be affected by the proposed decrease in assessment ratio and the date as of which such decrease is proposed to take effect. The notice shall be placed at least one time for three (3) consecutive weeks in a newspaper of general circulation in the county in which the assessor holds office. The last publication date shall be not later than thirty (30) days prior to the date that any decrease in the assessment ratio is implemented. At the beginning of the notice to be published, there shall appear in a font which is conspicuously larger than the other information which appears in the notice the following wording: "NOTICE OF INTENT TO DECREASE ASSESSMENT RATIO WITH RESPECT TO REAL OR PERSONAL PROPERTY OR BOTH IN [insert applicable county name] FOR THE [insert applicable year] ASSESSMENT YEAR".

C. Before the county assessor may implement a decrease in an assessment ratio with respect to either real or personal property, there shall be at least three public meetings held at a location within the
county prior to the date as of which the first decrease in assessment ratio occurs. Notice of the meetings shall be posted in the office of the county assessor, the office of the county treasurer, the office of each county commissioner, the office of the county clerk and such other places within the county as may be feasible in order to provide adequate notice of the date, time and location of each meeting. The last public meeting shall be held not later than thirty (30) days prior to the date any decrease in the applicable assessment ratio is implemented.

D. The county assessor or a designee from the office of the county assessor shall attend each of the public meetings in order to answer questions about the proposed decrease in the assessment ratio and any possible effects on the budgets of any ad valorem taxing jurisdiction. (68 O.S. § 2819.1)

Section 950.2. Appraisers Obtained by Assessor or Assigned by Oklahoma Tax Commission.

A. 1. For residential property, the county assessor may appoint, or may request the Oklahoma Tax Commission to assign, an appraiser to assist the county assessor in valuation of the property.

2. For nonresidential property, after consultation with the Oklahoma Tax Commission, the county assessor may appoint an appraiser to assist the county assessor in valuation of the property.

B. Appraisers whose services may be obtained by appointment by the assessor or who may be assigned by the Oklahoma Tax Commission, upon request of the county assessor, to assist any county assessor shall act in an advisory capacity only. Valuations recommended by such appraisers shall not be binding upon the assessor. All valuations made pursuant to the Ad Valorem Tax Code shall be made and entered by the assessor pursuant to law.

C. Appraisers whose services were obtained to assist the county assessor for valuation shall not participate in any valuation negotiations, protests to the county assessor, or protests to the county board of equalization. Contracts for such appraiser services shall be subject to the Oklahoma Open Records Act.

D. County assessors may provide photocopies of taxpayer rendition forms and photocopies of any other documents filed by the taxpayer which are directly related to and necessary for appraisers to assist in this capacity. The original documents filed by the taxpayer must be maintained by the county assessors. Upon the expiration of the period for reassessment, provided in Section 2846 of this title, all copies of taxpayer documents and the related work papers of the appraisers must be destroyed or returned to the county assessors by February 1 of the following year. In addition, all photocopies of taxpayer documentation and appraiser work papers must be returned to the county assessor within ten (10) calendar days of the termination of the contract with the appraisers to provide the services described in this section.

E. Except for communications of information protected by Section 2835 of this title, all communications between a county assessor and an appraiser, including communications through a third party, shall be subject to the Oklahoma Open Records Act. (68 O.S. § 2826)

Section 950.3. Increase of Property Valuation - Notice - Filing of Complaint by Taxpayer - Informal Hearing

*Multiple Amendments Enacted During the 2022 Legislative Session*

Version 1 (amended by Laws 2022, SB 1667, c. 166, § 1, eff. November 1, 2022)

A. If the county assessor increases the valuation of any personal property above that returned by the taxpayer, or in the case of real property increases the fair cash value or the taxable fair cash value from the preceding year, or pursuant to the requirements of law if the assessor has added property not listed by the taxpayer, the county assessor shall notify the taxpayer in writing of the amount of such valuation as increased or valuation of property so added. Provided, if the county assessor determines that a mailing to
property owners exempt from payment of ad valorem tax pursuant to Sections 8E and 8F of Article X of the Oklahoma Constitution would create an undue burden, then the county assessor may suspend notifications to those property owners.

B. For cases in which the taxable fair cash value or fair cash value of real property has increased, the notice shall include the fair cash value of the property for the current year, the taxable fair cash value for the preceding and current year, the assessed value for the preceding and current year and the assessment percentage for the preceding and current year.

C. For cases in which the county assessor increases the valuation of any personal property above that returned by the taxpayer, the notice shall describe the property with sufficient accuracy to notify the taxpayer as to the property included, the fair cash value for the current year, the assessment percentage for the current year, any penalty for the current year pursuant to subsection C of Section 2836 of this title and the assessed value for the current year.

D. The notice shall be mailed to the taxpayer at the taxpayer’s last-known address and shall clearly be marked with the mailing date. The assessor shall have the capability to duplicate the notice, showing the date of mailing. Such record shall be prima facie evidence as to the fact of notice having been given as required by this section.

E. The taxpayer shall have thirty (30) calendar days from the date the notice was mailed in which to file a written protest with the county assessor specifying objections to the increase in fair cash value or taxable fair cash value by the county assessor; provided, in the case of a scrivener’s error or other admitted error on the part of the county assessor, the assessor may make corrections to a valuation at any time, notwithstanding the thirty-day period specified in this subsection. The protest shall set out the pertinent facts in relation to the matter contained in the notice in ordinary and concise language and in such manner as to enable a person of common understanding to know what is intended. The protest shall be made upon a form prescribed by the Oklahoma Tax Commission.

F. A taxpayer may file a protest if the valuation of property has not increased or decreased from the previous year if the protest is filed on or before the first Monday in April. Such protest shall be made upon a form prescribed by the Oklahoma Tax Commission.

G. The county assessor shall schedule an informal hearing with the taxpayer to hear the protest as to the disputed valuation or addition of omitted property. The informal hearing may be held in person or may be held telephonically, if requested by the taxpayer. A taxpayer that is unable to participate in a scheduled informal hearing, either in person or telephonically, shall be given at least two additional opportunities to participate on one of two alternative dates provided by the county assessor, each on a different day of the week, before the county assessor or an authorized representative of the county assessor. The assessor shall issue a written decision in the matter disputed within seven (7) calendar days of the date of the informal hearing and shall provide by regular or electronic mail a copy of the decision to the taxpayer. The decision shall clearly be marked with the date it was mailed. Within fifteen (15) calendar days of the date the decision is mailed, the taxpayer may file an appeal with the county board of equalization. The appeal shall be made upon a form prescribed by the Oklahoma Tax Commission. One copy of the form shall be mailed or delivered to the county assessor and one copy shall be mailed or delivered to the county board of equalization. On receipt of the notice of an appeal to the county board of equalization by the taxpayer, the county assessor shall provide the county board of equalization with all information submitted by the taxpayer, data supporting the disputed valuation and a written explanation of the results of the informal hearing.

Version 2 (amended by Laws 2022, HB 2627, c. 335, eff. November 1, 2022)
A. If the county assessor increases the valuation of any personal property above that returned by the taxpayer, or in the case of real property increases the fair cash value or the taxable fair cash value from the preceding year, or pursuant to the requirements of law if the assessor has added property not listed by the taxpayer, the county assessor shall notify the taxpayer in writing of the amount of such valuation as increased or valuation of property so added. Provided, if the county assessor determines that a mailing to property owners exempt from payment of ad valorem tax pursuant to Sections 8E and 8F of Article X of the Oklahoma Constitution would create an undue burden, then the county assessor may suspend notifications to those property owners.

B. For cases in which the taxable fair cash value or fair cash value of real property has increased, the notice shall include the fair cash value of the property for the current year, the taxable fair cash value for the preceding and current year, the assessed value for the preceding and current year and the assessment percentage for the preceding and current year.

C. For cases in which the county assessor increases the valuation of any personal property above that returned by the taxpayer, the notice shall describe the property with sufficient accuracy to notify the taxpayer as to the property included, the fair cash value for the current year, the assessment percentage for the current year, any penalty for the current year pursuant to subsection C of Section 2836 of this title and the assessed value for the current year.

D. The notice shall be mailed to the taxpayer at the taxpayer's last-known address and shall clearly be marked with the mailing date. The assessor shall have the capability to duplicate the notice, showing the date of mailing. Such record shall be prima facie evidence as to the fact of notice having been given as required by this section.

E. The taxpayer shall have thirty (30) calendar days from the date the notice was mailed in which to file a written protest with the county assessor specifying objections to the increase in fair cash value or taxable fair cash value by the county assessor; provided, in the case of a scrivener's error or other admitted error on the part of the county assessor, the assessor may make corrections to a valuation at any time, notwithstanding the thirty-day period specified in this subsection. The protest shall set out the pertinent facts in relation to the matter contained in the notice in ordinary and concise language and in such manner as to enable a person of common understanding to know what is intended. The protest shall be made upon a form prescribed by the Oklahoma Tax Commission.

F. A taxpayer may file a protest if the valuation of property has not increased or decreased from the previous year if the protest is filed on or before the first Monday in April. Such protest shall be made upon a form prescribed by the Oklahoma Tax Commission.

G. At the time of filing a protest pursuant to subsections E and F of this section, the taxpayer shall also file the form provided for in Section 2835 of this title. If the taxpayer fails to file the required form, a presumption shall exist in favor of the correctness of the county assessor's valuation in any appeal of the county assessor's valuation.

H. The county assessor shall schedule an informal hearing with the taxpayer to hear the protest as to the disputed valuation or addition of omitted property. The informal hearing may be held in person or may be held telephonically, if requested by the taxpayer. A taxpayer that is unable to participate in a scheduled informal hearing, either in person or telephonically, shall be given at least two additional opportunities to participate on one of two alternative dates provided by the county assessor, each on a different day of the week, before the county assessor or an authorized representative of the county assessor. The assessor shall issue a written decision in the matter disputed within seven (7) calendar days of the date of the informal hearing and shall provide by regular or electronic mail a copy of the decision to the taxpayer. The decision shall clearly be
marked with the date it was mailed. Within fifteen (15) calendar days of the date the decision is mailed, the taxpayer may file an appeal with the county board of equalization. The appeal shall be made upon a form prescribed by the Oklahoma Tax Commission. One copy of the form shall be mailed or delivered to the county assessor and one copy shall be mailed or delivered to the county board of equalization. On receipt of the notice of an appeal to the county board of equalization by the taxpayer, the county assessor shall provide the county board of equalization with all information submitted by the taxpayer, data supporting the disputed valuation and a written explanation of the results of the informal hearing. (68 O.S. § 2876)

Section 950.4. Mandatory Reporting of Protests Filed by Taxpayers - Qualifications - Inclusions.

A. On or before the first day of June each year, the county assessor of each county shall prepare and mail to each school district and recipient tax jurisdiction a report listing protests filed by taxpayers pursuant to subsection F of Section 2876 of Title 68 of the Oklahoma Statutes which concern a fair cash value of personal property as determined by the county assessor that exceeds Three Million Dollars ($3,000,000.00). The report shall be sent, in writing, to the treasurer or chief financial officer of each school district and each recipient tax jurisdiction of ad valorem tax revenue. At the county assessor's discretion, in lieu of regular mail, the county assessor may instead send the report to a school district or recipient tax jurisdiction by electronic mail provided the treasurer or chief financial officer of the school district or recipient tax jurisdiction has submitted a written request to receive such reports by electronic mail instead of by regular mail.

B. The report required in subsection A of this section shall include the following information:

1. A list of the protests filed with the county assessor at the time of the report;
2. The value under protest for each of the protests filed with the county assessor at the time of the report; and
3. The estimated amount under protest that would otherwise be apportioned to the taxing jurisdiction. (68 O.S. § 2899.2)

Section 950.5. Mandatory Issuance of Protest Timelines.

At the time a taxpayer files a protest pursuant to Section 2876 of Title 68 of the Oklahoma Statutes, the taxpayer shall be provided a schedule of the protest timeline which shall include all deadlines and the consequences of failing to meet each deadline. The Oklahoma Tax Commission may prescribe a standard schedule for the county assessors to distribute. (68 O.S. § 2876.1)

Section 950.6. Creation of Court of Tax Review.

A. There is hereby re-created a Court of Tax Review. For each case brought before the Court of Tax Review, the Chief Justice of the Oklahoma Supreme Court shall assign the case to a judicial administrative district in which no property that is the subject of the case is located. The presiding judge of the judicial administrative district to which the case is assigned shall appoint a panel of three (3) judges of the district court or of any judicial administrative district who are active or retired judges qualified to preside over such cases, who shall determine in what county the case will be heard. A majority of the three-judge panel shall be required to render a decision in each case. A decision in each case shall be made within twelve (12) months of the case being assigned to the three-judge panel. The Oklahoma Supreme Court shall establish court rules for the Court of Tax Review and the Clerk of the Oklahoma Supreme Court shall serve as Clerk of the Court of Tax Review.
B. The Court of Tax Review is hereby vested with jurisdiction over and shall hear:

1. Complaints challenging an order of the county board of equalization sustaining a valuation of real or personal property with a fair cash value as determined by the county assessor in excess of Three Million Dollars ($3,000,000.00) as authorized by Section 2880.1 of this title, for which a scheduling conference shall be required within twenty (20) days of the answer filed by the county assessor;

2. Complaints regarding valuation of public service corporation property by the State Board of Equalization as authorized by Section 2881 of this title, for which a scheduling conference shall be required within twenty (20) days of the answer filed by the State Board of Equalization;

3. Complaints regarding actions of the State Board of Equalization regarding either intracounty or intercounty property value equalization as authorized by Section 2882 of this title; and

4. Appeals as authorized by Section 2830 of this title concerning Category 2 or Category 3 noncompliance as determined by the Oklahoma Tax Commission. The Court of Tax Review shall determine if a county deemed to be in Category 3 noncompliance is required to reimburse the Oklahoma Tax Commission from the county assessor's budget for all costs incurred as a result of the assumption of the valuation function by the Commission.

C. The Court of Tax Review shall prescribe procedures for the purpose of hearing properly filed protests against alleged illegal levies, as shown on the annual budgets filed with the State Auditor and Inspector. The Court shall reconvene as often as deemed necessary by the Court until final determination has been made as to all protested levies. The judges shall be paid their traveling and living expenses while acting as members of the Court, out of the funds now provided by law for payment of district judges' expenses when holding court outside the counties of their residence. Decisions of the Court of Tax Review concerning alleged illegal levies shall be subject to the provisions of Sections 3025, 3026, 3027, 3028 and 3029 of this title.

D. The Court of Tax Review as it existed prior to July 1, 1997, shall cease to exist and all duties and responsibilities of such court, except as provided in this section, shall be transferred to the Court of Tax Review as re-created in this section.

E. All cases which have not been submitted for determination in the Court of Tax Review as it existed prior to July 1, 1997, shall be transferred to the Court of Tax Review as it exists after July 1, 1997, for disposition. All cases which have been submitted by the parties for determination in the Court of Tax Review prior to July 1, 1997, shall remain with the panel to which they have been assigned for final determination. (68 O.S. § 3024)

Section 950.7. Right to Appeal - Notice of Appeal - Duty of District Attorney - Presumption.

A. Both the taxpayer and the county assessor shall have the right of appeal from any order of the county board of equalization sustaining a valuation of real or personal property at a fair cash value as determined by the county assessor in excess of Three Million Dollars ($3,000,000.00) to the Court of Tax Review, and right of appeal of either may be either upon questions of law or fact including value, or upon both questions of law and fact. Appeals from any other order of the county board of equalization shall be filed in the district court of the same county. The county assessor is the proper party defendant in any appeal to the district court or Court of Tax Review brought by the taxpayer. The taxpayer is the proper party defendant in any appeal to the district court or Court of Tax Review brought by the county assessor. In either case, the county board of equalization shall not be considered a party in any litigation from an appeal brought pursuant to this section. In case of appeal the trial in the district court or Court of Tax Review shall be de novo. Provided, the county assessor shall not be permitted to appeal an order of the county board of equalization upon a question of the constitutionality of a law upon which the board based
its order, but the county assessor is hereby authorized in such instance to request a declaratory judgment to be rendered by the district court or Court of Tax Review in cases involving real or personal property with a fair cash value as determined by the county assessor in excess of Three Million Dollars ($3,000,000.00).

B. Notice of appeal shall be filed with the county clerk as secretary of the county board of equalization, which appeal shall be filed in the district court or Court of Tax Review, as the case may be, within thirty (30) calendar days of the date the board of equalization order was mailed, or in the event that the order was delivered, from the date of delivery. It shall be the duty of the county clerk to preserve all complaints and to make a record of all orders of the board and both the complaint and orders shall be a part of the record in any case appealed to the district court or Court of Tax Review from the county board of equalization.

C. Either the taxpayer or the county assessor may appeal from the district court or Court of Tax Review to the Supreme Court, as provided for in the Code of Civil Procedure, but no matter shall be reviewed on such appeal which was not presented to the district court or Court of Tax Review.

D. In such appeals to the district court or Court of Tax Review and to the Supreme Court and in requests for declaratory judgment it shall be the duty of the district attorney to appear for and represent the county assessor. The General Counsel or an attorney for the Tax Commission may appear in such appeals or requests for declaratory judgment on behalf of the county assessor, either upon request of the district attorney for assistance, or upon request of the county assessor. It shall be the mandatory duty of the board of county commissioners and the county excise board to provide the necessary funds to enable the county assessor to pay the costs necessary to be incurred in perfecting appeals and requests for declaratory judgment made by the county assessor to the courts.

E. In all appeals taken by the county assessor the presumption shall exist in favor of the correctness of the county assessor's valuation and the procedure followed by the county assessor. (68 O.S. § 2880.1)

Section 950.8. Appeal.

A. Upon receipt of an appeal from action by the county assessor on the form prescribed by the Oklahoma Tax Commission, the secretary of the county board of equalization shall fix a date of hearing, at which time said board shall be authorized and empowered to take evidence pertinent to said appeal; and for that purpose, is authorized to compel the attendance of witnesses and the production of books, records, and papers by subpoena, and to confirm, correct, or adjust the valuation of real or personal property or to cancel an assessment of personal property added by the assessor not listed by the taxpayer if the personal property is not subject to taxation or if the taxpayer is not responsible for payment of ad valorem taxes upon such property. The secretary of the board shall fix the dates of the hearings provided for in this section in such a manner as to ensure that the board is able to hear all complaints within the time provided for by law. In any county with a population less than three hundred thousand (300,000) according to the latest Federal Decennial Census, the county board of equalization shall provide at least three dates on which a taxpayer may personally appear and make a presentation of evidence. At least ten (10) days shall intervene between each such date. No final determination regarding valuation protests shall be made by a county board of equalization until the taxpayer shall have failed to appear for all three such dates. The county board of equalization shall be required to follow the procedures prescribed by the Ad Valorem Tax Code or administrative rules and regulations promulgated pursuant to such Code governing the valuation of real and personal property. The county board of equalization shall not modify a valuation of real or personal property as established by the county assessor unless such modification is explained in writing upon a form prescribed by the Oklahoma Tax Commission. The affidavits prescribed in paragraph 2 of subsection E of this section will be maintained by the county board of equalization as part of the hearing record. Each decision of the county board of equalization shall be explained in writing upon a form prescribed by the
Oklahoma Tax Commission. The county board of equalization shall make a record of each proceeding involving an appeal from action by the county assessor either in transcribed or tape recorded form.

B. In all cases where the county assessor has, without giving the notice required by law, increased the valuation of property as listed by the taxpayer, and the taxpayer has knowledge of such adjustment or addition, the taxpayer may at any time prior to the adjournment of the board, file an appeal in the form and manner provided for in Section 2876 of this title. Thereafter, the board shall fix a date of hearing, notify the taxpayer, and conduct the hearing as required by this section.

C. The taxpayer or agent may appear at the scheduled hearing either in person, by telephone or other electronic means, or by affidavit.

D. If the taxpayer or agent fails to appear before the county board of equalization at the scheduled hearing, unless advance notification is given for the reason of absence, the county shall be authorized to assess against the taxpayer the costs incurred by the county in preparation for the scheduled hearing. If such costs are assessed, payment of the costs shall be a prerequisite to the filing of an appeal to the district court or Court of Tax Review. A taxpayer that gives advance notification of their absence shall be given the opportunity to reschedule the hearing date.

E. 1. In order to increase taxpayer transparency, a member of the board of equalization shall not directly or indirectly communicate with the county assessor or any deputy assessor or designated agent on any matter relating to any pending appeal before the board of equalization prior to the actual hearing.

2. Prior to the presentation of any evidence at a county board of equalization hearing, each member of the board hearing the protest must sign an affidavit stating the member is not in violation of paragraph 1 of this subsection.

3. Prior to the presentation of any evidence at a county board of equalization hearing, all parties to the proceeding must sign an affidavit stating that the evidence being presented is true to the best of their belief and knowledge.

4. The provisions of paragraph 1 of this subsection shall not apply to a routine communication between the county assessor and the board of equalization that relates to the administration of an appraisal roll, including a communication made in connection with the certification, correction, or collection of an account that is not the subject of a pending appeal.

5. The affidavit required in paragraph 2 of this subsection shall be in the following form: "My name is [insert name]. I have not communicated with another person in violation of subsection E of Section 2877 of Title 68 of the Oklahoma Statutes."

6. The affidavit required in paragraph 3 of this subsection shall be in the following form: "My name is [insert name]. The information I will present today is true and correct to the best of my belief and knowledge." (68 O.S. § 2877)

**Section 950.9. False or Fraudulent Lists of Taxable Property - Failure or Refusal to Allow Inspection.**

A. If any person shall knowingly and willfully make or give under oath or affirmation a false and fraudulent list of taxable personal property, or a false and fraudulent list of any taxable personal property under the control of the person or required to be listed by the person, or shall knowingly and willfully make false answer to any question which may be put under oath by any person, board or commission authorized to examine persons under oath in relation to the value or amount of any taxable personal property, the person shall be deemed guilty of the felony of perjury, and upon conviction shall be punished as is provided by law for the punishment of the felony of perjury.
B. If any taxpayer, or any official, employee, or agent of the taxpayer, shall fail or refuse, upon proper request, to permit the inspection of any property or the examination of any books, records and papers by any person authorized by the Ad Valorem Tax Code to do so, or shall fail or refuse to comply with any subpoena duces tecum legally issued under authority of this Code, the taxpayer shall be stopped from questioning or contesting the amount or validity of any assessment placed upon the property of the taxpayer to the board of equalization. Nothing in this section shall impair or impede the right of the taxpayer to appeal any order of the board of equalization to the district court or Court of Tax Review as provided for in Section 2880.1 of this title. (68 O.S. § 2945)

Section 951. Boundaries of School Districts.

The county assessor shall maintain and use the current boundary descriptions of each and every school district or part of a district in the county furnished by the State Department of Education pursuant to Section 4-104 of Title 70 of the Oklahoma Statutes. (68 O.S. § 2815.2)

Section 952. “Estimate Made and Approved” - Defined.

The term “estimate made and approved” as used herein, is defined to mean the itemized statement of the estimated needs of a municipality for its current expenses for the ensuing fiscal year, as approved and fixed by the excise board or by vote of the municipality, adding thereto the amount necessary to create a sinking fund to meet maturing bonds, judgments and interest coupons, but the amount or limit to which warrants and certificates of indebtedness may be issued, shall not include the ten percent (10%) to be added to the estimate for delinquent taxes. (62 O.S. § 473)

Section 953. “Appropriation” - Defined.

The term “appropriation” as used in Sections 2482-24113** of this Code is hereby declared to be synonymous with “estimate made and approved,” as defined in 62 O.S. 1961, Sec. 473, and the provisions, requirements, limitations and penalty of 62 O.S. 1961, Secs. 471 through 480, are hereby specifically declared to extend to and embrace “appropriations” as herein defined. (68 O.S. § 3001) (** now 3001 to 3033)

Section 954. Time for Making Estimates.

A. Notwithstanding the provisions of the School District Budget Act, each board of county commissioners and the board of education of each school district, shall, prior to October 1 of each year, make, in writing, a financial statement, showing the true fiscal condition of their respective political subdivisions as of the close of the previous fiscal year ended June 30th, and shall make a written itemized statement of estimated needs and probable income from all sources including ad valorem tax for the current fiscal year. Such financial statement shall be supported by schedules or exhibits showing, by classes, the amount of all receipts and disbursements, and shall be sworn to as being true and correct. The statement of estimated needs shall be itemized so as to show, by classes: first, the several amounts necessary for the current expenses of the political subdivision and each officer and department thereof as submitted in compliance with the provisions of Section 3004 of this title; second, the amount required by law to be provided for sinking fund purposes; third, the probable income that will be received from all sources, including interest income and ad valorem taxes; and shall be detailed in form and amount so as to disclose the several items for which the excise board is authorized and required, by this article, to approve estimates and make appropriations.

B. Each municipality that does not prepare an annual audit pursuant to Section 17-105 of Title 11 of the Oklahoma Statutes shall make a financial statement as required by this section. Every municipality shall adopt a budget, which shall contain estimates of expenditures and revenues, including probable income by source, for the budget year; provided, that all municipalities may use estimated fund balances if final certified fund balances are not available. The budget shall be in a format similar to the estimate of
needs or, at the municipality’s discretion, to Sections 17-207 and 17-212 through 17-214 of Title 11 of the Oklahoma Statutes. This section shall not apply to any municipality that has opted to prepare a budget pursuant to the Municipal Budget Act.

C. Each budget and each financial statement and estimate of needs for each county, city, incorporated town, or school district, as prepared in accordance with this section, shall be published in one issue in some legally qualified newspaper published in such political subdivision. If there be no such newspaper published in such political subdivision, such statement and estimate shall be so published in some legally qualified newspaper of general circulation therein; and such publication shall be made, in each instance, by the board or authority making the estimate.

D. The financial statements and estimates of all counties shall be filed with the county excise board on or before August 17 of each year; and the financial statements and budgets of all incorporated towns shall be filed with the county excise board on or before August 22 of each year; and the financial statements and budgets of all cities shall be filed with the county excise board on or before August 27 of each year; and the financial statements and estimates of all school districts shall be filed with the county excise board on or before October 1 of each year. Said financial statements and estimates shall have attached thereto an affidavit showing the publication thereof as required herein, or they may be filed and the said affidavit attached thereto at any time within five (5) days after the filing thereof. (68 O.S. § 3002)

School Board may employ skilled persons to help prepare annual budget. (AG Op. June 19, 1940)

School district’s estimate of needs should be made by school district board, not by county excise board. (AG Op. July 19, 1939)

The county excise board may properly correct or change a budget after it has been filed with the State Auditor, after a protest has been filed, or after the expiration of the forty day protest period, but not after the appropriation and levy becomes final and the tax has been spread on the tax rolls and collection thereof commenced. (AG Op. July 18, 1936)

Section 955. Estimate of Non-Tax Income for Budget - Federal Funds.

A. It shall be unlawful for the governing board of any county, city, town, school district, or other governmental subdivision of this state, in preparation of its budget for any fiscal year, to estimate as probable income from sources other than ad valorem tax of such governmental subdivision of the state and other than any excise or other tax assessed by legislative enactment and distributed in lieu of ad valorem taxes, any revenue from nonrecurrent sources, regardless of such collections in the immediately preceding fiscal year to be derived from or the result of sales, forfeitures, penalties, gifts, federal aid allotments of every kind, windfalls, seizures, sheriff’s sales, court actions whether civil or criminal, injunctions or protests won or released by dismissal, or from any other such source not normally recurrent year after year and so made recurrent by legislative enactment. Provided, that upon a finding by the governing board of any county, city, town, school district, or other governmental subdivision of this state, that a source of income, although nonrecurrent, will actually be available for the next ensuing fiscal year, the board may include such income in its estimate of probable income. Provided that shared revenues of the federal government, if ascertainable, shall be allowed to be included in the estimates. It shall also be unlawful for any excise board to approve or require the same, or for any supervisory state board, commission, or officer, or for any agent or employee of either thereof to countenance, approve, or require the same or to diminish in any degree the distribution or allotment of state revenues or appropriations by reason of such collections in a prior year or prospect of such collections in the ensuing year; nor shall any revenue received by a school district from gross production taxes during the immediately preceding fiscal year, which was payable to such district in another year or years, be considered as minimum program income of such district for state aid purposes. The provisions of Section 21 of Title 21 of the Oklahoma Statutes shall be applicable where the foregoing prohibitions are disregarded. Revenue received by a school district during the immediately preceding year, which was earned by, or which was payable to, such school district in another year or years, shall not be considered as minimum program income of such district for state aid purposes.
B. All funds received by counties, cities, towns, or other subdivisions of government in the State of Oklahoma, hereinafter referred to as the recipient government, from the federal government pursuant to the distribution of funds authorized by the state shall be deposited in the treasury of the recipient government in a fund which shall be recorded and accounted for separately and apart from all other funds. Principal and interest received from investments of the federal monies, proceeds from the sale of assets purchased from the federal monies and other miscellaneous income derived from the direct operation of the federal monies may be deposited in the fund from which the federal monies were deposited if required by the federal government or by the governing board of the recipient government.

The unappropriated cash balance on hand may be appropriated as needed upon the request of the governing board of the recipient government and approval by the county excise board, provided, if the governing board of the recipient government determines the need to do so, it may estimate the amount remaining to be collected from its entitlement from federal funds during the remainder of its fiscal year and include such estimate in its request for appropriations. The estimate shall not exceed the amount of the entitlement which is to be received during the remainder of the recipient government’s fiscal year or, if the amount of the entitlement has not been certified, ninety percent (90%) of such funds received during a corresponding period of the previous fiscal year; provided that if the entitlement is less than that estimated or if the entitlement to be collected during the recipient government’s fiscal year, in addition to the unappropriated cash balance, is reduced below the amount appropriated for the fiscal year, the governing board of the recipient government shall request the county excise board for an adequate reduction of appropriations in the fund.

All disbursements made from the fund in which federal monies are deposited shall be made in the same manner as those made from the general fund of the recipient government; provided that, no warrants shall be drawn on the fund unless sufficient monies are available to pay the warrants.

All forms and procedures necessary for the effective operation of this act shall be prescribed by the office of the State Auditor and Inspector.

C. All monies distributed by the federal government and received by any state agency, board, or commission to administer and distribute to counties, cities, towns, or other subdivisions of the government in the State of Oklahoma, hereinafter referred to as the recipient government, that do not follow procedures in subsection B of this section may utilize the letter of commitment appropriation process as specified in this subsection. The recipient government shall receive approval for the program as required by the agency, board, or commission administering the program and by the federal government, if required. Once approved, the state agency, board or commission may authorize a letter of commitment of federal monies available to the recipient government. The Excise Board may approve an appropriation in the amount of the letter of commitment. Each recipient government may establish a separate appropriation within a special revenue fund designated for federal monies. The recipient government may encumber funds in an amount not to exceed the sum of the total letter of commitment, which is a binding commitment of funding which the recipient government will receive for the project or projects eligible for such federal funding. The encumbrance of funds authorized by this section shall be made in accordance with procedures prescribed by the State Auditor and Inspector and shall be administered in accordance with rules and regulations concerning such distribution adopted by the federal government and the state agency, board, or commission. Any expenditure incurred by the recipient government using the letter of commitment appropriation process and disallowed by the federal government or state agency, board, or commission administering the funds shall be paid by the recipient government. (68 O.S. § 3003)

Section 956. Apportionment of Millage.

A. The county treasurer shall in all cases, except those provided for in subsection B of this section, where taxes are a lien upon real property and are unpaid on the first day of April of any year proceed, as hereinafter provided, to advertise and sell such real estate for such taxes, special assessments
and costs, and shall not be bound before so doing to proceed to collect by sale all personal taxes on personal property which are by this Code made a lien on realty, but shall include such personal tax with that due on the realty, and shall sell the realty for all of said taxes and special assessments.

B. In counties with a population in excess of one hundred thousand (100,000) persons according to the most recent federal decennial census, the county treasurer shall not conduct a tax sale of such real estate where taxes are a lien upon real property if the following conditions are met:

1. The real property contains a single-family residential dwelling;
2. The individual residing on the property is sixty-five (65) years of age or older and owes the taxes due on the realty;
3. The real property is not currently being used as rental property;
4. The individual living on the property has an annual income that does not exceed the HHS Poverty Guidelines as established each year by the United States Department of Health and Human Services that are published in the Federal Register and in effect at the time that the proposed tax sale is to take place; and
5. The fair market value of the real property as reflected on the tax rolls in the office of the county assessor does not exceed One Hundred Twenty-five Thousand Dollars ($125,000.00).

C. It shall be the duty of the individual owning property subject to the provisions of subsection B of this section to make application to the county treasurer for an exemption from a tax sale no later than sixty (60) days prior to the date the property is scheduled to be sold. It shall also be the duty of the individual to provide evidence to the county treasurer that the individual meets the financial requirements outlined in paragraph 4 of subsection B of this section to qualify for the exemption. Any individual claiming the exemption provided in this section shall establish eligibility for the exemption each year the exemption is claimed.

D. Taxes, interest and penalties will continue to accrue while the exemption is claimed. The exemption from sale of property described in this section shall no longer be applicable and the county treasurer shall proceed with the sale of such real estate if any of the conditions prescribed in this section are no longer met.

E. Every notice of tax sale or tax resale shall contain language approved by the Office of the State Auditor and Inspector informing the taxpayer of the provisions of this section. (68 O.S. § 3105)

Section 957. Excise Board to Make Estimates.

Should any municipality fail to make and submit an estimate as herein provided, the county excise board shall have authority to make an appropriation for current expense and sinking fund purposes and make such levy therefore as it may find necessary to meet the probable needs of such municipality, provided that no such estimate shall be approved until the same shall have been by the county excise board advertised in like manner to items that shall be added to or be increased in an estimate. (68 O.S. § 3016)

Section 958. Certifying Appropriation - Warrants in Excess of Prohibited.

The secretary of the excise board shall immediately certify each appropriation as made by excise board to the clerk or other issuing officer of the municipality for which the same is made. The several items of the estimate as made and approved by the excise board for each fiscal year shall constitute and are hereby declared to be an appropriation of funds for the several and specific purposes named in such estimate, and the appropriations thus made shall not be used for any other fiscal year or purposes whatsoever, except as provided in the preceding section. Each clerk or other issuing officer shall open and keep an account for
the amount of each item of appropriation, showing the purpose for which the same is appropriated, and the date, number, and amount of each warrant thereon. No warrant or certificate of indebtedness in any form shall be issued, approved, signed or attested, on or against any appropriation for a purpose other than that for which the said item of appropriation was made, or in excess of the amount thereof. (68 O.S. § 3019)

Encumbrance ledger which reflected that total encumbrances that were nearly $60,000 more than original amount appropriated did not prove “warrant or certificate of indebtedness” was issued in excess of amount appropriated. Patrick v. State Board of Education, 842 P.2d 767 (Okla. App. 1992)

Section 959. Temporary Appropriations.

A. The excise boards of the various counties in the state may convene at any time after the beginning of any fiscal year, upon call of the chairman of the board, for the purpose of approving temporary appropriations for the counties, cities, school districts and other municipal subdivisions of the state. Whenever the governing board of any such county, city, school district or other municipal subdivision of the state shall present to the excise board of such county or of the county in which any such city, school district or other municipal subdivision is located in whole or in part, a verified application showing that the needs of such county, city, school district or other municipal subdivision so require, such excise board may make temporary appropriations for lawful current expenses of such county, city, school district or other municipal subdivision.

B. Warrants or checks may be drawn against such temporary appropriations pending action by the excise board upon the annual estimate of needs and budget of such county, city, school district or other municipal subdivision for such fiscal year. The amount which may be appropriated by such temporary appropriations shall in no event exceed the entire amount which the governing board, making the application, estimates will be available for the entire fiscal year for each purpose for which a temporary appropriation is requested; provided, however, the limitation on appropriations and any requirement for request or approval of temporary appropriations shall not apply to any city or town if the revenue from the ad valorem tax to the municipal general fund amounted to less than five percent (5%) of the total revenues accruing to the municipal general fund during the prior fiscal year. Such cities and towns may pay for lawful current expenditures pursuant to the estimate of needs as filed by the city or town and pending final action of the excise board.

C. Any such temporary appropriations so approved by the excise board of any county shall, when the annual budget for such county, city, school district or other municipal subdivision is finally approved, be merged in the annual appropriations for the same purposes and any warrant which has been, in the meantime, drawn against such temporary appropriations shall be charged against the final approved annual appropriations of such county, city, school district or other municipal subdivision for the said current fiscal year. (68 O.S. § 3020)

Section 960. Supplemental Appropriations.

Whenever the public welfare or the needs of any county, city, town, or school district shall require, the excise board may, on call of the chair, convene at any time for the purpose of making supplemental or additional appropriations for current expense purposes; provided, that all such appropriations authorizing the creation of an indebtedness shall come within the limitations of Section 26, Article X, Oklahoma Constitution. No supplemental or additional appropriation shall be made for any county, city, town or school district in excess of the income and revenue provided or accumulated for the year. As to all such proposed appropriations the following procedure shall be followed:

First: The proper officers of the county, city, town or school district shall make and file with the excise board a financial statement showing its true fiscal condition as at the close of the month next preceding or as of May 15 or June 20, or both said dates, preceding the date of filing, and shall submit there with a statement of the amount and purpose for which each proposed supplemental appropriation is to be
used. The financial statement shall show, as to current expense or general fund, the amount of cash in the treasury; the amount of taxes in process of collection as to which the date of sale for delinquency has not elapsed; the amount of the uncollected portion of the estimated income other than ad valorem tax as fixed by the excise board for the current fiscal year; the amount of warrants outstanding and an estimate of the interest accrued and accruing thereon; the amount of unexpended balance of all appropriations for current expense purposes as to which a period of six (6) months has not elapsed from the date of the close of the fiscal year for which the appropriation was available; and the surplus or deficit in revenue, if any, in each fund.

Second: If the financial statement herein required shall correctly reflect a surplus in revenue in any fund available for current expenses, and the excise board shall so affirmatively find, it may make supplemental appropriations to an amount not exceeding the aggregate of such surplus.

Third: If the surplus of revenue, as found and determined by the excise board, shall be insufficient for the additional needs and requirements of the county, or other municipal subdivision, the excise board shall have the power and authority to revoke and cancel in whole, or in part, any appropriation or appropriations, or parts thereof, previously made to any officer or department of government of any county, city, town or school district and to make in lieu thereof such supplemental and additional appropriations for current expense purpose as the interest of the public may require; provided, that no appropriation or part thereof shall be revoked or canceled against which there may be an unpaid claim or contract pending. The total amount of all such appropriations shall not exceed the aggregate of the amount of appropriations so revoked or canceled, and the surplus or unappropriated revenue, if any, of the county, city, town or school district for which it is proposed to make such additional appropriation; provided, that before any appropriation or part thereof shall be revoked or canceled, the officer or officers in charge of the office or department of government for which any such appropriation is available shall be notified of the proposed revocation or cancellation, and shall be afforded an opportunity, if so desired, to appear before the excise board and protest against such proposed action. As to counties, cities and school districts, the financial statement and request for supplemental appropriations herein required to be filed with the excise board shall be published at least one time in some newspaper of general circulation in the county or city for which made. The publication shall be made at least three (3) days prior to the date on which the excise board shall consider the proposed supplemental or additional appropriations. No appropriations shall be made and considered by the excise board in the absence of the financial statement herein required to be filed.

Fourth: If at any time during the budget year it appears to the county treasurer that there is temporarily insufficient money in a particular fund to meet the requirements of appropriation in the fund, the excise board, upon request of the county treasurer and upon notification to the county commissioners, may temporarily transfer money from one fund to any other fund with the permission of the county officer in charge of the fund that the money will be temporarily transferred from. No transfer shall be made from the debt service fund to any other fund except as may be permitted by the terms of the bond issue or applicable law. Any funds temporarily transferred shall be repaid to the original fund from which they were transferred within the fiscal year that the funds were transferred. (68 O.S. § 3021)
Clerk must execute supplemental estimate in proper form, and if he refuses to perform this duty, he may be compelled to do so by mandamus. (AG Op. May 3, 1940)

The county excise board is authorized to make supplemental appropriation for building purposes for a school district even though the original estimate of such school district contained no appropriation for building purposes. (AG Op. June 9, 1936)

The excise board is not vested with discretion to determine the necessity for supplemental appropriations of school districts. Excise Board of Okla. County v. Board of Educ. of Okla. City, 61 P.2d 693 (Okla. 1936)

Appropriations for independent school districts for the purpose of purchasing building sites are for current expense purpose of said school district, and supplemental appropriations for such purposes are authorized by the provisions of Section 1280, O.S. 1931. (68 O.S. § 24101) Excise Board of Okla. County v. Board of Educ. of Okla. City, 61 P.2d 693 (Okla. 1936)

Funds collected in any fiscal year from general fund tax levies for prior years, in excess of the obligations for which same were originally levied, become a part of the general fund of the year in which collected, and may in proper cases form a basis for making supplemental appropriations the same as any other proper general fund asset. Okla. County Excise Board v. Continental Oil Co., 49 P.2d 540 (Okla. 1935)

Transfer funds received by a school district become a part of the general fund subject to a supplemental appropriation for such uses as other cash in the general fund. (AG Op. May 27, 1936)

The use of the word “may” in this section does not vest the Excise Board with the power to refuse to make supplemental appropriations where the needs therefor are shown to exist where income and revenue provided or accumulated is available for the purpose for which the appropriations are sought; and where the governing body of a school district has certified its needs therefor in the manner provided by law to the Excise Board of Tulsa County v. State, 34 P.2d 267 (Okla. 1934)

Section 961. Court of Tax Review - Issuance of Warrants Pending Protest.

(1) Pending the expiration of the time within which protests may be filed with the State Auditor and Inspector, no warrant shall be issued or debt contracted by any municipality for any purpose except as provided hereinafter: * * *

(c) School districts: For salaries and compensation of officers; for salaries and compensation of teachers and other employees; for office supplies, blank books, stationery and printing; for light, fuel and water; for school supplies, equipment and apparatus; for freight, express and other transportation charges; for repair and maintenance of buildings, grounds and equipment, including capital outlay as defined in Section 2490 of this title; for administrative expense; for transportation of children to and from school; and for payment of insurance. * * *

(2) Pending the final determination of any protested levy, no warrant shall be issued or debt contracted against any contested portion of any fund, except for the purposes hereinbefore provided. (68 O.S. § 3632)

A board of education has authority and can issue warrants for rent on a building leased for school purposes prior to the termination of the 40-day protest period. (AG Op. September 11, 1957)

School districts may issue warrants for maintenance of buildings and grounds during the protest period. However, this merely authorizes school districts to preserve their buildings and grounds and the existing facilities therein and thereon in a good state of repair, but does not authorize contracts for the remodeling of buildings or parts thereof or for the expansion of existing facilities or the addition of new facilities. (AG Op. August 17, 1945)

Section 962. Removal From Office for Exceeding Appropriation.

Any county or municipal officer who in his capacity as an officer or as or through a purchasing officer shall incur or cause to be incurred any indebtedness, purchase order or obligations for any purpose
or for any account in excess of the appropriation available therefor shall forfeit and be removed from office in the manner provided by law for willful maladministration. (62 O.S. § 310.3)

Section 963. Surplus for Unencumbered Balances – Supplemental Appropriations – Cancellation of Appropriations.

Provided all fund balance reserved for unencumbered balances of appropriations for the prior fiscal year on hand at the close of day September 30, may be appropriated by supplemental appropriation to current expense purposes in the current fiscal year in the manner now provided by law. In the event of the recording of an estimated encumbrance or in the event of an increase in the cost price of supplies, equipment, materials, etc., these underestimations may be provided for during the three-months period by the cancellation of appropriations made by the county excise board prior to June 30, subject to the approval both of the governing board and the officer in charge of the department or appropriation account only in instances as hereinabove set forth and only in amounts sufficient to pay such increased encumbrances, and by reappropriation to the appropriation accounts in which an underestimate encumbrance was made, all in the manner as now provided by law for the making of supplemental appropriations. (62 O.S. § 310.5)

A supplemental appropriation may be requested by a county, city, town or school district and appropriated by the proper public entity, up to the close of day September 30 of the next fiscal year; supplemental appropriations are limited to the unencumbered funds on hand at the end of the prior fiscal year and only may be requested to cover underestimating or increases in the cost price of supplies, materials, equipment, etc., of valid claims incurred and approved during the prior fiscal year; statutory exception to the general rule does not permit the incurrence of new indebtedness up to September 30 of the next fiscal year chargeable to the appropriation account of the prior fiscal year. (AG Op. No. 83-215)

Section 964. Appropriations - Transfer of Balances.

If additional or supplemental needs exist in any department or appropriation account of a county, school board of education or municipal government as to any item or items of appropriation therefor, that are immediately urgent, and there exists in any other appropriation account or department of the government unexpended and unencumbered balances of appropriations of less immediately urgent need, the duly-constituted head of such department or officer in charge of an account needing additional or supplemental appropriations, shall make a written request for transfer of appropriation balance or any portion thereof to the governing body. The written request for transfer shall set forth such additional or supplemental needs and the occasion for such needs, together with detail of account items and the amount of each item proposed to be canceled, and the written consent of the department head or officer in charge of the account from which the appropriation or any portion thereof is to be canceled. The approval of the request for transfer by the governing body, without other formality, shall effect cancellation of appropriations in the items and amounts less urgently needed and increase in like total sum to the appropriation accounts or department by items and amounts for such immediately urgent needs. The clerk of the governing body shall notify in writing the clerk of the county excise board of the changes and shall also notify the treasurer and the head of each department affected of the action, and they shall adjust their accounts accordingly. In a municipality, or school board of education, the actions and consent of the respective department heads or officers provided in this section may be performed by the governing body or by persons designated by the governing body. (62 O.S. § 461)

Section 965. Building Fund - Surplus Used to Reduce Tax for Sinking Fund.

When the governing board of any county, city, town or school district shall determine by proper resolution in writing that a surplus exists in any building fund created under the provisions of Section 10, Article X, Oklahoma Constitution, not required for the completion of the purpose for which said taxes were levied and collected, or where said proposed construction has been abandoned, said surplus shall be refunded to the taxpayers by the use thereof by the County Excise Board to reduce the tax levy for the sinking fund of the municipality for which the building fund was created. Provided, that any portion of said
building funds surplus not required to eliminate a sinking fund tax levy for said municipality shall be refunded to the taxpayers by the use thereof to reduce the tax levy for the benefit of the general fund for the same municipality. (62 O.S. § 333)

Section 966. Surplus of Sinking Fund - Transfers.

Where any county, city, town or school district, dependent or independent, has accumulated a surplus in the sinking fund thereof, represented by actual cash on hand in excess of all outstanding bond or judgment indebtedness, both matured and unmatured, including coupon and/or other interest earnings thereon whether matured or unmatured, earned or unearned, or if there be no known bond, coupon, or judgment indebtedness outstanding against it, the county excise board on application of the proper officers thereof is hereby authorized to approve the transfer of said surplus in the sinking fund of said county, city, town, or school district to be used for general fund purposes of the same county, city, town, or school district; provided, that before the excise board shall have authority to consider or approve the application of the governing board for authority to make such transfer, there shall be attached to such application an affidavit and proof of publication of published notice by such governing board of its intention to apply for authority to make such transfer, which published notice shall set forth in detail the condition of the sinking fund thereof or as to the fact of there being no known bond, coupon or judgment indebtedness outstanding. Such notice shall be published in some newspaper of general circulation in such municipality, or in such county if there be no newspaper published in the city, town, or school district. (62 O.S. § 445)

Section 967. Permanent School Fund.

All proceeds of the sale of public lands that have heretofore been or may be hereafter given by the United States for the use and benefit of the common schools of this State, all such per centum as may be granted by the United States on the sale of public lands, the sum of five million dollars appropriated to the State for the use and benefit of the common schools in lieu of sections sixteen and thirty-six, and other lands of the Indian Territory, the proceeds of all property that shall fall to the State by escheat, the proceeds of all gifts or donations to the State for common schools not otherwise appropriated by the terms of the gifts, and such other appropriations, gifts, or donations as shall be made by the Legislature for the benefit of the common schools, shall constitute the permanent school fund, the income from which shall be used for the maintenance of the common schools in the State. The principal shall be deemed a trust fund held by the State, and shall forever remain inviolate. It may be increased, but shall never be diminished. The State shall reimburse said permanent school fund for all losses thereof which may in any manner occur, and no portion of said fund shall be diverted for any other use or purpose. (Article XI, § 2, Okla. Const.)
In selling School Land Trust property, Commissioners of the Land Office must utilize a method of sale which is consistent with their obligation to maximize income from the use and the sale of trust property. (AG Op. No. 96-1)

As trustee of common school lands, state has irrevocable duty to maintain trust estate for sole benefit of beneficiaries and to return full value from use and disposition of trust property. Okla. Education Assoc., Inc. v. Nigh, 642 P.2d 230 (Okla. 1982)

The legislature may not validly alter, modify, or diminish the state, as trustee of school land trust, to administer the trust estate in a manner most beneficial to it and in a manner which yields maximum benefit in return for use of property or loan of trust funds. Okla. Education Assoc., Inc. v. Nigh, 642 P.2d 230 (Okla. 1982)

A state may not use school land trust assets intended for use and benefit of common schools under the Enabling Act to subsidize farming and ranching. The primary purpose of school land trust is the production of income for the support and maintenance of common schools. Okla. Education Assoc., Inc. v. Nigh, 642 P.2d 230 (Okla. 1982)

Section 968. Public Lands - Investment of School Funds.

A. 1. The permanent school funds and other educational funds may be invested in first mortgages upon good and improved farm lands within the state (and in no case shall more than fifty percent (50%) of the reasonable value of the lands, without improvements, be loaned upon any tract).

2. Sufficient monies shall be kept on hand at all times by the Commissioners of the Land Office to close all approved applications for first mortgage loans, as may be approved from time to time by the Commissioners of the Land Office.

B. 1. The Commissioners of the Land Office shall be responsible for the investment of the permanent school funds, other educational funds and public building funds solely in the best interests of the beneficiaries. The Commissioners of the Land Office shall make such investments:

   a. for the exclusive purpose of:

      (1) providing maximum benefits to current and future beneficiaries, and

      (2) defraying reasonable expenses of administering the trust funds,

   b. with the care, skill, prudence and diligence under the circumstances then prevailing that a prudent person acting in a like enterprise of a like character and with like aims would use, and

   c. by diversifying the investments of the trust funds so as to minimize the risk of large losses.

2. The permanent school fund and other educational funds may only be invested in bonds issued in the United States and United States dollar denominated or other investments settled in United States dollars or traded on the United States exchange markets. Until July 2, 2001, the Commissioners of the Land Office shall not invest more than fifty percent (50%) of the permanent common school fund, other educational funds and public building funds in equity securities. On and after July 1, 2001, the investment in securities may be increased by five percent (5%) each year until the investment in equity securities reaches a maximum of sixty percent (60%).

3. The Commissioners shall establish an investment committee. The investment committee shall be composed of not more than three (3) members of the Commissioners of the Land Office or their designee. The committee shall make recommendations to the Commissioners of the Land Office on all matters related to the choice of managers of the assets of the funds, on the establishment of investment and fund management guidelines, and in planning future investment policy. The committee shall have no authority to act on behalf of the Commissioners of the Land Office in any circumstances whatsoever. No recommendations of the committee shall have effect as an action of the Commissioners of the Land Office or take effect without the approval of the Commissioners as provided by law. The Commissioners shall promulgate and adopt on an annual basis an investment plan. The investment plan shall state the criteria for
selecting investment managers, the allocation of assets among investment managers, and established standards of investment and fund management.

4. The Commissioners shall retain qualified investment managers to provide for investment of the fund monies pursuant to the investment plan. Investment managers be chosen by a solicitation of proposals on a competitive bid basis pursuant to standards set by the Commissioners. Subject to the investment plan, each investment manager shall have full discretion in the management of the funds allocated to said investment managers. The funds allocated to investment managers shall be actively managed by them, which may include selling investments and realizing losses if such action is considered advantageous to longer term return maximization. Because of the total return objective, no distinction shall be made for management and performance evaluation purposes between realized and unrealized capital gains and losses.

5. The Commissioners shall take such measures as they deem appropriate to safeguard custody of securities and other assets of the Trusts.

6. By August 1 of each year, the Commissioners shall develop a written investment plan for the trust funds.

7. The Commissioners shall compile a quarterly financial report showing the performance of all the combined funds under their control on a fiscal year basis. The report shall contain a list of all investments made by the Commissioners and a list of any commissions, fees or payments made for services regarding such investments for that reporting period. The report shall be based on market values and shall be compiled pursuant to uniform reporting standards prescribed by the Oklahoma State Pension Commission for all state retirement systems. The report shall be distributed to the Oklahoma State Pension Commission, the Cash Management and Investment Oversight Commission, and the Legislative Service Bureau.

8. Before October 1 of each year, the Commissioners shall publish an annual report of all Trust operations, presented in a simple and easily understood manner to the extent possible. The report shall be submitted to the Governor, the Speaker of the House of Representatives, the President Pro Tempore of the Senate, the State Department of Education and each higher education beneficiary. The annual report shall cover the operation of the Trusts during the past fiscal year, including income, disbursements and the financial condition of the Trusts at the end of each fiscal year on a cash basis. The annual report shall also contain a summary of each Trust’s assets and current market value as of the report date.

9. The Cash Management and Investment Oversight Commission shall review reports prepared by the Commissioners of the Land Office pursuant to this subsection and shall make such recommendations regarding the investment strategies and practices, the development of internal auditing procedures and practices and such other matters as determined necessary and applicable.

10. The Commissioners of the Land Office shall select one custodial bank to settle transactions involving the investment of the funds under the control of the Commissioners of the Land Office. The Commissioners of the Land Office shall review the performance of the custodial bank at least once every year. The Commissioners of the Land Office shall require a written competitive bid every five (5) years. The custodial bank shall have a minimum of Five Hundred Million Dollars ($500,000,000.00) in assets to be eligible for selection. Any out-of-state custodial bank shall have a service agent in the State of Oklahoma so that service of summons or legal notice may be had on such designated agent as is now or may hereafter be provided by law. In order to be eligible for selection, the custodial bank shall allow electronic access to all transaction and portfolio reports maintained by the custodial bank involving the investment of state funds under control of the Commissioners of the Land Office and to the Cash Management and Investment Oversight Commission. The requirement for electronic access shall be incorporated into any contract between the Commissioners of the Land Office and the custodial bank. Neither the Commissioners of the
Land Office nor the custodial bank shall permit any of the funds under the control of the Commissioners of the Land Office or any of the documents, instruments, securities or other evidence of a right to be paid money to be located in any place other than within a jurisdiction or territory under the control or regulatory power of the United States government. *(64 O.S. § 51)*

64 O.S. Supp.2004, § 51.1(D)(5), which requires the CLO to consult with private concessionaires before making its investment decisions impairs the ability of the CLO to invest its funds solely for the benefit of the beneficiaries of the School Land Trust for maximum return and violates applicable provisions of the Oklahoma Constitution and the Enabling Act, and is unconstitutional. *(AG Op. No. 04-31)*

This section provides that the Commissioners of the Land Office may invest in mortgages on farm lands and bonds or other investments. It does not grant authority to invest in timberland or other real estate. *(AG Op. No. 02-36)*

**Section 969. Revenues Used for School Purposes Only.**

Between July 1, 2015, and August 25, 2017, the school districts should have received each month a percentage of the available funds based on the amount each district received in the corresponding month of the 2015 fiscal year. Any excess funds collected during September and December of 2015 and March of 2016 should have been distributed “so that each district shall first receive the cumulative total of the monthly apportionments for which it is otherwise eligible.” Independent School Dist. A member of an independent school district board of education who enters a guilty plea to a felony charge is automatically disqualified from holding that office upon the entering of the guilty plea. Under the provisions of 51 O.S. 2001, it is the appointing authority who determines whether the facts giving rise to a vacancy in office have occurred. The independent school board, the authority authorized to fill such vacancy if it exists, must determine whether a vacancy has occurred. (AG Op. No. 07-43)

A school board has a duty to make a factual determination whether an office is vacant because a board member has a final conviction of a felony or an offense involving his or her official oath. If a board refuses to make such a determination, it can be forced to do so by a writ of mandamus. However, the board cannot declare vacant an ineligible incumbent member’s position without affording the member an opportunity for due process which includes, at a minimum, notice and an opportunity to be heard. (AG Op. No. 01-33)

The appointing authority determines whether facts give rise to a vacancy in office. When there is a dispute over the facts giving rise to the vacancy, the appointing authority must afford the office holder some type of minimal due process. (AG Op. No. 96-98)

Fact of resignation of person from office of member of board of education of independent school district and that vacancy exists in office is determinable by remaining members of board and the board, as then constituted, is authorized to fill vacancy. Bowen v. Brock, 244 P.2d 546 (Okla. 1952)

Board member whose resignation has been accepted cannot continue to serve as board member. (AG Op. May 17, 1951)

Position of member of board of education of independent school district does not become vacant by reason of change of residence, unless board of education is satisfied there has been an actual change of permanent residence, and declares vacancy, but board cannot act arbitrarily in deciding the question. (AG Op. February 11, 1941)

Resignation may be withdrawn before its acceptance. (AG Op. September 13, 1940)

Change of residence is a question of fact, depending upon facts and circumstances of each particular case. (AG Op. January 5, 1939)

Teacher submitted evidence supporting his contention that the pre-termination hearing was perfunctory and that his termination was certain. Likewise, evidence regarding the public and personal costs of attending that hearing is substantial. This evidence establishes that the pre-termination hearing was an “unusually difficult working condition” and “so harmful, detrimental, or adverse to Teacher’s health, safety, or morals, that leaving the work was justified,” entitling Teacher to benefits for unemployment compensation. other bargaining units. Also excluded is any employee position agreed to be excluded from the bargaining unit by the employee organization and the school district.

Provided, if employees categorized according to paragraphs 2 and 3 of this subsection were organized for bargaining as a single unit as of April 14, 1986, or are at any time employed in a district having fewer than seventy-five employees in the two categories taken together, the employees may, for such time as a majority of the employees in each category indicate by secret ballot vote they share a single community of interest, constitute a single appropriate unit. Further provided, any final judgment of the Supreme Court denying such community of interest in any school district shall have the effect of rendering inappropriate all units, in whatever school districts they exist, which include employees of both categories.

B. 1. Within seven (7) business days of receiving a sealed packet containing an employee petition filed by or on behalf of thirty-five percent (35%) or more of the employees in a unit, such petition calling for an election to determine which, if any, employee organization represents the employees in a bargaining unit, the board shall arrange for verification that there are a sufficient number of correct names to constitute at least thirty-five percent (35%) of the employees in the unit. Such arrangements shall include the transmitting of the sealed packet and a list of employees eligible to be included in the bargaining unit to the individual designated pursuant to the provisions of paragraph 2 of this subsection.

2. The petition calling for the secret ballot election shall contain only the names of employees of the bargaining unit who have signed and dated the petition. Within thirty (30) days of receipt of the sealed packet by the district court judge in and for the county in which the school district has its main office, the sealed packet shall be opened and the petition shall be verified by an individual designated by the district judge of such court for the county in which the school district has its main office. Under no circumstances shall the individual so designated reveal the names of employees who signed or did not sign the petition. If an employee has signed more than one petition, the name of the employee shall be removed from each petition.

3. The period of time for signing of a recognition petition shall commence upon receipt of written notification by the local school board from an organization indicating that it intends to circulate a petition and shall cease thirty (30) days thereafter. C. 1. Not less than forty-five (45) days nor more than sixty (60) days after receipt of notification that the petition has been verified as sufficient, a secret ballot election shall be held to determine which, if any, employee organization shall represent the unit. No election shall be held for a unit within which a valid election was held in the preceding two (2) years.

On or after March 2, 1995, the board shall recognize within ten (10) days an organization which has obtained signed authorization from a majority of the employees eligible to be included in the unit but has not been recognized. No election shall be held for such unit within two (2) years of recognition. An appropriate election ballot shall be printed for this election, which contains the names of all employee organizations having presented a petition verified as signed by at least thirty-five percent (35%) of the employees eligible to be in the unit to represent or currently recognized as representing the unit; provided, no such organization shall be shown on the ballot unless the organization pays to the board a filing fee of Two Hundred Fifty Dollars ($250.00). The ballot shall also provide an option whereby any employee of the unit may indicate a preference that the unit not be represented by any organization. Every organization that receives at least fifteen percent (15%) of the vote in the election shall be reimbursed the Two Hundred
Fifty Dollars ($250.00) by the board. The board shall use any remaining filing fee money to help offset the cost of the validation process of the petition, if any, as well as any election costs incurred.

2. When none of the choices on the ballot receives a majority of the votes, a runoff election shall be conducted on the fourteenth day following the first election between the two choices which received the largest number of votes in the preceding election.

3. The employee organization or organizations and the school board shall, by agreement, determine the method by which each election shall be conducted. All costs incurred in an election shall be shared equally by all parties involved.

If no agreement can be reached by thirty (30) days prior to the election, the board of education shall notify the county election board of the county in which the board is located of such fact, and the following method for conducting the secret ballot election shall be followed and conducted by the county election board:

a. At the time of such notice, the board of education shall provide to the county election board:

   (3) the names of each organization entitled to have its name appear on the ballot; and
   (4) the date of the election which shall not be a special election date specified by subsection B of Section 3-101 of Title 26 of the Oklahoma Statutes.

b. Ballots for the election shall be printed by the county election board in the same manner as for other elections conducted by the county election board, insofar as is possible. The names of organizations shall be listed on the ballot in the order in which said names are furnished to the county election board by the board of education. The option specifying that no organization shall represent the employee bargaining unit shall be listed last on the ballot, in such language as may be specified by the board.

c. The secretary of the county election board shall appoint an inspector, judge and clerk for each polling place. The inspector, judge and clerk shall be selected from among the regular precinct officials in the county.

d. Polling places shall be open from 7:00 a.m. to 7:00 p.m. on the day of the election. Any eligible person who appears to vote no later than 7:00 p.m. shall be entitled to vote.

e. Eligible voters may vote after signing their signatures beside their names on the list of names of all the persons eligible to vote in the election. The voter shall place his or her ballot in the ballot box in the presence of the inspector.

f. Each organization entitled to have its name appear on the ballot shall be permitted to appoint one challenger at each polling place. Each such challenger shall be properly identified as such, and shall be limited to inquiring of a prospective voter, said prospective voter’s name, address, job classification and work site. The challenger may challenge the right of any prospective voter to vote by so informing the judge. Upon being so challenged, the prospective voter may vote if, after being informed by the judge of such a challenge, the voter signs his or her signature beside his or her name on the list of names of all the persons eligible to vote in the election. If same occurs, the judge shall write the words “Challenged by ” beside the voter’s signature.
g. The county election board shall certify in writing the results of the election to the board of education on the day following the election and on the same day shall mail a copy of the certification to all employee organizations that have requested copies of the certification.

h. Costs of the election shall be paid to the county election board by the board of education. The costs shall include the regular salaries of the inspector, judge, and clerk, in addition to all other necessary and reasonable costs. Such costs shall include compensation for members of the county election board, including the secretary.

I. Anyone guilty of voting more than one time in the election will be guilty of a misdemeanor and subject to a fine of Two Hundred Dollars ($200.00) or thirty (30) days in the county jail.

4. No employee shall use regularly scheduled duty time for campaign purposes.

5. A list of the employees eligible to vote in the election including their names, addresses, phone numbers, job classification and work site shall be provided not less than fourteen (14) days before the election to each organization listed on the official ballot.

6. Any board or organization challenging the results of any election held pursuant to the provisions of this section shall post with the district court a bond of One Thousand Dollars ($1,000.00) which shall be forfeited if the court finds that the challenge is in bad faith.

7. In any February more than two (2) years after recognition of an organization pursuant to the provisions of this section and upon the receipt of a petition calling for discontinuation of representation signed by thirty-five percent (35%) of the employees eligible to be included in the unit, a board shall call an election to determine whether the members of a unit wish to discontinue being represented for bargaining. If a majority of the votes cast are votes to discontinue representation, efforts to gain recognition by any organization shall be prohibited for a period of two (2) years commencing with the expiration of the contract then in force. The ballots used in such election shall, without reference to any organization by name, offer the single choice of continued representation or discontinuation of representation. (70 O.S. § 509.2)

Where the definition of “testing facility” was in controversy because two bills passed by legislature, during the same legislative session, contained irreconcilably conflicting definitions, the later-amended bill is controlling. The definition of the term “testing facility” does not include on-site drug or alcohol screening tests to screen out negative test results under certain conditions. (AG Op. No. 06-03)

Section 1071. General Provisions.

C. Drug or alcohol testing required by and conducted pursuant to federal law or regulation shall be exempt from the provisions of the Standards for Workplace Drug and Alcohol Testing Act and the rules promulgated pursuant thereto.

D. This act shall not be construed as preventing the negotiation of collective bargaining agreements that provide greater protection to employees or applicants than is provided by this act. (40 O.S. § 553)

Section 1072. Circumstances Permissible For Testing.

Employers may conduct drug and alcohol testing in accordance with the Standards for Workplace Drug and Alcohol Testing Act. Employers who choose to conduct drug or alcohol testing may only request or require an applicant or employee to undergo testing under any of the following circumstances:

4. Random testing: A public or private employer may request or require an employee or all members of an employment classification or group to undergo drug or alcohol testing at random and may limit its random testing programs to particular employment classifications or groups, except that a public employer may require random testing only of employees who:

   a. are police or peace officers,
   b. have drug interdiction responsibilities,
   c. are authorized to carry firearms,
d. are engaged in activities which directly affect the safety of others,

  e. are working for a public hospital including any hospital owned or operated by a municipality, county, or public trust, or

  2. Which applicants and employees are subject to testing;

B. An employer who implements a drug or alcohol testing policy or changes its policy, shall provide at least ten (10) days' notice to its employees by:

  1. Hand-delivery of a paper copy of the policy or changes to the policy;

  2. Mailing a paper copy of the policy or changes to the policy through the U.S. Postal Service or a parcel delivery service to the last address given by the employee or applicant;

Section 1074. Scheduling and Costs of Testing.

Any drug or alcohol testing by an employer shall be deemed work time for purposes of compensation and benefits for current employees.

An employer shall pay all costs of testing for drugs or alcohol required by the employer. Provided, however, if an employee or applicant requests a confirmation test of a sample within twenty-four (24) hours of receiving notice of a positive test in order to challenge the results of a positive test, the employee or applicant shall pay all costs of the confirmation test, unless the confirmation test reverses the findings of the challenged positive test. In such case, the employer shall reimburse the individual for the costs of the confirmation test. (40 O.S. § 556)

Section 1075. State Board of Health to Enforce Act.

3. Procedures for the testing facility to provide the necessary documentation of testing procedures and test results to the employer requesting testing services as may be required by a court or administrative proceeding.

B. Nothing in the Standards for Workplace Drug and Alcohol Testing Act shall be construed as prohibiting an employer from adopting a policy which allows for testing for drugs or alcohol by another method which is reasonably calculated to detect the presence of drugs or alcohol, including, but not limited to, breathalyzer testing, testing by use of a single-use test device, known as an on-site or quick testing device, to collect, handle, store and ship a sample collected for testing. Provided, however, a breathalyzer test shall not be grounds for immediate termination absent a confirmation test. (40 O.S. § 557)

Section 1076. Qualification and Licensing of Testing Facilities.

A. On and after July 1, 1994, no testing facility shall provide laboratory services to an employer to test for the presence or absence of drugs or alcohol unless it meets the qualifications established for testing facilities pursuant to Section 7 of this act and is licensed by the State Department of Health to perform such tests. The State Board of Health shall promulgate rules relating to the issuance of such license, including rules governing license revocation, suspension and nonrenewal.

B. The fees for licensure of testing facilities by the State Department of Health shall be set by the State Board of Health and shall not be more than One Hundred Fifty Dollars ($150.00) annually.

C. Any testing facility providing laboratory services to an employer to test for the evidence of drugs or alcohol which is not licensed by the State Department of Health pursuant to this section shall be subject to an administrative fine of not more than Five Hundred Dollars ($500.00) for each offense. Each test performed by the unlicensed testing facility in violation of this section shall constitute a separate offense. (40 O.S. § 558)
Section 1077. Sample Collecting and Testing.

All sample collection and testing for drugs and alcohol pursuant to the provisions of this act shall be conducted in accordance with the following conditions:

1. Samples shall be collected and tested only by individuals deemed qualified by the State Board of Health and may be collected on the premises of the employer;

3. The collection of samples shall be performed under reasonable and sanitary conditions;

5. Samples shall be collected and tested with due regard to the privacy of the individual being tested. In the instances of urinalysis, no employer or representative, agent or designee of the employer shall directly observe an applicant or employee in the process of producing a urine sample; provided, however, collection shall be in a manner reasonably calculated to prevent substitution or interference with the collection or testing of reliable samples;

6. Sample collection shall be documented, and the documentation procedures shall include:
   a. labeling of samples so as reasonably to preclude the probability of erroneous identification of test results, and
   b. an opportunity for the applicant or employee to provide notification of any information which the applicant or employee considers relevant to the test, including identification of currently or recently used prescription or nonprescription drugs, or other relevant information:

7. Sample collection, storage, and transportation to the testing facility shall be performed so as reasonably to preclude the probability of sample contamination or adulteration;

8. Sample testing shall conform to scientifically accepted analytical methods and procedures. Testing shall include confirmation of any positive test result by gas chromatography, gas chromatography-mass spectroscopy, or an equivalent scientifically accepted method of equal or greater accuracy as approved by Board rule, at the cutoff levels as determined by Board rule, before the result of any test may be used as a basis for refusal to hire a job applicant or any action by an employer pursuant to Section 12 of this act; and

9. A written record of the chain of custody of the sample shall be maintained from the time of the collection of the sample until the sample is no longer required. (40 O.S. § 559)

Section 1078. Disposition of Test Records.

A. Records of all drug and alcohol test results and related information maintained by the employer shall be the property of the employer and, upon the request of the applicant or employee tested, shall be made available for inspection and copying to the applicant or employee. An employer shall not release such records to any person other than the applicant, employee or the employer's review officer, unless the applicant or employee, in writing following receipt of the test results, has expressly granted permission for the employer to release such records in order to comply with a valid judicial or administrative
order. A written record of the chain of custody of the sample shall be maintained from the time of the collection of the sample until the sample is no longer required.

B. A testing facility, or any agent, representative or designee of the facility, or any review officer, shall not disclose to any employer, based on the analysis of a sample collected from an applicant or employee for the purpose of testing for the presence of drugs or alcohol, any information relating to the general health, pregnancy or other physical or mental condition of the applicant or employee.

A testing facility shall release the results of the drug or alcohol test, and any analysis and information related thereto, to the individual tested upon request. *(40 O.S. § 560)*

Records of drug and alcohol test results and related information must be maintained separately from other personnel records and must be kept confidential. *(AG Op. No. 97-79)*

C. An employee discharged on the basis of a refusal to undergo drug or alcohol testing or a positive drug or alcohol test shall be considered to have been discharged for misconduct for purposes of unemployment compensation benefits as provided for in Section 2-406A of this title. In order to prove misconduct, the employer need only provide proof of a testing policy and either a refusal to take a drug or alcohol test or a positive test result.

D. Notwithstanding any provision of law for confidentiality of drug or alcohol testing results, nothing in the Standards for Workplace Drug and Alcohol Testing Act shall preclude an employer, contracting with another employer, from sharing drug or alcohol testing results of any tested person who works pursuant to such contractual agreement. *(40 O.S. § 562)*

**Section 1080. Civil Remedy for Violations.**

A. Any person aggrieved by a willful violation of the Standards for Workplace Drug and Alcohol Testing Act may institute a civil action in a court of competent jurisdiction within one (1) year of the alleged willful violation or be barred from obtaining the relief provided for in subsection B of this section. A willful violation of the Standards for Workplace Drug and Alcohol Testing Act requires proof by the preponderance of the evidence that the employer had a specific intent to violate the act.

B. A prevailing party may be awarded lost wages to which the person would have been entitled and an additional equal amount as liquidated damages. Interim earnings or amounts earnable with reasonable diligence by the aggrieved person shall operate to reduce the lost wages otherwise allowable. Reasonable costs and attorney fees may be awarded to the prevailing party, whether plaintiff or defendant. *(40 O.S. § 563)*

2. In any challenge to a positive drug or alcohol test, the claimant has the burden to prove that the test was not properly conducted. The employer must provide the chain of custody documentation at the request of any claimant challenging his or her test result.

3. When the claimant fails to request a confirmation test pursuant to Section 556 of this title, the claimant shall not be eligible for benefits.

B. In any claim brought by the discharged employee for compensation, a written report of the drug or alcohol test results shall be accepted as prima facie evidence of the administration and results of the drug or alcohol test. If challenged by the claimant as provided in paragraph 2 of subsection A of this section, the written report of the drug or alcohol test results shall be acceptable for presentation as evidence with the chain of custody of the sample properly documented. For health, dental, disability and life coverage, the Board shall offer plans at the basic benefit level established by the Board, and in addition, may offer benefit plans that provide an enhanced level of benefits. The Board shall be responsible for determining the plan design and the benefit price for the plans that they offer. Effective for the plan year beginning January 1, 2017, and for each plan year thereafter, in setting health insurance premiums for active employees and for retirees under sixty-five (65) years of age, the Board shall set the monthly premium for active employees to be equal to the monthly premium for retirees under sixty-five (65) years of age; except that the Board may offer retirees under sixty-five (65) years of age the opportunity to voluntarily enroll in an alternative plan of insurance at a rate that is between One Hundred Dollars ($100.00) less than the monthly premium for active employees and up to One Hundred Dollars ($100.00) more than the monthly premium for active employees. Retirees under the age of sixty-five (65) who enroll in an alternative plan of insurance shall retain the right to enroll in any other health insurance plan offered by the Board for which they might be qualified during a subsequent open enrollment period.

Nothing in this subsection shall be construed as prohibiting the Board from offering additional medical plans, provided that any medical plan offered to participants shall meet or exceed the benefits provided in the medical portion of the basic plan.

C. In lieu of electing any of the preceding medical benefit plans, a participant may elect medical coverage by any health maintenance organization made available to participants by the Board. The benefit price of any health maintenance organization shall be determined on a competitive bid basis. Contracts for said plans shall not be subject to the provisions of The Oklahoma Central Purchasing Act. The Board shall promulgate rules establishing appropriate competitive bidding criteria and procedures for contracts awarded for flexible benefits plans. All plans offered by health maintenance organizations meeting the bid requirements as determined by the Board shall be accepted. The Board shall have the
authority to reject the bid or restrict enrollment in any health maintenance organization for which the Board
determines the benefit price to be excessive. The Board shall have the authority to reject any plan that does
not meet the bid requirements. All bidders shall submit along with their bid a notarized, sworn statement as
provided by Section 85.22 of this title. Effective for the plan year beginning January 1, 2007, and for each
plan year thereafter, in setting health insurance premiums for active employees and for retirees under sixty-
five (65) years of age, HMOs, self-insured organizations and prepaid plans shall set the monthly premium
for active employees to be equal to the monthly premium for retirees under sixty-five (65) years of age.

D. Nothing in this section shall be construed as prohibiting the Board from offering additional
qualified benefit plans or currently taxable benefit plans.

E. Each employee of a participating employer who meets the eligibility requirements for
participation in the flexible benefits plan shall make an annual election of benefits under the plan during an
enrollment period to be held prior to the beginning of each plan year. The enrollment period dates will be
determined annually and will be announced by the Board, providing the enrollment period shall end no later
than thirty (30) days before the beginning of the plan year.

Each such employee shall make an irrevocable advance election for the plan year or the remainder
thereof pursuant to such procedures as the Board shall prescribe. Any such employee who fails to make a
proper election under the plan shall, nevertheless, be a participant in the plan and shall be deemed to have
purchased the default benefits described in this section.

F. The Board shall prescribe the forms that participants will be required to use in making their
elections, and may prescribe deadlines and other procedures for filing the elections.

G. Any participant who, in the first year for which he or she is eligible to participate in the
plan, fails to make a proper election under the plan in conformance with the procedures set forth in this
section or as prescribed by the Board shall be deemed automatically to have purchased the default benefits.
The default benefits shall be the same as the basic plan benefits. Any participant who, after having
participated in the plan during the previous plan year, fails to make a proper election under the plan in
conformance with the procedures set forth in this section or prescribed by the Board, shall be deemed
automatically to have purchased the same benefits which the participant purchased in the immediately
preceding plan year, except that the participant shall not be deemed to have elected coverage under the
health care reimbursement account plan or the dependent care reimbursement account plan.

H. Benefit plan contracts with the Board, health maintenance organizations, and other third
party insurance vendors shall provide for a risk adjustment factor for adverse selection that may occur, as
determined by the Board, based on generally accepted actuarial principles.

I. 1. For the plan year ending December 31, 2004, employees covered or eligible to be
covered under the State and Education Employees Group Insurance Act and the State Employees Flexible
Benefits Act who are enrolled in a health maintenance organization offering a network in Oklahoma City,
shall have the option of continuing care with a primary care physician for the remainder of the plan year if:

a. that primary care physician was part of a provider group that was offered to the individual
at enrollment and later removed from the network of the health maintenance organization, for reasons other
than for cause, and

b. the individual submits a request in writing to the health maintenance organization to
continue to have access to the primary care physician.

2. The primary care physician selected by the individual shall be required to accept
reimbursement for such health care services on a fee-for-service basis only. The fee-for-service shall be
computed by the health maintenance organization based on the average of the other fee-for-service contracts
of the health maintenance organization in the local community. The individual shall only be required to pay the primary care physician those co-payments, coinsurance and any applicable deductibles in accordance with the terms of the agreement between the employer and the health maintenance organization and the provider shall not balance bill the patient.

3. Any network offered in Oklahoma City that is terminated prior to July 1, 2004, shall notify the health maintenance organization, and Oklahoma Employees Insurance and Benefits Board by June 11, 2004, of the network's intentions to continue providing primary care services as described in paragraph 2 of this subsection offered by the health maintenance organization to state and public employees. (74 O.S. § 1371)

Section 1094.6. Denial of Claims - Appeals.

The Office of Management and Enterprise Services shall be responsible for making all determinations as to the rights of any participant or any beneficiary of a participant to receive amounts under the flexible spending account benefits plan. The Office shall prescribe forms and procedures for making claims for flexible spending account benefits under the plan. Each person making a claim for benefits under the flexible spending account benefits plan shall also furnish the Office with such documents, evidence, data or information in support of such claim as the Oklahoma Employees Insurance and Benefits Board considers necessary or desirable. If any claim for the flexible spending account benefits plan is wholly or partially denied, the claimant shall be given notice in writing of such denial within a reasonable period of time, but no later than forty-five (45) days after the claim is filed.

A claimant whose claim is denied shall have the right to a hearing before the Director of the Office of Management and Enterprise Services or hearing officer designated by the Director. Written notification by a claimant for a hearing must be received by the executive director within ten (10) business days of notification of claim denial. The hearing shall be conducted within thirty (30) days in accordance with the provisions of the Administrative Procedures Act. The Office shall promulgate administrative rules establishing policies and procedures specific to the notice of denial, request for explanation, and hearing for flexible spending account benefit claims denial. (74 O.S. § 1372)

Section 1094.7. Coverage for Side Effects of Prostatectomy Surgery.

A. All health benefit plans that are offered by the Oklahoma Employees Insurance and Benefits Board shall provide coverage for side effects that are commonly associated with radical retropubic prostatectomy surgery, including, but not limited to impotence and incontinence, and for other prostate related conditions.

B. The Office of Management and Enterprise Services shall provide notice to each insured or enrollee under such plan regarding the coverage required by this section in the plan's evidence of coverage, and shall provide additional written notice of the coverage to the insured or enrollee as follows:

1. In the next mailing made by the plan to the employee; or
2. As part of the enrollment information packet sent to the enrollee.

C. The Office shall promulgate any rules or actions necessary to implement the provisions of this section. (74 O.S. § 1373)

Section 1094.8. Vision Care.

A. For the plan year beginning January 1, 2017, and for each year thereafter, it shall be the responsibility of the Office of Management and Enterprise Services to offer vision plans to participants during the open enrollment period. Providers of plans eligible for selection shall submit information
requested by the Office of Management and Enterprise Services. Plans eligible for selection shall meet or exceed the following criteria:

1. Has in place a statewide network of at least one hundred fifty providers. "Providers", for purposes of this section, means Optometrists (OD), Ophthalmologists (MD), and Ophthalmologists (DO) which shall be counted once regardless of the number of locations where they may practice. Optical shops and retail optical locations shall not be listed as providers. The company offering the vision plan must have a direct relationship with each provider on its panel, and may not lease, borrow, or otherwise obtain use of a provider panel from another company. This would not prevent a company from offering its plan through one corporate entity and administering the plan or provider panel through another legal entity of the same organization so long as the entity receiving premiums remains legally responsible for the payment of benefits. Providers must be actively engaged in providing the services offered under the vision plan they represent;

2. Has operated in Oklahoma for at least five (5) years; provided, that an immediately prior operation in Oklahoma of a nonsurviving corporation that merges into an affiliated corporation shall be counted in determining whether the surviving corporation has operated a plan in Oklahoma for five (5) years;

3. Is properly licensed, registered, certified or authorized to operate its business in this state by the Insurance Department. Vision plans must be offered by the company administering the plan, not by an agent or third party. A company shall offer only one vision plan and rate schedule for each plan year;

4. Presents accurate product information in a reproducible format not to exceed two pages; and

5. Vision plans must provide an examination, frames and lenses, and/or contact lenses and some form of indemnified payment to the contracted providers for each component of the benefits, i.e., the exam, frames and lenses and/or contact lenses. This does not eliminate discounted supplementary benefits under a qualified plan, so long as such benefits pertain to vision care.

B. Any administrative fees imposed by the Office of Management and Enterprise Services shall be applied equally to all qualified vision plans. There shall be no additional requirements imposed on a vision plan other than the proper licensing, certification or authorization to operate its business by the Oklahoma Insurance Department.

C. No more than two Oklahoma-based vision care benefits companies that meet the criteria as specified in subsection A of this section and no more than two out-of-state vision care benefits companies that meet the criteria as specified in subsection A of this section shall be offered as vendors for enrollment in any state employee benefit offering. For purposes of this subsection, an "Oklahoma-based vision care benefits company" shall be defined as follows:

1. A vision care benefits company that has a home office, customer service and administration located within the State of Oklahoma and is subject to Oklahoma state income taxes; or

2. A vision care benefits company that has a majority of ownership interest held either directly or indirectly by residents of the State of Oklahoma and is subject to Oklahoma state income taxes.

D. In the event the number of vision companies submitting offerings exceeds the amount permitted under subsection C of this section, the Office of Management and Enterprise Services shall have the authority to reject excess offerings based upon failures to meet bid requirements or for providing lesser value for the State of Oklahoma. (74 O.S. § 1374)
Section 1094.9. Health Savings Account.

The Oklahoma Employees Insurance and Benefits Board of the Office of Management and Enterprise Services shall make the pretax health savings account authorized by the provisions of the Health Savings Account Act established in Section 6060.14 of Title 36 of the Oklahoma Statutes available by offering a high deductible health plan to all persons who are eligible employees for purposes of any health care insurance offered through or under the supervision of the Office. The high deductible health plan shall be offered no later than January 1, 2009. Any employee who elects to participate in a high deductible health plan offered through the Office of Management and Enterprise Services may establish a health savings account (HSA) as defined in Section 223 of the Internal Revenue Code. The Director of the Office of Management and Enterprise Services shall form a working group to study the Oklahoma Employees Insurance and Benefits Plan structure, including, but not limited to, future recommendations for the state employee flexible benefits allowance and the potential of funding on employee health savings accounts. The Director shall provide a report of the working group study and recommendations to the Legislature and Governor no later than December 31, 2012. (74 O.S. § 1375)

Section 1094.10. Coverage for Gestational Diabetes.

On and after November 1, 1996, the Office of Management and Enterprise Services shall include coverage for equipment, supplies and related services for the treatment of Type I, Type II, and gestational diabetes as provided by and pursuant to the provisions of Section 6060.2 of Title 36 of the Oklahoma Statutes. (74 O.S. § 1307.2)

Section 1094.11. Out-of-State Provider.

Unless the Office of Management and Enterprise Services has otherwise contracted with an out-of-state provider, the Office shall pay for medical services and treatment rendered by an out-of-state provider at the same level paid to an in-state provider if the insured was referred to the out-of-state provider by a physician or it was an emergency situation and the out-of-state provider which offers the type of services needed is the closest provider in proximity to the place of residence of the employee. (74 O.S. § 1307.3)

Section 1095. Payment to Fund.

A. Except as provided in subsection B of this section, each state agency participating in the Group Insurance Plans shall appropriate and pay to the appropriate reserve fund an amount to be set by the Oklahoma Employees Insurance and Benefits Board for each employee other than education employees per month enrolled in said Plans, from funds appropriated to said agency or from other funds available to such agency for operational purposes.

B. During the fiscal year ending June 30, 1997, each state agency participating in the Insurance Plans shall appropriate and pay to the State Employees Group Insurance Clearing Fund an amount to be set by the Board for each employee other than education employees per month enrolled in said Plans, from funds appropriated to said agency or from other funds available to such agency for operational purposes. (74 O.S. § 1310)

Section 1096. Procedure for Payment.

A. If a certified employee elects health care coverage under a plan offered by a school district, including a plan offered by the Office of Management and Enterprise Services or a self-insured plan offered by the school district, then a school district shall pay no less than one hundred percent (100%) of the premium amount for the HealthChoice (HI) option plan for an individual offered by the Office.

The amount a school district is required to pay pursuant to this subsection shall be reduced by the flexible benefit allowance provided for in Section 26-105 of Title 70 of the Oklahoma Statutes.
B. The premium for education entities that participate in the health and dental insurance plans offered through the Oklahoma Employees Insurance and Benefits Act shall be the same as paid by state agencies for said plans.

C. All education entities that participate in the insurance plans offered through the Oklahoma Employees Insurance and Benefits Act shall forward the appropriate premiums for each employee to the Office no later than the tenth day of each month following the month for which payment is due. Nothing shall prohibit a school district from forwarding appropriate premiums to the Office prior to the month for which payment is due. (74 O.S. § 1310.1)

For the fiscal year ending June 30, 2003, school districts are required to pay 75% of the cost of health care coverage of certified employees, reduced by the flexible benefit allowance. Such obligation is not dependent upon the amount of funding the school district receives from the State Department of Education. April 7, 2003 (AG Op. No. 03-15)

A school district may reduce the fifty percent amount it is obligated to pay of an employee’s health care coverage by the amount of the flexible benefit allowance. September 14, 2001 (AG Op. No. 01-37)

Section 1099. Deduction of Contributions from Monthly Disability Benefits.

The amount of monthly contribution to be made by persons who are drawing disability benefits under Section 1331 et seq. of this title and who are enrolled in the Insurance Plans shall be deducted from the monthly disability benefits of such persons and remitted to the Office of Management and Enterprise Services. B. Official education records/transcripts - Simultaneously with the enrollment and conditional placement of the student, the school in the receiving state shall request the student’s official education record from the school in the sending state. Upon receipt of this request, the school in the sending state will process and furnish the official education records to the school in the receiving state within ten (10) days or within such time as is reasonably determined under the rules promulgated by the Interstate Commission.

A. In order to facilitate the on-time graduation of children of military families, states and local education agencies shall incorporate the following procedures:

A. Each member state shall, through the creation of a State Council or use of an existing body or board, provide for the coordination among its agencies of government, local education agencies and military installations concerning the state’s participation in, and compliance with, this compact and Interstate Commission activities. While each member state may determine the membership of its own State Council, its membership must include at least:

1. The State Superintendent of Public Instruction;

3. A representative from a military installation;
4. One representative each from the legislative and executive branches of government; and

C. The State Council of each member state shall appoint or designate a military family education liaison to assist military families and the state in facilitating the implementation of this compact.
D. The compact commissioner responsible for the administration and management of the state's participation in the compact shall be appointed by the Governor or as otherwise determined by each member state.

E. The compact commissioner and the military family education liaison designated herein shall be ex officio members of the State Council, unless either is already a full voting member of the State Council.

   a. Each member state represented at a meeting of the Interstate Commission is entitled to one vote.

   b. A majority of the total member states shall constitute a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the Interstate Commission.

   c. A representative shall not delegate a vote to another member state. In the event the compact commissioner is unable to attend a meeting of the Interstate Commission, the Governor or State Council may delegate voting authority to another person from their state for a specified meeting.

   d. The bylaws may provide for meetings of the Interstate Commission to be conducted by telecommunication or electronic communication;

3. Consist of ex officio, nonvoting representatives who are members of interested organizations. Such ex officio members, as defined in the bylaws, may include, but not be limited to, members of the representative organizations of military family advocates, local education agency officials, parent and teacher groups, the United States Department of Defense, the Education Commission of the States, the Interstate Agreement on the Qualification of Educational Personnel and other interstate compacts affecting the education of children of military members;

Members of the executive committee shall serve one-year terms. Members of the executive committee shall be entitled to one vote each. The executive committee shall have the power to act on behalf of the Interstate Commission, with the exception of rulemaking, during periods when the Interstate Commission is not in session. The United States Department of Defense shall serve as an ex officio, nonvoting member of the executive committee;
6. Establish bylaws and rules that provide for conditions and procedures under which the Interstate Commission shall make its information and official records available to the public for inspection or copying. The Interstate Commission may exempt from disclosure information or official records to the extent they would adversely affect personal privacy rights or proprietary interests;

7. Public notice shall be given by the Interstate Commission of all meetings, and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in the compact. The Interstate Commission and its committees may close a meeting, or portion thereof, where it determines by two-thirds (2/3) vote that an open meeting would be likely to:
   a. relate solely to the Interstate Commission’s internal personnel practices and procedures,
   b. disclose matters specifically exempted from disclosure by federal and state statute,
   c. disclose trade secrets or commercial or financial information which is privileged or confidential,
   d. involve accusing a person of a crime, or formally censuring a person,
   e. disclose information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy,
   f. disclose investigative records compiled for law enforcement purposes, or
   g. specifically relate to the Interstate Commission’s participation in a civil action or other legal proceeding;

8. For a meeting, or portion of a meeting, closed pursuant to this provision, the Interstate Commission’s legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exemptible provision. The Interstate Commission shall keep minutes which shall fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed and the record of a roll call vote. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Interstate Commission;

9. The Interstate Commission shall collect standardized data concerning the educational transition of the children of military families under this compact as directed through its rules which shall specify the data to be collected, the means of collection and data exchange and reporting requirements. Such methods of data collection, exchange and reporting shall, insofar as is reasonably possible, conform to current technology and coordinate its information functions with the appropriate custodian of records as identified in the bylaws and rules; and

10. The Interstate Commission shall create a process that permits military officials, education officials and parents to inform the Interstate Commission if and when there are alleged violations of the compact or its rules or when issues subject to the jurisdiction of the compact or its rules are not addressed by the state or local education agency. This section shall not be construed to create a private right of action against the Interstate Commission or any member state.

ARTICLE X. POWERS AND DUTIES OF THE INTERSTATE COMMISSION

The Interstate Commission shall have the following powers:

1. To provide for dispute resolution among member states;
2. To promulgate rules and take all necessary actions to effect the goals, purposes and obligations as enumerated in this compact. The rules shall have the force and effect of administrative rules and shall be binding in the compact states to the extent and in the manner provided in this compact;

A. The Interstate Commission shall, by a majority of the members present and voting, within twelve (12) months after the first Interstate Commission meeting, adopt bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes of the compact including, but not limited to:

1. Establishing the fiscal year of the Interstate Commission;

5. Establishing the titles and responsibilities of the officers and staff of the Interstate Commission;
6. Providing a mechanism for concluding the operations of the Interstate Commission and the return of surplus funds that may exist upon the termination of the compact after the payment and reserving of all of its debts and obligations; and
7. Providing “start-up” rules for initial administration of the compact.

B. The Interstate Commission shall, by a majority of the members, elect annually from among its members a chairperson, a vice-chairperson, and a treasurer, each of whom shall have such authority and duties as may be specified in the bylaws. The chairperson or, in the chairperson’s absence or disability, the vice-chairperson, shall preside at all meetings of the Interstate Commission. The officers so elected shall serve without compensation or remuneration from the Interstate Commission; provided that, subject to the availability of budgeted funds, the officers shall be reimbursed for ordinary and necessary costs and expenses incurred by them in the performance of their responsibilities as officers of the Interstate Commission.

C. Executive committee, officers, and personnel.

1. The executive committee shall have such authority and duties as may be set forth in the bylaws including, but not limited to:
   a. managing the affairs of the Interstate Commission in a manner consistent with the bylaws and purposes of the Interstate Commission,
   b. overseeing an organizational structure within, and appropriate procedures for the Interstate Commission to provide for the creation of rules, operating procedures, and administrative and technical support functions, and
   c. planning, implementing, and coordinating communications and activities with other state, federal and local government organizations in order to advance the goals of the Interstate Commission.

2. The executive committee may, subject to the approval of the Interstate Commission, appoint or retain an executive director for such period, upon such terms and conditions and for such compensation, as the Interstate Commission may deem appropriate. The executive director shall serve as secretary to the Interstate Commission, but shall not be a member of the Interstate Commission. The executive director shall hire and supervise such other persons as may be authorized by the Interstate Commission.
D. 1. The Interstate Commission’s executive director and its employees shall be immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to an actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred, within the scope of Interstate Commission employment, duties, or responsibilities; provided, that such person shall not be protected from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

2. The liability of the Interstate Commission’s executive director and employees or Interstate Commission representatives, acting within the scope of such person’s employment or duties for acts, errors, or omissions occurring within such person’s state may not exceed the limits of liability set forth under the Constitution and laws of that state for state officials, employees, and agents. The Interstate Commission is considered to be an instrumentality of the states for the purposes of any such action. Nothing in this subsection shall be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

3. The Interstate Commission shall defend the executive director and its employees and, subject to the approval of the Attorney General or other appropriate legal counsel of the member state represented by an Interstate Commission representative, shall defend such Interstate Commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error or omission that occurred within the scope of Interstate Commission employment, duties or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities; provided, that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

4. To the extent not covered by the state involved, member state, or the Interstate Commission, the representatives or employees of the Interstate Commission shall be held harmless in the amount of a settlement or judgment, including attorney fees and costs, obtained against such persons arising out of an actual or alleged act, error, or omission that occurred within the scope of Interstate Commission employment, duties, or responsibilities, or that such persons had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities; provided, that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such persons.

ARTICLE XII. RULEMAKING FUNCTIONS OF THE INTERSTATE COMMISSION

A. The Interstate Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of this compact. Notwithstanding the foregoing, in the event the Interstate Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this act, or the powers granted hereunder, then such an action by the Interstate Commission shall be invalid and have no force or effect.

B. Rules shall be made pursuant to a rulemaking process that substantially conforms to the “Model State Administrative Procedure Act” of 1981 Act, Uniform Laws Annotated, Vol. 15, p. 1 (2000) as amended, as may be appropriate to the operations of the Interstate Commission.

C. Not later than thirty (30) days after a rule is promulgated, any person may file a petition for judicial review of the rule; provided, that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Interstate Commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the Interstate Commission's authority.
D. If a majority of the Legislatures of the compacting states rejects a rule by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compacting state.

ARTICLE XIII. OVERSIGHT, ENFORCEMENT, AND DISPUTE RESOLUTION

A. Oversight.

1. The executive, legislative and judicial branches of state government in each member state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact’s purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as administrative rules.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities or actions of the Interstate Commission.

3. The Interstate Commission shall be entitled to receive all service of process in any such proceeding and shall have standing to intervene in the proceeding for all purposes. Failure to provide service of process to the Interstate Commission shall render a judgment or order void as to the Interstate Commission, this compact or promulgated rules.

B. Default, technical assistance, suspension and termination.

If the Interstate Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact, or the bylaws or promulgated rules, the Interstate Commission shall:

1. Provide written notice to the defaulting state and other member states, of the nature of the default, the means of curing the default and any action taken by the Interstate Commission. The Interstate Commission shall specify the conditions by which the defaulting state must cure its default;

2. Provide remedial training and specific technical assistance regarding the default;

3. If the defaulting state fails to cure the default, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the member states and all rights, privileges and benefits conferred by this compact shall be terminated from the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default;

4. Suspension or termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Interstate Commission to the Governor, the majority and minority leaders of the defaulting state's Legislature, and each of the member states;

5. The state which has been suspended or terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of suspension or termination including obligations, the performance of which extends beyond the effective date of suspension or termination;

6. The Interstate Commission shall not bear any costs relating to any state that has been found to be in default or which has been suspended or terminated from the compact, unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state; and

7. The defaulting state may appeal the action of the Interstate Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Interstate Commission has
its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney fees.

C. Dispute resolution.

1. The Interstate Commission shall attempt, upon the request of a member state, to resolve disputes which are subject to the compact and which may arise among member states and between member and nonmember states.

2. The Interstate Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement.

1. The Interstate Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. The Interstate Commission may, by majority vote of the members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its principal offices, to enforce compliance with the provisions of the compact, its promulgated rules and bylaws, against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation including reasonable attorney fees.

3. The remedies herein shall not be the exclusive remedies of the Interstate Commission. The Interstate Commission may avail itself of any other remedies available under state law or the regulation of a profession.

ARTICLE XIV. FINANCING OF THE INTERSTATE COMMISSION

A. The Interstate Commission shall pay, or provide for the payment of the reasonable expenses of its establishment, organization and ongoing activities.

B. The Interstate Commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the Interstate Commission and its staff which must be in a total amount sufficient to cover the Interstate Commission’s annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, which shall promulgate a rule binding upon all member states.

C. The Interstate Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate Commission pledge the credit of any of the member states, except by and with the authority of the member state.

D. The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

ARTICLE XV. MEMBER STATES, EFFECTIVE DATE AND AMENDMENT

A. Any state is eligible to become a member state.

B. The compact shall become effective and binding upon legislative enactment of the compact into law by no less than ten of the states. The effective date shall be no earlier than December 1, 2007.
Thereafter it shall become effective and binding as to any other member state upon enactment of the compact into law by that state. The governors of nonmember states or their designees shall be invited to participate in the activities of the Interstate Commission on a nonvoting basis prior to adoption of the compact by all states.

C. The Interstate Commission may propose amendments to the compact for enactment by the member states. No amendment shall become effective and binding upon the Interstate Commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

ARTICLE XVI. WITHDRAWAL AND DISSOLUTION

A. Withdrawal.

1. Once effective, the compact shall continue in force and remain binding upon each and every member state; provided, that a member state may withdraw from the compact by specifically repealing the statute which enacted the compact into law.

2. child, or the person in charge of any place where the child may be located, to allow entrance for the interview, the examination, and the investigation or assessment. If the person responsible for the health, safety, or welfare of the child does not consent to a medical, psychological, or psychiatric examination of the child that is requested by the Department, the district court having jurisdiction, upon application by the district attorney and upon cause shown, shall order the examination to be made at the times and places designated by the court.

3. The investigation or assessment may include an inquiry into the possibility that the child or a person responsible for the health, safety, or welfare of the child has a history of mental illness. If the person responsible for the child's health, safety, or welfare does not allow the Department to have access to behavioral health records or treatment plans requested by the Department, which may be relevant to the alleged abuse or neglect, the district court having jurisdiction, upon application by the district attorney and upon good cause shown, shall order the Department to have access to the records pursuant to terms and conditions prescribed by the court.

4. a. If the court determines that the subject of the behavioral health records is indigent, the court shall appoint an attorney to represent that person at the hearing to obtain behavioral health records.

b. A person responsible for the health, safety, or welfare of the child is entitled to notice and a hearing when the Department seeks a court order to allow a psychological or psychiatric examination or access to behavioral health records.

c. Access to behavioral health records does not constitute a waiver of confidentiality.

5. The investigation of a report of sexual abuse or serious physical abuse or both sexual abuse and serious physical abuse shall be conducted, when appropriate and possible, using a multidisciplinary team approach as provided by Section 1-9-102 of this title. Law enforcement and the Department shall exchange investigation information.

6. The investigation or assessment shall include an inquiry into whether the person responsible for the health, safety or welfare of the child is an active duty service member of the military or the spouse of an active duty service member. The Department shall collect and report information related to the military affiliation of the person or spouse responsible for the health, safety or welfare of the child to the designated federal authorities at the federal military installation where the service member is assigned as provided by paragraph 4 of subsection A of Section 1-2-102 of this title. Law enforcement and the Department shall exchange investigation information.

C. 1. Every physician, surgeon, or other health care provider making a report of abuse or neglect as required by this section or examining a child to determine the likelihood of abuse or neglect and every hospital or related institution in which the child was examined or treated shall provide copies of the results of the examination or copies of the examination on which the report was based and any other clinical notes, x-rays, photographs, and other previous or current records relevant to the case to law enforcement officers conducting a criminal investigation into the case and to employees of the Department conducting an assessment or investigation of alleged abuse or neglect in the case.

2. As necessary in the course of conducting an assessment or investigation, the Department may request and obtain, without a court order, copies of all prior medical records of a child including, but not limited to, hospital records, medical, and dental records. The physician-patient privilege shall not constitute grounds for failure to produce such records.

D. 1. The Department shall engage in a collaborative decision-making process to address each child's needs related to safety and whether the child's condition warrants a safety intervention including but not limited to a change in placement, and:
a. those involved in the collaborative decision-making process shall include at a minimum appropriate Department staff, the parents of the child and, if the parent requests, an advocate or representative,

b. to protect the safety of those involved and to promote efficiency, the Department may limit participants as determined to be in the best interests of the child,

c. the Department shall make reasonable efforts to provide a trained facilitator to guide the decision-making process, and

d. any determination that a collaborative decision-making process is not possible or is unnecessary shall require supervisor approval and documentation of the reasons supporting the determination.

2. If, before the assessment or investigation is complete, the Department determines that immediate removal of the child is necessary to protect the child from further abuse or neglect, the Department shall recommend that the child be taken into custody and, if feasible, utilize the collaborative decision-making process provided by paragraph 1 of this subsection prior to the emergency custody hearing.

E. The Department shall make a complete written report of the investigation. The investigation report, together with its recommendations, shall be submitted to the appropriate district attorney’s office. Reports of assessment recommendations shall be submitted to appropriate district attorneys.

F. The Department, where appropriate and in its discretion, shall identify prevention and intervention-related services available in the community and arrange for such services to be provided to the family when an investigation or assessment indicates the family would benefit from such services, or the Department may provide such services directly. The Department shall document in the record its attempts to provide, or arrange for the provision of voluntary services and shall determine within sixty (60) days whether the family has accessed such services. If the family refuses voluntary services or does not access such services, and it is determined by the Department that the child’s surroundings endanger the health, safety, or welfare of the child, the Department may recommend that the child be placed in protective or emergency custody or that a petition be filed.

G. If the Department has reason to believe that a person responsible for the health, safety, and welfare of the child may remove the child from the state before the investigation is completed, the Department may request the district attorney to file an application for a temporary restraining order in any district court in the State of Oklahoma without regard to continuing jurisdiction of the child. Upon cause shown, the court may enter a temporary restraining order prohibiting the parent or other person from removing the child from the state pending completion of the assessment or investigation.

H. The Director of the Department or designee may request an investigation be conducted by the Oklahoma State Bureau of Investigation or other law enforcement agency in cases where it reasonably believes that criminally injurious conduct including, but not limited to, physical or sexual abuse of a child has occurred. * * * * *

2. If it is consistent with the welfare of the child, the child shall be placed with the parent or legal guardian of the child, but if it appears to the court that the conduct of such parent, guardian, legal guardian, stepparent or other adult person living in the home has contributed to the child becoming delinquent or in need of supervision, the court may issue a written order specifying conduct to be followed by such parent, guardian, legal custodian, stepparent or other adult person living in the home with respect to such child. The conduct specified shall be such as would reasonably prevent the child from continuing to be delinquent or in need of supervision.

   a. If it is consistent with the welfare of the child, in cases where the child has been adjudicated to be in need of supervision due to repeated absence from school, the court may order counseling and treatment for the child and the parents of the child to be provided by the local school district, the county, the Office or a private individual or entity. Prior to final disposition, the court shall require that it be shown by the appropriate school district that a child found to be truant has been evaluated for learning disabilities, hearing and visual impairments and other impediments which could constitute an educational handicap or has been evaluated to determine whether the child has a disability if it is suspected that the child may require special education services in accordance with the Individuals with Disabilities Education Act (IDEA). The results of such tests shall be made available to the court for use by the court in determining the disposition of the case.

   b. In issuing orders to a parent, guardian, legal guardian, stepparent or other adult person living in the home of a child adjudicated to be a delinquent child or in making other disposition of such delinquent child, the court may consider the testimony of said parent, guardian, legal guardian, stepparent or other adult person concerning the behavior of the juvenile and the ability of such person to exercise parental control over the behavior of the juvenile.

   c. In any dispositional order involving a child age sixteen (16) or older, the court shall make a determination, where appropriate, of the services needed to assist the child to make the transition to independent living.

   d. No child who has been adjudicated in need of supervision only upon the basis of truancy or noncompliance with the mandatory school attendance law shall be placed in a public or private institutional facility or be removed from the custody of the lawful parent, guardian or custodian of the child.
e. Nothing in the Oklahoma Juvenile Code or the Oklahoma Children's Code may be construed to prevent a child from being adjudicated both deprived and delinquent if there exists a factual basis for such a finding;

3. The court may commit the child to the custody of a private institution or agency, including any institution established and operated by the county, authorized to care for children or to place them in family homes. In committing a child to a private institution or agency, the court shall select one that is licensed by any state department supervising or licensing private institutions and agencies; or, if such institution or agency is in another state, by the analogous department of that state. Whenever

B. Prior to adjudication or as directed by a law enforcement subpoena or court order, a school district may disclose educational records to the court or juvenile justice system for purposes of determining the ability of the juvenile justice system to effectively serve a child. Any disclosure of educational records shall be in accordance with the requirements of the Family Educational Rights and Privacy Act of 1974 (FERPA). If the parent, guardian, or custodian of a child adjudicated a delinquent child asserts that the child has approval not to attend school pursuant to Section 10-105 of Title 70 of the Oklahoma Statutes, the court or the Office of Juvenile Affairs may require the parent to provide a copy of the written, joint agreement to that effect between the school administrator of the school district where the child attends school and the parent, guardian, or custodian of the child.

Prior to an order for full state intervention being issued by the Board, the State Department of Education shall notify the elementary school district that full state intervention is likely. The elementary school district shall have the opportunity to appear before the State Board of Education by filing a request within fifteen (15) days of receipt of the notice. B. 1. Consistent with 20 U.S.C., Section 6301 et seq., for schools that are identified for school improvement by the Board for four (4) consecutive years, the district board of education shall seek support from the State Department of Education. Such support may include academic intervention, professional development, restructuring of the governance arrangement of the school or any other plan that is reasonably calculated to improve student academic achievement in the school. State support plans shall be designed to provide a substantial assurance of enabling the school to appropriately serve all students. If after two (2) years of implementing the state support plan, improvements to student achievement remain insufficient and, in accordance with 20 U.S.C. Section 6301 et seq., the school continues to be identified by the Board as low performing, the Board may exercise the option of assuming control of the school as provided for in this subsection.

   2. If the Board assumes control of a school, the Board shall retain all funds that otherwise would have been allocated to the school district based on the average daily membership of the school which shall be used to operate the school.
C. 1. A district board of education for a district with an average daily membership of more than 30,000 which implements an alternative governance arrangement as provided for in this section may utilize the following procedures, upon approval of the district board and concurrence of the executive committee of the appropriate local bargaining unit:

   c. the district board shall designate trained, certified, instructional staff to provide teacher support, development and evaluation, which may include certified personnel other than administrators.

2. Any actions taken pursuant to this subsection shall not be subject to the Teacher Due Process Act of 1990. The decision by the district board for renewal or nonrenewal shall be final.

3. For purposes of this subsection, a full-time substitute teacher shall perform the duties assigned by the district superintendent and shall continue to receive the same salary, benefits and step increases that the teacher would otherwise be entitled to for the time period the teacher serves as a full-time substitute.

D. 1. Each school district subject to the provisions of subsection B of this section shall submit a plan for compliance with this section to the State Department of Education, in a manner prescribed by the Department.

2. The Board shall study and may recommend revisions to the Legislature to the calculation metrics of all components of the school report cards to ensure that the evaluation system is clear, transparent, statistically trustworthy, credible, and aligned with the state assessment system. The Board shall seek certification from the Oklahoma State Regents for Higher Education that recommended revisions, if adopted, will improve the clarity, transparency, statistical trustworthiness, credibility, and alignment of the evaluation system. The State Regents shall provide the Board a detailed description of the certification process and results, including a list of any deficiencies the State Regents find with the study or the resulting recommendations. The Board shall issue a report by December 31, 2015, and submit a copy of the report to the Governor, the Speaker of the House of Representatives, the President Pro Tempore of the Senate, the Minority Leader of the House of Representatives, and the Minority Leader of the Senate. The Board shall prescribe the design and content of the reports, which shall include, without limitation, descriptions of the performance of all schools participating in the Oklahoma School Testing Program and all of the major student populations as determined by the Board, and shall also include the median scores of all eligible students who scored at or in the lowest twenty-fifth percentile of the state in the previous school year. The confidentiality of individual student records shall be preserved as required by law.
B. The annual report as required pursuant to subsection A of this section shall identify school sites as having one of the following grades, defined according to rules of the State Board of Education:

2. A school that serves any combination of students in kindergarten through grade three which does not receive a school grade because the students are not tested and included in the school grading system shall receive the school grade designation of a feeder pattern school identified by the State Department of Education and verified by the school district. A school feeder pattern exists if at least sixty percent (60%) of the students in the school serving a combination of students in kindergarten through grade three are scheduled to be assigned to the graded school.

3. The academic performance of students who are enrolled full-time in an online program that is offered by a school district or charter school that is not the district of residence or is not located in the district of residence of the student shall be reported separately by the school district or charter school and shall not be included when determining the grade of the school site or charter school.

D. The grade of a school shall be based on a combination of:

1. Fifty percent (50%) on whole school performance, as measured by allocating one point for each student who scores proficient or advanced on the assessments administered under Section 1210.508 of this title and alternative test scores administered to students divided by the number of students taking the assessments;

2. Twenty-five percent (25%) on whole school growth, as measured by allocating one point for each student who improves proficiency levels or improves substantially within a proficiency level on assessments administered under Section 1210.508 of this title divided by the number of students taking the assessments; and

3. Twenty-five percent (25%) on growth in the bottom quartile of students, as measured by allocating one point for each student in the bottom quartile who improves proficiency levels or improves substantially within a proficiency level on assessments administered under Section 1210.508 of this title divided by the number of students taking the assessments.

Section 1230. Purpose of Act.

The Legislature finds that for the purpose of preventing drug and alcohol abuse among our young people, and for preventing or alleviating problems which lead to and are closely associated with drug and alcohol abuse, it is desirable that all Oklahoma school districts develop and implement a curriculum for drug and alcohol abuse prevention for all grade levels. Such curriculum may include training in life skills, such as problem-solving, responsibility, communication and decision-making skills, which enable young people to successfully resist social and other pressures to engage in activities which are destructive to their
health and future. The Legislature encouraged all school districts to adopt as a goal for the year 1990 the full implementation of drug and alcohol abuse prevention programs in their schools. In order to expand and enhance the ability of school districts to implement drug and alcohol prevention programs, it is the intent of the Legislature that local school districts participate in the federal Drug-Free Schools and Communities Act of 1986, 20 U.S.C., Section 4601 et seq. and the provisions of Public Law No. 101-647, Drug-Free School Zones.

In order to derive maximum benefit from their drug and alcohol prevention programs, it is further the intent of the Legislature that the school districts coordinate their efforts and activities with the Oklahoma Drug and Alcohol Abuse Policy Board, and with appropriate state and local drug and alcohol abuse, health and law enforcement agencies and programs within the community which provide drug education, prevention, treatment and rehabilitation.

It is further the intent of the Legislature to encourage school districts to establish programs concerning the danger and criminal consequences of the possession and/or use of firearms or other dangerous or deadly weapons in school zones. (70 O.S. §1210.229-2)

4. develop guidelines and criteria to encourage teachers and administrators to receive in-service training on alcohol and drug abuse. The training or workshops should be included in the staff development point system. The training or workshop shall be completed the first year a certified teacher is employed by a school district, and then once every third academic year.

C. Final determination of materials to be used, means of implementation of the curriculum, and ages and times at which students receive instruction about said life skills and drug and alcohol abuse prevention shall be made by the local school board. The local school district, at least one (1) month prior to giving such instruction to students, shall conduct for parents and guardians of students involved, during weekend or evening hours, at least one presentation concerning the plans for instruction and the materials to be used. OKLAHOMA SCHOOL TESTING PROGRAM ACT

Section 1233. Oklahoma School Testing Program Act.

Sections 1210.505 et seq. of this title shall be known and may be cited as the “Oklahoma School Testing Program Act”. (70 O.S. § 1210.505)

A. The State Board of Education shall promulgate rules necessary for the implementation and administration of the provisions of the Oklahoma School Testing Program Act.

B. The State Board of Education shall require school district boards of education to annually provide information to the district's students, parents of students, and the public at large about the proper meaning and use of assessments administered pursuant to the provisions of the Oklahoma School Testing Program Act. The Department shall develop materials and make them available to school districts regarding the Oklahoma School Testing Program.

C. 1. Students enrolled in an online course or program that is offered by a school district or charter school that is not the district of residence or is not located in the district of residence of the student shall be provided the opportunity to take any assessment required pursuant to the Oklahoma School Testing Program Act or any other assessment generally required of students by the school district in which the student is enrolled at an alternative testing location approved by the State Board of Education. The alternative testing locations may be at sites that are not in the school district that is offering the online course or program or the district of residence. Alternative testing locations may include technology center school sites or any other testing location selected by the school district or charter school offering the online course or program. All alternative testing locations shall be subject to testing location rules promulgated by the State Board of Education. The school district or charter school offering the online course or program shall be responsible for any cost incurred in providing an alternative testing location and any additional cost of administering an assessment at an alternative testing location. In order to provide alternative testing locations at geographically dispersed sites, the school district or charter school offering the online course or program shall, at a minimum, provide not less than six alternative testing locations, with at least one location in each quadrant of the state and in each of the two metropolitan areas in the state. Additional
alternative testing locations may be provided by the school district or charter school offering the online course or program.

2. The performance of students on any assessment required pursuant to the Oklahoma School Testing Program Act or any other assessments generally required of students by the school district who are enrolled full-time in an online program that is offered by a school district or charter school that is not the district of residence or is not located in the district of residence of the student shall be reported separately by the school district or charter school and shall not be included when determining the performance levels of the school district or charter school in the Oklahoma School Testing Program as reported in the Oklahoma Educational Indicators Program.

D. The State Board of Education shall seek to establish and post on the Internet a sample assessment item bank that will be made available to teachers and will allow them to create and deliver classroom assessments throughout the school year to check for student mastery of key concepts assessed by the assessments administered to students pursuant to the Oklahoma School Testing Program Act. Subject to the availability of funds, the Board shall annually release assessment items and make them available to the public.

E. The State Board of Education shall post on the Internet sample assessments for each grade level and subject matter assessment administered to students pursuant to the Oklahoma School Testing Program Act for the purpose of communicating expectation concerning the difficulty level and format to teacher, parents and students. The Board shall maintain the sample assessments on the Internet throughout the year and, as changes are made in the state academic content standards, shall update the sample assessments. The Board shall seek to expand the number of sample assessments items each year and to revise items as needed. The sample assessments shall reflect the actual assessments administered to students and may contain questions used on actual assessments given in previous years.

F. The State Board of Education shall implement an electronic delivery system for all assessments administered pursuant to the Oklahoma School Testing Program Act that will allow students to participate in computer-based assessments in order to expedite the delivery and use of the results. The State Board of Education shall adopt a timeline for transition to the electronic delivery system. A school district may choose to offer printed assessments by providing a request for approval and justification to the State Board of Education. The State Department of Education shall publish and make known the date by which districts choosing to offer printed assessments must make such request. In circumstances where the administration or delivery of an online or computer-based assessment has been or will be disrupted, delayed or cause problems with student participation, the Board may stop or cancel the online or computer-based assessment and administer the assessment by another means. (70 O.S. § 1210.507)

F. 1. Beginning with students entering the ninth grade in the 2017-2018 school year, each student shall take the assessment or assessments included in the statewide student assessment system adopted by the Board pursuant to subsection A of this section in order to graduate from a public high school with a standard diploma. All students shall take the assessment or assessments prior to graduation, unless otherwise exempt by law.

The Commission shall conduct an ongoing review to compare the statewide assessment content and performance descriptors with those of other states. Upon receipt of the review, the Commission may adjust the cut scores as necessary.

4. The State Board of Education, for the purposes of conducting reliability and validity studies, monitoring contractor adherence to professionally accepted testing standards, and providing recommendations for testing program improvement, shall retain the services of an established, independent
agency or organization that is nationally recognized for its technical expertise in educational testing but is not engaged in the development of aptitude or achievement tests for elementary or secondary level grades. 2. State, district, and site level results of all assessments required in this section shall be disaggregated by gender, race, ethnicity, disability status, migrant status, English proficiency, and status as economically disadvantaged, except that such disaggregation shall not be required in a case in which the number of students in a category is insufficient to yield statistically reliable information or the results would reveal personally identifiable information about an individual student. Each school site shall notify the student's parents of the school's performance levels in the Oklahoma School Testing Program as reported in the Oklahoma Educational Indicators Program at the end of each school year.

K. The State Board of Education shall be responsible for the field-testing and validation of the statewide assessment system required in subsection A of this section.

Section 1237. Reading Sufficiency Act.

Sections 1210.508A through 1210.508E of this title shall be known and may be cited as the “Reading Sufficiency Act”. (70 O.S. § 1210.508A)

Section 1238. Purpose.

A. The Legislature finds that it is essential for children in the public schools to read early and well in elementary school. The Legislature further finds that clear and visible goals, assessments to determine the reading level at each elementary school, annual measurements of elementary school reading improvement, and accountability in each level of the educational system will result in a significant increase in the number of children reading at or above grade level.

B. The purpose of the Reading Sufficiency Act is to ensure that each child attains the necessary reading skills by completion of the third grade which will enable that student to continue development of reading skills and to succeed throughout school and life.

C. Each public school district in this state shall ensure that a majority of the instructional time each day of the school year in kindergarten through third grade is focused on reading and mathematics. The State Board of Education shall encourage school districts to integrate the teaching of the other curricular areas in the subject matter standards adopted by the Board with the instruction of reading and mathematics. All teachers of reading in the public schools in this state in kindergarten through third grade shall incorporate into instruction the five elements of reading instruction which are phonemic awareness, phonics, reading fluency, vocabulary, and comprehension.

D. The reading goal for Oklahoma public schools is as follows: By July 1, 2008, and each year thereafter, all third-grade students will read at or above grade level by the end of their third-grade year, excluding up to fifteen percent (15%) of those students who have an individualized education program (IEP), pursuant to the Individuals with Disabilities Education Act (IDEA), and excluding those students who are English language learners who have been determined not to be proficient in English as defined by a state-designated English proficiency assessment. To achieve the reading goal, each public elementary school shall:

   1. Determine its baseline no later than September 1, 2005, which shall be the percentage of students reading at or above third-grade level as determined by the percentage of students scoring proficient or above on the third-grade assessment in reading, administered pursuant to Section 1210.508 of this title; and

   2. Set and achieve annual improvement goals necessary to progress from the baseline established in 2005 to the reading goal by July 1, 2008. The annual improvement goals shall be included in the district’s reading sufficiency plan required in Section 1210.508C of this title.

E. The State Board of Education shall recognize schools and districts that attain or make progress toward achieving the reading goal and shall provide technical assistance to schools and districts that do not make progress toward the reading goal. The district reading sufficiency plan shall be submitted to the State Board if the district has any schools that are not achieving the required annual improvement goals pursuant to this section. (70 O.S. § 1210.508B)

Section 1239. Assessment of Students - Requirements of Program.

A. 1. Each student enrolled in kindergarten in a public school in this state shall be screened for reading skills including, but not limited to, phonemic awareness, letter recognition, and oral language skills as identified in the subject matter standards adopted by the State Board of Education. A screening instrument approved by the State Board shall be utilized for the purposes of this section.
2. For those kindergarten children at risk for reading difficulties, teachers shall emphasize reading skills as identified in the subject matter standards adopted by the State Board of Education, monitor progress throughout the year and measure year-end reading progress.

3. Classroom assistants, which may include parents, grandparents, or other volunteers, shall be provided in kindergarten classes to assist with the screening of students if a teacher aide is not already employed to assist in a kindergarten classroom.

B. 1. Each student enrolled in kindergarten, first, second and third grade of the public schools of this state shall be assessed at the beginning and end of each school year using a screening instrument approved by the State Board of Education for the acquisition of reading skills including, but not limited to, phonemic awareness, phonics, reading fluency, vocabulary, and comprehension.

2. Any student who is assessed and found not to be reading at the appropriate grade level shall be provided a program of reading instruction designed to enable the student to acquire the appropriate grade level reading skills. The program of reading instruction shall include provisions of the READ Initiative adopted by the school district as provided for in subsection O of this section.

3. Throughout the year progress monitoring shall continue, and diagnostic assessment, if determined appropriate, shall be provided. Year-end reading skills shall be measured to determine reading success.

C. The State Board of Education shall approve screening instruments for use at the beginning and end of the school year, for monitoring of progress, and for measurement of reading skills at the end of the school year as required in subsections A and B of this section; provided, at least one of the screening instruments shall meet the following criteria:

1. Assess for phonemic awareness, phonics, reading fluency, and comprehension;

2. Document the validity and reliability of each assessment;

3. Can be used for diagnosis and progress monitoring;

4. Can be used to assess special education and limited-English-proficient students; and

5. Accompanied by a data management system that provides profiles for students, class, grade level and school building. The profiles shall identify each student's instructional point of need and reading achievement level. The State Board shall also determine other comparable reading assessments for diagnostic purposes and for periodic and post assessments to be used for students at risk of reading failure. The State Board shall ensure that any assessments approved are in alignment with the subject matter standards adopted by the State Board of Education.

D. 1. The program of reading instruction required in subsection B of this section shall align with the subject matter standards adopted by the State Board of Education and shall include provisions of the READ Initiative adopted by the school district as provided for in subsection O of this section. A program of reading instruction may include, but is not limited to:

   a. sufficient additional in-school instructional time for the acquisition of phonemic awareness, phonics, reading fluency, vocabulary, and comprehension,

   b. if necessary, tutorial instruction after regular school hours, on Saturdays and during summer; however, such instruction may not be counted toward the one-hundred-eighty-day or one-thousand-eighty-hour school year required in Section 1-109 of this title, and
c. assessments identified for diagnostic purposes and periodic monitoring to measure the acquisition of reading skills including, but not limited to, phonemic awareness, phonics, reading fluency, vocabulary, and comprehension, as identified in the student's program of reading instruction.

2. A student enrolled in first or second grades who has been assessed as provided for in subsection B of this section and found not to be reading at the corresponding grade level, shall be entitled to individualized remediation in reading until the student is determined by the results of a screening instrument to be reading on grade level. The program of reading instruction for each student shall be developed by a Student Reading Proficiency Team and shall include individualized remediation. Each team shall be composed of:
   a. the parent or guardian of the student,
   b. the teacher assigned to the student who had responsibility for reading instruction in that academic year,
   c. a teacher who is responsible for reading instruction and is assigned to teach in the next grade level of the student, and
   d. a certified reading specialist, if one is available.

E. The program of reading instruction shall continue until the student is determined by the results of approved reading assessments to be reading on grade level.

F. 1. Every school district shall adopt, and implement a district reading sufficiency plan which has had input from school administrators, teachers, and parents and if possible a reading specialist, and which shall be submitted electronically to and approved by the State Board of Education. The plan shall be updated annually. School districts shall not be required to electronically submit the annual updates to the Board if the last plan submitted to the Board was approved and expenditures for the program include only expenses relating to individual and small group tutoring, purchase of and training in the use of screening and assessment measures, summer school programs and Saturday school programs. If any expenditure for the program is deleted or changed or any other type of expenditure for the program is implemented, the school district shall be required to submit the latest annual update to the Board for approval. The district reading sufficiency plan shall include a plan for each site which includes an analysis of the data provided by the Oklahoma School Testing Program and other reading assessments utilized as required in this section, and which outlines how each school site will comply with the provisions of the Reading Sufficiency Act.

2. The State Board of Education shall adopt rules for the implementation and evaluation of the provisions of the Reading Sufficiency Act. The evaluation shall include, but not be limited to, an analysis of the data required in subsection S of this section.

G. For any third-grade student found not to be reading at grade level as determined by reading assessments administered pursuant to this section, a new program of reading instruction, including provisions of the READ Initiative adopted by the school district as provided for in subsection O of this section, shall be developed by a Student Reading Proficiency Team and implemented as specified in subsection D of this section. In addition to other requirements of the Reading Sufficiency Act, the plan may include specialized tutoring.

H. 1. Any first-grade, second-grade or third-grade student who demonstrates proficiency in reading at the third-grade level through a screening instrument which meets the acquisition of reading skills criteria pursuant to subsection B of this section shall not be subject to retention pursuant to this section. After a student has demonstrated proficiency through a screening instrument, the district shall provide notification to the parent or guardian of the student that they have satisfied the requirements of the Reading Sufficiency Act and will not be subject to retention pursuant to this section.
2. If a third-grade student is identified at any point of the academic year as having a significant reading deficiency, which shall be defined as scoring below proficient on a screening instrument which meets the acquisition of reading skills criteria pursuant to subsection B of this section, the district shall immediately begin a student reading portfolio as provided by subsection K of this section and shall provide notice to the parent of the deficiency pursuant to subsection I of this section.

3. If a student has not yet satisfied the proficiency requirements of this section prior to the completion of third grade and still has a significant reading deficiency, as identified based on assessments administered as provided for in subsection B of this section, has not accumulated evidence of third-grade proficiency through a student portfolio as provided in subsection K of this section, or is not subject to a good-cause exemption as provided in subsection K of this section, then the student shall not be eligible for automatic promotion to fourth grade.

4. a. For the 2016-2017 school year, a student not eligible for automatic promotion as provided for in paragraph 3 of this subsection and who scores at the unsatisfactory level on the reading portion of the statewide third-grade assessment administered pursuant to Section 1210.508 of this title may be evaluated for probationary promotion by the Student Reading Proficiency Team. Beginning with the 2017-2018 school year, a student not eligible for automatic promotion as provided for under paragraph 3 of this subsection and who scores below the proficiency level on the reading portion of the statewide third-grade assessment administered pursuant to Section 1210.508 of this title may be evaluated for probationary promotion by the Student Reading Proficiency Team which was created for the student pursuant to subsection D of this section.

b. The student shall be promoted to the fourth grade if the team members unanimously recommend probationary promotion to the school principal and the school district superintendent and the principal and superintendent approve the recommendation that promotion is the best option for the student. If a student is allowed a probationary promotion, the team shall continue to review the reading performance of the student and repeat the requirements of this paragraph each academic year until the student demonstrates grade-level reading proficiency, as identified through a screening instrument which meets the acquisition of reading skills criteria pursuant to subsection B of this section, for the corresponding grade level in which the student is enrolled or transitions to the requirements set forth by the Achieving Classroom Excellence Act.

5. Beginning with the 2017-2018 school year, students who score below the proficient level on the reading portion of the statewide third-grade assessment administered pursuant to Section 1210.508 of this title, who are not subject to a good cause exemption as provided in subsection K of this section, and who do not qualify for promotion or probationary promotion as provided in this subsection, shall be retained in the third grade and provided intensive instructional services and supports as provided for in subsection N of this section.

6. Each school district shall annually report to the State Department of Education the number of students promoted to the fourth grade pursuant to this subsection and the number of students promoted to a subsequent grade pursuant to the provisions in paragraph 4 of this subsection. The State Department of Education shall publicly report the aggregate and district-specific number of students promoted on their website and shall provide electronic copies of the report to the Governor, Secretary of Education, President Pro Tempore of the Senate, Speaker of the House of Representatives, and to the respective chairs of the committees with responsibility for common education policy in each legislative chamber.

7. Nothing shall prevent a school district from applying the principles of paragraphs 3 and 4 of this subsection in grades kindergarten through second grade.

8. To determine the promotion and retention of third-grade students pursuant to the Reading Sufficiency Act, the State Board of Education shall use only the reading comprehension and vocabulary
scores portion of the statewide third-grade assessment administered pursuant to Section 1210.508 of this title and shall not use the other language arts scores portions of the assessment.

I. The parent of any student who is found to have a reading deficiency and is not reading at the appropriate grade level and has been provided a program of reading instruction as provided for in subsection B of this section shall be notified in writing of the following:

1. That the student has been identified as having a substantial deficiency in reading;

2. A description of the current services that are provided to the student pursuant to a conjoint measurement model such that a reader and a text are placed on the same scale;

3. A description of the proposed supplemental instructional services and supports that will be provided to the student that are designed to remediate the identified area of reading deficiency;

4. That the student will not be promoted to the fourth grade if the reading deficiency is not remediated by the end of the third grade, unless the student is otherwise promoted as provided for in subsection H of this section or is exempt for good cause as set forth in subsection K of this section;

5. Strategies for parents to use in helping their child succeed in reading proficiency;

6. The grade-level performance scores of the student;

7. That while the results of the statewide assessments administered pursuant to Section 1210.508 of this title are the initial determinant, they are not the sole determiner of promotion and that portfolio reviews and assessments are available; and

8. The specific criteria and policies of the school district for midyear promotion implemented as provided for in paragraph 4 of subsection N of this section.

J. No student may be assigned to a grade level based solely on age or other factors that constitute social promotion.

K. For those students who do not meet the academic requirements for promotion and who are not otherwise promoted as provided for in subsection H of this section, a school district may promote the student for good cause only. Good-cause exemptions for promotion shall be limited to the following:

1. Limited-English-proficient students who have had less than two (2) years of instruction in an English language learner program;

2. Students with disabilities whose individualized education program (IEP), consistent with state law, indicates that the student is to be assessed with alternate achievement standards through the Oklahoma Alternate Assessment Program (OAAP);

3. Students who demonstrate an acceptable level of performance on an alternative standardized reading assessment approved by the State Board of Education;

4. Students who demonstrate, through a student portfolio, that the student is reading on grade level as evidenced by demonstration of mastery of the state standards beyond the retention level;

5. Students with disabilities who participate in the statewide assessments administered pursuant to Section 1210.508 of this title and who have an individualized education program that reflects that the student has received intensive remediation in reading for more than two (2) years but still demonstrates a deficiency in reading and was previously retained in prekindergarten for academic reasons, kindergarten, first grade, second grade, or third grade;
6. Students who have received intensive remediation in reading through a program of reading instruction for two (2) or more years but still demonstrate a deficiency in reading and who were previously retained in prekindergarten for academic reasons, kindergarten, first grade, second grade, or third grade for a total of two (2) years; and

7. Students who have been granted an exemption for medical emergencies by the State Department of Education.

L. A student who is otherwise promoted as provided for in subsection H of this section or is promoted for good cause as provided for in subsection K of this section shall be provided intensive reading instruction during an altered instructional day that includes specialized diagnostic information and specific reading strategies for each student. The school district shall assist schools and teachers to implement reading strategies for the promoted students that research has shown to be successful in improving reading among low-performing readers.

M. Requests to exempt students from the retention requirements based on one of the good-cause exemptions as described in subsection K of this section shall be made using the following process:

1. Documentation submitted from the teacher of the student to the school principal that indicates the student meets one of the good-cause exemptions and promotion of the student is appropriate. In order to minimize paperwork requirements, the documentation shall consist only of the alternative assessment results or student portfolio work and the individual education plan (IEP), as applicable;

2. The principal of the school shall review and discuss the documentation with the teacher and, if applicable, the other members of the Student Reading Proficiency Team as described in subsection D of this section. If the principal determines that the student meets one of the good-cause exemptions and should be promoted based on the documentation provided, the principal shall make a recommendation in writing to the school district superintendent; and

3. After review, the school district superintendent shall accept or reject the recommendation of the principal in writing.

N. Each school district shall:

1. Conduct a review of the program of reading instruction for all students who score below the proficient level on the reading portion of the statewide assessment administered pursuant to Section 1210.508 of this title and did not meet the criteria for one of the good-cause exemptions as set forth in subsection K of this section. The review shall address additional supports and services, as described in this subsection, needed to remediate the identified areas of reading deficiency. The school district shall require a student portfolio to be completed for each retained student;

2. Provide to students who have been retained as set forth in subsection H of this section with intensive interventions in reading, intensive instructional services and supports to remediate the identified areas of reading deficiency, including a minimum of ninety (90) minutes of daily, uninterrupted, scientific-research-based reading instruction. Retained students shall be provided other strategies prescribed by the school district, which may include, but are not limited to:
   a. small group instruction,
   b. reduced teacher-student ratios,
   c. more frequent progress monitoring,
   d. tutoring or mentoring,
e. transition classes containing third- and fourth-grade students,
f. extended school day, week, or year, and

g. summer reading academies as provided for in Section 1210.508E of this title, if available;

3. Provide written notification to the parent or guardian of any student who is to be retained as set forth in subsection H of this section that the student has not met the proficiency level required for promotion and was not otherwise promoted and the reasons the student is not eligible for a good-cause exemption. The notification shall include a description of proposed interventions and intensive instructional supports that will be provided to the student to remediate the identified areas of reading deficiency;

4. Implement a policy for the midyear promotion of a retained student who can demonstrate that the student is a successful and independent reader, is reading at or above grade level, and is ready to be promoted to the fourth grade. Tools that school districts may use in reevaluating any retained student may include subsequent assessments, alternative assessments, and portfolio reviews, in accordance with rules of the State Board of Education. Retained students may only be promoted midyear prior to November 1 and only upon demonstrating a level of proficiency required to score at the proficient level on the statewide third-grade assessment administered pursuant to Section 1210.508 of this title, or upon demonstrating proficiency in reading at the third-grade level through a screening instrument administered pursuant to subsection B of this section, and upon showing progress sufficient to master appropriate fourth-grade-level skills, as determined by the school. A midyear promotion shall be made only upon agreement of the parent or guardian of the student and the school principal;

5. Provide students who are retained with a high-performing teacher who can address the needs of the student, based on student performance data and above-satisfactory performance appraisals; and

6. In addition to required reading enhancement and acceleration strategies, provide students who are retained with at least one of the following instructional options:

a. supplemental tutoring in scientific-research-based reading services in addition to the regular reading block, including tutoring before or after school,

b. a parent-guided "Read at Home" assistance plan, as developed by the State Department of Education, the purpose of which is to encourage regular parent-guided home reading, or

c. a mentor or tutor with specialized reading training.

O. Beginning with the 2011-2012 school year, each school district shall establish a Reading Enhancement and Acceleration Development (READ) Initiative. The focus of the READ Initiative shall be to prevent the retention of third-grade students by offering intensive accelerated reading instruction to third-grade students who failed to meet standards for promotion to fourth grade and to kindergarten through third-grade students who are exhibiting a reading deficiency. The READ Initiative shall:

1. Be provided to all kindergarten through third-grade students at risk of retention as identified by the assessments administered pursuant to the Reading Sufficiency Act. The assessment used shall measure phonemic awareness, phonics, fluency, vocabulary, and comprehension;

2. Be provided during regular school hours in addition to the regular reading instruction; and

3. Provide a state-approved reading curriculum that, at a minimum, meets the following specifications:
a. assists students assessed as exhibiting a reading deficiency in developing the ability to read at grade level,
b. provides skill development in phonemic awareness, phonics, fluency, vocabulary, and comprehension,
c. provides a scientific-research-based and reliable assessment,
d. provides initial and ongoing analysis of the reading progress of each student,
e. is implemented during regular school hours,
f. provides a curriculum in core academic subjects to assist the student in maintaining or meeting proficiency levels for the appropriate grade in all academic subjects,
g. establishes at each school, where applicable, an Intensive Acceleration Class for retained third-grade students who subsequently score below the proficient level on the reading portion of the statewide assessment administered pursuant to Section 1210.508 of this title. The focus of the Intensive Acceleration Class shall be to increase the reading level of a child at least two grade levels in one (1) school year. The Intensive Acceleration Class shall:

(1) be provided to any student in the third grade who scores below the proficient level on the reading portion of the statewide assessments and who was retained in the third grade the prior year because of scoring below the proficient level on the reading portion of the statewide assessments,

(2) have a reduced teacher-student ratio,

(3) provide uninterrupted reading instruction for the majority of student contact time each day and incorporate opportunities to master the fourth-grade state standards in other core subject areas,

(4) use a reading program that is scientific-research-based and has proven results in accelerating student reading achievement within the same school year,

(5) provide intensive language and vocabulary instruction using a scientific-research-based program, including use of a speech-language therapist,

(6) include weekly progress monitoring measures to ensure progress is being made, and

(7) provide reports to the State Department of Education, in the manner described by the Department, outlining the progress of students in the class at the end of the first semester,

h. provide reports to the State Board of Education, upon request, on the specific intensive reading interventions and supports implemented by the school district. The State Superintendent of Public Instruction shall annually prescribe the required components of the reports, and

i. provide to a student who has been retained in the third grade and has received intensive instructional services but is still not ready for grade promotion, as determined by the school district, the option of being placed in a transitional instructional setting. A transitional setting shall specifically be designed to produce learning gains sufficient to meet fourth-grade performance standards while continuing to remediate the areas of reading deficiency.

P. In addition to the requirements set forth in this section, each school district board of education shall annually report to the parent or guardian of each student in the district the progress of the student toward achieving state and district expectations for proficiency in reading, writing, science, and mathematics. The school district board of education shall report to the parent or guardian of each student the results on statewide assessments administered pursuant to Section 1210.508 of this title. The evaluation of the progress of each student shall be based upon classroom work, observations, tests, district and state
assessments, and other relevant information. Progress reporting shall be provided to the parent or guardian in writing.

Q. 1. Each school district board of education shall annually publish on the school website, and report in writing to the State Board of Education by September 1 of each year, the following information on the prior school year:

a. the provisions of this section relating to public school student progression and the policies and procedures of the school district on student retention and promotion,

b. by grade, the number and percentage of all students in grades three through ten performing below the proficient level on the reading portion of the statewide assessment administered pursuant to Section 1210.508 of this title,

c. by grade, the number and percentage of all students retained in grades three through ten,

d. information on the total number and percentage of students who were promoted for good cause, by each category of good cause as specified above, and

e. any revisions to the policies of the school district on student retention and promotion from the prior year.

2. The State Department of Education shall establish a uniform format for school districts to report the information required in this subsection. The format shall be developed with input from school districts and shall be provided not later than ninety (90) days prior to the annual due date. The Department shall annually compile the information required, along with state-level summary information, and report the information to the public, the Governor, the President Pro Tempore of the Senate, and the Speaker of the House of Representatives.

R. The State Department of Education shall provide technical assistance as needed to aid school districts in administering the provision of the Reading Sufficiency Act.

S. On or before December 31 of each year, the State Department of Education shall issue to the Governor, the President Pro Tempore of the Senate, the Speaker of the House of Representatives and members of the Senate and House of Representatives Education Committees a Reading Report Card for the state and each school district and elementary site which shall include, but is not limited to, trend data detailing three (3) years of data, disaggregated by student subgroups to include economically disadvantaged, major racial or ethnic groups, students with disabilities, and English language learners, as appropriate for the following:

1. The number and percentage of students in kindergarten through third grade determined to be at risk for reading difficulties compared to the total number of students enrolled in each grade;

2. The number and percentage of students in kindergarten who continue to be at risk for reading difficulties as determined by the year-end measurement of reading progress;

3. The number and percentage of students in kindergarten through third grade who have successfully completed their program of reading instruction and are reading on grade level as determined by the results of approved reading assessments;

Section 1240. Funds for Remediation - Reading Sufficiency Act.

A. Contingent on the provision of appropriated funds designated for the Reading Sufficiency Act, school districts may be allocated monies for each enrolled kindergarten student or first-, second- and third-grade student of the current school year, including any student who has been retained in the third grade pursuant to Section 1210.508C of this title, who is found to be in need of remediation or intervention in reading. The allocation shall be distributed to each school district upon approval of the reading sufficiency plan for the school district by the State Department of Education and the submittal of a child-count report to the Department that details the number of students identified as needing remediation or intervention in reading. To determine a per-student allocation amount, the total amount of funds available for allocation each year shall be divided by the total number of students in the state identified as in need of remediation or intervention in reading as provided for in Section 1210.508C of this title. Each school district shall be allocated an amount equal to the per-student allocation amount multiplied by the number of identified students enrolled in the school district.

B. Beginning with the 2022-2023 school year, districts receiving more than Two Thousand Five Hundred Dollars ($2,500.00) pursuant to subsection A of this section shall spend no less than ten percent (10%) to provide professional development for teachers teaching prekindergarten through grade five. The professional development shall include training in the science of how students learn to read as well as instructional materials required for implementation.
C. By June 30, 2022, the Department shall approve and publish a list of professional development programs that are evidence-based and directly address the cognitive science of how students learn to read for which districts are permitted to use the funds received under this section.

D. If a teacher attends and completes a professional development institute in elementary reading approved by the Oklahoma Commission for Teacher Preparation during the summer or when school is not in session, the teacher may receive a stipend equal to the amount of the cost for a substitute teacher, based on the amount of funds allocated. (70 O.S. § 1210.508D)

Section 1241. Reading Training for Elementary Teachers.

A. The State Board of Education shall ensure that the reading competencies for elementary teachers are included in the competencies for special education teachers.

B. The State Board of Education and the Commission for Educational Quality and Accountability in collaboration with the Oklahoma State Regents for Higher Education shall ensure that all teachers of early childhood education, elementary education, and special education are provided quality training in intervention, instruction, and remediation strategies in order to meet the needs of students in kindergarten through third grade who are determined to be at risk of reading difficulties. In addition, quality education for prospective teachers shall be provided in research-based instructional strategies for instruction, assessment and intervention for literacy development for all students, including advanced readers, typically developing readers and struggling readers who are coping with a range of challenges, including, but not limited to, English learners and learners with handicapping conditions and learning disabilities (including dyslexia). Quality training shall include guidance from professional resources such as the Report of the National Reading Panel, Response to Intervention guidelines and professional organizations such as the Council for Exceptional Children, International Dyslexia Association, International Literacy Association, National Council of Teachers of English and National Association for the Education of Young Children.

C. All institutions within The Oklahoma State System of Higher Education that offer early childhood education, or special education programs approved by the Commission for Educational Quality and Accountability shall incorporate into those programs the requirement that teacher candidates study the five elements of reading instruction which are phonemic awareness, phonics, reading fluency, vocabulary, and comprehension. Teacher candidates shall study strategies including, but not limited to, instruction that is explicitly taught, sequenced, multimodal (reading, writing, speaking, listening, hands-on, etc.), multidisciplinary and reflective to adapt for individual learners.

D. Effective July 1, 2010, teacher candidates enrolled in an institution within The Oklahoma State System of Higher Education in an elementary, early childhood education, or special education program approved by the Commission for Educational Quality and Accountability shall pass, prior to graduation, a comprehensive assessment to measure their teaching skills in the area of reading instruction. The assessment shall be developed and administered by the institutions that offer elementary, early childhood education, or special education programs that lead to certification. The assessment shall measure the knowledge and understanding of the teacher candidate in the teaching of the five elements of reading instruction which are phonemic awareness, phonics, reading fluency, vocabulary, and comprehension. The results of the assessment shall be reported annually by the institution to the Commission for Educational Quality and Accountability as a part of the required annual report for the institution. The Commission shall include the data in the annual report to the Oklahoma Legislature as required pursuant to Section 6-186 of this title. It is the intent of the Legislature to ensure that teachers graduating from institutions within The Oklahoma State System of Higher Education have the knowledge and skills to effectively teach reading to all children. (70 O.S. § 1210.508F)
Section 1242. Bridge to Literacy Program, Purpose, Applications by Private Entities.

A. The State Board of Education shall establish the Oklahoma Bridge to Literacy Program. The purpose of the Program is to improve reading skills of children up through the fourth grade, as measured by mastery of the skills identified in the subject matter standards adopted by the State Board of Education, by training and assisting private entities, as defined in subsection C of this section, to offer reading instruction to children before school, after school, on Saturdays and during summer periods.

B. The State Department of Education shall issue a request for proposals on or before October 1, 2012, and each October 1 thereafter for which the Oklahoma Bridge to Literacy Program is funded, seeking applications for the Oklahoma Bridge to Literacy Program. The Department shall review the applications for compliance with the established requirements.

3. Churches or religious organizations, associations, or societies or nonprofit organizations or programs operated, supervised or controlled by or in conjunction with a religious organization, association or society.

D. The State Board of Education may approve applications that meet the requirements set forth in this subsection and as established by the Board. Approved applications shall establish reading programs for children up through the fourth grade. The reading programs may be offered before school, after school, on Saturdays or during summer periods. The reading programs shall offer reading instruction designed to enable the children to acquire the appropriate level reading skills and shall provide diagnostic assessments and measurement of reading skills to determine reading success. The reading program shall focus on the acquisition of reading skills including, but not limited to, phonological awareness, phonics, spelling, reading fluency, vocabulary, and comprehension.

E. On or before December 1, 2012, and each December 1 thereafter for which the Oklahoma Bridge to Literacy Program is funded, the Department shall forward applications that the Department has determined meet the requirements of this section to the Board. On or before February 1, 2013, and each February 1 thereafter for which the Oklahoma Bridge to Literacy Program is funded, the Board shall award, through a competitive bid process, one or more grants to private entities to provide reading instruction programs through the Oklahoma Bridge to Literacy Program. To the extent possible, grants shall be awarded on a statewide basis. The grant funding shall be used to provide the reading instruction program, provide employees and volunteers for the program and to purchase materials for the program.

F. In addition to the grant funding, the Department shall provide to the private entities awarded grants pursuant to this section the following:

1. Reading instruction training, academies or courses designed to train the private entity employees or volunteers in reading instruction and remediation strategies;
2. Resources and materials on reading instruction and remediation; and
3. Any other appropriate assistance.

G. The Board shall provide for independent evaluations of programs funded pursuant to this section.

H. Beginning June 30, 2013, and each year thereafter for which the Oklahoma Bridge to Literacy Program is funded, the Board shall prepare and submit a report to the Governor, the Speaker of the House of Representatives and the President Pro Tempore of the Senate containing:

A. Each school district in this state may offer a remediation course for high school students who score below a nineteen (19) on the American College Testing (ACT) exam or below an equivalent score on the SAT exam.

B. Nothing in subsection A of this section shall be construed to require that a teacher providing instruction in the remediation course be certified in any subject matter that is tested on the ACT or SAT exam. (70 O.S. § 11-107.1)

Section 1244. Promotion of Students based on Competencies.

A. If a teacher determines that a third-grade student is not reading at grade level by the end of the second quarter of the school year, the parent or guardian of the student shall be notified of:
   1. The reading level of the student;
   2. The program of reading instruction for the student as required pursuant to the Reading Sufficiency Act; and
   3. The potential need for the student to participate in a summer academy or other program designed to assist the student in attaining grade-level reading skills.

B. A teacher who determines a third-grade student is unable to meet competencies required for reading for completion of third grade and promotion to fourth grade may, after consultation with the parent or guardian of the student, recommend that the promotion of the student to the fourth grade is contingent upon the participation in and successful completion of the required competencies for reading by the student at a summer academy or other program. If the student does not participate in the summer academy or other program or does not successfully complete the competencies in the summer academy or other program, the student shall be retained in the third grade as set forth in Section 1210.508C of this title.

C. Summer academy programs shall be designed to ensure that participating students successfully complete the competencies necessary in reading for promotion to fourth grade and to enhance next-grade readiness. A summer academy reading program shall be a program that incorporates the content of a scientifically research-based professional development program administered by the Oklahoma Commission for Teacher Preparation or a scientifically research-based reading program administered by
the State Board of Education and is taught by teachers who have successfully completed professional development in the reading program or who are certified as reading specialists.

D. School districts may approve an option for students who are unable to attend a summer academy. The optional program may include, but is not limited to, an approved private provider of instruction, approved computer- or Internet-based instruction, or an approved program of reading instruction monitored by the parent or guardian. School districts shall not be required to pay for the optional program, but shall clearly communicate to the parent or guardian the expectations of the program and any costs that may be involved.

E. Subject to the availability of funds, beginning one (1) year after implementation of this section, the requirements of subsection B of this section may be expanded to apply to fourth-grade student promotion to fifth grade. Each year thereafter, the requirements may be expanded by one grade level until the requirements apply to third-grade students through eighth-grade students. Summer academy programs shall be designed for each grade level. Nothing in this section shall prevent the State Board of Education or a school district board of education from utilizing private, local, or federal funds to implement this section.

F. The State Board of Education shall adopt rules to implement the provisions of this section which shall include requirements for instructional time for summer school programs, teacher qualifications, and evaluation of student achievement as a result of summer academy programs or other optional programs. (70 O.S. § 1210.508E)

Section 1245. Mathematics Remediation.

A. Contingent upon the provision of appropriated funds designated for such purpose, students who do not perform satisfactorily on the mathematics portion of either the norm-referenced or criterion-referenced tests for grades three through eight required pursuant to Section 1210.508 of this title shall be provided remediation. The remediation may include but not be limited to tutorial instruction after regular school hours, on Saturdays and during the summer. Such instruction shall not be counted toward the one-hundred-eighty-day school year required in Section 1-109 of this title.

B. Implementation of this section shall be delayed until the current expenditure per pupil in average daily attendance in public elementary and secondary schools in unadjusted dollars for the 1998-99 school year or any school year thereafter for Oklahoma, as reported by the National Center for Education Statistics annually in the Digest of Education Statistics, reaches at least ninety percent (90%) of the regional average expenditure for that same year, and funds are provided. For purposes of this section, the regional average expenditure shall consist of the current expenditure per pupil in average daily attendance in public elementary and secondary schools in unadjusted dollars for each of the following states: Arkansas, Colorado, Kansas, Missouri, New Mexico, Oklahoma, and Texas, averaged together. By January 1 of each year, the State Board of Education shall report whether or not the ninety-percent expenditure level has been reached based on information reported annually in the Digest of Education Statistics by the National Center for Education Statistics. This section shall be implemented on July 1 after the first January 1 report verifies that the ninety-percent expenditure level has been reached and funds have been provided for the specific purposes of this section. (70 O.S. § 1210.5E)

Section 1246. In-service Training for Local School Personnel Who Administer Tests - Reports of Test Results.

A. The Department shall provide inservice training for local school personnel who administer tests required by the Oklahoma School Testing Program Act, Section 1210.505 et seq. of this title.

B. The Board shall require the company or companies providing tests required by the Oklahoma School Testing Program Act, Section 1210.505 et seq. of this title, to submit summary reports
of the results by school district to the Department and the respective local school district. Individualized results of the test shall be made available by the local school district to the classroom teachers who instruct the students in the academic areas tested. By January 1 of each year, the State Board of Education shall report whether or not the ninety-percent expenditure level has been reached based on information reported annually in the Digest of Education Statistics by the National Center for Education Statistics. E. Implementation of subsection C of this section shall be delayed until the current expenditure per pupil in average daily attendance in public elementary and secondary schools in unadjusted dollars for the 1998-99 school year or any school year thereafter for Oklahoma, as reported by the National Center for Education Statistics annually in the Digest of Education Statistics, reaches at least ninety percent (90%) of the regional average expenditure for that same year, and funds are provided. A student assigned to the alternative school, an alternative education program or receiving educational services in a residential or treatment facility within the district who attends for a full abbreviated day shall be counted in attendance for purposes of computing average daily attendance and average daily membership for the district.

B. A district board of education may authorize enrollment on a part-time basis utilizing Internet-based courses for students who have dropped out of school or are or have been suspended from school. State Aid shall be calculated for such students based upon the percentage of the total school day in which the student is enrolled multiplied by the appropriate grade level weight pursuant to Section 18-201.1 of this title, provided such student was enrolled at any time in a public school in this state during the previous three (3) school years.

C. A district board of education shall hire only certified teachers to teach in an alternative education program or alternative education school offered by the district or to teach students who are in a residential or treatment facility.

The Technical Assistance Center shall report to the State Department of Education the name and description of any program which receives state validation.

B. To be eligible for a High Challenge grant, a program shall meet research-based criteria set by the State Department of Education. The Alternative Approaches Technical Assistance Center shall provide the Department with research and recommendations on effective programming for high challenge children.

C. The State Board of Education is further authorized to award one competitive grant for operation of an Alternative Approaches Programs Technical Assistance Center. Said programs shall not supplant programs or activities funded by the United States Government pursuant to Chapter 1 of Title I of the Elementary and Secondary Education Act of 1965, as amended. The Alternative Approaches Technical Assistance Center grant recipient shall have priority, if its operations are deemed satisfactory by the State Board of Education and if funds are available, for annual renewal of the grant.

D. Service program grant recipients shall have priority, if recommended by the Technical Assistance Center and if funds are available, for annual renewal of grants by the State Board of Education in amounts and on conditions as provided in this section. If a district has received grants for an at risk or high challenge program for three consecutive school years and if the program upon evaluation by the Technical Assistance Center meets the criteria set forth in subsection A of this section and satisfies criteria set forth in rules adopted by the State Board of Education pursuant to subsection E of this section, funding shall be as follows:

1. Funding for the fourth consecutive school year shall be in the amount of fifty percent (50%) of the average amount of grants awarded for the program pursuant to this section for the first three (3) consecutive school years; and

All grants for the fourth and fifth school years as provided above shall be matched with local funds or in-kind contributions. Programs which received grants continuously for five (5) consecutive school years shall not thereafter be eligible for grants pursuant to this section.

E. Rules adopted by the State Board of Education shall incorporate or provide for, but not necessarily be limited to:

3. Requirements that service program grant recipients have clear and measurable goals and objectives; show evidence of having given reasonable consideration to coordination with other community agencies and resources, where appropriate, in the development of their proposals; and agree to comply with all requirements of the Technical Assistance Center regarding use of assessment instruments, provision of data, and provision of information necessary for program evaluation;

6. Revocation of any high challenge or at risk grant awarded to, and ineligibility for award of any future high challenge grant pursuant to this act to, any grant recipient who has employed prior to May 24, 1991, any person who served as a volunteer assisting with the initial preparation of proposed rules for high challenge (formerly designated as at risk) grant programs or any person serving as a member of a selection committee during or within two (2) years following such person’s service pursuant to paragraph 5 of this subsection. B. Public-Sector Comparators. After the Partnership Committee identifies a potential partnership for a public project or public service, the Office of Public-Private Partnerships shall conduct a public-sector comparator study of the potential partnership. The Partnership Committee shall determine the scope of each public sector comparator, which scope shall depend on the type of proposed partnership and the nature of the public service under consideration for the partnership. The following issues shall be considered as components of a public sector comparator:

   d. the financial impact the partnership will have on the responsible state agency, and
   e. the impact a partnership would have on job formation, economic growth and the community in which the public service is to be rendered.

C. The Partnership Committee shall use the results of the public sector comparator to determine which public services and projects are appropriate for partnership. The Office of Public-Private Partnerships shall publish on its website the public sector comparator for each project to provide a public service for which a request for qualifications is initiated.

D. The Office of Public-Private Partnerships shall publish notice of the intent to enter into a contract for a partnership for public service or related project and shall prepare a request for qualifications for private sector entities interested in serving as proposers for the partnership. The notice shall notify interested parties of the opportunity to submit their qualifications for consideration and shall be published at least sixty (60) days prior to the deadline for submitting those qualifications. The Office also may advertise the information contained in the notice in appropriate trade journals and otherwise notify parties believed to be interested in providing the public service and in any related project.

E. After inviting proposers to bid on the project, the Partnership Committee shall evaluate the qualifications submitted and may hold discussions with proposers to further explore their qualifications. Following this evaluation, the Partnership Committee may determine a list of qualified proposers based on criteria in the invitation and invite only those proposers to submit a proposal.

F. The Office of Public-Private Partnerships shall prepare a request for proposal, which may include proposal stipends and the proposed partnership contract, both of which shall be approved by the Partnership Committee. Partnership contracts may also include a requirement for the delivery of performance and payment bonds required for all construction activities and letters of credit, surety bonds or other security in connection with the development or operation of the qualifying project in the forms and amounts satisfactory to the responsible governmental entity.

H. After proposals are received, the Office of Public-Private Partnerships, using the criteria established in the request for proposal by the Partnership Committee, shall evaluate the proposals submitted and may hold discussions with proposers to further explore their proposals, the scope and nature of the public service(s) they would provide and the various technical approaches they may take regarding the public service and any related project. Following this evaluation, the Partnership Committee shall select and rank no fewer than three proposers that the Partnership Committee considers to be the most qualified to enter into the contract, except when the Partnership Committee determines that fewer than three qualified proposers are available, in which case the Partnership Committee shall select and rank them.

I. After the proposers have been ranked by the Partnership Committee, the Director of the Office of Management and Enterprise Services (OMES) and the authorized representative of the responsible state agency shall negotiate the contract with the proposer ranked most qualified to provide the public service at a compensation determined in writing to be fair and reasonable and to purchase, lease or otherwise take a legal interest in the project.

J. Upon failure to negotiate a contract with the proposer ranked most qualified, the Director of OMES shall inform the proposer in writing of the termination of negotiations and may enter, with the responsible state agency, into negotiations with the proposer ranked next most qualified. If negotiations again fail, the same procedure may be followed with each next most qualified proposer selected and ranked, in order of ranking, until a contract is negotiated and executed or the request for proposal is withdrawn.

K. If the Director of OMES and the authorized representative of the responsible state agency fail to negotiate a contract with any of the ranked proposers, the Director of OMES, in consultation with the responsible state agency, may terminate the process or select and rank additional proposers based on their qualifications or proposals, and negotiations shall continue as with the proposers selected and ranked initially until a contract is negotiated.

L. The Director of OMES and the authorized representative of the responsible state agency may jointly reject any and all submissions of qualifications or proposals and may jointly terminate the procurement process at any point.

M. The Director of OMES and the authorized representative of the responsible state agency shall have the authority to make commercially reasonable changes to the partnership contract approved by the Partnership Committee. Any such contract may contain the terms and conditions to carry out and effect the purposes of this act.

N. Any submission not selected by the responsible state agency shall be considered intellectual property that shall remain the property of the proposer. (74 O.S. § 5-155)
Section 1285.8. Request for Proposals.

A. The responsible governmental entity may prepare a request for proposal, which may include proposal stipends, and the proposed partnership contract, both of which shall be approved by the responsible governmental entity. After the responsible governmental entity's approval of the request for proposal and the partnership contract, the public project shall be deemed an Approved Partnership Procurement.

B. Partnership contracts may contain the terms and conditions to carry out and effect the purposes of this act, including the duration of the contract, rates or fees for the public project to be provided or methods or procedures for the determination of such rates or fees, standards for the public project to be provided, responsibilities and standards for operation and maintenance of any related public project, required financial assurances, financial and other data reporting requirements, bases and procedures for termination of the contract and retaking of possession or title to the public project, and events of default and remedies upon default, including mandamus, a suit in equity, an action at law, or any combination of those remedial actions.

C. Partnership contracts may also include a requirement for the delivery of performance and payment bonds required for all construction activities, and letters of credit, surety bonds or other security in connection with the development or operation of the qualifying public project, in the forms and amounts satisfactory to the responsible governmental entity.

D. After proposals are received, the responsible governmental entity, using the criteria established in the request for proposal, shall evaluate the proposals submitted and may hold discussions with proposers to further explore their proposals, the scope and nature of the public project, and the various technical approaches they may take regarding the public project.

E. The responsible governmental entity may reject any and all submissions of qualifications or proposals and may terminate the procurement process at any point.

F. The responsible governmental entity shall have the authority to make commercially reasonable changes to the partnership contract. Any such contract may contain the terms and conditions to carry out and effect the purposes of this act.

G. Any submission not selected by the responsible governmental entity shall be considered intellectual property that shall remain the property of the proposer. (74 O.S. § 5155.1)

Any such contract shall be sufficient to effect its purpose notwithstanding any provision of law to the contrary, including other laws governing the sale, lease or other disposition of property or interests therein, service contracts or financial transactions by or for the state.

C. The Office of Public-Private Partnerships shall provide a report to the Speaker of the House of Representatives and the President Pro Tempore of the Senate explaining the value of the contract to the state and describing the procurement process by which the contract was reached. If the State Board of Equalization finds that education funding was supplant by funds from the trust fund, the Board shall specify the amount by which education funding was supplanted. In this event, the Legislature shall not make any appropriations for the ensuing fiscal year until an appropriation in that amount is made to replenish the trust fund.

G. Except as otherwise provided by this subsection, no deficiency in the Oklahoma Education Lottery Trust Fund shall be replenished by reducing any nonlottery funds including, specifically but without limitation, the General Revenue Fund, the Constitutional Reserve Fund or the Education Reform Revolving Fund of the State Department of Education. Expenditures from the fund shall be made upon warrants issued by the State Treasurer against claims filed as prescribed by law with the Director of the Office of Management and Enterprise Services for approval and payment.

The monies in the fund shall be invested by the State Treasurer in accordance with state investment practices. All earnings attributable to such investments shall likewise accrue to the credit of the fund.

1. The project benefits the public;

2. There is a need for cost control; and

3. The need exists for specialized or complex construction methods due to the unique nature of the project.

D. The use of design-build and construction management project delivery methods shall not interfere or inhibit the opportunity for subcontractors to openly and freely compete for subcontracts pursuant to the Public Competitive Bidding Act of 1974 with respect to public notices.
E. The provisions of subsections A and B of this section shall not apply to projects by contract pursuant to an interagency agreement under Section 581 of Title 74 of the Oklahoma Statutes or to projects a state agency performs solely with the staff of the agency.

F. The Office of Management and Enterprise Services shall, pursuant to the Administrative Procedures Act, promulgate rules to effect procedures, processes and design-build/construction management fee guidelines necessary to the fulfillment of its responsibilities under this section.

G. As used in the Public Facilities Act, public trusts shall not include state beneficiary public trusts. (61 O.S. § 202.1)

Section 1310. Construction Management.

A. Any political subdivision or board of education of a school district may use construction management as a project delivery method for the building, altering, repairing, improving, maintaining or demolishing any structure or appurtenance thereto, or any other improvement to real property owned by that political subdivision or school district. For purposes of this section "construction management" shall be defined as set forth in Section 202 of this title and shall include both agency construction management and at-risk construction management.

B. A political subdivision or school district shall select a construction manager based on the professional qualifications and technical experience of the construction manager. Selection criteria shall include the experience of the candidate, past performance, and certification of the company or individuals within the company of their knowledge of recognized standards of construction, construction management and project management. Only firms recognized as qualified construction managers by the Department of Real Estate Services of the Office of Management and Enterprise Services pursuant to Section 62 of this title, may be considered for selection as a construction manager by a political subdivision or school district.

C. The construction management project delivery method may only be used for public construction contracts when the construction project meets the criteria established by Section 202.1 of this title, except that a political subdivision or school district shall not be required to obtain permission from the Director of the Office of Management and Enterprise Services.

D. When bids for a public construction project have been received from general contractors pursuant to the Public Competitive Bidding Act of 1974 and the lowest responsible bid is within the awarding agency's available funding, the awarding agency shall not reject all bids and award the project to a construction manager.

E. Construction management contracts, for both agency construction management and at-risk construction management, entered into by a political subdivision or school district pursuant to this section shall not be considered a public construction contract pursuant to Section 102 of Title 61 of the Oklahoma Statutes and shall not be subject to competitive bidding requirements as set forth in the Public Competitive Bidding Act of 1974.

F. All construction contracts or subcontracts for work to be performed for any political subdivision or school district pursuant to a construction management project delivery method shall be awarded in accordance with the provisions of the Public Competitive Bidding Act of 1974. If a construction manager at-risk wishes to self-perform portions of the construction work to be performed, the construction manager at-risk may self-perform portions of the work provided the construction manager at-risk competitively bids the work under the same terms and conditions as the other bidders and the construction manager at-risk is the lowest responsible bidder for the construction subcontract. No work shall commence until the school district executes a written contract and the contractor and subcontractors submit bonds and proofs of insurance as required by the appropriate contract. (61 O.S. § 220)
A school district is not a construction entity contemplated by the statute to serve as a construction manager, and thus a school district may not use in-house personnel to act as the school district’s construction manager. (AG Op. No. 2010-13)

Section 1311.1. Building Types Subject to Act – Exceptions.

A. An architect shall be required to plan, design and prepare plans and specifications for the following Code Use Groups except where specifically exempt from the provisions of the State Architectural and Registered Interior Designers Act. All Code Use Groups in this section are defined by the current International Building Code.

E. Upgrades, repairs, replacements and changes made on projects in Code Use Groups found in this title requiring an architect are exempt from hiring an architect if the upgrades, repairs, replacements or changes do not affect the existing primary structural, mechanical, or electrical systems, life-safety systems, fire codes or exit passageways and/or egress as determined by the applicable building official having jurisdiction. (59 O.S. § 46.21b)

Even though the original plan or design of a building may have been exempt from the requirement to use a licensed architect under [Title 59] Section 46.21b(D) or a similar provision, the intended use of each subsequent renovation or alteration will determine if a new exemption could apply. July 31, 2007 (AG Op. No. 07-19)

A person not licensed as an architect under the Act can plan, design and prepare plans for the addition, renovation or alteration of a building although the intended use is not exempt from the provisions of the Act, as long as the building official appointed by the local, municipal, or county jurisdiction, or the State Fire Marshal when there is no local building code, determines the planned addition, renovation or alteration will not affect the primary structural, mechanical or electrical systems, life-safety systems or exit passageways. July 31, 2007 (AG Op. No. 07-19)

Absent a statutory provision to the contrary, all government entities are required to abide by the provisions of the State Architectural Act, and utilize a licensed architect and licensed landscape architect when required under the Act. October 10, 2005 (AG Op. No. 05-34)

Licensed architect is only individual who can contract to provide architectural services, and licensed landscape architect is only individual who can contract to provide landscape architectural services. Architectural services can be performed by individuals or entities licensed to perform landscape architectural services or by an engineer when such services are incidental to the performance of normal practice of landscape architect or engineer. Landscape architectural services can be performed by individuals or entities licensed to perform architectural services or by an engineer if such services are incidental to the performance of the normal practice of the architect or engineer. “Incidental to” means services which are likely to ensue from and are a minor consequence of other work being performed. May 11, 2000 (AG Op. No. 00-25)

Section 1311.2. Permits for Construction or Alteration of Building.

A. No person, firm, corporation, partnership, organization, city, town, school district, county or other subdivision of government shall commence the construction or major alteration of any buildings or structures to be used as schools, hospitals, churches, asylums, theaters, meeting halls, hotels, motels, apartment houses, rooming houses, rest homes, nursing homes, day nurseries, convalescent homes, orphanages, auditoriums, assisted living facilities, dormitories, factories, stadiums, or warehouses, including all defined occupancies within these groups, or install original equipment for the operation or maintenance thereof without obtaining a permit. Said permit, for which a charge may be made in conformity with the local ordinance, except as limited herein as to governmental agencies, shall be obtained from the city, town or county in whose jurisdiction the construction or alteration is planned.

B. All such construction or alteration as planned shall conform to the applicable provisions of the BOCA National Building Code, as last revised, the Southern Standard Building Code Congress International (SBCCI), the Uniform Building Code (ICBO), or the International Billing Code, except that in the event any city, town or county having jurisdiction to issue such permit has adopted by ordinance one of the other building codes designated in Section 324.8 of this title, then such construction or alteration shall conform to such other code so adopted.
C. Application for such building permit shall be made to, and such building permit shall be issued by, any city, town or county in whose jurisdiction the construction or alteration is planned. The city, town or county may require the submission of plans and specifications covering the proposed construction or alteration and may refuse to issue such permit unless the work so planned is in accordance with the applicable provisions of the city, town or county’s building code. In all geographical areas wherein no such permit is required by local authorities such permit must be obtained from the State Fire Marshal, who may require the submission of plans and specifications covering the proposed construction or alteration, and he shall refuse to issue such permit unless the work so planned is in accordance with the applicable provisions of said BOCA National Building Code, as last revised, the Southern Standard Building Code Congress International (SBCCI), the Uniform Building Code (ICBO), or the International Building Code; provided that the foregoing provisions of this sentence shall not apply to locations in any geographical area that are owned or operated by a state beneficiary public trust or have been purchased or leased from a state beneficiary public trust.

D. Nothing in this act shall be construed as repealing any ordinance of any city, town or county requiring the submission to the local authorities of plans and specifications and the obtaining of permits, but the power or authority of any such city, town or county to levy or assess any charge for such permit or to make and enforce requirements prerequisite to the issuance of such permit, other than requiring compliance with such building code, shall, as to governmental agencies, be limited as hereinafter set forth.

E. No city, town or county requested to issue any such permit to any city, town, school district, county or other subdivision of government shall charge, assess or collect any fee or other charge for such permit except the regular and customary inspection fees fixed by ordinance for inspection of the work to be done under such permit, and no other charge, fee or other conditions of any kind under the authority of this title shall be made a condition of or prerequisite to the obtaining of such permit by any such governmental agency.

F. No bids may be let for the construction or major alteration of any correctional facility as defined by Section 317 of this title until plans and specifications for such construction or alteration have been submitted to the State Fire Marshal for approval. The State Fire Marshal shall approve said plans and specifications if the work so planned conforms with the applicable provisions of the BOCA National Building Code, as last revised, the Southern Standard Building Code Congress International (SBCCI), the Uniform Building Code (ICBO), or the International Building Code.

G. 1. Notwithstanding anything to the contrary in the International Fire Code and/or International Building Code, all facilities to be licensed as assisted living facilities, or additions to existing assisted living facilities, constructed after November 1, 2008, shall be constructed with the guidelines of the I-II building code if at any time in their operation they house residents who are not capable of responding to emergency situations without physical assistance from staff of the facility or are not capable of self preservation.

2. Assisted living facilities licensed prior to the effective date of this act may house residents who are not capable of responding to emergency situations without physical assistance from the staff or are not capable of self preservation under the following conditions: As part of the annual licensure renewal process, the facility shall disclose if any residents who reside in the facility are not capable of responding to emergency situations without physical assistance from staff or are not capable of self preservation, and the facility shall be required to install fire sprinkler protection and an alarm system within the facility in accordance with the building guidelines set forth in the building code for I-II facilities.

3. For purposes of this subsection:
a. the term “assisted living center” shall include an assisted living center licensed as such by the State Department of Health and the assisted living center component of a continuum care facility licensed by the State Department of Health, and

b. the terms “International Fire Code” and “International Building Code” shall be deemed to include:

(1) any and all appendices, commentary, amendments and supplements to, and replacements or restatements of the Codes, and

(2) any and all other laws, ordinances, regulations, codes or standards pertaining to assisted living center construction, occupancy and maintenance for the protection of lives and property from fire. (74 O.S. § 324.11)

There does not appear to be an applicable Oklahoma law which would require school districts to comply with state building codes with regard to their “existing school buildings”. Thus, a school district need only comply with local, state and national building codes when such school district is embarking on new construction or an alteration to an existing structure. May 22, 1990 (AG Inf. Op. No. 90-589)

Existing building of school district does not need to comply with State or local city building codes. March 16, 1984 (AG Op. No. 83-292)

City can require school district to pay water and sewage connection fee as prerequisite for acquiring building permit, if fee is not in nature of a tax. AG Op. August 28, 1972

Section 1311.3. Public Buildings - Facilities for Handicapped.

A. Unless otherwise provided for by law, all plans and specifications for the erection of public buildings by this state, or any agency or political subdivision thereof, or for any building erected through the use of public funds shall provide facilities for the handicapped. Such facilities shall conform with the codes and standards adopted by the State Fire Marshal and amended by the Division's promulgated rules. Elevators shall be constructed and installed in said public buildings to the extent deemed feasible and financially reasonable by the contracting authority of the state or such political subdivision. Said codes and standards shall be on file in the Construction and Properties Division of the Office of Management and Enterprise Services.

B. After May 24, 1973, any building or facility which would have been subject to the provisions of this section but for the fact that it was constructed prior to May 24, 1973, shall be subject to the requirements of this section if additions are made to such building or facility in any twelve-month period which increase the total floor area of such building or facility by twenty-five percent (25%) or more or if alterations or structural repairs are made to such building or facility in any twelve-month period which affect twenty-five percent (25%) or more of the total floor area of such building or facility. (61 O.S. § 11)

Section 1311.4. Board Must Approve Plans and Specifications.

All plans and specifications for the erection of public buildings subject to Section 11 of this title shall be submitted prior to bidding and awarding of contract to the governing body of the political entity controlling the funds involved. Such plans and specifications shall be checked for compliance with Section 11 of this title, and no construction contract for any public building shall be awarded unless and until said plans and specifications are approved as being in compliance with Section 11 of this title by the appropriate governmental agency. If public buildings are to be financed by state funds, the Construction and Properties Division of the Office of Management and Enterprise Services shall approve said plans and specifications. In the case of public buildings to be financed by county funds or funds controlled by some other political subdivision of the state, the agency whose approval is required shall be the governing body of such subdivision. (61 O.S. § 12)
Section 1312. State File of Consultants - Procedure for Political Subdivisions.

A. The Department of Real Estate Services of the Office of Management and Enterprise Services shall maintain a file of all persons and entities interested in and capable of performing construction management and consultant services for state agencies. The file shall include registration forms and information submitted by construction managers and consultants pursuant to rules promulgated by the Office of Management and Enterprise Services. Pursuant to rules promulgated by the Office, the Department shall determine whether a construction manager or consultant qualifies for registration and shall notify the construction manager or consultant within twenty (20) days of receipt of a request for registration. Construction managers and consultants shall re-register for each successive calendar year with the Department.

* * * * *

J. In the selection of a construction manager or consultant, all political subdivisions of this state shall follow these procedures:

The subdivision shall select a construction manager or consultant based upon the professional qualifications and technical experience of the construction manager or consultant. The subdivision shall negotiate a contract with the highest qualified construction manager or consultant provided that a fee can be negotiated that is fair and reasonable to both parties. In the event a reasonable fee cannot be negotiated with the selected construction manager or consultant, the subdivision may negotiate with other construction manager or consultants in order of their qualifications. (61 O.S. § 62)

Section 1313. Performance-Based Efficiency Contract.

A. For purposes of this section:

1. "Public entity" means any political subdivision of this state, or a public trust which has as a beneficiary a political subdivision of this state, or any institution of higher education which is part of The Oklahoma State System of Higher Education;

2. "Performance-based efficiency contract" means a contract for the design, development, financing, installation and service of any improvement, repair, alteration or betterment of any building or facility owned, operated or planned by a public entity; or any equipment, fixture or furnishing to be added to or used in any such building or facility; or any maintenance or operational strategy that is designed and implemented that will reduce utility consumption or lower operating costs, result in annual operating cost savings, generate additional revenues or avoid capital cost incurrence and may include, but is not limited to, one or more of the following:
   a. utility services,
   b. heating, ventilating or air conditioning system modifications or replacements and automated control systems,
   c. replacement or modifications of lighting fixtures,
   d. indoor air quality improvements to increase air quality that conform to the applicable state or local building code requirements when done in conjunction with other cost-saving measures,
   e. any additional building infrastructure improvement, cost saving, life safety or any other improvement that provides long-term operating cost reductions and is in compliance with state and local codes, f. water-metering devices that increase efficiency or accuracy of water measurement and energy reduction, or
   g. any facility operation and support programs that reduce operating cost;
3. "Qualified provider" means a person or business experienced or trained in the design, analysis and installation of energy conservation and facility management measures. A qualified provider must employ a professional engineer registered in the State of Oklahoma; and

4. "State governmental entity" means the State of Oklahoma or any agency, board, commission, authority, department, public trust of which the state is the beneficiary or other instrumentality of state government, other than a public trust with the state as beneficiary whose jurisdiction is limited to one county, including, but not limited to, the following:
   a. Oklahoma Municipal Power Authority,
   b. Oklahoma Development Finance Authority,
   c. Oklahoma Industrial Finance Authority,
   d. Grand River Dam Authority,
   e. Oklahoma Water Resources Board,
   f. Northeast Oklahoma Public Facilities Authority,
   g. Oklahoma Turnpike Authority,
   h. Oklahoma Housing Finance Authority, and
   i. Oklahoma Public, Industrial and Cultural Facilities Authority.

B. In addition to any other legally permissible alternatives of entering into contracts, any public entity may enter into performance-based efficiency contracts with a qualified provider pursuant to the provisions of this section. Further, any public entity may enter into an installment contract, lease purchase agreement or other contractual obligation for the purpose of financing performance-based efficiency projects for a term not to exceed the greater of twenty (20) years or the useful life of the project. A qualified provider to whom the contract is awarded shall be required to give a sufficient bond to the public entity for its faithful performance of the contract. In addition, the public entity may require performance bonds covering the annual amount of guaranteed savings over the contract term.

The contract's cost savings to the public entity must be guaranteed each year during the term of the agreement. The savings must be sufficient to offset the annual costs of the contract. In calculating cost savings, the public entity may consider capital cost avoidance and include additional revenue that is directly attributed to the performance-based efficiency contract. The contract shall provide for reimbursement to the public entity annually for any shortfall of guaranteed savings. Savings must be measured, verified and documented during each year of the term and may be utilized to meet the annual debt service. This section shall constitute the sole authority necessary to enter into performance-based efficiency contracts, without regard to compliance with other laws which may specify additional procedural requirements for execution of contracts. (62 O.S. § 318)

Capital cost avoidance may not be considered by the governing body of a public entity in determining whether a Performance Based Efficiency Contract should be approved. Expected savings stipulated to or by the parties are irrelevant to the validity of a performance contract. November 19, 2009 (AG Op. No. 09-32)

Section 1314. Public Recreation.

Any city, town, school district or county may establish, provide, maintain, construct, set apart and conduct, either singly or jointly in cooperation with one or more of the other governmental units specified herein, parks, playgrounds, recreation centers, athletic fields or grounds, swimming pools, social and community centers, and other facilities and activities in public schools, parks, buildings and facilities now
owned or acquired. For such purposes the governing body of the governmental unit may dedicate and set apart for use as playgrounds, recreation centers and other recreational purposes any lands or buildings, or both, owned or leased by the governmental unit and not dedicated or devoted to another public use. The governmental unit may, in such manner as may now or hereafter be authorized or provided by law for the acquisition of lands or buildings for public purposes by the governmental unit, acquire or lease lands or buildings, or both, within or beyond the corporate limits of the governmental unit for playgrounds, recreation centers and other recreational purposes. When the governing body of the governmental unit shall dedicate, set apart, acquire or lease buildings for such purposes, it may on its own initiative provide for their conduct, equipment and maintenance according to the provisions of this subarticle by making an appropriation from the general revenues of the governmental unit as for other current expenses of the governmental unit. Any governing body is hereby authorized and empowered to establish, provide, maintain, construct and conduct recreational activities on local nongovernmental properties as well as on publicly-owned facilities. (11 O.S. § 33-103)

Section 1314.1. Oklahoma Safe Playground Surfaces Act.

Sections 6 and 7 of this act shall be known and may be cited as the “Oklahoma Safe Playground Surfaces Act”. (27A O.S. § 2-11-414)

Section 1314.2. Grants for Safe Playground Surfaces.

A. The Oklahoma Tax Commission is authorized to award matching grants, pursuant to the provisions of this act, to public schools or institutions, state parks and recreation areas for the purpose of reimbursing such entities for purchasing and installing, according to the specifications outlined in the American Standards for Testing and Materials 1292 (ASTM), playground surfacing material made from crumb rubber or other waste tire material processed by a facility located in this state.

B. Beginning July 1, 2001, when the total amount of funds accruing to the Waste Tire Recycling Indemnity Fund, created pursuant to the provisions of Section 2-11-404 of Title 27A of the Oklahoma Statutes, reaches Three Million Dollars ($3,000,000.00), an amount not exceeding One Million Dollars ($1,000,000.00) may be expended from the fund within that state fiscal year for the reimbursement through matching grants of playground resurfacing material purchased pursuant to this section.

C. For the purposes of this act:

1. The term “public school or institution” means any public educational institution or other public institution located in this state and accredited for the purpose of educating or caring for children; and

2. The term “state park or recreation area” means any public recreation area owned and operated by the State of Oklahoma that contains a playground area for public use.

D. Any public school or institution, state park or recreation area shall be eligible to receive a matching grant of up to Twenty Thousand Dollars ($20,000.00) as reimbursement for purchasing and installing eligible playground surfacing material. A public school or institution may apply for any number of matching grants from the fund, but the total amount awarded shall not exceed Twenty Thousand Dollars ($20,000.00) per school or institution. The application for reimbursement or payment may be submitted to the Tax Commission at the time a contract for sale and installation of the playground surfacing material has been executed. Reimbursement or payment shall be made only for playground surfacing material produced from waste tires discarded in this state. If approved, funds shall be obligated for the applicant and a notice of funds approval shall be sent by the Tax Commission to the applicant. Actual reimbursement or payment shall not be made by the Tax Commission until a notice of installation, signed by the contractor, has been received from the applicant. Nothing herein shall prevent any eligible entity from assigning payment, which has been approved by the Tax Commission, to a contractor.
E. Grants from the fund for public schools or institutions and state parks or recreation areas shall be awarded on a first-come, first-serve basis but shall not exceed One Million Dollars ($1,000,000.00), including administrative costs as provided by subsection F of this section, in any fiscal year. Any entity applying for a matching grant that is rejected due to limited funds shall remain eligible until funds become available.

F. The Tax Commission may retain one percent (1%) of the grant monies awarded from the fund for administrative costs to implement the provisions of this act.

G. The Tax Commission is directed to promulgate rules to implement the provisions of this act. (27A O.S. § 2-11-415)

EQUIPMENT

Section 1322. Use of County-owned Machinery and Equipment for Improvements of School.

The board of county commissioners may provide to public schools within the county such county-owned machinery and equipment to make improvements upon school grounds. The expense of operation, including operating personnel, may be billed to the school district requesting such improvements on an actual cost basis. The expense of the materials supplied for the improvements shall be paid from school funds. (19 O.S. § 359)

Section 1323. Transfer of Surplus Property to Public School.

A. Each state department, institution, or agency which is empowered by law to purchase supplies and equipment, and which also is authorized by law to maintain a revolving fund and make expenditures therefrom for purchase of supplies and equipment is hereby authorized to dispose of outworn, outmoded, obsolescent, or obsolete equipment solely for the purpose of acquiring suitable equipment of comparable kind and purpose, by any of the following methods or combinations of methods:

1. By exchange;
2. By trade-in to cover part of the cost of equipment to be acquired by purchase; and
3. By separate cash sale in cases where it appears that a greater amount can be recovered than could be realized by exchange or trade-in; provided that nothing in this act shall apply to the Grand River Dam Authority.

E. The Corporation Commission shall have authority to investigate and modify or reject in whole or part a Special Universal Service request under subsection A of this section if the request does not meet the specified criteria, if the Corporation Commission's investigation determines that the entity has not provided sufficient documentation for the requested services, or if the Corporation Commission determines that granting the request is not in the public interest due to fraud.

c. The approval funding letter shall inform the Oklahoma Universal Service Fund Beneficiary of the preapproved services and associated credit amount for the applicable funding year. The amount of OUSF funding preapproved under this subsection may be subject to adjustments based on the amount of support received from other sources, if any, and adjustments to pricing that may occur between the time of preapproval and installation of service.

A. Except as specifically provided in the Smoking in Public Places and Indoor Workplaces Act, no person shall smoke tobacco or marijuana or vape marijuana in a public place, in any part of a zoo to which the public may be admitted, whether indoors or outdoors, in an indoor workplace, in any vehicle providing public transportation, at a meeting of a public body, in a nursing facility licensed pursuant to the Nursing Home Care Act, or in a child care facility licensed pursuant to the Oklahoma Child Care Facilities
Licensing Act. A nursing facility licensed pursuant to the Nursing Home Care Act may designate tobacco smoking rooms for residents and their guests. Such rooms shall be fully enclosed, directly exhausted to the outside, and shall be under negative air pressure so that no tobacco smoke can escape when a door is opened and no air is recirculated to nonsmoking areas of the building. Commercial airport operators may prohibit the use of lighted tobacco or lighted marijuana or the vaping of marijuana in any area that is open to or used by the public whether located indoors or outdoors, provided that the outdoor area is within one hundred seventy-five (175) feet from an entrance.

B. 1. Except as otherwise provided in paragraph 2 of this subsection, a technology center school district which offers an early childhood education program or in which children in grades kindergarten through twelve are educated shall prohibit tobacco or marijuana smoking or marijuana vaping, the use of marijuana products, snuff, chewing tobacco or any other form of tobacco product in the educational facility buildings and on the grounds of the facility by all persons including, but not limited to, full-time, part-time, and contract employees, during the hours of 7:00 a.m. to 4:00 p.m., during the school session, or when class or any program established for students is in session.

2. A technology center school district may designate tobacco smoking areas outside of buildings, away from general traffic areas and completely out of sight of children under eighteen (18) years of age, for use by adults attending training courses, sessions, meetings or seminars.

3. A technology center school district or college or university may designate tobacco smoking areas outside the educational facility buildings for the use of adults during certain activities or functions, including, but not limited to, athletic contests.

4. Smoking tobacco or marijuana or vaping marijuana shall be prohibited in an educational facility as defined in the 24/7 Tobacco-free Schools Act and as provided for in Section 1210.213 of Title 70 of the Oklahoma Statutes.

C. Nothing in this section shall be construed to prohibit educational facilities from having more restrictive policies regarding tobacco or marijuana smoking or marijuana vaping and the use of other marijuana or tobacco products in the buildings or on the grounds of the facility.

D. A private residence is not a "public place" within the meaning of the Smoking in Public Places and Indoor Workplaces Act except that areas in a private residence that are used as a licensed child care facility during hours of operation are "public places" within the meaning of the Smoking in Public Places and Indoor Workplaces Act.

E. Smoking tobacco or marijuana or vaping marijuana is prohibited in all vehicles owned by the State of Oklahoma and all of its agencies and instrumentalities.

F. Veterans centers operated by this state pursuant to the provisions of Section 221 et seq. of Title 72 of the Oklahoma Statutes shall be designated nonsmoking effective January 1, 2015, at which time veterans centers may establish outdoor designated smoking areas for resident veterans only. Smoking tobacco shall only be allowed in designated outdoor smoking areas.

G. An employer not otherwise restricted from doing so may elect to provide tobacco smoking rooms where no work is performed except for cleaning and maintenance during the time the room is not in use for tobacco smoking, provided each tobacco smoking room is fully enclosed and exhausted directly to the outside, in such manner that no tobacco smoke can drift or circulate into a nonsmoking area. No exhaust from a tobacco smoking room shall be located within fifteen (15) feet of any entrance, exit or air intake. If tobacco smoking is to be permitted in any space exempted in subsection H of this section or in a tobacco smoking room pursuant to subsection I of this section, such tobacco smoking space must either occupy the entire enclosed indoor space or, if it shares the enclosed space with any nonsmoking areas, the tobacco smoking space shall be fully enclosed, exhausted directly to the outside with no air from the tobacco
smoking space circulated to any nonsmoking area, and under negative air pressure so that no tobacco smoke can drift or circulate into a nonsmoking area when a door to an adjacent nonsmoking area is opened. Air from a tobacco smoking room shall not be exhausted within fifteen (15) feet of any entrance, exit or air intake.

H. The Smoking in Public Places and Indoor Workplaces Act shall not prohibit tobacco smoking in:

1. Stand-alone bars, stand-alone taverns or cigar bars;

2. The room or rooms where licensed charitable bingo games are being operated, but only during the hours of operation of such games;

3. Up to twenty-five percent (25%) of the guest rooms at a hotel or other lodging establishment;

6. Workplaces occupied exclusively by one or more tobacco smokers, if the workplace has only incidental public access. "Incidental public access" means that a place of business has only an occasional person, who is not an employee, present at the business to transact business or make a delivery. It does not include businesses that depend on walk-in customers for any part of their business;

7. Private offices occupied exclusively by one or more smokers;

8. Workplaces within private residences, except that smoking tobacco or marijuana or vaping marijuana shall not be allowed inside any private residence that is used as a licensed child care facility during hours of operation;

9. A facility operated by a post or organization of past or present members of the Armed Forces of the United States which is exempt from taxation pursuant to Sections 501(c)(8), 501(c)(10) or 501(c)(19) of the Internal Revenue Code, 26 U.S.C., Section 501(c)(8), 501(c)(10) or 501(c)(19), when such facility is utilized exclusively by its members and their families and for the conduct of post or organization nonprofit operations except during an event or activity which is open to the public;

10. Any outdoor seating area of a restaurant; provided, tobacco or marijuana smoking or vaping marijuana shall not be allowed within fifteen (15) feet of any exterior public doorway or any air intake of a restaurant; and

11. Medical research or treatment centers, if tobacco smoking is integral to the research or treatment. Furthermore, the restrictions on smoking or vaping of marijuana provided in this section shall not apply to medical research or treatment centers, if marijuana smoking or vaping is integral to the research or treatment.

I. Notwithstanding any other provision of the Smoking in Public Places and Indoor Workplaces Act, until March 1, 2006, restaurants may have designated tobacco smoking and nonsmoking areas or may be designated as being a totally nonsmoking area. Beginning March 1, 2006, restaurants shall be totally nonsmoking or may provide nonsmoking areas and designated tobacco smoking rooms. Food and beverage may be served in such designated tobacco smoking rooms which shall be in a location which is fully enclosed, directly exhausted to the outside, under negative air pressure so tobacco smoke cannot escape when a door is opened, and no air is recirculated to nonsmoking areas of the building. No exhaust from
such room shall be located within twenty-five (25) feet of any entrance, exit or air intake. Such room shall be subject to verification for compliance with the provisions of this subsection by the State Department of Health. (63 O.S. § 1-1523)

**Section 1334. Measures to Prevent Smoking in Public Places.**

The state or local governmental agency or the person who owns or operates a public place shall, at a minimum, do the following in order to prevent smoking in public places:

B. In the case of a public place consisting of a single room, the state or local governmental agency or the person who owns or operates the single room shall be in compliance with this act if an area of the room is reserved and posted as a nonsmoking area. (63 O.S. § 1-1524)

(63 O.S. § 1-1526)

**Section 1336. Preemption Authorized.**

The State Legislature by adopting this act intends to preempt any other regulation promulgated to control smoking in public places and to standardize laws that governmental subdivisions may adopt to control smoking. Cities and towns may enact and enforce laws prohibiting and penalizing conduct under provisions of this act, but the provisions of such laws shall be the same as provided in this act and the enforcement provisions under such laws shall not be more stringent than those of this act; provided, however, that cities and towns shall be authorized to enact laws restricting smoking on properties owned or operated by the respective governing bodies. Nothing in this section shall be construed as to prevent county or municipal governments, at the discretion of the respective governing bodies, from prohibiting smoking in or on property owned or operated by the respective governing bodies. B. By July 1, 1993, the Division when accepting bids for state purchases of supplies, equipment and materials shall give preference to the suppliers of paper products or products manufactured with recycled materials if:

F. In writing specifications under this section, the Office and any other state public entity shall incorporate requirements relating to the recyclability and ultimate disposition of products and, wherever possible, shall write the specifications so as to minimize the amount of solid waste generated by the state. All specifications under this section shall discourage the purchase of single-use, disposable products and require, whenever practical, the purchase of multiple-use, durable products.

G. For materials that are not otherwise recycled, the Division and each state public entity not subject to The Central Purchasing Act shall, to the extent practicable, enter into agreements to purchase products made from recyclable materials from vendors who agree to purchase like materials separated from solid waste generated by the state for reuse or use as a raw material in manufacturing. (74 O.S. § 85.53)

   b. the amount of procured recycled paper products and other products manufactured with recycled materials, and
   c. the total amount of monies collected and expended to implement the Oklahoma State Recycling and Recycled Materials Procurement Act.

B. It is the intention of the Legislature that all state public entities and other governmental subdivisions of this state aggressively pursue procurement practices that encourage solid waste reduction and development of markets for recyclable materials and compost and shall, whenever practical, procure products containing recycled materials. (74 O.S. § 85.55)

Section 1343. Clearinghouse, Cooperative Buying and Uniform Specifications.

A. The Office of Management and Enterprise Services shall maintain a clearinghouse of information regarding products made from recycled paper products and products manufactured with recycled materials for purchase by state public entities. PUBLIC COMPETITIVE BIDDING ACT

This act shall be known and may be cited as the “Public Competitive Bidding Act of 1974”. (61 O.S. § 101)
A public construction contract entered into between an Oklahoma public school and an out-of-state purchasing cooperative that does not comply with the specific terms of Oklahoma’s Public Competitive Bidding Act of 1974 does not satisfy Oklahoma law, even if it follows that state’s competitive bidding procedures. The existence of an interlocal agreement between the school and the purchasing cooperative pursuant to the Oklahoma Interlocal Cooperation Act does not exempt a school from compliance with the Public Competitive Bidding Act of 1974. December 19, 2008 (AG Op. No. 08-33)

Public Competitive Bidding Act does not apply to the awarding of a contract that exceeds fifty thousand dollars by a school district for routine janitorial and cleaning service at its public buildings, because such services do not constitute performing maintenance. March 4, 2008 (AG Op. No. 08-3)

Vocational and technical school boards of education are not required to solicit competitive bids on contracts for supplies and materials; however, if the contract exceeds a value of $500, the contract must be in writing. November 3, 1981 (AG Op. No. 81-195)

A school district must comply with the requirements of the Public Competitive Bidding Act in a purchase contract for a retrofit metal roof if the cost exceeds $25,000.00. March 31, 2005 (AG Op. No. 05-12)

Public Competitive Bidding Act does not affect bonding requirements of 61 O.S., §1, or minimum wage requirements of 40 O.S. §196.1-196.12. July 9, 1979 (AG Op. No. 79-204)

Section 1346. Public Construction Contracts - General Requirements.

A. Unless otherwise provided by law, all public construction contracts exceeding One Hundred Thousand Dollars ($100,000.00) or construction management trade contracts or subcontracts exceeding Fifty Thousand Dollars ($50,000.00) shall be let and awarded to the lowest responsible bidder, by open competitive bidding after solicitation for sealed bids, in accordance with the provisions of the Public Competitive Bidding Act of 1974. No work shall be commenced until a written contract is executed and all required bonds and insurance have been provided by the contractor to the awarding public agency.

B. Notwithstanding subsection A of this section, in awarding public construction contracts exceeding One Hundred Thousand Dollars ($100,000.00) or construction management trade contracts or subcontracts exceeding Fifty Thousand Dollars ($50,000.00), counties, cities, other local units of government and any public trust with a county or a municipality as its sole beneficiary may provide for a local bid preference of not more than five percent (5%) of the bid price if the awarding public agency determines that there is an economic benefit to the local area or economy. Provided, however, the local bidder or contractor must agree to perform the contract for the same price and terms as the bid proposed by the nonlocal bidder or contractor. Any bid preference granted hereunder must be in accordance with an established policy adopted by the governing body of the awarding public agency to clearly demonstrate the economic benefit to the local area or economy. Provided, further, no local bid preference shall be granted unless the local bidding entity is the second lowest qualified bid on the contract. The bid specifications shall clearly state that the bid is subject to a local bidder preference law. For purposes of this section, “local bid” means the bidding person is authorized to transact business in this state and maintains a bona fide establishment for transacting such business within this state. This provision does not apply to any construction contract for which federal funds are available for expenditure when its provisions may be in conflict with federal law or regulation.

C. Except as provided in subsection E of this section, other construction contracts for the purpose of making any public improvements or constructing any public building or making repairs to the same for One Hundred Thousand Dollars ($100,000.00) or less shall be let and awarded to the lowest responsible bidder by receipt of written bids or awarded on the basis of competitive quotes to the lowest responsible
qualified contractor. Work may be commenced in accordance with the purchasing policies of the public agency.

D. Except as provided in subsection E of this section, other construction contracts for less than Ten Thousand Dollars ($10,000.00) may be negotiated with a qualified contractor. Work may be commenced in accordance with the purchasing policies of the public agency.

E. The provisions of this subsection shall apply to public construction for minor maintenance or minor repair work to public school district property. Other construction contracts for less than Twenty-five Thousand Dollars ($25,000.00) may be negotiated with a qualified contractor. Construction contracts equal to or greater than Fifty Thousand Dollars ($50,000.00) but less than One Hundred Thousand Dollars ($100,000.00) shall be let and awarded to the lowest responsible bidder by receipt of written bids. No work shall be commenced on any construction contract until a written contract is executed and proof of insurance has been provided by the contractor to the awarding public agency.

F. The Construction and Properties Division of the Office of Management and Enterprise Services may award contracts using best value competitive proposals. As used in this subsection, “best value” means an optional contract award system which can evaluate and rank submitted competitive performance proposals to identify the proposal with the greatest value to the state. The Office of Management and Enterprise Services, pursuant to the Administrative Procedures Act, shall promulgate rules necessary to implement the provisions of this subsection.

G. 1. A public agency shall not let or award a public construction contract exceeding One Hundred Thousand Dollars ($100,000.00) or a construction management trade contract or subcontract exceeding Fifty Thousand Dollars ($50,000.00) to any contractor affiliated with a purchasing cooperative unless the purchasing cooperative and the contractor have complied with all of the provisions of the Public Competitive Bidding Act of 1974, including but not limited to open competitive bidding after solicitation for sealed bids. A public agency shall not let or award a public construction contract exceeding Ten Thousand Dollars ($10,000.00) up to One Hundred Thousand Dollars ($100,000.00) to any contractor affiliated with a purchasing cooperative unless the purchasing cooperative and the contractor have complied with all of the provisions of the Public Competitive Bidding Act of 1974, including submission of a written bid upon notice of competitive bidding.

2. A purchasing cooperative and its affiliated contractors shall not be allowed to bid on any public construction contract exceeding One Hundred Thousand Dollars ($100,000.00) or any construction management trade contract or subcontract exceeding Fifty Thousand Dollars ($50,000.00) unless the purchasing cooperative and its affiliated contractors have complied with all of the provisions of the Public Competitive Bidding Act of 1974, including but not limited to open competitive bidding after solicitation for sealed bids. A purchasing cooperative and its affiliated contractors shall not be allowed to bid on any public construction contract exceeding Five Thousand Dollars ($5,000.00) unless the purchasing cooperative and its affiliated contractors have complied with all of the provisions of the Public Competitive Bidding Act of 1974, including submission of a written bid upon notice of open competitive bidding.

3. Local governmental units, or local governmental units cooperating under the terms of any interlocal cooperative agreement authorized by state law, may create a purchasing cooperative or contract with a purchasing cooperative to provide leverage in achieving best value or the best terms in contracts. To encourage intergovernmental collaboration, any purchasing cooperative or interlocal cooperative entity may utilize any single legal newspaper of this state to serve as sufficient compliance for bid notice requirements of competitive bidding or solicitation of bids. If the purchasing cooperative or interlocal cooperative entity is engaging in a project exclusive to a county or group of counties of this state, and not open to all governmental units or public trusts that wish to participate statewide, the bid notice shall be published in a legal newspaper located within the county or group of counties. Any local governmental unit or public trust that enters into membership or contracts with a purchasing cooperative or interlocal
cooperative entity may enter into purchases or contracts under the terms negotiated by the purchasing cooperative or interlocal cooperative entity. If the purchasing cooperative or interlocal cooperative entity complies with the requirements of this section of law, all local governmental units shall be deemed in compliance with the requirements set forth for bid notices and publication. (61 O.S. § 103)

Contract for construction management services is a contract for personal services involving professional judgment or scientific knowledge and is not subject to competitive bidding act. McMaster Constr., Inc. v. Board of Regents of Okla. Colleges, 934 P.2d 335 (Okla. 1997)

Board cannot consider modification of a bid, after notice and opening time have expired and another bid has been approved. August 5, 1977 (AG Op. No. 77-207)

**Section 1347. Appointment of Agent to Make Purchases.**

The governing body of any political subdivision of this state may duly appoint as its agent any individual or individual of a legal entity, with whom the political subdivision has duly entered into a public contract pursuant to law, to make purchases necessary for carrying out the public contract. (61 O.S. § 103.2)

Note: Section 976 herein provides that sales of tangible personal property or services to subcontractors as well as contractors to school district contracts are exempt form sales tax.

**Section 1348. Force Account and Emergency Asbestos Abatement.**

Nothing in the Public Competitive Bidding Act of 1974 shall be construed to prohibit a school district from erecting a building or making improvements on a force account basis. (61 O.S. § 103.4)

When undertaking a construction project, a school district may complete as much of the work as it chooses on a force account basis. The term “force account” means “the erecting of a building or the making of an improvement on district property by the use of the district’s own employees, purchasing its own materials and leasing the necessary equipment all under the supervision of the district.” The remainder of the project may be bid as a public construction contract under the applicable provisions of the Public Competitive Bidding Act of 1974. (AG Op. No. 2010-13)

The term “force account” means the erecting of a building or the making of an improvement on district property by the use of the district’s own employees, purchasing its own materials, and leasing the necessary equipment all under the supervision of the district. June 4, 1980 (AG Op. No. 80-108)

The term “force account” means the purchase of necessary materials, and the employment of necessary workmen, by the school district itself, rather than entering into a contract with a builder or other contractor to construct the building or other improvement. AG Op. April 21, 1955

Addition to school building may be constructed from proceeds of bond issue on a force account basis, without a contractor or an architect. AG Op. August 18, 1954.

**Section 1349. Bid Notices.**

All proposals to award public construction contracts shall be made equally and uniformly known by the awarding public agency to all prospective bidders and the public in the following manner:

1. Notice thereof shall be given electronically and by publication in a newspaper of general circulation and published in the county where the work, or the major part of it, is to be done, such notice by publication to be published in two consecutive weekly issues of the newspaper, with the first publication thereof to be at least twenty-one (21) days prior to the date set for opening bids; and

2. Notice thereof shall be sent to one in-state trade or construction publication for their use and information whenever the estimated cost of the public construction contract exceeds One Hundred
Section 1350. Contents of Bid Notices.

All bid notices shall set forth the following information:

1. The character of the proposed public construction contract in sufficient details that all bidders shall know exactly what their obligation will be, either in the bid notice itself or by reference to bidding documents available to the public; and

2. The name of the officer, agent or employee of the awarding public agency and the office location and address of such person, from whom a complete set of bidding documents regarding such proposed contract may be obtained, together with the amount of the cost deposit required therefor, if any; and

3. The date, time and place of opening of the sealed bids either in person or electronically; and

4. The name and office location and address of the office of the awarding public agency to whom the sealed bids should be submitted or information sufficient to enable a bid to be submitted electronically; and

5. Any additional information regarding such proposed contract deemed by the awarding public agency to be of beneficial interest to prospective bidders or the public. (61 O.S. § 105)

Section 1351. Bidding Documents to be on File.

Complete bidding documents regarding a proposed public construction contract shall be available to the public at least twenty (20) days prior to the date set for opening bids. The awarding public agency, or its agent, may require a reasonable deposit for each set of bidding documents; provided, that such deposit shall not exceed the actual cost of duplicating or printing. The public agency, or its agent, may retain all or part of said deposit if so stated in the notice for bids. (61 O.S. § 106)

Awarding public agency may assess charge for providing set of bidding documents not to exceed actual cost of duplication if charge is clearly set out in project bid notice. May 31, 1986 (AG Op. No. 83-124)

Requirement that documents be on file for 20 days does not prevent award of emergency contract under Section 694 herein. July 7, 1976 (AG Op. No. 76-255)

Section 1352. Requirements of Bids Exceeding Certain Amount.

A. A bidder on a public construction contract exceeding One Hundred Thousand Dollars ($100,000.00) or a construction management trade contract or subcontract exceeding Fifty Thousand Dollars ($50,000.00) shall accompany the bid with:

1. A certified check, cashier's check or bid bond equal to five percent (5%) of the bid, which shall be deposited with the awarding public agency as a guaranty; or

2. An irrevocable letter of credit containing terms the Office of Management and Enterprise Services prescribes, issued by a financial institution insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation for the benefit of the state, on behalf of the awarding public agency, in an amount equal to five percent (5%) of the bid. The awarding public agency shall deposit the irrevocable letter of credit with the Office.
B. The cost of republication of the notice to bidders, actual expenses incurred by reason of the bidder’s default and the difference between the low bid of the defaulting bidder and the amount of the bid of the bidder to whom the contract is subsequently awarded, but not to exceed the amount of the certified check, cashier’s check, bid bond or irrevocable letter of credit may, at the discretion of the awarding public agency, be forfeited to the awarding public agency in the event the apparently successful bidder fails to execute the contract or fails to provide the required bonds or irrevocable letters of credit and insurance to the awarding public agency.

C. The public agency shall, upon receipt of notice from the awarding public agency, return a certified or cashier’s check, bid bond, or irrevocable letter of credit to the successful bidder on execution and delivery of the contract and required bonds or irrevocable letters of credit and insurance. Checks of unsuccessful bidders shall be returned to them in accordance with the terms of the bid solicitation.

D. Nothing contained herein shall be construed so as to prevent the awarding public agency or the courts from exonerating the bidder and other parties to the bid security document from liability upon a timely showing that the bidder committed what the courts have determined under the common law to be an excusable bidding error and for that reason it would not be equitable to enforce the bid security. (61 O.S. § 107)

When it was discovered that contractor’s bid was lowest, contractor became “apparently successful bidder” under statute requiring forfeiture of bid bond if apparently successful bidder does not execute contract; apparently successful bidder is one who, unless something extraordinary occurs, will be awarded contract; it made no difference that contractor tried to withdraw its bid before school board formally awarded contract. J.D. Graham Constr., Inc. v. Pryor Public Schools, 854 P.2d 917 (Okla. App. 1993)

Section 1353. Information About Bidder.

Each bidder shall accompany the bid with a written statement under oath disclosing the following information:

1. The nature of any partnership, joint venture or other business relationships then in effect or which existed within one (1) year prior to the date of such statement with the architect, engineer or other party to the project;

2. Any such business relationship then in effect or which existed within one (1) year prior to the date of such statement between any officer or director of the bidding company and any officer or director of the architectural or engineering firm or other party to the project; and

3. The names of all persons having any such business relationships and the positions they hold with their respective companies or firms.

If none of the business relationships hereinabove mentioned exist, then a statement to that effect. (61 O.S. § 108)

Section 1354. Late Bids.

Any bid received after the time set for opening of bids shall not be opened or considered by the awarding public agency. (61 O.S. § 109)

Section 1355. Opening of Bids.

Bids whether submitted in paper or electronic format shall be opened only at the time and place listed in the bidding documents. Paper bids shall be opened in the presence of an administrative officer of the awarding public agency and be read aloud at the time of opening. Such bid opening shall be open to the public and to all bidders. Electronic bids shall not be viewable prior to the time listed for bid opening in the bidding documents. Electronic bids may be opened in a public bid opening in the same way as for paper
bids. A public bid opening is not required for electronic bids if the awarding public agency electronically publishes the bids on its website at time of bid opening. (61 O.S. § 110)

Board cannot consider modification of a bid, after notice and opening time have expired and another bid has been approved. August 5, 1977 (AG Op. No. 77-207)

Section 1356. Award of Contract.

The awarding of a contract to the lowest responsible bidder or bidders shall be made within thirty (30) days after the opening of bids unless the governing body of the awarding public agency, by formal recorded action and for good cause shown, provides for a reasonable extension of that period, which extension period shall not in any event exceed fifteen (15) days where only state or local funds are involved, or not to exceed ninety (90) days on any award of contract for the construction of a public improvement where funds are utilized which are furnished by an agency of the United States Government. Upon mutual written agreement between the lowest responsible bidder or bidders and the awarding public agency, the Division or awarding public agency may extend the contract award period no more than one hundred twenty (120) days from the bid opening date. (61 O.S. § 111)

Section 1357. Bids, Contracts, Bonds Open for Public Inspection.

All bids, both successful and unsuccessful, and all contracts and required bonds shall be placed on file and maintained by the awarding public agency for a period of five (5) years from the date of opening of bids or for a period of three (3) years from the date of completion of the contract, whichever is longer, and shall be open to public inspection and shall be matters of public record. (61 O.S. § 112)

Section 1358. Execution of Contract - Bonds - Insurance.

A. Except as otherwise provided by law, within the period of time, not to exceed sixty (60) days, specified in the bid notice by the awarding public agency, a contract embodying the terms set forth in the bidding documents shall be executed by the awarding public agency or, where construction management at-risk is the project delivery method, by the construction manager and the successful bidder. No bidder shall obtain any property right in a contract awarded under the provisions of the Public Competitive Bidding Act of 1974 until the contract has been fully executed by both the bidder and the awarding public agency.

B. Except as otherwise provided by law, within the period of time specified in subsection A of this section, the following shall be provided by the contractor to the awarding public agency for public construction contracts exceeding One Hundred Thousand Dollars ($100,000.00) or construction management trade contracts or subcontracts exceeding Fifty Thousand Dollars ($50,000.00):

1. A bond complying with the provisions of Section 1 of this title;

2. A bond in a sum equal to the contract price, with adequate surety, for the benefit of the state, on behalf of the awarding public agency, in a sum equal to the contract price, to ensure the proper and prompt completion of the work in accordance with the provisions of the contract and bidding documents;

3. A bond in a sum equal to the contract price for the benefit of the state, on behalf of the awarding public agency, to protect the awarding public agency against defective workmanship and materials for a period of one (1) year after acceptance of the project, except when the awarding public agency is the Department of Transportation or the Oklahoma Turnpike Authority, in such case the period shall be for one (1) year after project completion; and

4. Public liability and workers' compensation insurance during construction in reasonable amounts. A public agency may require the contractor to name the public agency and its architects or engineers, or both, as an additional assured under the public liability insurance, which requirement, if made, shall be specifically set forth in the bidding documents.
C. If the contractor needs additional time in which to obtain the bond required pursuant to subsection B of this section, the contractor may request and the awarding agency may allow the contractor an additional sixty (60) days in which to obtain the bond.

D. 1. After the award of a contract, but prior to its execution, an awarding public agency, upon discovery of an administrative error in the award process that would void an otherwise valid award, may suspend the time of execution of the contract. The agency may rescind the award and readvertise for bids, or may direct correction of the error and award the contract to the lowest responsible bidder, whichever shall be in the best interests of the state.

2. If the awarding public agency has a governing body, the agency shall, at the next regularly scheduled public business meeting of the governing body of the agency, upon the record, present to the governing body that an error has been made in the award process and shall state the nature of the error. The governing body, upon presentation of the facts of the error, may rescind the award and readvertise for bids, or may direct correction of the error and award the contract to the lowest responsible bidder, whichever shall be in the best interests of the state.

E. No public agency shall require for any public construction project, nor shall any general contractor submit a project bid based on acquiring or participating in, any wrap-up, wrap-around, or controlled insurance program. For the purposes of this subsection, "wrap-up, wrap-around, or controlled insurance program" means any insurance program that has the effect of disabling or rendering inapplicable any workers' compensation, commercial general liability, builders' risk, completed operations, or excess liability insurance coverage carried by a subcontractor that is engaged or to be engaged on a public construction project unless this is a cost savings to the public or the need exists for a specialized or complex insurance program and shall not apply to contracts less than Seventy-five Million Dollars ($75,000,000.00).

F. This act shall not apply to the public construction projects of constitutional agencies which had authorized a wrap-up, wrap-around, or controlled insurance program on or before April 11, 2000. (61 O.S. § 113)
General contractor was not required to prove malice, in libel action against city housing authority arising out of termination letter authority sent to contractor and contractor's bonding company; contractor only had to prove statements were false or malicious. Bird Const. Co., Inc. v. Oklahoma City Housing Authority, 2005 OK CIV APP 12, 110 P.3d 560

Certificates of Non-Coverage for Workers’ Compensation issued prior to July 1, 2005, remain valid until the certificates' original date of expiration. June 29, 2005 (AG Op. No. 05-22)

Provision requiring contractor to provide public liability insurance during construction is mandatory and may not be waived. However, such provision does not create a right of action for an injured third party and a member of the public does not obtain third party beneficiary status. Hoar v. Aetna Casualty & Surety Co., 1998 OK 95, 968 P.2d 1219

A bond is not necessarily required for all work that might be done on state buildings, but is required when the factual situation fits within the statutorily prescribed bonding requirements. June 9, 1995 (AG Op. No. 95-31)

A public agency may make a purchase of material for public construction without triggering the bonding requirements of the Act. June 9, 1995 (AG Op. No. 95-31)

Those who supply materials to contractor for the construction of public projects are presumed to have knowledge of the statutory duty of the contractor to give a bond; if they supply materials prior to the bond being given, they do so at damages from the public entity; the proximate cause of the loss is their own negligence in not discovering whether the statutory payment bond had been given. Haskell Lemon Constr. Co. v. ISD No. 12, 589 P.2d 677 (Okla. 1979)

Bond and insurance requirements of Public Competitive Bidding Act cannot be waived. Carpet City, Inc. v. Stillwater Municipal Hospital Authority, 536 P.2d 335 (Okla. 1975)

**Section 1359. Contracts Exceeding Certain Amount - Bond - Irrevocable Letter of Credit - Affidavit of Payment.**

A. Prior to an award of a contract exceeding One Hundred Thousand Dollars ($100,000.00) for construction or repair of a public or private building, structure, or improvement on public real property, the person that receives the award shall furnish a bond with good and sufficient sureties payable to the state in a sum not less than the total sum of the contract

B. The bond shall ensure the proper and prompt completion of the work in accordance with the contract and shall ensure that the contractor shall pay all indebtedness the contractor incurs for the contractor's subcontractors and all suppliers of labor, material, rental of machinery or equipment, and repair of and parts for equipment the contract requires the contractor to furnish. (61 O.S. § 1)

**Section 1359.1. Filing of Bond, Action for Overpayment Within One Year.**

A. Bonds shall be filed in the office of the agency, institution, department, commission, municipality or government instrumentality that is authorized by law and does enter into contracts for the construction of public improvements or buildings, or public or private improvements or buildings on a public-private partnership project, or repairs to the same; and the officer with whom the bond is filed shall furnish a copy thereof to any person claiming any rights thereunder. Any person to whom there is due any sum for labor, material or repair to machinery or equipment, furnished as stated in Section 1 of this title, the heirs or assigns of such person, may bring an action on the bond for the recovery of the indebtedness, provided that no action shall be brought on the bond after one (1) year from the day on which the last of the labor was performed or material or parts furnished for which the claim is made.

B. Any person having direct contractual relationship with a subcontractor, regardless of tier, performing work on the contract, but no contractual relationship express or implied with the contractor furnishing the payment bond, shall have a right of action upon the payment bond only upon giving written notice to the contractor and surety on the payment bond within ninety (90) days from the date on which
such person did or performed the last of the labor or furnished or supplied the last of the material or parts for which the claim is made, stating with substantial accuracy the amount claimed and the name of the party to whom the material or parts were furnished or supplied or for whom the labor was done or performed. The notice shall be served by mailing the same by registered or certified mail, postage prepaid, in an envelope addressed to the contractor at any place the contractor maintains an office or conducts business, together with a copy thereof to the surety or sureties on the payment bond.

C. 1. The bond or irrevocable letter of credit issued to the Department of Transportation or the Oklahoma Turnpike Authority, pursuant to this section, shall also provide that the contractor shall pay all state and local taxes accruing as a result of the contract, any liquidated damages as provided by the contract and any overpayment of progressive estimates resulting in a balance due and owing the Department of Transportation or the Oklahoma Turnpike Authority.

2. A claim against the bond or irrevocable letter of credit for delinquent taxes shall be made by the public entity to which the tax was payable. The claim shall be made within six (6) months from the date on which the tax became delinquent. Notice of the delinquent tax shall be sent by certified mail to the surety, and a copy of the notice shall be sent to the contractor. Nothing in this paragraph shall be construed to release, at any time, the contractor from responsibility for full payment of all taxes.

3. A claim against the bond or irrevocable letter of credit for overpayment on progressive estimates shall be made by the public entity within one (1) year from the date of final acceptance of the project. Notice of the overpayment shall be sent by certified mail to the surety and a copy of the notice shall be sent to the contractor. Nothing in this paragraph shall be construed as to release, at any time, the contractor from the responsibility of refunding any amount overpaid on progressive estimates which are due and owing the Department of Transportation. (61. O.S. § 2)

Section 1361. Withdrawals from Retainage - Deposit of Securities.

The contractor may, from time to time, withdraw any part, or the whole, of the amount which has been retained from partial payments to the contractor pursuant to the terms of the contract, upon depositing with or delivery to the awarding public agency, or other appropriate public official designated in the contract document:

(1) United States Treasury bonds, United States Treasury notes, United States Treasury bills or (2) general obligation bonds of the State of Oklahoma, or (3) certificates of deposit from a state or national bank having its principal office in the State of Oklahoma. No retained amount shall be withdrawn which would represent an amount in excess of the market value of the securities at the time of deposit or of the par value of such securities, whichever is lower.

At the time of deposit of any securities the same shall be endorsed, if necessary, and shall be accompanied by a conditional assignment to the awarding public agency, or to the other public body designated as “owner” in the contract documents, which will empower the awarding public agency, or other appropriate public official designated to have custody of same, to negotiate same at any time to the extent necessary to cause the contract to be fulfilled. The securities which remain on deposit at the time of completion of any contract and observance by the parties to the contract of any other statutory obligations relative thereto shall be returned to the contractor. (61 O.S. § 113.2)

Section 1362. Interest on Final Payment.

When interest is due the contractor, all awarding public agencies, other than school districts, shall pay to the contractor interest at the rate of one and one-half percent (1 ½%) per month of the final payment due the contractor. When interest is due to the contractor, school districts shall pay to the contractor interest at the rate of three fourths percent (3/4%) per month of the final payment due the contractor. For lump sum contracts the interest shall commence thirty (30) days after the work under the contract has been completed and accepted and all required material certifications and other documentation required by the contract have been furnished the awarding public agency by the contractor, and shall run until the date when the final payment or estimate is tendered to the contractor.

For contracts bid by unit prices the interest shall commence sixty (60) days after the above conditions are satisfied. When contract quantities or the final payment amount is in dispute, the interest-bearing period shall be suspended until the conclusion of arbitration and settlement of the dispute. (61 O.S. § 113.3)

Section 1363. Nepotism.

The chief administrative officer and members of the governing body of the awarding public agency authorizing or awarding or supervising the execution of a public construction contract, and their relatives within the third degree of consanguinity or affinity, are forbidden to be interested directly or indirectly through stock ownership, partnership interest or otherwise in any such contract. Contracts entered into in violation of this section shall be void. Persons willfully violating this section shall be guilty of a felony and shall be subject to removal from office. (61. O.S. § 114)
Public construction contract may not be awarded to private corporation having member of board of education on board of directors. AG Op. April 23, 1975

Corporation which is prohibited from contracting with board of education is not exempted from prohibition where board member having conflict abstains from discussing or voting on award of contract. AG Op. April 23, 1975

Section 1364. Collusion Among Bidders.

Any agreement or collusion among bidders or prospective bidders in restraint of freedom of competition by agreement to bid at a fixed price or to refrain from bidding, or otherwise, shall render the bids of such bidders void. Persons willfully violating this section shall be guilty of a felony. Each bidder shall accompany the bid with a sworn statement that the bidder has not been a party to any such agreement. The form of the statement shall be substantially as provided in Section 85.22 of Title 74, but modified in wording to refer to the appropriate public agency requesting bids. (61 O.S. § 115)

Section 1365. Advance Information on Bids.

A. Any disclosure by an employee of a public agency of the terms of a bid submitted in response to a bid notice issued by a public agency in advance of the time set for opening of all bids so submitted shall be unlawful. It shall also be unlawful for any person to solicit, possess or receive information which is to be contained in a bid notice of a public agency, for use in preparing a bid, in advance of the date on which said bid notice is to be made equally and uniformly known to all prospective bidders and the public, and it shall further be unlawful for any employee of a public agency to withhold or impede the distribution of said information after notice of the bid has been given, unless the solicitation of bids has been withdrawn or the particular information in question has been deleted or replaced through alteration of the bid notice and said withdrawal or alteration has been made equally and uniformly known. Any violation of this subsection shall be a felony and shall render the proceedings void and require solicitation and award anew.

B. The estimate of the actual cost of the project made by the public agency, construction manager or consultant for the agency shall not be considered confidential and shall be available to the public in accordance with the Oklahoma Open Records Act. (61 O.S. § 116)

Section 1366. Award to Other Than Lowest Bidder.

Section 1367. Prequalifications of Prospective Bidders.

A. In order to determine the responsibility of bidders, the awarding public agency may require prospective bidders to prequalify as responsible bidders prior to submitting bids on a public construction contract. Prequalification to bid or perform work pursuant to this section does not constitute a license. Except as provided in subsection B of this section, prequalification shall not serve as a substitute for a license otherwise required by law. Notice of any such prequalification requirement shall be made equally and uniformly known by the awarding public agency to all prospective bidders and the public in the same manner as proposals to award public construction contracts as set forth in Section 104 of this title. Financial information including, but not limited to, audited financial statements required by the awarding public agency as part of prequalification shall remain confidential.

B. The Oklahoma Transportation Commission and the Oklahoma Turnpike Authority may establish a system for prequalifying prospective bidders on construction and maintenance contracts to be
awarded by the Commission or Authority. The Commission and the Authority shall be the sole judge of the qualifications of prospective bidders and shall ascertain, to their exclusive satisfaction, the qualifications of each prequalified bidder. Any contractor or subcontractor prequalified as of the effective date of this act performing signing, highway lighting, or traffic signal installation or maintenance for the Oklahoma Department of Transportation or the Oklahoma Turnpike Authority shall be allowed to continue to bid and perform such work without obtaining any additional license from this state or any political subdivision of this state. However, no contractor or subcontractor may transfer, convey or assign this exemption to any other person or entity. (61 O.S. § 118)

Section 1368. Right to Reject Bids.

By majority action of the governing board of the awarding public agency, the awarding public agency shall have the right to reject any or all bids and solicit bidders again as herein provided if, in the opinion of the governing body of the public agency the best interests of the people of the State of Oklahoma would be best served by so doing. (61 O.S. §119)

Public agency may not negotiate with low bidder where all submitted bids exceed engineer’s estimate. January 31, 1977 (AG Op. No. 76-344)

Section 1369. Certain Contract to be Negotiated When No Bid is Received.

If no timely bid is received after bid notices have been published on any proposed public construction contract which does not exceed One Hundred Thousand Dollars ($100,000.00) or on any proposed construction management trade contract or subcontract which does not exceed Fifty Thousand Dollars ($50,000.00):

1. The governing body of a county, city, town or school district may direct its employees or agents to negotiate the contract with a prospective contractor; or

2. The state agency, as defined in Section 202 of this title, shall request the Office of Management and Enterprise Services to negotiate a contract on its behalf.

B. The amount of a public construction contract which may be awarded by the governing body pursuant to this section shall not exceed One Hundred Thousand Dollars ($100,000.00), nor shall the amount of a construction management trade contract or subcontract awarded by the governing body pursuant to this section exceed Fifty Thousand Dollars ($50,000.00), and the work to be performed shall be as specified in the initial bidding documents. The contract shall be executed within six (6) months after the date initially set for opening of bids. The contract and contract procedure shall conform to all other applicable provisions of the Public Competitive Bidding Act of 1974. (61 O.S. § 119.1)

Section 1370. Assignment of Contracts.

No public construction contract shall be assignable by the successful bidder without written consent of the governing body of the awarding public agency, evidenced by resolution. In no event shall such a contract be assigned to a bidder who was declared by the awarding public agency not to be a responsible bidder in the consideration of bids received for the particular contract. (61 O.S. § 120)

Section 1371. Change Orders or Addenda.

A. Change orders or addenda to public construction contracts of One Million Dollars ($1,000,000.00) or less shall not exceed a fifteen percent (15%) cumulative increase in the original contract amount.
B. Change orders or addenda to public construction contracts of over One Million Dollars ($1,000,000.00) shall not exceed the greater of One Hundred Fifty Thousand Dollars ($150,000.00) or a ten percent (10%) cumulative increase in the original contract amount.

C. Change orders or cumulative change orders which exceed the limits of subsection A or B of this section shall require a readvertising for bids on the incomplete portions of the contract.

D. If the awarding public agency does not have a governing body, the chief administrative officer of the awarding public agency shall approve change orders. The Director of the Office of Management and Enterprise Services, or the Director's designee, shall sign and execute all contracts and change orders, as they relate to state agencies.

E. If the awarding public agency has a governing body, all change orders shall be formally approved by the governing body of the awarding public agency and the reasons for approval recorded in the permanent records of the governing body. The governing body of a municipality or technology center may delegate approval of change orders up to Forty Thousand Dollars ($40,000.00) or ten percent (10%) of any contract, whichever is less, to the chief administrative officer of the municipality or technology center or their designee, with any approved change orders reported to the governing body at the next regularly scheduled meeting.

F. The Oklahoma Veterans Commission, as the governing body of the Oklahoma Department of Veterans Affairs, is authorized to delegate to the Director of the agency the authority to approve change orders on a construction contract provided that the individual change order does not exceed Forty Thousand Dollars ($40,000.00) in expenditure, and complies with the limits established by this section. Change orders approved by the Director pursuant to a delegation of authority shall be presented to the Commission during the next regular meeting and the reasons for the orders recorded in permanent records.

G. The governing body of the Oklahoma Tourism and Recreation Department is authorized, upon approval of a majority of all of the members of the Oklahoma Tourism and Recreation Commission, to delegate to the Director of the agency the authority to approve change orders on a construction contract provided that the individual change order does not exceed Twenty-five Thousand Dollars ($25,000.00) in expenditure and complies with the limits established by this section. The Director of the Office shall sign and execute all contracts and change orders.

H. The Transportation Commission may, by rule, authorize the Director of the Department of Transportation to approve change orders in an amount of not to exceed Five Hundred Thousand Dollars ($500,000.00). Change orders approved by the Director shall be presented to the Transportation Commission during the next regular meeting and the reasons therefor recorded in the permanent records. The Oklahoma Turnpike Authority may authorize the Director of the Authority to approve change orders in an amount not to exceed Two Hundred Fifty Thousand Dollars ($250,000.00). Change orders approved by the Director of the Authority shall be presented to the Authority during the next regular meeting and the reasons for the orders recorded in permanent records.

I. All change orders for the Department of Transportation or the Authority shall contain a unit price and total for each of the following items:

1. All materials with cost per item;

2. Itemization of all labor with number of hours per operation and cost per hour;

3. Itemization of all equipment with the type of equipment, number of each type, cost per hour for each type, and number of hours of actual operation for each type;

4. Itemization of insurance cost, bond cost, Social Security, taxes, workers' compensation, employee fringe benefits and overhead cost; and
5. Profit for the contractor.

J. 1. If a construction contract contains unit pricing, and the change order pertains to the unit price, the change order will not be subject to subsection A or B of this section.

2. When the unit price change does not exceed Twenty Thousand Dollars ($20,000.00), the unit price change order computation may be based on an acceptable unit price basis in lieu of cost itemization as required in paragraphs 1, 2, 3, 4 and 5 of subsection I of this section.

3. When the unit price change exceeds Twenty Thousand Dollars ($20,000.00), any unit price for a new item established at or below the average eighteen-month-price history for the new item may be used in lieu of cost itemization as required in paragraphs 1, 2, 3, 4 and 5 of subsection I of this section.

K. Alternates or add items bid with the original bid and contained in the awarded contract as options of the awarding public agency shall not be construed as change orders under the provisions of the Public Competitive Bidding Act of 1974.

L. Where construction management at-risk is the project delivery method, the limits established by subsections A and B of this section shall be based upon the total cost of the project rather than the cost of the individual trade contracts. (61 O.S. § 121)

The amount that a highway construction contractor can be compensated for delay cost, over and above the contract price agreed upon in its contract with a state agency, is not without limitation. In addition to caps established through a contractual agreement, public finance statutes cap the amount to be paid pursuant to a change order. Governing statutes are incorporated into the contract, and the contract will be construed to be consistent with the statutes. M. J. Lee Constr. Co. v. Okla. Trans. Auth., 2005 OK 87, 125 P.3d 1205

Section 1372. Suit for Injunction.

(61 O.S. § 122)

Section 1373. Certification as to Performance Before Payment of Claim.

A. All statements or invoices submitted to the awarding public agency for work performed shall contain a certification by the supervising architect or engineer, or other supervisory official if no supervisory architect or engineer is employed for the project, that work for which payment is claimed has been performed and that such work conforms to the plans and specifications for the project. No such statement or invoice shall be paid by the awarding public agency without such certification. The execution of a certificate, as herein provided, shall not constitute a defense or in any other manner affect any cause or causes of action which the awarding public agency might otherwise have against the contractor for nonperformance of a public construction contract.

B. If project progressive payments are based on the public agency’s estimated quantities of materials provided and work performed, certifications are not required. Payment of progressive estimates shall not constitute a defense or in any manner affect any cause or causes of action which the awarding public agency might have against the contractor for failure to properly perform in accordance with the project contract, plans, specifications, or special provisions. Final estimates shall contain a sworn certification signed by the contractor that the work performed and the material provided conform to the requirements of the contract, plans, specifications, and special provisions. (61 O.S. § 123)
Section 1374. Inspection of Project Before Acceptance of Payment.

Section 1375. Accounting Procedures.

The Director of the Office of Management and Enterprise Services shall prescribe the accounting procedure to be followed to pay costs and payments to contractors on public construction contracts with state agencies. (61 O.S. § 127)

Section 1378. Insurance During Construction.

The awarding public agency is authorized to require the contractor to carry insurance against damage from fire and the elements during the process of construction to the extent of protecting said public agency’s equity in said project until accepted by said agency. (61 O.S. § 128)

Section 1379. Prior Contracts.

This act shall not apply to contracts awarded or contracts for which bids have been solicited on or before the effective date of this act. (61 O.S. § 129)

C. Upon approval of a two-thirds (2/3) majority vote, the Oklahoma Conservation Commission may delegate to the Executive Director the authority to declare an emergency and set a monetary limit for the declaration. The provisions of this subsection may only be used for the purpose of responding to an emergency involving the reclamation of abandoned coal mines or the repair of damaged upstream floodwater retarding structures.

D. An emergency declared by the Board of Corrections pursuant to subsection C of Section 65 of this title shall exempt the Department of Corrections from the limits which would otherwise be imposed pursuant to subsection B of this section for the contracting and construction of new or expanded correctional facilities.

The chief administrative officer of a public agency with a governing body shall notify the governing body within ten (10) days of the declaration of an emergency if the governing body did not approve the emergency. The notification shall contain a statement of the reasons for the action, and shall be recorded in the official minutes of the governing body.

H. The Risk Management Administrator of the Office of Management and Enterprise Services may declare an emergency on behalf of a public agency when an insurable loss has occurred which would lead to further economic loss or additional property damage if not addressed promptly. Such declaration shall not relieve the public agency of fiscal responsibility for its deductible, uninsured losses, and other related expenses. (61 O.S. § 130)

(Both an unexpected happening and public health or safety must be involved before an emergency can be declared. June 30, 1977 (AG Op. No. 77-187)

C. Any person who violates this section shall, upon conviction, be deemed guilty of a misdemeanor. (61 O.S. § 135)

Section 1385. Federal Requirements Prevail Where Federal Funds Involved.

In the event any provision of this act conflicts with or is inconsistent in any manner with the rules and regulations of any agency of the United States Government, which is providing all or any portion of the funds used to finance any public construction contract, the rules and regulations of said agency of the United States Government shall supersede and take precedence over such portion or portions of this act in conflict or inconsistent therewith, it being the intent of the Legislature to secure all of the benefits available to the people of the State of Oklahoma from federally assisted programs. (61 O.S. § 83)

Section 1393.4. Limitations on Award of Grants.

**Section 1394. Sale of Alcoholic Beverages Within 300 Feet of Public Schools.**

A. It shall be unlawful for any mixed beverage establishment, beer and wine establishment or bottle club which has been licensed by the ABLE Commission and which has as its main purpose the selling or serving of alcoholic beverages for consumption on the premises, or package store, to be located within three hundred (300) feet of any public or private school or church property primarily and regularly used for worship services and religious activities; however, a college or university located within an improvement district created pursuant to Section 39-103.1 of Title 11 of the Oklahoma Statutes may waive the three-hundred-foot requirement by providing written notice to the establishment seeking the license and to the ABLE Commission. Provided, a college or university prior to waiving the three-hundred-foot requirement found in this subsection shall publish a notice of its intention to waive such requirement in a legal newspaper of general circulation within the state at least thirty (30) days but no more than forty (40) days prior to providing any written notice, waiving the three-hundred-foot requirement, to the establishment seeking the license or to the ABLE Commission. D. If any school or church shall be established within three hundred (300) feet of any package store, mixed beverage establishment, beer and wine establishment or bottle club subject to the provisions of this section after such package store, mixed beverage establishment, beer and wine establishment or bottle club has been licensed, the provisions of this section shall not be a deterrent to the renewal of such license if there has not been a lapse of more than sixty (60) days. When any mixed beverage establishment, beer and wine establishment or bottle club subject to the provisions of this section which has a license to sell alcoholic beverages for on-premises consumption, or package store, changes ownership or the operator thereof is changed and such change of ownership results in the same type of business being conducted on the premises, the provisions of this section shall not be a deterrent to the issuance of a license to the new owner or operator if he or she is otherwise qualified.

E. 1. Any interested party may protest the application for or granting of a license for a package store, or for a mixed beverage establishment, beer and wine establishment or bottle club which has as its main purpose the selling or serving of alcoholic beverages for consumption on the premises, based on an alleged violation of this section. To be considered by the ABLE Commission, the protest must:
   a. be submitted in writing,
   b. be signed by the person protesting,

2. Within thirty (30) days of the date of receipt of a written protest, the ABLE Commission shall conduct a hearing on the protest if the protest meets the requirements of paragraph 1 of this subsection.

3. As used in this subsection, "interested party" means:
   a. a parent or legal guardian whose child or children attend the church or school which is alleged to be closer to the mixed beverage establishment or bottle club which has as its main purpose the selling or serving of alcoholic beverages for consumption on the premises, or package store, than is allowed by this section,

Multiple Amendments Enacted During the 2022 Legislative Session

Version 1 (amended by Laws 2022, SB 1511, c. 10, § 1, emerg. eff. March 30, 2022)

A. No school or landlord may refuse to enroll or lease to and may not otherwise penalize a person solely for his or her status as a medical marijuana patient licensee, unless failing to do so would cause the school or landlord the potential to lose a monetary or licensing-related benefit under federal law or regulations.

B. Unless a failure to do so would cause an employer the potential to lose a monetary or licensing-related benefit under federal law or regulations, an employer may not discriminate against a person in hiring, termination or imposing any term or condition of employment or otherwise penalize a person based upon the status of the person as a medical marijuana patient licensee. Employers may take action against a medical marijuana patient licensee if the licensee uses or possesses marijuana while in his or her place of employment or during the hours of employment. Employers may not take action against a medical marijuana patient licensee solely based upon the status of an employee as a medical marijuana patient licensee or the results of a drug test showing positive for marijuana or its components.

C. For the purposes of medical care including organ transplants, the authorized use of marijuana by a medical marijuana patient licensee shall be considered the equivalent of the use of any other medication under the direction of a physician and does not constitute the use of an illicit substance or otherwise disqualify a registered qualifying patient from medical care.

D. No medical marijuana patient licensee may be denied custody of or visitation or parenting time with a minor child, and there is no presumption of neglect or child endangerment for conduct allowed under this law unless the behavior of the medical marijuana patient licensee creates an unreasonable danger to the safety of the minor child.

E. No person who possesses a medical marijuana patient license may be unduly withheld from holding another state-issued license by virtue of his or her status as a medical marijuana patient licensee including, but not limited to, a concealed carry permit.

F. 1. No city or local municipality may unduly change or restrict zoning laws to prevent the opening of a medical marijuana dispensary.

2. For purposes of this subsection, an undue change or restriction of municipal zoning laws means an act which entirely prevents medical marijuana dispensaries from operating within municipal boundaries as a matter of law. Municipalities may follow their standard planning and zoning procedures to determine if certain zones or districts would be appropriate for locating marijuana-licensed premises, medical marijuana businesses or any other premises where marijuana or its by-products are cultivated, grown, processed, stored or manufactured.

3. A medical marijuana dispensary does not include those other entities licensed by the Oklahoma Medical Marijuana Authority as marijuana-licensed premises, medical marijuana businesses or other facilities or locations where marijuana or any product containing marijuana or its by-products are cultivated, grown, processed, stored or manufactured.
G. 1. The location of any medical marijuana dispensary is specifically prohibited within one thousand (1,000) feet of any public school or private school. The distance indicated in this paragraph shall be measured from the nearest property line of such public school or private school to the nearest perimeter wall of the licensed premises of such medical marijuana dispensary. If a medical marijuana dispensary met the requirements of this paragraph at the time of its initial licensure, the medical marijuana dispensary licensee shall be permitted to continue operating at the licensed premises in the same manner and not be subject to nonrenewal or revocation due to subsequent events or changes in regulations occurring after licensure that would render the medical marijuana dispensary in violation by being within one thousand (1,000) feet of a public school or private school. If any public school or private school is established within one thousand (1,000) feet of any medical marijuana dispensary after such medical marijuana dispensary has been licensed, the provisions of this paragraph shall not be a deterrent to the renewal of such license or warrant revocation of the license. For purposes of this paragraph, a property owned, used or operated by a public school or by a private school that is not used for classroom instruction on core curriculum, such as an administrative building, athletic facility, ballpark, field or stadium, shall not constitute a public school or private school unless such property is located on the same campus as a building used for classroom instruction on core curriculum.

2. The location of any medical marijuana commercial grower shall not be within one thousand (1,000) feet of any public school or private school as measured from the nearest property line of such public school or private school to the nearest property line of the licensed premises of such medical marijuana commercial grower. Additionally, the location of the medical marijuana commercial grower shall not adjoin to any public school or private school or be located at the same physical address as the public school or private school. If a medical marijuana commercial grower met the requirements of this paragraph at the time of its initial licensure, the medical marijuana commercial grower licensee shall be permitted to continue operating at the licensed premises in the same manner and not be subject to nonrenewal or revocation due to subsequent events or changes in regulations occurring after licensure that would render the medical marijuana commercial grower in violation of this paragraph. If any public school or private school is established within one thousand (1,000) feet of any medical marijuana commercial grower after such medical marijuana commercial grower has been licensed, or if any public school or private school is established adjoining to or at the same physical address as any medical marijuana commercial grower after such medical marijuana commercial grower has been licensed, the provisions of this paragraph shall not be a deterrent to the renewal of such license or warrant revocation of the license. For purposes of this paragraph, a property owned, used, or operated by a public school or by a private school that is not used for classroom instruction on core curriculum, such as an administrative building, athletic facility, ballpark, field, or stadium, shall not constitute a public school or private school unless such property is located on the same campus as a building used for classroom instruction on core curriculum.

H. Research shall be provided for under this law. A researcher may apply to the State Department of Health for a special research license. The research license shall be granted, provided the applicant meets the criteria listed in the Oklahoma Medical Marijuana and Patient Protection Act. Research licensees shall be required to file monthly consumption reports to the State Department of Health with amounts of marijuana used for research. Biomedical and clinical research which is subject to federal regulations and institutional oversight shall not be subject to oversight by the State Department of Health.

All marijuana-licensed premises, medical marijuana businesses or any other premises where marijuana or its by-products are licensed to be cultivated, grown, processed, stored or manufactured shall submit with their application, after notifying the political subdivision of their intent, a certificate of compliance from the political subdivision where the facility of the applicant or use is to be located certifying compliance with zoning classifications, applicable municipal ordinances and all applicable safety, electrical, fire, plumbing, waste, construction and building specification codes.

2. 5. For purposes of this subsection, "school" means the same as defined in Section 427.2 of this title.

DELINQUENCY AND YOUTH GANG INTERVENTION AND DETERRENCE ACT

Section 1450. Delinquency and Youth Gang Intervention and Deterrence Act.

A. Sections 13 through 17 of this act shall be known and may be cited as the “Delinquency and Youth Gang Intervention and Deterrence Act”.

B. The Legislature recognizes that the economic cost of crime to the state and communities continues to drain existing resources, and the cost to victims, both economic and psychological, is traumatic and tragic. The Legislature further recognizes that many adults in the criminal justice system were once delinquents in the juvenile justice system. The Legislature also recognizes that the most effective juvenile delinquency programs are programs that not only prevent children from entering the juvenile justice system, but also meet local community needs and have substantial community involvement and support. Therefore, it is the belief of the Legislature that one of the best investments of scarce resources available to combat crime is to counteract the negative social and economic factors that contribute to criminal and delinquent behavior by engaging youth, at an early age, in positive programs and opportunities at the local, neighborhood and community level.

C. For the purpose of reducing the likelihood of later involvement in criminal or delinquent activities, the intent of the Legislature in enacting the Delinquency and Youth Gang Intervention and Deterrence Act is to provide for school, school-related and after-school programs for children in grades 1 through 12, and their families, who live in at-risk school districts, neighborhoods and communities and to aid all communities in developing delinquency prevention and early intervention programs and activities. (10 O.S. § 1507.10)

Section 1451. Definitions.

For the purposes of the Delinquency and Youth Gang Intervention and Deterrence Act:
1. “At-risk school districts, neighborhoods and communities” means that within the school district, neighborhood or community the incidence of reported juvenile crime or referrals for juvenile court intakes, or some combination of both such incidence and referrals as approved by the Office of Juvenile Justice, is significantly higher than the statewide statistical mean for such incidence, referrals or combination;

2. “School, school-related or after-school programs and activities” includes delinquency prevention or early intervention programs and activities that occur during or outside of regular school hours; and

3. “Delinquency prevention and early intervention programs and activities” includes but is not limited to the following for participating youth: Intensive school and school-related programs, such as tutoring and other educational services, vocational training, and counseling, employment services, recreational opportunities, and counseling services, such as family counseling, mental health counseling, substance abuse outpatient treatment, education programs, and programs and services involving the families of participating youth. (10 O.S. § 1507.11)

Section 1452. Responsibilities of State Agencies.

1. Issue requests for proposals and contract with eligible entities for delinquency prevention and early intervention programs; and

2. Provide information and technical assistance to school districts, neighborhood and community organizations, and agencies within the children and youth service system, as that term is defined by the Serious and Habitual Juvenile Offender Act, for the purpose of assisting them to make application for federal, state and private grants for delinquency prevention and early intervention programs.

B. The Office of Juvenile Justice, with the assistance of and information provided by the Oklahoma Commission on Children and Youth and the Oklahoma State Bureau of Investigation, shall establish criteria for:

1. Identifying at-risk neighborhoods, school districts, communities and specific areas within school districts and communities for the purposes of determining eligibility for any grants for at-risk areas available pursuant to the Delinquency and Youth Gang Intervention and Deterrence Act; and

2. Determining eligibility for communities seeking other grants pursuant to the Delinquency and Youth Gang Intervention and Deterrence Act.

The Oklahoma Commission on Children and Youth and the Oklahoma State Bureau of Investigation shall provide the Office of Juvenile Justice with information and assistance, as requested by the Office, for the purpose of establishing the criteria required by this section. (10 O.S. § 1507.12)

1. Be a joint proposal made by an at-risk school district, neighborhood organization, municipality or county and one or more agencies or organizations within the children and youth service
system. If a school district is not a joint participant in the proposal, the proposal shall document and describe the active participation in and support of the local school district in the program and activities for which the proposal is submitted;

2. Be for programs and activities for children not less than six (6) years of age, or in grades 1 through 12, whichever is applicable;

3. Describe the respective roles and responsibilities for the administration and operation of the program and activities, including but not limited to the designation of the entity responsible for the receipt and expenditure of any funds awarded pursuant to the Delinquency and Youth Gang Intervention and Deterrence Act;

Section 1454. Transfer of Implementation Responsibilities to Department of Juvenile Justice.

Effective July 1, 1995, the responsibility for implementation of the Delinquency and Youth Gang Intervention and Deterrence Act shall be transferred to the Department of Juvenile Justice. (10 O.S. § 1507.14)

A. The jurisdiction of campus police officers includes the campus and pursuant to an agreement authorized by this act, the highways, streets, roads, alleys, easements, and other public ways immediately adjacent to their campus and any other areas authorized by such agreement. In the absence of an agreement, only those law enforcement activities which began on campus may be completed off campus and such activities with the local law enforcement agency having jurisdiction in that off campus area. In addition, a campus police officer shall have jurisdiction in other locations pursuant to an agreement authorized by this act. Such agreement may authorize the chief administrative officer of the law enforcement agency to request assistance pursuant to this act, shall have the same powers, liabilities, and immunities as sheriffs or police officers within their jurisdiction.

B. As limited by law, the provisions of this section, and the governing board, a CLEET certified campus police officer shall have the authority to enforce:

A. Governing boards of institutions of higher education or private schools, boards of education of public school districts and airport public trusts are authorized to establish campus police departments pursuant to the provisions of the Oklahoma Campus Security Act. In the case of airport public trusts operating more than one airport, the board of trustees of such airport public trust is authorized to establish campus police departments at any airport it operates, but is not required to establish campus police departments at all airports operated by such airport public trust. These boards may employ and commission campus police officers and may designate uniforms, badges and insignia to be worn by such officers and displayed on vehicles or other equipment of the department. Campus police departments shall use the following words or phrases, alone or in any combination, in conjunction with the uniform, badges, insignia or on vehicles utilized by these departments: university police, university public safety department, campus police department, campus police officer, campus public safety department, campus public safety officer, airport officer, airport police officer, airport security officer, airport public safety officer or any standardized title such as director, chief, major, captain, lieutenant, sergeant, or corporal. B. The commission of a campus police officer may be suspended or revoked by the governing board for any reason. Such commission also may be suspended or revoked by the district attorney in whose district the officer is employed for cause related to the campus police officer's ability to exercise the powers of such commission in the interest of public security or suspended or revoked by the district attorney upon conviction of the campus police officer for larceny, theft, embezzlement, false pretense, fraud, any nonconsensual sex offense, any offense involving a minor as a victim, any offense involving the possession, use, distribution or sale of a controlled dangerous substance, or any offense involving a firearm. The commission of a campus police officer convicted of a felony or of a crime involving moral turpitude shall be revoked by the district attorney upon conviction. The commission of a campus police officer no longer
employed by the governing board, except an officer who is retiring, shall be relinquished to the board, or its representative, at the time of cessation of the employment. When a commission is revoked or relinquished, the campus police department shall take possession of all campus police officer insignia, badges, identification cards and weapons issued to the officer. A person who fails to relinquish the insignia, badges, identification cards or weapons, upon conviction, shall be deemed guilty of a misdemeanor and shall be punished by the imposition of a fine of not more than One Thousand Dollars ($1,000.00) or by imprisonment in the county jail for not to exceed one (1) year, or by both such fine and imprisonment.

Section 1459. Other Law Enforcement and Security Personnel.

Whether or not governing boards establish campus police departments pursuant to the Oklahoma Campus Security Act, nothing in this act shall be construed as prohibiting governing boards from:

1. Employing personnel licensed pursuant to the Oklahoma Security Guard and Private Investigator Act, Section 1750.1 et seq. of Title 59 of the Oklahoma Statutes to be employed as campus security;

2. Contracting with municipalities to authorize their local municipal police department, or with retired commissioned police officers to provide security services; or

3. Providing courtesy patrols, watchmen, traffic control personnel or other persons for the performance of safety or security or security duties for which such personnel are trained. (74 O.S. § 360.19)

Section 1460. Mutual Assistance Agreements.

Municipalities and county sheriff departments having overlapping or concurrent jurisdiction with a proposed campus police department, may enter into agreements with the proposed campus police department recognizing jurisdictional boundaries and providing for mutual assistance. Any such agreements shall be executed by the governing boards of the educational institution and the governing body of the municipality or sheriff, and shall not serve to prevent other law enforcement agencies from having concurrent or overlapping jurisdiction. Nothing in this act or any action pursuant to this act shall be deemed to create an agent-principal relationship between any campus police officer and any municipality or county. (74 O.S. § 360.20)

Section 1461. Miscellaneous Provisions.

The district attorney of the district where the unlawful conduct is alleged to have taken place shall have authority to prosecute such offense upon complaint being signed by a campus police officer commissioned pursuant to this act. Any municipal ordinance offense shall be prosecuted in a municipal court.

C. A campus police department or any officer thereof enforcing state law or municipal ordinance as authorized by the Oklahoma Campus Security Act shall not be deemed to be acting under the
authority of any political subdivision of the state, except the governing board establishing the department or commissioning the officer if such governing board is the governing board of an institution in The Oklahoma State System of Higher Education or is a school district. \((74\text{ O.S. § 360.21})\)

COMMUNITY YOUTH DEVELOPMENT ACT

Section 1462. Community Youth Development Act.

This act shall be known and may be cited as the “Community Youth Development Act”. \((10\text{ O.S. § 601.61})\)

Section 1463. Purpose of Act.

A. The Legislature recognizes that the economic cost of crime to the state and communities within this state continues to drain existing resources, and the cost to victims, both economic and psychological, is traumatic and tragic.

1. Recognizing that many adults in the criminal justice system were once delinquents in the juvenile justice system, the Legislature also recognizes that the most effective crime and delinquency prevention programs are programs that not only provide children and youth with positive activities, opportunities and successes, but also meet local community needs and have substantial community involvement and support.

2. It is the belief of the Legislature that the best investment of scarce resources available to combat crime is to counteract the negative social and economic factors that contribute to criminal and delinquent behavior by engaging children and youth, at an early age, in such positive programs and opportunities at the local school and local community level.

B. Therefore, for the purpose of reducing the likelihood of later involvement in criminal or delinquent activities, the intent of the Legislature in enacting the Community Youth Development Act is to provide for school, school-related and after-school programs for children and youth and their families who live in at-risk school districts, neighborhoods and communities. \((10\text{ O.S. § 601.62})\)

Section 1464. Definitions.

The Commission, with the assistance of and information provided by the Department of Human Services, the Oklahoma State Bureau of Investigation, and the Department of Commerce, shall establish eligibility criteria for identifying neighborhoods, school districts, communities and specific areas within school districts and communities having crime rate, economic or other demographic characteristics recognized as indicators of distressed areas. Section 1468. Counseling Services for Students.

A. The Legislature recognizes that many students are dealing with family and societal issues that make it difficult or impossible for them to be successful students. Among other school-based counseling programs, designated youth services agencies provide counseling for those students. To assure the quality and availability of the counseling services, the Legislature finds that it is desirable that school districts have access to individual and group counseling using an evidence-based counseling curriculum to prevent self-defeating, destructive or disruptive behavior. The curriculum may include training in problem solving, anger management, grief counseling, responsibility, communication and decision-making skills.

B. In order to assure the ability of school districts to give their students the best opportunity for academic and personal success, subject to the availability of funds, the Office of Juvenile Affairs, together with the Oklahoma Association of Youth Services, shall identify an evidence-based counseling curriculum. Subject to the availability of funds, the Office of Juvenile Affairs, through designated youth services agencies, shall make the identified evidence-based counseling available to students in school districts.

C. For purposes of this section, "evidence-based" means a program or practice that has had multiple-site randomized controlled trials across heterogeneous populations demonstrating that the program or practice is effective for the population. (70 O.S. § 1210.241)

In addition the goal of the pilot program shall be to create a replicable model which can be followed by other higher education institutions.

C. The Regents and the pilot program contractor shall form an advisory committee to design and plan for the implementation of the pilot program.

D. The dyslexia teacher training pilot program shall provide to higher education faculty at participating institutions training on how to teach to teacher candidates the indicators of dyslexia and the type of instruction that children with dyslexia need in order to learn, read, write and spell, including multisensory structured language programs. In addition the pilot program shall provide instruction to teacher candidates enrolled in the elementary, early childhood education or special education program at the institution which is designed to train the teacher candidates on the indicators of dyslexia and the type of instruction that children with dyslexia need in order to learn, read, write and spell, including multisensory structured language programs.

E. Contingent upon the availability of additional public or private funding, the Regents may work with the pilot program contractor to expand the pilot program to provide professional development to teachers of kindergarten through fourth grade which is designed to train teachers on the indicators of dyslexia and the types of instruction that children with dyslexia need in order to learn, read, write and spell, including multisensory structured language programs.

F. The State Regents shall promulgate rules and establish guidelines and procedures for the pilot program. The pilot program shall be established for a minimum term of three (3) years.

G. The pilot program contractor shall report annually to the State Regents about the operation and results of the pilot program. Not later than June 30 of the third year in which the pilot program is operating, the State Regents shall submit a report to the Governor, the Speaker of the House of Representatives and President Pro Tempore of the Senate containing an evaluation of the results of the pilot program and legislative recommendations.

H. As used in this section, "dyslexia" means a specific learning disorder that is neurological in origin and that is characterized by unexpected difficulties with accurate or fluent word recognition and by poor spelling and decoding abilities not consistent with the intelligence, motivation and sensory capabilities of the person, which difficulties typically result from a deficit in the phonological component of language.
